Bishop Haas Dies Of Heart Attack In Grand Rapids

The Most Rev. Francis J. Haas, bishop of the Grand Rapids diocese, died early Saturday at his home in Grand Rapids of a heart attack.

Funeral services for the 64-year old prelate, widely-known as a sociologist, author, labor conciliator and churchman, will be held in St. Andrew's Cathedral Friday. His body will lie in state until the completion of services at the Cathedral Saturday.

Bishop Haas had served as bishop of the Grand Rapids diocese for the past 10 years.

Msgr. Raymond J. Baker, vicar general of the diocese, was named to assume the duties of the bishop until another is chosen.

Bowlers To Meet At Mailhot's On Friday

Local businesses interested in sponsoring bowling teams and team captains will meet at Mailhot's Outdoor Outfitters store at 8 p.m. Friday to make initial plans for the 1953-54 bowling season, Ray I. Kipke, secretary of the Men's Bowling League announced Wednesday.

Mr. Kipke urged that all interested parties attend.

James Fiedler Relates First Hand Account Of Ionian Isle Earthquake

The newspapers have carried countless stories on the damage wrought by the recent earthquakes in the Ionian Isands off the coast of Greece.

James Fiedler, BT3-c, stationed aboard the heavy crusier, USS Salem, the first ship to reach the disaster scene, has written a first-hand account of the earthquake-shattered islands and the activities aboard ship which preceded their arrival.

A letter to his parents, Mr. and Mrs. C. J. Fiedler, follows in part:

"All is well here except news of the eathquake which seems to be of most interest during the past week.

We first heard the news of the quake one night about 10 p.m. The ship turned its bow toward Greece at the highest possible speed. We burned 5,000 gallons of fuel oil per hour on the 12-hour journey to the disaster area.

That night instead of sleeping, the crew prepared to go ashore to give medical aid, food, water and whatever would be required.

Our medical department had more medicine, stretchers and equipment topside and ready to go ashore than I thought was even aboard this ship.

Repair parties were organized and equipped with helmets, water canteens, shovels, picks, axes and C rations. The showers on the ship were secured because our water would be needed ashore and we can only make 50,000 gallons per day with our two sets of evaporators.

The islands that had the earthquakes have funny names that I can't remember. When we arrived the men were sent ashore. The ship kept its underway watches even though we were anchored, because of the danger of shifting waters.

The cities were a mass of brick and mortar, for most houses are made of those materials. The people were buried under this mass of rubbish.

The ones who escaped were in the mountains. They thought the gods had sent this upon them and they dared not help their sick and dying. Some were caught under rocks but still alive but the others would not help them. Motherless children were searching for parents but no one helped them either. The smell of dead human flesh came from the buried city.

Our ship was the first to arrive. We set up first aid stations. The dead that could be seen were buried. People with broken legs and arms and bruised heads were cared for. The living would not come down from the hills for food and water. They hadn't eaten for days but they still wouldn't come down so we carried chow and water up to them. Men returning to the ship said they were doing nothing to help themselves.

We stayed about five or six days. Our chow and other supplies were running dangerously low. About every three hours the ship would tremble and shake from the vibrations of the earth even though they were dampened by the water between the ship and the sea bottom.

The worst hit city was Argostoli of the island of Cephalonid of the Ionian islands of Greece.

More ships came, helicopters landed, planes parachuted supplies and bulldozers cleared the streets.

Food and relief equipment costing $1,000,000 were given to the people of Greece.

We are back in Naples, Italy, now. We are to replenish our supplies and refuel tomorrow (Aug. 20.) We plan to beat our own record of receiving supplies underway from one ship to another. Our best this far is 200 tons in two hours."

Jim also enclosed several copies of his ship's newspaper which gave vivid accounts of the disaster and relief work carried on by the men of the U. S. Navy who were joined in their task by the ships of the British and Greek navies. Many of them were accounts of the disaster published here.

Summer Death Bring Labor Day Safety Warning

State Police Commissioner Joseph A. Childs is urging Labor day weekend motorists to drive with the utmost caution and avoid a bloody conclusion to what has been one of the most deadly summer vacation periods in Michigan history.

"The month of June, July and August," Childs said, "have accounted for more than 500 traffic deaths and many delayed reports are yet to be received. Last year 493 persons were killed between Memorial day and Labor day.

"The Labor day weekend death toll last year was 33. The high was 48 in 1940 and the low was seven in 1944. We should aim to avoid a new high and establish a new low.

"Many persons take advantage of the extended weekend for the season's final motor trip. Others are closing their summer cottages and taking the children home for the start of school. But too often drivers try to travel too far and too fast, which is a deadly combination.

"With favorable weather traffic this weekend will be the heaviest ever experienced for this holiday. All available State Police troopers will be on patrol, but they will need the help of every motorist to keep accidents at a minimum.

Dr. D. A. Cameron Dies Following A Long Illness

Dr. Donald A. Cameron, 64, retired Royal Oak physician and summer resident at the Isle of Pines for 15 years, died Sunday at the Charlevoix Hospital where he had been admitted earlier in the day. He had been in ill health for seven years.

Funeral services were held at the Pontius Chapel Wednesday with the Rev. Richard Lintner officiating. Burial was in Brookside cemetery.

Born at Traverse City Nov. 6, 1888, he attended the University of Michigan and graduated from the old City Medical college now known as Wayne University where he was affiliated with Phi Rho Sigma fraternity. He served as a medical officer during World War I, was a member of the American Legion, the Shrine and Consistory, the Oakland county medical society and a life member of the Red Run Golf Club. He had practiced medicine in Royal Oak for 38 years before retiring seven years ago. Since retiring he has spent the winter months in St. Petersburg, Fla.

He is survived by his wife, the former Louise E. Lebot whom he married at Mt. Clemens in 1912; two sons, Donald A. Jr. of Grand Rapids and James D. of Royal Oak; one brother, William D. of Lansing; a sister, Margaret Cameron of Chicago and three grandchildren.

• Leona Scott and her guest, Gerald Featherly, have returned to Grand Rapids after spending the weekend here.

City Council Acts To Aid Traffic Problem

The Charlevoix city council opened six bids for diesel generating equipment at its regular meeting Tuesday evening.

After examining and discussing the bids the council referred them to Roy R. Robinson, city superintendent, and J. B. Sims, consulting engineer for tabulation.

Bids for the new equipment were received from the W. J. Small Co., A. G. Schoonmaker Co., Charles Weaver, International Power Machinery Co., National Metal and Steel Corp. and Nordberg Manufacturing Co.

In other action taken at the same meeting, the traffic problem was discussed. The council adopted a resolution to install flashing amber traffic lights on US 31 and M-66 at the intersections of Bridge st. and Garfield ave., Petoskey and Michigan aves., Petoskey and Prospect aves., and US 31 and State st. The cost of the installations, which will be $450 each will be shared by the city and the state highway department. The council urged that the new lights be installed at the earliest possible date.

The traffic problem in the business district also came in for discussion. It was decided to ask the state highway department to make a survey of traffic at the corner of Bridge st. and Clinton st. next July. The Council also advised that a stop and go light be installed at the corner to aid in solving the traffic problem.

Sept. 15 was set as the date for discontinuing the use of parking meters.

The city also renewed its compensation insurance plan with the Michigan Mutual Liability Co.

A petition submitted by the owners of houses on Palmer st. asking that the city make available to them the property on which their homes are built at a simple fee was read and tabled for the present. At the present time the property is leased to the home owners.

Bills totaling $28,724.54 were approved and ordered paid.

Give Report For Year On Goldman Fund

The local administrators of the Lenore Goldman Meyer Fund met last week with the immediate family of the late Mrs. Meyer to make a report on the work done by the Fund during the past year. The meeting was held at the home of Mr. and Mrs. Alvin D. Goldman. Present for the first time were the Meyer children, Blanche and Jesse III, who listened with great interest to the reports presented by the local committee.

Robert Bridge, secretary-treasurer of the Fund, reported that $738 was spent in Charlevoix for emergency aid to local families during the 1952-53 year which ended Aug. 11.

In concluding his report Mr. Bridge said that the fact that the Fund spent only $738 last year proved two things in his mind: first that the Fund is serving its true purpose in administering only emergency aid to tide families over a difficult time and secondly, that the majority of people will help themselves and not ask for assistance unless a real emergency exists.

The report showed that $273 was spent for clothing; $118 for shoes; $17 for fuel; $80, food; $181, milk; $49, bedding; $9.75, miscellaneous.

This year's expenditures bring to approximately $12,800 the amount spent during the 12 years since the Fund was established.

Fifteen cases involving 45 individuals were aided during the year. The number includes three new cases numbering 11 persons.

The milk program carried out in the schools has become one of the major items financed through the Fund. Made possible through the cooperation of school personnel, the milk is given to needy children and only the teachers are aware of the fact at the time.

The Lenore Goldman Meyer Fund offers emergency aid to those in need of immediate assistance other than medical care. Only persons not receiving help from other sources are elegible for aid from the Fund.

The Fund, now completing its twelfth year, was established as a living memorial to Mrs. Meyer following her untimely death in 1941.

Mrs. Meyer had been a summer resident here since childhood and had many interests here as other members of her family now have. Because of this, her family elected to establish the Fund in Charlevoix.

The initial contribution was made by her immediate family who have continued to make substantial contributions through the years. Their friends here and elsewhere as well as others who have become acquainted with the great work being accomplished, now contribute regularly in honor of an anniversary or in memory of someone. A large number of people are contributing now than ever before and more new names are appearing, Mr. Bridge said.

The fund is administered here by a local committee composed of Mr. and Mrs. Arthur Ranger, Mr. and Mrs. W. F. Meyer, Mr. and Mrs. Robert Miles and Mr. and Mrs. Bridge. Mrs. Ranger is chairman of the committee.

County Will Send Fifteen For Exams

Fifteen Charlevoix county draft registrants will leave Monday, Sept. 14, for pre-induction physical examinations in Detroit.

Two men will be called next month to fill the October draft call while another seven will report for pre-induction physicals. The dates for the calls will be announced later.

Norwood-Banks Hunting Group To Meet Sept. 15

Plans have been completed by officers of the Norwood-Banks Hunting association for an entertainment meeting of the members and their wives at the Norwood Town hall Tuesday evening, Sept. 15.

Representatives of the Conservation department will be present to discuss hunting and game conservation problems of the farmer and show movies on conservation.

Signs for posting hunting areas and guest hunting permits will be available at this meeting according to Floyd Wagner, president of the association. Property owners who desire to become members of the association are invited to attend the meeting.

Refreshments will be served.

Variety Show "It's A Date" Is Well Received By Two Audiences

The musical variety show, "It's a Date," presented at the high school auditorium Friday and Saturday nights, netted $282.53 for the Knight Memorial Fund, it has been revealed by Tip Riley general chairman of the event.

The show, presented under the direction of Mrs. Mabel Twiford, featuring a cast of approximately 100 local residents.

The play was well received by a sizable crowd each evening.

Highlights of the show were Joan Hess and Bill Bennett who played the leading roles; the 25 local girls who sang and danced three numbers; the telephone operators; the Christmas party with a visit from Santa Claus; the college homecoming; the minstrel show and the Easter choir.

The Don McNeil program was well received with Mr. and Mrs. George Meggison as the oldest married couple being honored Friday night and Mrs. William Fisher as the oldest bride receiving a corsage on Saturday evening.

Ethel Staple, Betty Ross Crede, Jimmy Brady, the Brill Trio on Friday evening, Jeanette, Marilyn and Nancy Novak, Ruth and Carla Riley and Marylou VerWys and Helen Moerland as the Easter soloist presented special numbers in the show.

Thelma Roberts was the pianist for the entire show.

On Saturday evening, Charlevoix's Tiny Tot royalty, winners in the Tiny Tot participation contest, was honored at the opening of the show.

Bobbie Schofield and Sharon Kay Boss were honored as king and queen of the small fry; Thomas Jackson and Paula Barnett as prince and princess and Jimmy Coleman and Donna Staley as duke and duchess.

The next twelve winners received recognition as lords and ladies. They were: Perry Goss,

State Group For Retarded Children Meets Sept. 25-26

The second annual conference of the Michigan Association for Retarded Children will be held at Michigan State college Sept. 25 and 26. The Conference committee promises an excellent program with several speakers of national renown already engaged to speak on the subject of Mental Retardation.

Parents of retarded children are urged to attend and meet with other parents with the same problem. They will have an opportunity to discuss mutual problems and to receive expert advice. It is known that two per cent of the country's total population is mentally retarded and that 80 per cent of these children are being cared for in the home.

Purpose of the organization is to encourage more education and training progress for the mentally retarded.

Governor Orders Probes Of Two Antrim Offices

An investigation into the affairs of the Judge of Probate and Register of Deeds of Antrim county was ordered this week after 349 county residents petitioned Gov. G. Mennen Williams for an investigation.

The latest probe follows an earlier one opened three weeks ago by the State Attorney General into the use of social welfare funds in Antrim county.

The petitions were also sent to the Attorney General's office and contained no specific charges against the county officers, Laurence Isaman, register of deeds, and William Severance, probate judge.

A representative of the Attorney General's office will be sent to Antrim county, to carry out the investigation.

Fall Football Practice Gets Underway Here

Competition is keen among the candidates for the Rayder football squad, Coach Del Terrill said Wednesday following the first week of practice.

With several candidates for each position, the player who makes the starting line-up will have to prove himself, he continued.

All back positions as well as line spots are wide open with several candidates for each position. In the fullback spot, Joe Powell, Bob Jolliffe and Jerry Albright are vying for the position; Tom LaBlanee, Guy Swanson and Quint Walker are out for the quarterback job with Gary Vandeberg and Bob Albright looking for a spot in the backfield.

Joe McDermott and Bill Bennett are likely candidates for the halfback positions.

Larry Burns who has lost some weight and has proved himself a leader is expected to take over the center spot but elsewhere in the line the going is still rough with Mika Elzinga, John Connolly, Tom Erber and Dick Elzinga, candidates for the guard positions; Tom Swanson, Red Foster and Connolly, tackles and Dave Glassford, Gordon Mol and Duane Walker, ends all working hard for a place in the line-up.

Turnouts for practice were poor last week because many players were still at summer jobs. It has improved this week and with school in session next week, at least 60 boys are expected to report.

The younger players have been out all week, working out under the direction of Pete Burns.

Fund To Light Kipke Field Nearing Goal

Proceeds from the musical variety show, "It's a Date," and funds from other sources this week has brought the Knight Memorial Fund to within $300 of its goal, Tip Riley, chairman of the committee announced Wednesday.

On Wednesday the fund had a total of $1,500 in its treasury, Mr. Riley said. This leaves only $300 to go before reaching the goal of $1,800, which was increased recently when larger poles and other equipment were added to the original estimate at the suggestion of Roy R. Robinson, city superintendent, and Edward Swanson, utilities superintendent, who were consulted before the order for the lights were placed.

Funds added since last week which have brought the light fund to its present figures include $282 from the variety show, $125 from a blind bogie golf tournament conducted Sunday at the Municipal golf course by Frank Poole, who also donated the prizes for the tournament, and $285 in individual contributions.

The ten 60 ft. poles for the installation arrived by railroad car Wednesday and the crossarms and other equipment arrived last week, Mr. Riley reported. Additional equipment is arriving daily and crews will begin soon to install the lights for the Rayder's opening game on Sept. 25.

A concerted drive to raise the remaining funds is being planned by the Memorial Fund committee during the next two weeks.

A special meeting of the committee has been called for 7 p.m. Saturday, Sept. 12 at the city hall.

Mrs. Albert Derenzy Dies From Car Mishap Injuries

Funeral services for Mrs. Albert Derenzy, 34, of East Jordan, a former resident, were held at the Watson Funeral Home in East Jordan Saturday with burial in Sunset Hill cemetery.

Mrs. Derenzy died late last Wednesday at the Charlevoix hospital of injuries received in an auto accident on M-66 nine miles south of East Jordan in Antrim county Aug. 31. She received a skull fracture and fractured hip.

Her parents, Mr. and Mrs. George Krehak of this city and her sister, Mrs. Agnes Sulak of East Jordan were discharged from the hospital Friday after being treated for severe bruises and lacerations. Her daughter, Diana, who was also in the accident, was uninjured.

The accident occurred the afternoon of Aug. 31 when the car, driven by Mrs. Derenzy went out of control after striking a hole in the road and overturning several times. The group was returning from a blackberrying trip at the time.

Besides her husband, she is survived by three children; five sisters, Mrs. Sulak, Mrs. Elizabeth Solomon and Mrs. Anne Kinney of Detroit, Mrs. Kay Cummings of Hazel Park and Mrs. Sophia O'Neil of Marquette; and a brother, George Jr. of Detroit.

Awards Given To Nine Swimmers

Nine swimmers at the Belvedere Beach were awarded Junior or senior life-saving awards, Joan Nelson, instructor and lifeguard at the beach has announced.

Junior life-guard awards were made to John Bagby, John Hienow, Thomas Sanders, Stephen Schleman, William Schleman of the Belvedere Club and Ann Ralgan.

Senior life-saving awards were given to Carolyn Miller and Mary Roberts, both of Charlevoix.

Announce Schedule For Local Library

With the opening of schools next week, the Charlevoix public library will return to its winter schedule effective Sept. 14, Miss Floranz Milner, librarian, has announced.

The library will be open daily from 2 to 5:30 p.m. and 7 to 8:30 p.m.

Charlevoix Schools Preparing To Start New Term Next Week

Charlevoix's school age population, estimated to be more than 850 students, will return to classrooms next week after a three months summer holiday.

The Charlevoix public school students will report at 9 a.m. Tuesday for enrollment with classes scheduled for dismissal at 2:30 p.m. Teachers will meet for a conference on Monday. The hot lunch program will begin Wednesday.

St. Mary's parochial school pupils, expected to number about 70, will report at the school at 8:30 a.m. Monday and Tuesday for enrollment with regular classes to open at the same time Wednesday.

The school busses will transport students at the usual time beginning Tuesday.

Several new teachers will be found in the classrooms when the students report for enrollment, Supt. R. G. Bennett has announced.

D. C. Maltby a former teacher in the local schools, is returning to take over the commercial department.

Robert Cook who formerly taught at Pellston, will take over the enlarged industrial arts department.

William Aldridga who comes here from Harbor Springs will teach agriculture in the high school and the seventh grade in the junior high department.

In the elementary school, Mrs. Blanche Paul will teach fourth grade and Miss Jeanne Miller will be assistant kindergarten teacher.

Agriculture will be taught in the high school for the first time. Mr. Aldrige will teach the subject, which will be taught under the Michigan Agriculture Law, with the school being reimbursed in part for the classes if the program meets with certain requirements. It is hoped that the program will eventually be enlarged to include vocational agriculture, Mr. Bennett said.

Later in the school year, a physical education program will be added to the curriculum, Mr. Bennett added. Plans are now being formulated for the program.

The faculty of the junior and senior high schools for the 1953-54 school year follows: Supt. R. G. Bennett; high school principal H. E. Bingham, Mr. Maltby, Mr. Cook, Mrs. Marjorie A. Conk, S. E. Coleman, Mrs. Laura Courtade, Donna Cavanaugh, Mrs. Helen O'Neill, Ray L. Kipke, C. A. Odmark, Leonard Burns, Max Novak, Delbert Terrill, Floranz Milner, Mr. Aldridge and Robert Richards.

Frances Milner will return as elementary school principal and will have on her faculty Mrs. Dorothy McRae, Miss Miller, Mrs. Elizabeth Trimblo, Mrs. Bertha Shetterly, Mrs. Bessie Coleman, Mrs. Joanetle Novotny, Mrs. Dorothy Badger, Mrs. Paul, Mrs. Florence Moeller, Mrs. Helan Richards, Mrs. Ethel Courier, Larrie Tuomela and Glenn B. Snider.

The non-teaching personnel will include Mrs. Hazel Reed and Mrs. Monica Bingham, secretaries Clarence Bartlett, Bernard Russell, Martin Elzinga, Mrs. Nellie Myers and Willard Bodley who joined the staff this summer, maintenance.

Mr. Elzinga is expected to return as superintendent of transportation. Bus drivers will be Mr. Elzinga, Pete Kanoff, Joe [illegible], Clare Staley, William Marme, Bradford Foster and James Willis.

Mrs. Marie Blissett, Mrs. Bertha H. Wagner and Mrs. Grace Garrett will again be in charge of the hot lunch program.

New Members Speak At Kiwanis Dinner

The future meeting place for the weekly Kiwanis Club meetings was to be decided at a board of directors meeting Wednesday evening.

During the summer months the Club met at the Beach Hotel and this week met at Maria's Susan Lake Inn. The Rev. Harold Kohn was in charge of the program and introduced new members who in turn spoke briefly.

Guests were A. A. Schaerer and son, Gilbert, and Dr. Russell Fenton, all of the Detroit Strathmore club.

• Mr. and Mrs. Harold Totten have returned home from a weekend visit in Holt with their son-in-law and daughter, Mr. and Mrs. Jack Abfalter.

County Fair To End Friday Night At East Jordan

The Charlevoix county Fair opened at East Jordan Tuesday with a good attendance during the early hours, fair officials announced Wednesday.

Cloudy weather and showers slowed attendance Wednesday, which was Charlevoix Day, but activities were expected to pick up Thursday and Friday if the weather cleared.

A Calf sale today and a livestock parade Friday will be featured along with all other exhibits. The Fair officials report many entries in all classes.

A grandstand show is presented every afternoon and evening and a carnival with rides and a midway are open at all times for the entertainment of the visitors.

New TV Company Is Formed Here To Service Area

The organization of the Charlevoix Television Co. located at 309 Bridge st. has been announced by the owners, John Cook of Charlevoix and Paul Zilch of Kalamazoo, an experienced television technician.

The formation of the new company has followed the marked development toward improved television coverage in the area. The new owners point out that the recent change by WTMJ Milwaukee from Channel 3 to Channel 4 has eliminated co-channel interference from its powerful signal, thus assuring remarkably regular reception here. Also in the near future the area will be blanketed by the 365,000 watt transmitter to be installed at Cadillac.

The new company owners promise prospective owners of television sets of peak fringe area reception in their own homes before installation by means of on-the-spot test equipment which measures signal strength.

The service problem, one of the biggest bugaboos of TV owners will be handled by Mr. Zilch of the new company. Mr. Cook will be in charge of sales.

Lt. Col. McCann Participating In Air Safety Meet

The Strategic Air Command has been invited to be a major participant at the fifth annual international Air Safety seminar in England this week.

Lt. Col. John G. McCann, chief of SAC's Flying Safety Branch, will represent the Command and address the seminar on mid-air collision problems and take-off and landing data. He will also explain some of the successful techniques used to encourage pilots to report incidents.

Lt. Col. McCann, son of Mrs. M. J. McCann of this city, is stationed at Offut Field, Omaha, Neb.

Coming Events

Sept. 16 — O.E.S. potluck at 6:30 p.m. to honor past matrons. Regular business meeting at 8 p.m.

Sept. 16 — Margaret Parker circle will meet with Mrs. W. H. Supernaw at 2:30 p.m.

Sept. 25-26 — Women's Fellowship rummage and bake goods sale at Congregational church.

ODDS 'N ENDS

By Fran Martin

LABOR DAY is over and autumn has set in in a big way even if it isn't actually due 'til later this month . . . The exodus of summer residents reached its peak over the weekend as many left by car but even more via train . . . All in all it's been a good summer, we think, lots of people, lots of tourists, seads of good weather and the other things that make for an excellent season . . . We havo much to be grateful for . . . But now that September's here one can't help but be a little sad . . . many friends are leaving for home and all the excitement of a summer resort will be over . . . But in a short while, we'll be counting the month's 'til we see those friends again and making plans for another season . . . It's just a big noisy, happy merry-go-round . . . but what fun . . . And added to it all, you meet the nicest people which, to us, is the one thing that makes it all worthwhile . . .

WE DON'T know what it meant . . . whether it's hot or cold weather in store for us . . . But did you see the beautiful northern lights Friday . . . The colors of the prism shooting up behind rolling black clouds were something to remember . . .

• • •

AFTER reading Jim Fiedler's account of the recent earthquake in the Ionian Islands off Greece and the story about Senator Homer Ferguson's visit to Charlevoix in last week's Courier, seeing the newsreel at the movie over the weekend was just a picture story of what we already knew . . . The damage caused by the quake as described by Jim Fiedler and even a picture of his ship, the Salem, was included in the newsreel . . . And Senator Ferguson commenting on the Korean truce and prisoners of war was also part of the picture . . .

• • •

AND SPEAKING of movies, we saw some pretty nice ones over the weekend . . . Bill Ochs, home from Detroit for the weekend, brought his own up for us to see . . . He has some wonderful shots of Charlevoix, many of them taken from the air . . . Then there was skiing at Boyne Mountain, plus a trip to Florida . . . We really got around . . .

• • •

WE DON'T know what you know about Charlevoix's City band other than that they play music . . . and good music, too, we might add . . . but we think they're a pretty swell outfit . . . Composed of musicians that range in age from mid-teens to somewhere in the late 60's or so, the band rehearses weekly for at least 50 of the year's 52 weeks, plays special concerts for 10 months of the year and during the summer plays every week in a concert in the park, plus special events . . . It's one of the few remaining city bands in the state . . . the musicians, and there are usually around 40 of them, give their time and talents without any compensation except for pleasure of playing . . . We think that's pretty generous of them . . . We know that you probably think the same thing too, so why not tell Mr. Odmark, the director, or some of its members about it . . . Everyone likes to know his work is appreciated . . . You don't have to entertain the band at a dinner as the Dewitt Peters family did last week, but you could say 'thank you' with little effort on your part . . .

• • •

WHAT about those lines of traffic that backed up last Thursday night when the bridge over Pine River was misbehaving for some 20 minutes or so . . . Bet the motorists would have said it was at least an hour . . .

• • •

WE MENTIOED the big wild blackberry crop earlier this summer but it's still being harvested . . . Joe Duplessis and Clarence McCalmon up from Berkley shared their find with us which we appreciated no end . . . The latter told us that he and his family picked 40 quarts to can the little while they were here.

• • •

IN THE MAIL this week a picture folder from Yellowstone Park sent by the Lewis Brants who are on a month's trip through the west . . . And from Savannah, Ga., a note from Airman Ted Browe who wrote to tell us that he arrived safely after making the 1,300 mile trip via 1929 Model A Ford . . . He said all he needed was a little faith in his car . . . He sure must have had it . . .

• • •

IF WE HEAR of anyone complaining about the cold . . watch out . . . After that weather last week we'd settle for anything . . When it gets to be 93 degrees at the Coast Guard station at 4 p.m. . . . Chum, that's hot . . . and that's what it was before the weather broke Thursday night . . .

• • •

THE FIELD of education as well as the rest of the country lost a great man last week . . . Of course we mean Dr. Lee Thurston who died in Washington only a few weeks after taking over his wonderful new job . . . Dr. Thurston was one of the men at the top whom northern Michigan could claim . . . He was born at Central Lake and taught in schools in the area before going on to greater things . . . We always felt he was a friend of the small school system, of which there are many, for he knew about them from experience . . . You'll remember he was the Commencement speaker about three years ago . . . We always felt there were few people with the command of the language which he possessed as well as the dynamic personality . . . His untimely death is truely a great loss . . .

Shower Given For Mrs. Charles Elzinga

Mrs. Charles Elzinga was guest of honor at a pink and blue shower given Friday evening by Mrs. Laurence Elzinga and Genevieve Palminter of Ironton at the Harry Elzinga home.

Fifteen guests gathered for a social hour, games and refreshments after which the honoree was presented with a variety of gifts.

". . how do I use my bank statement to reconcile my check-book balance with your record of my balance?"

WHAT DO **YOU** WANT TO KNOW ABOUT BANKING?

FROM your checkbook balence, subtract eny service cherges. From the stetement balance, subtract the totel of checks issued but not yet paid by the bank; add deposits made since the dete of the statement. The two balances should then be in egreement.

The statement of your account which we send you periodicelly also brings you your cencelled checks—your receipts for bills peid.

DRIVE IT! PRICE IT!
Then Compare The Deal!

GENERAL MOTORS LOWEST PRICED EIGHT

Even a picture tells you a great deal about Pontiac's beauty, its long lines and substantial feel. But the best way to appreciate what makes Pontiac such a great value is to get behind the wheel and drive it.

Then you'll know you have a real performer in hand. Pontiac always responds with eager, ready-to-go high-compression power — more than any highway will ever require. For all normal driving, the engine can loaf—one reason why Pontiac leads such a dependably long life.

There's a great deal more to the Pontiac story: ease of handling, beautiful Dual-Streak styling, roominess, comfort and luxury. And there is Pontiac's PRICE—actually just a few dollars above the very lowest-priced field!

So come in now and drive Pontiac, price Pontiac, compare Pontiac. We're confident that you'll quickly agree that Pontiac is your best deal!

Student Trek To Colleges Gets Underway Here

With summer gone and a hint of autumn on the early September winds, Charlevoix's younger set is preparing to leave for studies at colleges and universities.

Many will be returning to classes but for approximately fifty percent of the 1953 graduating class of the Charlevoix high school, a bright and new experience is dawning as they make their departures from home into the world of higher education.

Central Michigan college at Mt. Pleasant is claiming the largest group from this year's class. Dean Davenport, Carlton Foster, James Lewis, Betty McBride, William Mosker and Junior Roberts have enrolled at the colleges and will be leaving this week to register for freshman orientation week before regular classes start later in the month.

Michigan State college at East Lansing will have the second highest enrollment from the class with Amy Kipke, Carol Cross, Jared Krulik and Don Vratanina enrolled for regular courses and Alvin Buchfinck for the short term course.

Ray Sanford and Nancy Bodley will attend the University of Michigan on scholarships received earlier. Ray is enrolled in the school of pharmacy and Nancy in the school of nursing which offers a five-year course.

Deborah Bergeon and Jackie Cooper have chosen the nursing field and will leave this week for Passavant Hospital in Chicago and Ford Hospital in Detroit respectively.

Joyce Fiedler will leave next week for Northern Michigan college at Marquette where she has a scholarship in the music department.

Robert Richards will journey east to attend Carnegie Institute of Technology in Pittsburgh, Pa. Howard Pearl and Stuart Walker will go to the Soo where they will attend the Soo Branch of the Michigan College of Mining and Technology.

Leola Scott and Joanne Pischner have enrolled in the Northwestern Institute of Medical Technology and plan to leave about Oct. 1 for Minneapolis, Minn., to begin their studies.

Joyce Dutcher and Barbara Ruff are enrolled at Davenport Institute in Grand Rapids. Joyce left this week and Barbara plans to leave later to start classes.

Wilford Browe has enrolled at the Detroit Radio Electronics and Television School and will leave next month to begin classes.

Three members of the 1953 class have enlisted in the U. S. Navy and are now going through boot training at the U.S.N.T.C. at Great Lakes, Ill. Ron Geer was the first to leave and was followed by Tom Brun and Fred Jolliffe in that order.

A large contingent of returning students are busy preparing for the exodus to campuses with the largest groups going to the University of Michigan and Michigan State college.

The first to leave for Ann Arbor were Jim Bowman and Charles Krahnke who reported for football practice last week. Others leaving within the next ten days are Jim Gibbons, George VerWys, who has been employed in Detroit during the summer months, Brad Foster, Alvin Ranger, Dale Suomela, Robert Shanahan, Mike Bergeon, Tom Bleha, Jacky Badger and Vic Gibbons.

Charles Fairbanks, who spent the summer in East Lansing, is back at Michigan State for football practice. Others who will return are Marge Browe, Gerald Gibbons, Betty Orvis, Ruth Blanchard, Joan Hess, Virginia Smith, Doris Nielsen, Milford Saunders and Dick Donaldson who has transferred his credits from the University of Miami to East Lansing.

Mary Roberts, Bernie Zeitler, Beverly Looze, Donna Ball and Neil Suomela, who now lives in Saginaw, will return to Central Michigan college. Cliff Lagerman who attended the University of Miami last year will attend Central.

Patti Hamilton, Roger Sweet and Beverly Trimble will return to Albion college to continue their studies; Tom Hamlin, who now lives in South Bend, Ind., will again enroll at the University of Notre Dame; Joyce Paul is continuing her studies at Emmanuel college in Berrien Springs; Dorothy Allers is planning to return to Western Michigan college at Kalamazoo; Herbert Hamlin will go back to Marquette next week where he will serve as a counsellor for freshman orientation week before starting classes at Northern Michigan college. Barbara Bice will go to Western Michigan college in Kalamazoo after transferring her credits from Vanderbilt University.

There may be other Charlevoix students planning to attend school. If a member of your family is going on to school you are asked to call and tell the Courier about it.

Family Gathering Honors Visitors

A family gathering at the VFW hall Saturday evening honored Mr. and Mrs. Robert L. Martin of Pontiac, son-in-law and daughter of Mr. and Mrs. Julius Elzinga.

The group enjoyed musical numbers, a social visit and refreshments.

Other out of town guests were Mrs. Bessie Burgess of Detroit and Mr. and Mrs. Ray Dodd and son, Robert, of Centerline.

The Style Beauty Shop 106 Park Ave. will be closed Monday, Tuesday and Wednesdays each week until further notice. Glenn Kro[illegible]n, hair stylist. 37-38x

Browsing around Charlevoix shops will prove at once and forever to our college men and women that they never had it so good!

Style and fabric go hand in hand with smartness and simplicity in the collection of handsome Fall merchandise which is being shown.

* * *

For instance, Mailhot's collection of plain and patterned sports jackets rates tops in quality and handsome tailoring. And the casual sweaters for men are again a Fall-time headliner . . . the new sweater-backed pull-on campus and study vest is not to be forgotten.

* * *

The Cashmere Store is featuring some all-kind-of-weather raincoats in corduroys and gabardines. Their new "Debutogs" have matching caps and purses, for a smart change . . . and some despite-the-weather outfits are complete with matching umbrellas. They are also offering the beloved Cashmere's in novelty and classic designs . . . and for the fastidious man-on-campus, imported wool Argyles. Their lamb's wool sweaters for men are really gorgeous . . . inexpensive, and you'd swear they were honest-to-goodness Cashmere! Every college girl's heart will melt for the lovable natural Cashmere coat and matching fringed stole displayed in the window . .

* * *

Bergeon's is proud of their selection for Back-to-Schoolers. Their new sweaters come in new and lovely complimentary shades . . . to be teamed with not one, but several good-looking skirts designed from new 'modern living' fabrics . . . packable and instantly wearable.

A new style in Cashmere match-makers is to be discovered at Polly Kay's . . . a short sleeved, multi-striped pullover and cardigan. And the most ever-lovin'-est combination you could imagine is a slim grey men's wear flannel skirt and a yellow Cashmere twin sweater set trimmed in matching grey flannel and French ribbon. The very newest, of course, is winter cotton . . . just see for yourself a quaint princess style in an authentic Grandma Moses print! Also, Polly Kay's plaid convertible-topped suit is so smart . . .

* * *

These are only a few of the good looking things to be found in our down-town stores . . . you'll find it's budget-wise to shop in town . . . it's fashion-wise . . . and it's fun!

Wheat Allotments Explained By County PMA Chairman

There has been some misunderstanding among farmers and others about certain provisions of the 1954 Wheat Allotment and Marketing Quota Program according to Leroy Hardy, Chairman of the County PMA Committee. He states that is is very important that farmers understand these provisions prior to wheat planting time.

First of all, said Mr. Hardy, a farmer must stay within the wheat allotment established for his farm if he is to be eligible for the government 90% price support loan or purchasing agreement on his crop. This is true regardless of the size of the farm allotment and regardless of the fact that marketing quotas will be in effect for the 1954 crop of wheat.

Under marketing quotas, Mr. Hardy explains, the penalty provision applies only to those farms planting more than 15 acres and where the wheat allotment is exceeded. For example, a farm with a 17 acre allotment with 20 acres planted would have a 3 acre excess. A farm with an 8 acre allotment with 17 acres of wheat planted would have a 9 acre excess. However, a farm with an 8 acre allotment with only 15 acres planted would have no wheat subject to marketing quotas and no penalty would apply. In each of these examples the farms would not be eligible for the 90% support price since the farm allotment was exceeded.

A farm without a wheat acreage allotment and planting more than 15 acres for 1954 will have the entire acreage of wheat considered as "excess acres" and all of the wheat will be subject to penalty.

The penalty for excess wheat will be 50% of the basic loan rate as of May 1, 1954 which would be about $1.10 per bushel according to Mr. Hardy. This penalty would be assessed on the normal production or on the actual production, whichever is the smaller, of wheat from the excess acres.

The penalty would have to be paid before the farmer could sell any of his excess wheat or of his wheat crop. There will be a provision whereby the excess wheat can be stored to postpone or avoid paying the penalty. More information regarding the storing of excess wheat will be available at a later date.

Another point which farmers should understand is in regard to wheat to be used as green manure, hay or pasture. If any farmer intends to plant wheat in excess of the farm allotment for this use he must notify the County PMA Committee of his intentions prior to seeding time and designate the fields on which he will seed wheat for this purpose. Otherwise, all wheat planted on the farm will be considered as planted for grain when measurements are taken this fall.

In regard to wheat mixtures, Mr. Hardy explained that any wheat mixture under the allotment and quota plan must contain less than 50% by weight of wheat when seeded and which when harvested produces less than 50% of wheat by weight. Any farmer who intends to seed a wheat mixture that will qualify is to notify the County PMA Committee of his intentions prior to planting time and designate the field on which he will plant the mixture.

He also stated that present indications are that price support regulations will provide for determining price eligibility on an individual farm basis. Therefore, generally the wheat produced on any farm on which the wheat acreage allotment has not been exceeded will be eligible for price support. However, a farmer having an interest in another farm in the county that has a marketing quota penalty must pay the penalty to be eligible on the first farm. Mr. Hardy also stated that in the event allotments are in effect on other grain, such as corn, a farmer would not be eligible for price support on either crop unless he had planted within the allotment on both crops.

Mr. Hardy urged growers who have further questions about the operation of the wheat allotment and marketing quota program to get in touch with the county office.

Corn Passes Silage Stage Fast During Hot, Dry Weather

Silage corn and cribbing corn are only a few hot days apart, but the moisture difference is an important one, stresses E. G. Rossman, corn researcher in the Michigan State college farm crops department.

For the best quality corn silage, corn should be cut when the grain is in the hard dough stage . . . when most of the kernels have started to dent. At this stage, Rossman explains, the ears will contain 45 to 50 percent moisture and the fodder will have 75 to 80 per cent moisture.

Corn cut for silage at this stage will have a high percentage of grain, he advises, and still have sufficient moisture for the preservation of the silage.

Corn is usually mature or "ripe" about seven weeks after the plants have silked and when the ears have dried on the plants to about 35 per cent moisture, notes the M.S.C. corn specialist.

Corn is mature when the kernels reach their maximum dry weight, Rossman states, but it is not ready to harvest for cribbing, however, until the moisture has dropped to about 25 per cent.

High-moisture corn is likely to spoil in the crib, he warns, and it will be lower, therefore, in feed value.

Where dryers are available, the corn harvest can be started any time after the corn has reached maturity, he adds.

Trying To Beat Cost-Price Squeeze

Good Michigan farmers are not just standing still and taking the cost-price squeeze on the chin. They, especially the smaller operators, are making plans to increase output by making their farming operations more efficient.

That's the report of Michigan State college agricultural economists who have attended many of the farm management tours held throughout the state this summer.

Warren H. Vincent of the agricultural economics department cites the case of Walter Miller in Allegan county who works 80 acres and keeps 11 cows. He has just built a loose-housing type of barn which allows him to care for 20 to 25 cows with a minimum of labor. His plans are to intensify his pasture and hay program and keep as many cows as his roughage supply will permit.

Another case is Jarvis VanRhee, near Allegan. He is paying closer attention to soil conditions on his 80 acres and using lots of fertilizer in order to boost crop yields. Although his crop yields are 30 per cent higher than the average for his area, he thinks there is room for improvement. He has increased the butterfat average of his cows from 322 pounds two years ago to an estimated 470 this year. Van Rhee plans to increase the butterfat production per cow still more . . to between 500 and 550 pounds. He is doing it by emphasizing good breeding, culling out the lowest producers and feeding cows according to their butterfat production.

Instead of cutting down on machinery purchases . . . . the overall trend . . . some farmers feel that if a machine adds more income than it costs, it should be bought. Some have built up their machinery purchases during the past few years to weather the price-cost squeeze without having to buy new equipment.

Storms, tornados and hail have made a number of farmers stop to reconsider their insurance coverage on buildings and growing crops. Have you rechecked your insurance policies lately?

Rollie Baumbacks' Married 52 Years, Have Anniversary

Ellsworth — Mr. and Mrs. Rollie Baumback observed their fifty-second wedding anniversary Tuesday, Sept. 8. They were married in Atwood in the home of the bride's parents, Mr. and Mrs. William Woodruff and have lived in this area since then. For the past five years they have resided with their daughter, Mrs. Herbert Peebles.

Mr. Baumback, 75, a retired farmer and operator of a custom bailer and thresher now deals in scrap iron. He was born at Marne and came to Antrim county when he was 20 years old.

Mrs. Baumback, 70, was born in Atwood and is a member of the Norwood Methodist church.

They have one son, Vern of Alpena, and five daughters, Mrs. Peebles of Ellsworth, Mrs. Grace Warner and Mrs. Mary Smith of Charlevoix, Mrs. Bessie Coleman of Kewadin and Mrs. Ruth Bradley of Midland. They also have 10 grandchildren.

Antrim Nine Wins State 4-H Title

Ellsworth — The Atwood 4-H softball team, representing Antrim county, traveled to Lansing last week to participate in the State Tourney and returned with the State 4-H championship in softball.

The first game was played Tuesday against Hillsdale county champs of Litchfield. Atwood won by a score of 7-1, a better game than the score would indicate as it was 1 to 0 at the end of four and one half innings, in favor of Litchfield. Atwood scored four in the fifth inning and three in the sixth to win 7-1.

The second game on Wednesday was against the Monroe county champions, the Grafe 4-H with Atwood winning 16-4. However the Grafe team started out with two runs in the first inning but Atwood with 10 runs in the third inning changed the picture with no trouble from then on.

The final championship game was played Thursday against the Shiamassie county champions, the New Haven 4-H team, who had also won on Tuesday and Wednesday.

The game went one extra inning, Atwood winning in the eighth by a score of 4 to 1. The score at the end of the regulation play of seven innings was 1 to 1. Atwood scored in the first inning and New Haven scored their one run in the fourth inning. Then Atwood scored three runs in the first half of the eighth inning and held New Haven scoreless in the last half to win the State 4-H championship.

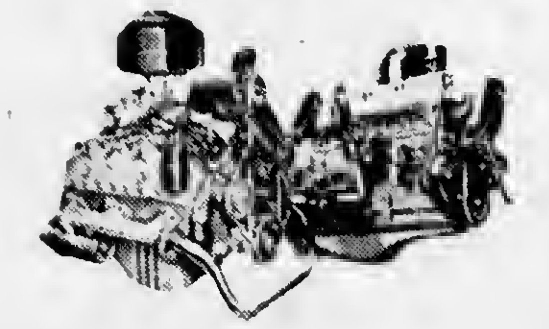
Here's what's behind the big swing to FORD

FORD GIVES YOU EVERYTHING YOU WANT AND NEED AT A PRICE YOU WANT TO PAY!



AMERICA'S COSTLIEST CARS ARE SWINGING TO V-8 TYPE ENGINES, but Ford is the *only* car in its field with a V-8!

IF IT'S A SIX YOU WANT, Ford's Mileage Maker Six with Overdrive beat *all* other cars in the recent Mobilgas Economy Run!

Does any other car offer you a choice of V-8 or Six engine—or a choice of three great drives? How about foam-rubber in *all* seats, extra trunk space, smooth ride—does any other car measure up to Ford feature for feature? You know the answer—that some cars *do* offer most of these features. But the only ones that *do* are costlier cars! Not a single one of them is in Ford's price field! And Ford offers you these "fine car" features—at half the fine car cost! No wonder the swing's to Ford!

YOU DON'T NEED A HEAVY LIMOUSINE FOR A SMOOTH RIDE. Ford's new rubber compression bumpers and more responsive spring and shock absorber action reduce front end road shock *alone* up to 80%. Takes you over bumps and ruts smooth as silk. Try a Test Drive!

FORDOMATIC DOES MORE THINGS FOR YOU AUTOMATICALLY—over a wider range—than any drive in the low-price field. Fordomatic does all the shifting for you—better than you can do it yourself!

NO WORRY ABOUT "BLIND SPOTS" IN FORD! With a huge, one-piece windshield . . . car-wide rear window, the '53 Ford has more "look out" area than any car in its field! It's truly *Full-Circle* Visibility. Fords are built with your safety—and your family's safety—in mind.

FORD'S MASTER-GUIDE POWER STEERING is the lowest-priced power steering in Ford's field! Ford Master-Guide gives help *only when you need it* . . . retains the natural "feel" of the wheel on straightaways.

Police Chief Warns Drivers About Speed

Police Chief Clarence Heise today announced that the Police Department of Charlevoix has adopted a firmer policy of enforcing the speed laws. This action is being taken at the official request of the Michigan Press Association for firmer enforcement to combat the rising traffic toll in Michigan.

"The 1953 first five months increases in Michigan are terrifying," the Chief said, pointing to accidents increasing 12%, injuries up 21% and deaths up 13% according to State Police records.

"To battle this traffic disaster the department will apply a carefully thoughtout 3-pronged attack," the Chief continued. "I have instructed our officers to increase their vigilance for speeders. Motorists exceeding the speed limit may be expected to be stopped by a police officer, even if they are only going 5 miles over the speed limit," he added.

"Five miles over the speed limit may not seem like much," the chief pointed out, "but such illegal practice far too often launches a career of traffic violations which leads to more and more severe violations." "As a matter of fact," the Chief stated, "a motorist should appreciate being stopped for going 5 miles over the speed limit, if this serves as a forceful reminder and prevents a more serious violation later which might cause a serious accident — perhaps to the same motorist."

"The second prong of the departments attack to save lives will be the policy of charging more motorists with the more serious charge of "reckless driving" instead of "speeding" in cases where the speeder endangered the lives of other people or property while committing the violation," the Chief explained. "This will result in a higher fine and a more serious black mark against the driver's license," he added.

"The third part of the department's plan to cut accidents calls for the more intensive investigation of traffic accidents and the placing of charges against one or both drivers for any violation which were committed that caused the accident or contributed to it," the Chief continued.

"Police officers stop motorists for violations at a time when there is no accident in order to prevent a repetition of the violations at a later date when sooner or later they are certain to cause an accident," the Chief explained. "The justification for charging a motorist for a violation at a time when it actually caused or contributed to an accident is far greater," the Chief added.

In conclusion Chief Heise called upon all law abiding citizens of the area to give their full support to the traffic accident prevention activities of their police department. "I am sure," the Chief said, "that the great majority of our motorists who obey the traffic laws will be heartily in favor of this plan to crack down on the relatively small percent of motorists who are the violators who are causing the accidents."

Observe Golden Wedding Date

Census Bureau At Boyne City Closed Recently

The district office of the U. S. Census Bureau located in Boyne City was closed August 29 as part of the nation-wide reorganization of the bureau's field operations, Donald P. Watkins, district supervisor.

The reorganization, designed to improve efficiency and effect economy, involves the closing of 35 field offices and the shifting of several to more strategic locations.

Census bureau activities carried out by the Boyne City office will continue but will be supervised from the Detroit district office.

Office activities include the collection each months of facts on employment and unemployment in the current population survey and figures on retail sales for the census current business report. Both are conducted on a sample basis.

The staff of local enumerators will be retained and will work under the direction of E. T. St. Arnold, supervisor of the Detroit office.

Rayders Will Start Schedule Sept. 25 Against East Jordan

With only one week remaining before the Charlevoix Rayders open their 1953 season against East Jordan. Coach Del Terrill is busy putting his 52 candidates through their paces.

On Sept. 25 the local eleven will host the Northern Michigan Class C defending champions, East Jordan.

Forming a nucleus for this year's team will be four regulars from last year's squad, Joe McDermott and Bill Bennett, backs, Everett Pease, guard and Larry Burns, center, plus four lettermen, Bob Jolliffe, a lineman now playing in the backfield, Dave Glassford and Gordon Mol, ends and Tom Erber, guard.

Coach Terrill has shifted Bennett to right half with Joe McDermott holding down the left halfback spot and thus leaving the battle for the quarterback position wide open. Tom LaBlance and Quint Walker are likely candidates for tha position.

Bob Jolliffe, who played in both the line and backfield last season, is expected to take over the fullback position although he is finding competition from Jerry Albright. Bob Albright is also trying for a halfback spot and Gary Vandenberg is playing defensive halfback.

The Charlevoix line is expected to be the heaviest in recent years, hitting the 180 pound mark with Larry Burns, weighing in at 250 pounds holding down the center spot.

He is likely to be flanked by Pease and Erber but this twosome will find plenty of competition for the positions from Mike Elzinga and Dick Elzinga, cousins, and Doug Reynolds.

The tackle slots are still open with John Connolly, Tom Swanson, Jerry Foster, Joe Powell and Pete Ulrich, all of them good husky lads, fighting it out for a regular assignment.

Lettermen Glassford and Mol will find it tough going at the end positions with Dwain Walker, Gene Towsley, Jack Stobe and Bill Haggard making their bids for berths in the starting line-up.

Senior Don Smith, kicking spaciaist, will again do the team's kicking and punting.

George Farmer, a sophomore who has shown great improvement, will work as understudy to Burns on the center position.

Many freshmen are listed among the 52 players now in uniform. Among them are many farm boys who are out for the team for the first time. Coach Terrill has encouraged these boys to take advantage of the opportunity to participate in athletics and said this week that he hoped more boys would come out now that school has started.

Economic Group Discusses Area Gas Possibilities

The possibilities of bringing natural gas into the northern part of the lower peninsula from the province of Alberta was one of the major issues discussed at the meeting of the newly-created Northern Lower Peninsula Economic Development Advisory Board at Traverse City Monday.

Glen Wilton, president of Mid-Continent Pipe Lines, Ltd. told the committee his company hopes to build a pipeline across Michigan's upper peninsula into the Lower Peninsula. His company is now bidding for the right to build the pipeline with two other Canadian companies at a hearing before the Alberta conservation board, he said.

A survey of the area above the Muskegon-Bay City line will be launched by the Advisory Board to determine the demand for natural gas in northern Michigan. The survey will be completed by Oct. 1 and the findings presented at the Alberta hearing.

The Advisory Committee also passed a resolution urging establishment of a state credit corporation to finance construction of sites for new industries or small industries that want to expand.

It also asked the Economic Development Commission to make a study of transportation problems in the north state area. Committee members said transportation costs are too high and tend to discourage new industries.

Boy Scout Group To Hold Meeting Here On Sept. 24

Charlevoix will be host to the first [illegible] Michigan Boy Scout Round Table dinner meeting at the high school cafeteria at 6:30 p.m. Thursday, Sept. 24, Leonard Burns, institutional representative, has announced.

At that time representatives of 10 northern Michigan communities will meet to make plans for the coming year and to discuss current problems and the promotion of fall activities for Explorer, Boy and Cub Scouts.

Among those who will represent the local Scouts at the meeting will be Frank Oleksy, cub master; Frank Case Jr., scout master; Ted Miller, Explorer advisor and Mr. Burns. Others attending will be committee members, Scout leaders and Den mothers.

Kiwanians Hear Of Guidance Work

The Charlevoix Kiwanis Club Monday night heard Henry Zimmerman, director of the Child Guidance Clinic at Petoskey, discuss the work of the clinic and the services it offers to northern Michigan.

The annual White Elephant sale was discussed and tentative dates for the event set for Oct. 21-22-23-24.

The Sept. 21 meeting will be held at the high school cafeteria at 6:30 p.m. Monday's meeting was held at Maria's.

The Rev. Fr. E. F. Denay was a guest at the meeting.

Two Local People Are Awarded Gifts

Two local residents received the bicycle and tricycle given away recently by the Little Flower Guild of St. Mary's church, Mrs. Charles Cooper, president of the group, announced this week.

Frank Oleksy was awarded the bicycle and Mrs. A. M. Allard the smaller vehicle.

Awerded Electric Blanket

Dale Boss was awarded the electric blanket given away last week by the V.F.W. Auxiliary, Mrs. Leroy Plum, president of the organization has announced.

Robert Bridge Is Named To Northern Economic Group

Robert Bridge, president of the Charlevoix County State Bank, has been named to a committee designed to further economic development in the northern part of the lower peninsula.

The appointment was made by Dan Gerber of Freemont, chairman of the Michigan Economic Development Commission.

The advisory committee of which Mr. Bridge is a member has among its membership T. Chalmer Curtis and A. E. Steinbrecker of Petoskey as well as members from Cheboygan, Alpena, Traverse City, Manistee and Frankfort.

Penelope Elzinga In Fair Condition Following Mishap

Penelope Elzinga, 15, was reported in fair condition at the Charlevoix Hospital Wednesday where she was being treated for a fractured jaw, severe arm and head lacerations and bruises received in an accident on US 31 Thursday morning.

She was injured when the bicycle she was riding went out of control as she tried to get back on the highway, throwing her into the front of a car driven by Dale H. Norman of Canton, Ohio. She was thrown onto the car by the impact. She was brought to the hospital via ambluance.

She was enroute from the home of her parents, Mr. and Mrs. Julius Elzinga, in Charlevoix township to the home of her grandparents, Mr. and Mrs. Harry Elzinga, at Birchwood Ranch, at the time of the accident.

Property Survey Will Begin Soon

Representatives of the Cole-Layer-Trumble Co. of Dayton, Ohio, appraisers and engineers, will arrive in Charlevoix this weekend to begin a tax equalization program which the city has hired the firm to conduct.

The city's 1,541 properties will be examined and appraised and a card file system on the company's findings set up. The city tax rate will then be levied on a percentage of the appraisal made by the company.

The Board of Review will determine the final assessment, however. Property owners may then appear before the board with any questions regarding the new assessment.

Installation Of Lights At Field Starts

The installation of lights for Charlevoix's football field started this week as volunteer workmen started digging holes for the ten 60 foot western red cedar poles which will be placed later this week in preparation for the opening of the 1953 football season.

The poles arrived last week via railroad car and were taken to the football field to await installation.

The first materials for the lighting installation arrived as the Knight Memorial Fund Committee neared the close of a successful campaign to raise funds to light Kipke Field in memory of the late John Knight, who served the city as mayor and who supported all sports events until his death last March.

Tha drive is within $200 of its goal of $4,800, Tip Riley, Committee chairman, said this week. A golf tournament conducted by Frank Poole at the Municipal golf course addad $52.50 to the Fund ovar the weekend whila parsonal donations added anothar $55 to bring the figura to tho $4,600 mark.

Contributions are being accepted by the Committee and may be given to any committee member or mailed to Fran Martin, secretary-treasurer of the organization.

Anyone interested in assisting with the installation of the new equipment is asked to contact Bruce Henley.

Workmen have warned parents to keep their children from the fiald until lights are installed. Holas for tha poles are kept covered when the workmen ara not there, Mr. Henley said, but it is possible for the youngsters to remove the covers. For this reason, it is urged that children be kapt from tha area for the prasent.

Every effort is being made to install the lights for the opening game against East Jordan on Sept. 25. If all materials arrive in time, the Committee has been assured that the lights will be in place for the game.

Bar Association Elects Officers

Judge Floyd A. Supp, Charlevoix county probate judge, was elected secretary-treasurer of the Emmet-Charlevoix county Bar Association at the annual meeting and election of officers held Thursday at the Petoskey-Bay View Country Club.

Other new officers are Guy C. Conkle Jr. of Boyne City who was elected president to succeed Benjamin V. Halstead of Petoskey. Clare L. Gillett of Petoskey is the new vice-president.

Donovan J. Rau, director of the Business Receipts Tax Division of the State Department of Revenue, discussed the provisions of the new tax law. A question period followed.

Mrs. Reed Returns Home From England

Mrs. J. K. Reed returned Tuesday from a six-weeks visit in England with her son-in-law and daughter, S-Sgt. and Mrs. Byran Wright who live near Oxford.

While there they enjoyed a tour of the continent.

Mrs. Reed made the trip via air.

Season's First Hard Storm Is Felt In Area

Weather was the main topic of conversation in Charlevoix over the weekend as the first storm of the fall season hit the area.

A northwest wind, up to 45 miles an hour brought rain and some sleet. The high water in Lake Michigan, whipped by the high winds, did some damage along the shoreline, with the water rising to the parking areas along the municipal beach near the pier.

The Coast Guard was called out late Saturday afternoon when a 20-ft. cruiser owned by Thomas Brewer of St. Louis, Mich., broke loose from its mooring near East Jordan. The boat was recovered by the Coast Guard and returned to the dock undamaged.

The whereabouts of the 40 ft. cruiser, Mar-Na-Bill, owned by Louis Wallace with a chartered party of four aboard, created anxiety here when it failed to arrive at Beaver Island at a reasonable time Saturday afternoon after leaving here at 9:25 a.m. Saturday. The boat finally reached the island at 5:20 p.m. after fighting the storm for nearly eight hours. Lighthouses and lifeboat stations in the area had been alerted to watch for the craft when it failed to reach the island by mid-afternoon.

Two County Men Will Be Called For Draft Oct. 6

Two Charlevoix county men will be called for induction into the armed services Oct. 6, the local draft board has announced.

The county has also been ordered to send seven men for pre-induction physical examinations. However, men born in 1934 will not be called according to the latest memorandum, so the county may not have anyone to send, Mrs. Cornelia Barber, clerk of the board said.

Fifteen men left Monday for pre-induction physical examinations in Detroit. It marked the first time in many months that the entire group made the trip from here to the Detroit Induction Center. Ususally there are deferments or transfers, Mrs. Barber added.

I. T. Quarnstrom Entertains Sales Managers Here

Fourteen sales managers of companies headed by I. T. Quarnstrom, owner of the American Mold Engineering Co., were his guests here last week for a four-day sales meeting.

The group stayed at the Silver Birches while in Charlevoix and, when not at sales meetings, enjoyed sailing aboard the Quarnstrom motor sailer, My Dream, and toured the area.

The sales managers came here from the company's districts throughout the United States and made the trip to northern Michigan via New York Central railroad car.

Announce Sale Of Moonlight Gardens To Harbor Couple

The recent sale of Moonlight Gardens, popular bar and dance hall, to Mr. and Mrs. James Lawyer of Harbor Springs has been announced by Mrs. Della Lomas, who had operated the business for more than 25 years.

Mr. and Mrs. Lawyer assumed possession earlier this month.

For the present they plan to operate the business on an eight months basis, Mrs. Lawyer said. They will continue to have an orchestra for round and square dancing on Saturday evening. The bar and short order business is open daily.

Lillian Saunders of Petoskey has joined their staff which also includes Mrs. Mary Spayde and Mrs. Ann Kaskey.

Begin New Hours At Western Union

Effective Sept. 15, the local Western Union office returned to its winter schedule.

The office will now be open from 8 a.m. to 1 p.m. and 1:25 to 5:25 p.m.

City Schools Show Gain In Enrollment To Set New Record

The enrollment in the Charlevoix public schools reached a new high this week as 837 students in the kindergarten through the twelfth grade age groups registered Tuesday for the 1953-54 school term, Supt. R. G. Bennett reported Wednesday.

The new figure tops the 1952 initial enrollment by 39 students, he added, and another 12 to 15 students are expected to register within the week thus breaking all existing records.

The major increase was due to new families who have moved to Charlevoix during the summer months although an additional 17 elementary school students who attended the Marion Center school are now being transported to the Charlevoix school following a special election last week, when the Marion Center school district voted to join the Charlevoix school district.

Tha enrollment increase was spread over several of the 13 grades, the figures show. An increase of 19 students was shown in the elementary grades and an additional 20 in the junior and senior high school grades.

High school enrollment figures for 1953 as well as last year follow:

Grade	1953	1952
12th	47	52
11th	69	50
10th	66	74
9th	84	65
8th	64	73
7th	64	60
	394	374

Enrolment in the Elementary grades follow:

Grade	1053	1052
6th	54	58
5th	56	55
4th	63	62
3rd	65	a6
2nd	54	57
1st	75	65
Kindergarten	76	71
	443	424

Enrolbnent at St. Mary's parochial school is also up this year, Sr. M. Athanasius, school principal, reported Tuesday. Seventy children in the first through the eighth grades registered Monday. This is an increase of three over 1952.

Class C Play In Football Opens Friday

The Northern Michigan Class C football season will get underway this week with six of the seven teams in the league meeting non-conference opponents in games scheduled for Friday.

The defending league champions, East Jordan, will host the Traverse City St. Francis eleven, Mancelona will journey to Northport and Harbor Springs will travel to Lake City for afternoon games. Gaylord will entertain Grayling and Boyne City will host Cheboygan in games scheduled for 8 p.m. Friday.

Charlevoix will not open its schedule until Sept. 25 in a league game with East Jordan.

With less than three weeks practice behind them, northern Michigan coaches are busy building their 1953 squads around a few returning veterans in preparation for the current season.

At East Jordan, Coach Gayle Saxton has regulars Keith Evans, quarterback, Bob Rombach, fullback and Ray Gee, halfback, as a nucleus for his backfield with lettermen Bob Danforth at left half and Denny Wilson, a newcomer, substituting for Gee.

In the line which will average 160 pounds, Jim Weisler, end, is the only returning regular. Floyd Cutler or Jerry Brennan are expected to start at right end; Jim Sherman and Steve Hayden will start in the tackle spots; Jack Zoulek and Pete Nemecek at the guard positions and Jim Blaha at center. All are lettermen who saw limited action last season.

Coach Matt Jacobson has four returning regulars at Mancalona including three backfield men. They are Earl LaDere, 200 pound fullback, Dick Darrer, quarterback and Bill Dalton, left halfback plus Johnny Holstad right end. Dava Councillor or Don Phillips will start at tha right halfback position.

In the line, which will average 170 pounds, Coach Jacobson plans to start Martin Braman and Buddy Alexander at tackle; Bill Kube and Glenn Watkins or Milton Warren at guard and John Conway at center. Dave Elliott will play left end. Braman, Kube, Elliott and Warren are lettermen.

Other candidates showing promise are Gary Shisler, Gary Lucas, and Bob Jewell, back; Terry Meeder, Don Wilks, Jerry Merkle, Dick Dettrick and Sam Spires, linemen.

At Gaylord, where Bob Wallis has taken over tha coaching reins, Tom Sanders, right halfback, and Dick Riddle and Gary Norton, candidates for tha fullback job, ara the only returning backs. Bill Gocha, Dale Tolman and Jim Glasser are trying out for the left halfback position; Mike Freel and Sam Butcher for the quarterback spot and Red Sanders is making a bid for the right halfback position.

Ends Jerry Hible and Bob Schlang, tackle George Middleditch and center Clayt Barber, all lettermen, will form the nucleus for the Blue Devils line. Jerry Morey and John Coulites are fighting for the other tackle position; Herb Van Gilder, Hugh Woodhams, Dick Widger and Sale Tobman, all newcomers are candidates for

ODDS 'N ENDS

By Fran Martin

MORE and more of our summer visitors are leaving . . many left last weekend and now only a few are still around. It just doesn't seem possible that it's all over for another year . . . That storm over the weekend made even the heartier souls wish they were somewhere else but that kind of weather we can expect this time of year . . .

* * *

WE DIDN'T see it but we were told that Lake Michigan was really on a rampage with the waves and spray going right over the top of the red lighthouse . . The wind took the bell buoy out at South Point and did a lot of damage along the shoreline . . With the water as high as it is, even a breeze causes some damage, it seems.

* * *

IT'S THAT time again . . . . Football time . . . The Rayders have another ten days before taking on East Jordan but five of the teams are starting this week . . Wonder what the season's going to bring for Charlevoix . . . It will be interesting to see . . .

* * *

WE WANTED to get over and see Stanley Barger's dahlias but haven't made it yet . . . Imagine the wind raised havoc with them too . . . They must have been lovely to see . . . maybe we'll make it yet if they're still in bloom . . . He was telling us he had 60 varieties of the lovely fall flowers . . . plus 27 varieties of mums and 57 kinds of iris . . . That's going in for flowers in a big way, we'd say and he must have flowers from early spring 'til late fall . . .

* * *

IF YOU saw some digging going on over at the athletic field this week, it isn't the chain gang at work . . . Just a bunch of hard working guys, most of them members of the Knight Memorial Fund Committee, digging the holes for the 60 ft. poles for the lights for the football field . . . Much of the material is here and we're hoping they'll be ready for the first game next week . . . It's been a long hard grind but we're reaching our goal and we think we speak for everyone when we say we're mighty proud to have accomplished the job this year . . . Of course, it couldn't have been done without a lot of cooperation from all of you but it has taken time and effort on the part of a few, and by few we mean a dozen or so people, to put the thing across . . . Any little business you'd like to mention . . . we've been in it . . . But for all the hard work it's been an experience none of us would have missed for the world . . . However, don't mention football lights to us for some time . . . We will not be responsible for what happens . . .

* * *

WE'VE been listening to the radio . . Tell us, what is a Tennessee Wig Walk . . . There's a song about it . . . so help us!

* * *

DID YOU notice some familiar faces around over the Labor Day weekend but couldn't quite place them? Let us jog your memory . . . was it anyone connected with barbershopping? It was? Then it must have been some of the 20 members of the Grosse Point chapter who just couldn't stay away after attending the Barbershop Jamboree for we don't know how many years . . . They had cabins at Strouds and from what we hear had a wonderful time . . . We sure hope they'll come back again another year . . . They're grand people.

* * *

DID YOU notice the 'something new' in sails on Round Lake recently . . . Nothing less than candy stripes we'll have you know . . . What won't they think of next . . .

* * *

OUR neighborhood on the north side has the distinction of having the first television theatre . . . Not really but by the crowd that gathered Monday at the Frank Curtis home, one would have sworn it was a theatre . . . One of our scouts said there were at least 35 kids in the Curtis living room . . . And we don't doubt it a bit for we understand Mr. C deserted it all for the golf course . . . We must inquire if they have regular showings for adults and find out a little more on reception . . .

* * *

KEN CELLNER, a hunting enthusiast, sure has tough luck . . . Seems he got a beautiful Brittany Spaniel and was busy training it for the coming bird season when it up and died . . . from a dose of poison it had picked up some place nearby, for it was not allowed to run . . . So he got a second dog . . . and it's at the vet's at the latest report suffering from distemper . . . We sure hope this dog makes it . . . That would be hard to take . . .

* * *

WE HAD quite a chat the other day with Doris Howe, who is employed at a Cincinnati department store during the day and who attends the University there at night . . . She was telling us about bringing a rabbit home with her on the bus . . . Animals, a dog or a cat, can't resist making sounds but according to Miss Howe, a rabbit is a perfect traveler . . . No one suspected she had the animal in a specially made cage and he survived the trip very well, except his big ears had kinks in them for a few days . . . Incidently, when not working or going to school, the ambitious Miss Howe serves as supervisor of a nursery at a Cincinnati church and as a Y-Teen advisor for under-privileged children . . How's that for keeping busy? . . .

* * *

HAVE YOU noticed the family of wild ducks which makes their home in Round Lake . . . We hadn't seen them but Art Ranger was telling us about them the other day . . . Seems the mother duck made her nest under some willows on the north side of Round Lake and when the ducklings were very small brought them out to look around . . . Art said he couldn't believe his eyes the first time she swam out from the bank with the 10 little ones paddling along behind . . . He and others took to feeding them and soon the mother learned that they meant no harm so allowed them to eat the food . . . On warm days they would sun themselves on a little dock that they could scamper on to . . . Later they cruised about the lake begging hand-outs from the boatmen who were tied up at the docks . . . They're a good size now and were out by themselves at the latest report . . . We sure hope no one gets the idea that they'll be good eating this fall . . . It would be a shame after so many people make such pets of them . . .

Scout Council Meets To Make Season's Plans

The annual summer executive board meeting of the Scenic Trails Council, Boy Scouts of America, was held at the Park Place Hotel in Traverse City Tuesday.

Representing Charlevoix at the meeting were R. G. Bennett and Leonard Burns who were accompanied by their wives.

Annual reports including camp, jamboree and camporee reports were presented.

The financial situation of the local Scout Council as well as the fall and winter program of the Boy Scout Council were discussed. Tentative plans were made for the fall round-up rally, the Klondike Derby, the winter camp, the window display contest, the Camporee, the training courses and the summer camping program for 1954.

Charlevoix IN UNIFORM

Pvt. Jack Denemy arrived last week to spend a 30 day furlough with his mother, Mrs. Clara Denemy, after completing jump training at Fort Benning, Ga. He will report at the west coast for transportation to the Far East when he leaves here early next month.

* * *

Ronald Geer S. A., arrived last Thursday from the U.S.N.T.C., Great Lakes, Ill., to spend a 14-day leave with his parents, Mrs. Eunice Houck and John Geer and other relatives.

He recently completed boot camp and will return to Great Lakes for assignment.

Airman first class Norman L. Bartlett has reason to be proud of his maintenance shop of the 31st Troop Carrier Maintenance Section in Japan, according to a recent announcement in an army publication.

For two months his shop, the Recliners Electricians shop, has been awarded the "Shop of the Month" award for efficiency.

Competition has been so keen since the award idea was conceived that not only has a surge of efficiency and production been experienced in the maintenance section but it has been almost impossible to name an award winner for the past two months, the report said.

Airman Bartlett is the son of Mr. and Mrs. Clarence Bartlett of this city and has been stationed in Japan for more than a year.

FOR AN entertaining afternoon, wander up to the football field . . . you'll meet all the fellows who are home on leave and everyone else who's interested in football . . . if you stay around long enough . . . It's great fun . . .

Cunningham-Mathews Wedding Vows Spoken In Double Ring Ceremony

Frances Kay Cunningham, daughter of Mr. and Mrs. Albert L. Cunningham, became the bride of Staff Sergeant Winston Dale Mathews, U.S.A.F., son of Mr. and Mrs. Vernon Mathews, at an impressive ceremony solemnized at the Community Church of God Saturday afternoon.

The Rev. George L. Majors officiated at the double ring service in the presence of 150 guests. Bouquets of pink and white gladioli and palms decorated the altar for the ceremony.

Mrs. John L. Boss, organist, played a program of traditional music and accompanied Patricia Murray and Luanna Bambach, who sang several numbers.

The bride, given in marriage by her father, chose a gown of white tulle over satin styled with an illusion neckline outlined with a lace ruffle, long sleeves and a full skirt with lace inserts. A seed pearl tiara secured her fingertip veil. She carried a colonial bouquet of white gladioli and pink roses.

Beverly Cunningham, of Chicago, sister of the bride, as maid of honor chose a gown of yellow net over taffeta, a headdress of yellow mums and white gladioli and carried a colonial bouquet of the same flowers.

Mrs. Jack Augustine of Roswell, N. M., sister of the bridegroom and Janice Cunningham, sister of the bride, were bridesmaids. Mrs. Augustine's gown was of pale green net over taffeta and she wore a headdress of yellow mums and white gladioli and carried a colonial bouquet of the same flowers. Miss Cunningham wore a gown of orchid net over taffeta and a headdress of pink carnations and white gladioli and carried a matching colonial bouquet.

Sgt. Jack Augustine of Roswell, N. M., assisted his brother-in-law as best man. Nathan Boss and Ronald Cunningham, cousin of the bride, seated the guests.

Mrs. Cunningham selected a gray and black suit dress and rose and gray accessories for her daughter's wedding. Mrs. Mathews wore a navy dress and navy and white accessories. Both had corsages of pink roses.

Immediately following the ceremony, a reception was held at the Charlevoix Rod and Gun club. Bouquets of autumn flowers and streamers in pastel shades decorated the club room for the reception. Mr. and Mrs. Ole Neillsen were master and mistress of ceremonies. Edna Marie Neilsen and Joan Mathews assisted.

For their wedding trip through the upper peninsula and Canada, the bride wore a brown and white checked suit and brown accessories. The couple will return here late this week for a visit with relatives before flying to Puerto Rico Sept. 20 to make their home.

The bride is a 1952 graduate of the Charlevoix high school and a graduate of the Gale Institute in Minneapolis, Minn.

The bridegroom, a 1948 graduate of the local high school, is now serving a four-year enlistment with the U. S. Air Force. He is stationed in Puerto Rico at the present time.

Among those who came from away for the wedding were Mr. and Mrs. Roy VanBuren and Mrs. Edna VanBuren of Plymouth; Mr. and Mrs. Percy Stowe and son and William Steinbaugh of Davisburgh; Mr. and Mrs. William Wooton and daughter, Mr. and Mrs. Stuart Walls, Wilma and Virginia Walls, Mr. and Mrs. Harold Pennell and family of Milford; Mr. and Mrs. Burhl DeGurmo and family of Muir; Mr. and Mrs. Sherll Pennell and daughter of Walled Lake; Mr. and Mrs. Nell Hopkins and family of Allegan; Jesse Gregory of Detroit; Mr. and Mrs. Joseph Shores and son, Richard of Cedarburg, Wis.; Beverly Cunningham and Mrs. Joan Sladek and daughter, Rose Mary of Chicago.

The Style Beauty Shop 106 Park Ave. will be closed Monday. Tuesday and Wednesdays each week until further notice. Phone number changed to LI 7-6775. Glenn Krohn, hair stylist. 37-38x

Still Applying For Williamston Plan

Lansing — Final applications are being received this week in conservation department offices here for Williamston Plan hunting clubs, game division officials report.

Under the Williamston Plan, a group of neighboring farmers are able to unite their lands into a single large block as a better control of both hunting and trespass.

Each year, about 50 groups of southern Michigan farmers make use of the plan.

Several factors may cause canned fruit to float in jars. Fruit may float because the syrup is too heavy, because the pack is too loose or because all the air is the fruit tissues was not forced out during the heating and processing.

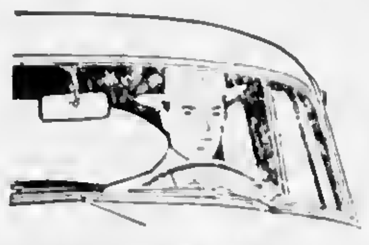
I figure this demonstration saved me many hundreds of dollars!

I expected to pay that much more for a new car until I discovered I was better off in every way with this new Chevrolet!

Let us demonstrate all the advantages of buying a Chevrolet *now!*

CHEVROLET

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!



You're "sitting pretty" behind the wheel

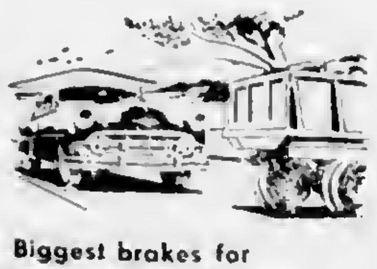
Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around

You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view to all directions.

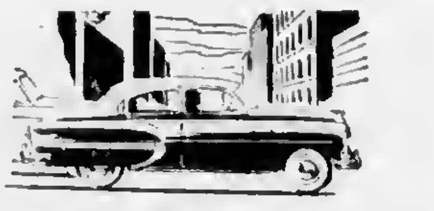
And it's the lowest-priced line

A demonstration will show *you* that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.



Biggest brakes for smoother, easier stops

An easy nudge on the pedal brings smooth, positive response—right now! Chevrolet's improved brakes are the largest in the low-price field.



You get greater getaway with the new Powerglide*

A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at *any* price.

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are *high-compression* engines. In Powerglide* models, you get the most powerful engine in Chevrolet's field — the new 115-h.p. "Blue-Flame." Gearshift models offer the advanced 108-h.p "Thrift-King" engine.

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

guard positions. Bob Warner and Wayne Brown are being mentioned as substitutes for the end positions.

At Harbor Springs, Coach Dick Boles has his entire 1952 backfield returning intact with Wally Granstra, fullback, Tom Clark, quarterback, Chuck Taylor and Leon Sterly, halfbacks, taking over their old positions.

In the line, which will average 160 pounds, are veteran end Sten Piler and letterman Tom Larson in the end positions; Rod Pontius who was shifted from the backfield to tackle and Arden Holliday, both lettermen, at tackles, two new guards, Gary Swiss and Merlin Schlosser, will be in the lineup along with a new center, Bob Bethke, a transfer from Williamston, where he was a letterman.

Other candidates who may earn berths in the starting line-up are Don Lauer, Bill Myer and Jack Meyers, tackles; Roy Mann and Art Bawkey, ends; Pete Marihugh, center; Norm Pemberton, Alvin Hickman and Horace Bosma, guards; Gordon Kruskie, Al Miller, Ed Mathews and Kent Talcott, backs.

Like the majority of northern Michigan coaches, Ray Brown of Pellston has a wealth of returning backs in Glenn Aurrend, right halfback, Bob Rudy, quarterback, Merlyn Davenport, left halfback, Chief Shenenaquet and Johnny Scheuffler, fullback. All are either regulars or lettermen. Only newcomer to the backfield is Ralph Elmhurst, a candidate for left halfback.

The line this week will probably include Harold Drier and Lloyd Carlson, ends; Bernie Burr and Chuck Drier, tackles; Jim Yoder and Lynn Spenceley or Bill Koom, guards and Bill Winters, center. Carlson is the fifth member of his family to play end on Pellston teams in eight years.

Coach Brown, whose team started practice only last week, says his line is green but shows great promise and he is expecting great things from them despite their inexperience.

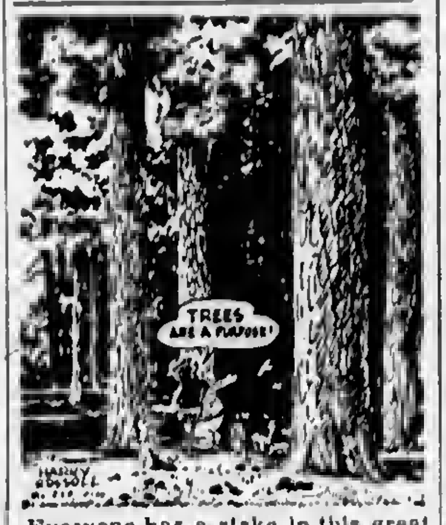
At Boyne City Coach Tom Weede plans to start Bob Fitzpatrick, a sophomore, at quarterback; Mert Erber at left halfback; Chub Rotherberger at right halfback and Gary Newville at fullback. All are lettermen but Fitzpatrick who saw little action last season before suffering a shoulder injury.

Other candidates for the backfield positions are Leon Florenski who was a defensive lineman last season, Ron Leist, Elmer Howard and Bob Crandall.

Returning lettermen in the line will be Larry LaCroix who weighs 205 pounds and Gordon Yahr who weighs 185 at tackle positions; Gordon Capeline, guard; and Oral Sutliff, center. Tom Whale and Murray Northrup, ends and Ed Boyer guards, will complete the starting line up.

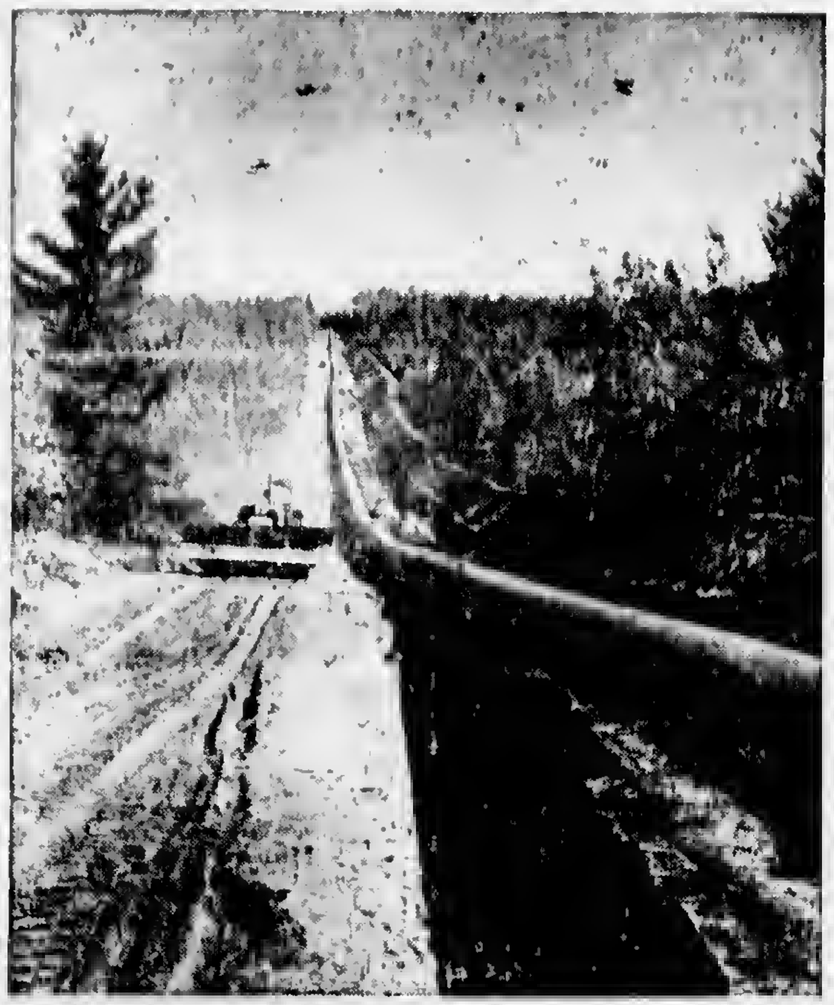
Other candidates for the line are Nels Northrup, Don Smith, Ed Lawrence, Bob Florenski, Ray Mathers, Roger Syr, Roger Mayhew, Jim Heyden, Chuck Stocker and Sten Follette.

Games scheduled for Sept. 25 include East Jordan at Charlevoix, Gaylord at Pellston and Mancelona at Harbor Springs in league meetings and Boyne City at Traverse City St. Francis in a non-loop meeting.



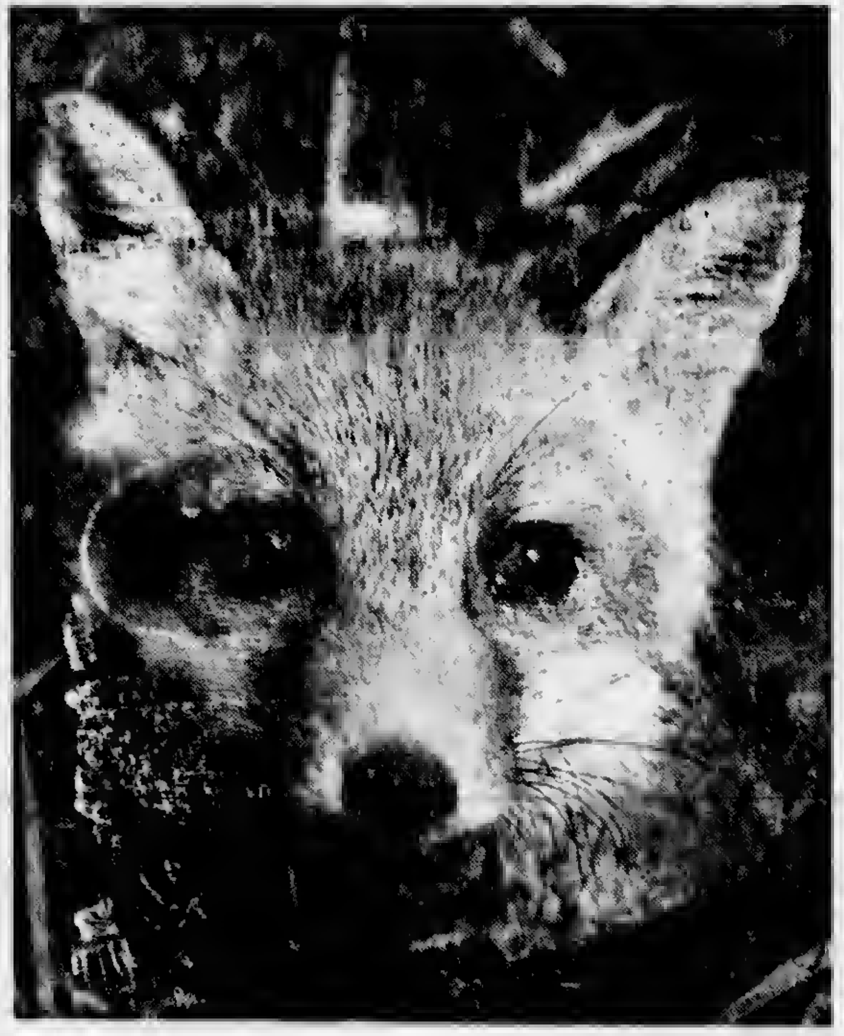
Everyone has a stake in this great natural resource—protect it from fire!

Pipeline's Progress



Stretching snakelike across an upper peninsula landscape, this section of the 30-inch petroleum pipeline, presently being laid across Michigan, will soon be dropped in the ditch at right and covered with earth by bulldozers. When completed, the line will carry petroleum from the Edmonton, Alberta, oilfields to the Port Huron-Sarnia area, spanning Michigan's upper and northern lower peninsulas in the process. Here the line curves through a state forest.

Wide-Awake Wildlife Youngster



A bit apprehensive is this coyote pup, chased and finally cornered by the conservation department's photographer near Higgins Lake recently. The wily coyote, a gray to reddish-gray, medium-sized dog, is found throughout western North America. Wary and wily, the coyote has been able to keep his hold in Michigan's wilds despite the fact that the price on his scalp has encouraged large-scale hunting and trapping for many years.

Ebenezer P.T.A. Elects Officers

Ellsworth — Sebe VanderHeide was elected President of Ebenezer P.T.A. for 1953-54 at the September meeting held Monday evening in the Ellsworth Christian Reformed church. Elected to serve with him were: Peter Timmer, vice-president; Mrs. Don Senneker, secretary,treasurer; and Mrs. Harry DeGroot, Vicar.

Besides goup singing, music was provided by Mrs. Allen Klooster and Alice Veldcamp who sang a duet, with Mrs. Willard VanderArk as accompanist and by John Kooyer and Gerrit Jake Drenth, who played an instrumental number. Mrs. George Rubingh gave an inspirational reading and W. Karsten gave a short talk.

Dick Oosterbaan, 1952-53 president opened the meeting with scripture and prayer and Paul Doctor, vice president the past year closed the meeting with prayer.

Banks-Norwood Hunt Group Has A Social Meeting

The few pheasant in Charlevoix and Antrim counties can not be protected by the state game regulations before next year according to a communication from the Conservation commission read to the members of the Banks-Norwond Hunt association at its social meeting Tuesday evening at the Norwood townhall.

The request of the group for a three year ban on pheasant hunting reached the Conservation Department after the game laws had been established for this year. The proposal will be presented for action by the commission at its next meeting, the latter stated.

The Banks-Norwood Hunting association and other sportsmen's groups in the two counties that are working to re-establish a pheasant population in the area are requesting hunters to refrain from shooting the birds this year.

Representatives from the Conservation Department attending the meeting were Wayne Tenant of Gaylord, assistant supervisor for this district; Leslie Miles of Bellaire, Antrim county conservation officer; Julian O'Brian of East Jordan, Charlevoix county conservation officer; and William Vonsee, Antrim county fire warden. Vonsee entertained the group with movies on wildlife and conservation subjects.

Refreshments were served at the close of the meeting.

Mr. and Mrs. Peter Timmer and sons, Howard and Phil, have returned to their home here after spending the summer at Ellsworth. On Friday they plan to go to Grand Rapids to attend the wedding of Mrs. Timmer's niece, Betty Bergsma and Edward Newhouse.

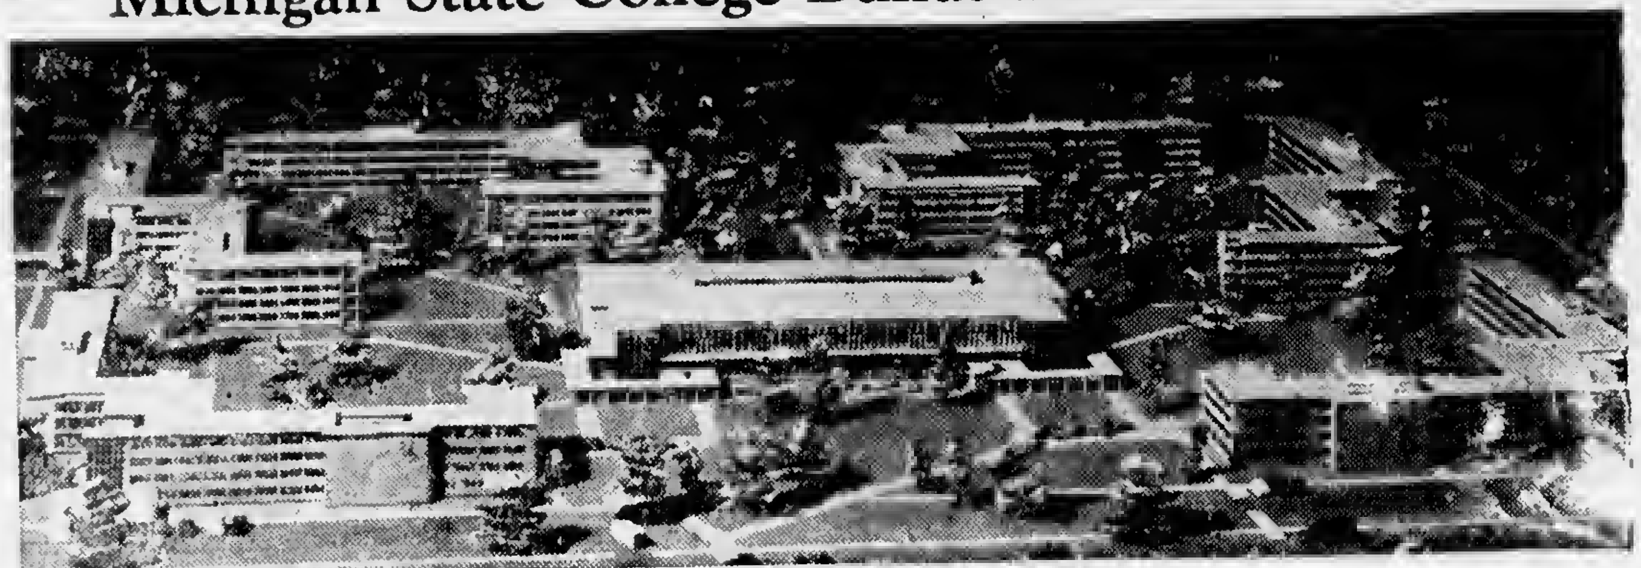
Michigan State College Builds New Dormitories



New dormitories to house 2,700 men students are moving from drawing board to reality at Michigan State College, East Lansing, with the first unit to be ready for occupancy this fall. The new dormitories are designed to meet the pressing needs this year and in the future of a growing enrollment at M. S. C. An eight per cent increase in students — to 15,000 — is anticipated by college officials this year and similar increases are expected in succeeding years. The total project, at an estimated cost of $13,500,000, is on a self-liquidating basis at no expense to the public. Currently under construction are three residence halls, shown at right in the architect's model above, and a central dining and recreational building, shown at center. The three units at the left are contemplated for the future. Based on two students per room, each of the new residence halls will house 450 students. The four modern brick units currently going up will be completed by June, 1954, starting with the structure in the right foreground which is to be occupied this fall. The units are located on M. S. C.'s "west campus" at the intersection of Harrison road and Michigan avenue.

From where I sit ... *by* Joe Marsh

Cream Whips Main Street Traffic

Big traffic jam in front of the office last week. Thought everybody in the county was coming in to buy *The Clarion*, but they weren't.

Seems a 5-gallon can fell off Whitey Fisher's truck, spilling cream all over the street. Our cop on duty, Tiny Fields, halted traffic so Whitey could pick up the can. Tiny was about to wave the cars on when a kitten ran out and started lapping up the cream.

Well, traffic piled up, but Tiny paid no heed. Light changed green three times. After the kitten had enough, Tiny waved the traffic through.

From where I sit, this was just a "Tiny" demonstration of the way people in our town are. They're usually pretty considerate and tolerant. If one of our neighbors prefers a good glass of beer to his friend's coffee at dinnertime, it's just each to his own taste and everything's "smooth as cream" between them.

Poorly Prepared Silage Leads To Spoilage And Feed Losses

There's an old yarn about a farmer who climbed up in the early dusk one wintry evening, opened a new silo, jumped in the top and fell in the silage with only his head sticking out.

This could have happened, claims Ed Rebman, Charlevoix county agricultural agent, and he quotes Carter M. Harrison, Michigan State college forage specialist, to back him up. The entire silo contents can rot from improper packing and silo leaks.

Plant cells are alive when green material goes into the silo, explains Harrison, and they breath the air, and oxygen, . . . trapped in the silage. When the living cells use up all the oxygen, that cuts down on mold activity, because molds need oxygen to do their spoilage work.

But where there is air, near the top of the silo or near holes and cracks, the mold activity goes on. The "rotten" layer will go as deep as molds can get air.

When chopped material going into a silo is very dry, it is fluffy and traps a lot of air . . . the silage does not pack well, says Harrison. An unattended blower will put the lighter leaves on the outside and the heavier material in the center and cause bacterial action on the sides. This slow "burning" or oxidation of the organic matter by the bacteria causes heating by the bacteria thus lets more air in. The process can continue until the entire silo is filled with rotten silage. Then a farmer could be in to his neck, says Harrison.

The important thing is to have a silo that is tight against air leaking in and and have silage wet enough to pack but not so wet it forms pools of liquid.

Use Of Color Can Aid Farm Safety

Colors can be used to make farming safer for everyone, suggests Ed Rebman, Charlevoix county agricultural agent, who has some information from the National Conference for Farm Safety.

Take "red" first . . . it should be used to identify fire protection equipment and as a sign of "danger" and of "gasoline" as well as to "stop". Red can be used to good advantage on fire buckets and pails, and on supports or wall locations for fire equipment. All flammable liquid containers should be painted red and labeled in yellow with the contents.

"Orange" is valuable also . . . to show dangerous parts of equipment that can cut, crush, shock or injure a person, and to call attention to open doors on fuse boxes and machinery shields when they are not in place.

"Yellow" is a good color to mark hazards to striking, stumbling, falling or tripping. Solid yellow may be replaced with yellow and black stripes or checks for guy wire guards, handrails and jutting posts or uneven floors.

"Green" is universally used to show the location of first aid equipment and a "blue" tag means machinery is defective and needs repair.

Know your safety colors, use them and heed them, Rebman warns.

In years of large feed crop production, like 1953 promises to be, it usually doesn't pay to wait until late November or December to buy feeder cattle, according to Michigan State college agricultural economists. They advise watching cattle markets closely for erratic fluctuations during the next 90 days.

Fall Pastures Not Adequate To Hold Up Milk Production

A shortage of high quality roughage is the main reason milk production drops off during the fall months, reminds Ed Rebman, Charlevoix county agricultural agent.

Larry Johnson, extension dairyman at Michigan State college, points out that studies by the U. S. Department of Agriculture show that production of pastures drops rapidly in the fall. The figures indicate that a pasture that can supply enough feed to produce 30 to 35 pounds of milk a day in May and June without supplemental feed only has enough growth left by August and September to produce 15 pounds of milk a day.

The 1952 Dairy Herd Improvement Association records in Michigan show this drop in production by month: Average milk production per cow was 30 pounds of milk in June, 25 pounds of milk in September and 23 pounds in November, the low point.

In order to be sure that cows are getting enough feed from pasture, Johnson recommends that the dairyman should check pastures regularly to be sure there is enough feed for fall grazing. And the farmer should observe milk production every day so that any slight decline in production will be noted.

Supplemental feeding should be started as soon as pastures no longer supply enough feed for full milk production, advised Johnson. Grass or legume silage is usually the best feed, notes the extension dairyman, but if it is not available, hay or corn silage can be fed with good results. Cows should be fed the amount they will clean up rapidly. Johnson says that in some cases it would pay to increase the rate of grain feeding, too.

Acreage limitations on the 1954 wheat crop increase the advantage of following good wheat production practices, including the liberal use of fertilizer. Paul J. Rood, extension soils specialist at Michigan State college, says 500 pounds of commercial fertilizer at planting time is not too much.

RECORD OF COUNCIL

September 8, 1953

The Common Council of the City of Charlevoix met on the above date with Mayor Pro Tem Hamilton presiding. Aldermen present: Kipke, Zeitler, Bellinger and Hamilton. Aldermen absent: Hiller and Carey.

The minutes of the previous meeting were read and approved.

The petition of Mrs. William Kibbe and five (5) other families residing on Palmer Street was read and referred to the City Attorney.

Enter Aldermen Hiller and Carey.

Moved by Alderman Bellinger and seconded by Alderman Zeitler that the City renew its' Workman's Compensation Insurance coverage with the Michigan Mutual Liability Company.

Motion carried by the following Yea and Nay vote. YEAS: Aldermen Hiller, Kipke, Zeitler, Bellinger, Carey, and Hamilton. NAYS: None. ABSENT: None.

Alderman Carey offered the following resolution and moved its' adoption, supported by Alderman Kipke.

RESOLUTION

WHEREAS, increased traffic on Highways U.S. 31 and M-66 in the City of Charlevoix has created a dangerous traffic condition and the Common Council deems it adsolutely necessary for the safety of the citizens of said City and the persons travelling upon said highways, that flashing amber traffic lights be installed on U.S. 31 at the intersections of Garfield and Bridge, Michigan and Petoskey, Prospect and Petoskey, and State Street and Highway U.S. 31; and

WHEREAS, if such installation is approved, the approximate cost of said lights installed would be $450.00 each and the original cost and maintenance thereof would be borne by the City of Charlevoix and the State of Michigan according to the following schedule:

1. Garfield & Bridge, City 25 %; State 75%
2. Michigan & Petoskey, City 33⅓%; State 662-3%
3. Petoskey & Prospect, City 50%; State 50%
4. U. S. 31 & State, City 50%; State 50%

THEREFORE BE IT RESOLVED by the Common Council of the City of Charlevoix that the City of Charlevoix urgently request the Michigan State Highway Department to install said traffic lights as soon as possible and that the City of Charlevoix participate in the cost thereof as stated above.

Resolution adopted by the following Yea and Nay vote. YEAS: Aldermen Hiller, Kipke, Zeitler, Bellinger, Carey, and Hamilton. NAYS: None. ABSENT: None.

Alderman Hiller offered the following resolution and moved its' adoption, supported by Alderman Carey.

RESOLUTION

WHEREAS increased traffic at the intersection of Bridge and Clinton Streets in the City of Charlevoix, Michigan, has created a congested condition dangerous to both pedestrians and motorists, and in the opinion of the Common Council it is necessary for the safety of the public to control said traffic by the installation of a stop-and-go light at said intersection; and

WHEREAS said matter is under the jurisdiction of the Michigan State Highway Department and before said Department will act upon the application for said stop-and-go light it is necessary for them to conduct a traffic survey;

THEREFORE BE IT RESOLVED by the Common Council of the City of Charlevoix that the City of Charlevoix urgently request the Michigan State Highway Department to install said traffic light and that they conduct the necessary traffic survey therefore in the month of July, 1954.

The Resolution adopted by the following Yea and Nay vote. YEAS: Aldermen Hiller, Kipke, Zeitler, Bellinger, Carey, and Hamilton. NAYS: None. ABSENT: None.

Moved by Alderman Bellinger and seconded by Alderman Carey that the regulation of parking under Ordinance No. 226 which provides for the regulation of parking by the use of parking meters, be discontinued as of September 15, 1953.

Motion carried by the following Yea and Nay vote. YEAS: Aldermen Hiller, Kipke, Zeitler, Bellinger, Carey and Hamilton. NAYS: None. ABSENT: None.

The following bids for Diesel Generating Equipment for the Charlevoix Municipal Light Works were opened and read.

International Power Machinery Company
Charles T. Weaver
W. J. Small Company
National Metal & Steel Corp.
A. G. Schoonmaker Co.
Nordberg Manufacturing Company

Moved by Alderman Hiller and seconded by Alderman Zeitler that the bids submitted be referred to the City Superintendent and J. Bryan Sims, Consulting Engineer for tabulation.

Motion carried by the following Yea and Nay vote. YEAS: Aldermen Hiller, Kipke, Zeitler, Bellinger, Carey, and Hamilton. NAYS: None. ABSENT: None.

The Finance Committee having examined bills totalling $28,724.54 find them correct and recommend they be allowed.

Moved by Alderman Hiller and seconded by Alderman Kipke that the bills be allowed and orders drawn for their amounts.

Motion carried by the following Yea and Nay vote. YEAS: Aldermen Hiller, Kipke, Zeitler, Bellinger, Carey, and Hamilton. NAYS: None. ABSENT: None.

On motion the Council adjourned.

HUGH MAYNE, Clerk

September 9, 1953

Memorial Scholarship For MSC Honors Former District Agent

A memorial scholarship honoring the late Carl H. Hemstreet who served the Grand Traverse region as district horticultural agent for five years, has been established at Michigan State college by his family and friends.

The scholarship will be awarded at the discretion of a designated committee to one student each year who is enrolled in general agriculture or horticulture on merit of scholarship, promise for future development and financial need. The amount of the annual scholarship to Michigan State college is equal to course fees for one academic year.

Preference will be given to students from the ten counties served by the late Mr. Hemstreet as district horticultural agent . . . Antrim, Benzie, Charlevoix, Cheboygan, Emmet, Grand Traverse, Kalkaska, Leelanau, Manistee and Wexford.

In the event no student from these counties is qualified, it will be available to any student in Michigan.

Mr. Hemstreet, in whose honor the scholarship fund of $1,000 was established, graduated from Michigan State college in 1923 and served with the Michigan Cooperative Extension Service from 1924 until his accidental death while on duty Oct. 18, 1951.

He served for 10 years as Oceana county agricultural agent and for 11½ years as Grand Traverse county agricultural agent. He then served as district horticultural agent for the Grand Traverse region from December 1947 until the date of his death.

Complete information on the scholarship is available from the Dean of Agriculture at Michigan State college.

Additional contributions from the family and friends of Mr. Hemstreet may be made through county agricultural agents at any time to continue the scholarship grants for a longer period of time.

Mrs. Jeri Buckner was very surprised Wednesday night when a group of her friends unexpectedly dropped in to hold a "Stork Shower" in her honor.

Friday evening at the Parish Hall the Board and Committee Members of the Beaver Island Civic Association met. One of the most important topics to be discussed was that of having a Tuberculosis Clinic visit the island. This can be arranged if the islanders will promise to make their appearance for x-rays. Let us have 100% co-operation on this plan.

The perch run is getting an early start this fall. Already hook and line fishermen and the commercial fishermen are getting wonderful catches. They can be caught either off the dock or by going out further in the harbor with small boats.

Two fishermen from Kalamazoo, Harry Gothief and Herb Allen, spent the weekend here and reported that the perch were biting very good.

Friday evening a group of friends unexpectedly dropped in on Mr. and Mrs Archie LaFreniere to congratulate them on their twelfth wedding anniversary. Mrs. Warren Townsend led the group, playing her ukelele and serenading the anniversary couple.

Saturday we witnessed the first bad storm of the fall. Over night it turned bitterly cold with rain and high winds. Late Saturday afternoon the Self-Unloader, Wyandotte pulled into the harbor entrance for shelter. Several freighters also were pulled into Sand Bay.

U. S. Senator Charles Potter of Michigan visited on the island Thursday. Senator Potter met with the men of the island at the King Strang Hotel to discuss the possibilities of getting a new boat for the island. The Senator was then the guest of honor at a dinner held at the King Strang. Following this he was taken on a tour of the island.

A correction to last week's article. This is Senator Potter's second visit to the island instead of his first.

Gives Advice On Use Of Aluminum Foil In Cooking

One of the many ways homemakers are using aluminum foil these days is in the oven under pies or other baked dishes to catch any possible run-over of food.

Olevia Meyer, home management specialist at Michigan State college, gives these directions for proper use of foil for this purpose.

Use a piece of foil only slightly larger than the pan or dish holding the food. Turn foil edges up and place it on a rack directly under the pan or dish.

Authorities caution against covering the entire bottom of the oven with foil because this cuts off circulation of heat and prevents proper cooking.

Also, the heat given off by electric units or gas burners will be reflected back by the foil. This will overheat electric units, possibly causing them to burn out. With gas burners, it will cause incomplete combustion of gas which requires air circulation to burn properly.

Another precaution, foil should never touch open heating wires in any electric appliance because it is likely to cause a short circuit.

Three Wild Bears Captured, Tagged At Cusino Station

Lansing — Three more wild bears have been captured and tagged at Cusino wildlife experiment station near Shingleton in the upper peninsula, the conservation department reports.

The wild trio, a 190 pound female and her two cubs, were captured at the station's big bear live-trap, a hugh section of metal culvert closed at the back and fitted with a front trap door.

Workers found the female locked in the trap and captured the two cubs nearby. Both cubs were males, weighing 53 and 47 pounds respectively.

A spray gun was used to shoot ether into the trap so the bear could be subdued, after which she and her cubs were weighed, marked and released.

The next-to-impossible wildlife captures bring to four the number of bears now tagged in the Cusino area. One adult male was taken in the big trap last year. Game men hope to learn more about bear habits, movements and development through the experiment. Such information would help considerably in developing the present state program on control and hunting of bear, biologists say.

Remember that a loss of liquid in processing fruits and vegetables does not cause food to spoil even though such loss may cause the food above the liquid level to darken slightly, says Jennie Day, extension nutrition specialist at Michigan State college. Never open a jar to replace liquid lost in canning, she cautions.

The Frost Is On The Punkin'--- Almost

Do you have your fall clothes —like the fodder — "in the shock"? If you don't this is a good week to start shopping. Because this is bargain week at Polly Kay.

You must see the smart clothes on our bargain racks, all at prices so low you won't believe the price tags. There is a rack full of wool jackets that were 19.95 and now are only 5.00. A new jacket will make a new dress of your poor tired last year's skirt. Or maybe you want a new dress— we have a good selection of those too.

Now take a look at our dress bargains. One group of gabardine and flannel dresses were 29.95 and are now 15.00. Another group of 39.95 dresses are now 19.95. These are in new fall shades, some wool, some silk and all smart.

Still another group of suits and dresses that were 45.00 to 110.00 are now half price. All sizes are included in the selection from 10 to 42 and also half sizes. So you should find what you are looking for.

Don't wait for winter — start shopping today — and start at Polly Kay.

City, Townships Discuss Plans For Improved Fire Protection

Fire protection for the townships in the Charlevoix area was discussed at a meeting of township representatives and city officials at the city hall last week.

Mayor Dean Davenport explained to the group the new fire department schedule with the two man operation and said that this, along with the purchase of much needed equipment would hike the fire department budget to $13,000 annually.

He went on to say that it was imperative that the city purchase additional equipment and protective clothing and establish a sinking fund toward the purchase of a new fire truck in the next three years.

It was suggested that the townships involved, including Charlevoix, Heyes, Norwood, Marion and Eveline, allocate one mill of tax money, based on the county valuation, to the fund as their share for this protection.

Discussion followed on the townships which receive fire protection from other cities as well as Charlevoix and it was agreed that a split of the mill tax based on the assessed valuation of the protected area should be made. These details will be worked out by negotiation.

It was further agreed that in order to continue fire protection until next April, a payment be made to the city based on 7-12 of a mill assessment as mentioned above and that at the annual meeting or election in April, the question of continuing this be placed on the ballot for a vote of the people.

It was further brought out that after the purchase of a new truck, the old one would be housed on the north side of the city to be available in the event of a bridge tie up.

In order to start the new program at the earliest possible date it was decided to channel all funds from the townships and from joint funds into a special fund to purchase as soon as possible protective clothing, a portable electric generator and flood lights, a new portable pump which is now at the fire hall and a new fire truck. This will be done as the funds are available.

It was also decided to start a fire school for city and township volunteers, with the townships to arrange with the city firemen for suitable time for instruction; to furnish city firemen with township maps so that they may familiarize themselves with roads and locations; to draw up a mailing piece for all rural box holders in protected areas with instructions for calling the fire department and giving adequate information so that the truck may reach the scene of the fire without losing time; to draw up a sample ballot for township supervisors to use if desired in the Spring election and to continue the sinking fund following the purchase of a new truck, as the present truck is now eleven years old.

The important meeting was called by Mayor Davenport and Relph S. Hamilton of the city council fire committee, who opened the meeting.

Others present at the meeting were Roy R. Robinson, city superintendent; Supervisor Clyde Warner, clerk William A. Parsons, treasurer Orville D. Hilton, trustees Warren D. Schoals and Kenneth L. Empey, representing Norwood township; Supervisor Rudy C. Korth and clerk Kathryn B. Sinta of Charlevoix township; clerk Ralph Price of Eveline township; supervisor Russell L. Curtis of Marion township and Supervisor Lee Sneathen Jr. of Hayes township.

Scout Leaders Of Northern Area To Hold Round Table

Boy Scout representatives from ten northern Michigan communities will gather at the high school cafeteria at 7 p.m. tonight (Thursday) for the first Boy Scout Round Table of the current year.

The dinner meeting will be followed by a brief program before representatives meet with the group in which they are most interested. There will be conferences for those interested in Explorer Scouts, Boy Scouts, Cub Scouts and Scout executive duties.

Elva Carroll of Walloon Lake, district commissioner, will preside at the meeting. Hamilton Mauck, field representative for the western district, and John Murchie, newly-appointed field man for the northern area, will also be present and address and consult with various groups.

All persons interested in scouting, including Scout committeemen, leaders, advisors and den mothers are urged to attend the meeting.

White Elephant Sale Committee Named By Kiwanis

Committees for the annual Kiwanis White Elephant sale scheduled for Oct. 21-22-23-24 were named by Capt. H. E. Paddock, president of the organization, at the regular meeting of the Kiwanis Club at the high school cafeteria Monday evening.

Angus Fochtman and Fred Bancroft are co-chairman of the annual event and will be assisted by the following ward workers: North side, Fred Willis, Kit Carson, Clark Dolliver, Leonard [illegible], H. B. Schofield and Capt. Paddock; Valley, Frank Bird, H. E. Bingham, Rev. Harold Kohn, Charles Pontius, E. B. Bowman, Robert Richards, Rev. Lloyd [illegible] and A. L. Livingston.

South side: R. G. Bennett, C. B. Meggison, C. M. Bice, Rev. George L. [illegible], Peter Timmer, Vernon Mathews and Ralph S. Hamilton.

Belvedere Club, Frank Oleksy; business district, Ralph V. Hess and Lawrence Feindt; pickup, Mr. Carson and Mr. Fochtman; sale of miniature white elephants, M. A. Levinson.

Gordon Freedman was the speaker for the meeting and talked on the topic, "Air Navigation."

Guests were Ivan Livingston of Grants Pass, Ore., and A. A. Schaerer of Detroit Strathmore Club.

Victor A. Knox Will Visit City Monday, Sept 28

Victor A. Knox, Republican Representative of the 13th Congressional district, will visit Charlevoix Monday afternoon while on a tour of the county, representatives of the Charlevoix county Republican committee have announced.

He will be at the court house at 3 p.m. Monday, Sept. 23, to meet with the people of the community and discuss any problems they might have.

He will also be invited to attend the weekly meeting of the Charlevoix Kiwanis Club and to address the group.

His visit to Charlevoix will be one of several made in Charlevoix county while on a tour of his district.

Give Contract For New U.S. 31 Highway South

The Sorgeant Construction Co. of Saginaw was awarded the contract for the partial re-location and concrete paving of 6.4 miles of highway on US 31 southwest of Charlevoix, Charles M. Ziegler, state highway commissioner, announced in Lansing Thursday.

The company's bid of $636,074.70 was the lowest submitted for the project which will extend from the intersection of US 31 and the Bornard Road to the Antrim county line 600 feet past the intersection of US 31 and the Norwood road.

The contract will become effective ten days from the time the bid was accepted, William P. Collon of the state highway department said Mondey. The Saginaw firm is expected to move equipment to Charlevoix early next month and start work by mid-October.

The work will include winter grading for the construction of new alignments to take out curves as well as bad alignments and grade conditions.

The completion date on the project has been set for Aug. 31.

A detour will not be necessary until late winter or early spring, Mr. Collon said. When it does become necessary, traffic will be routed from US 31 east on a couty road to the Ellsworth area and north en the Ellsworth or Marion Center road, rejoining US 31 at State st.

Miss T. Barrett, Former Resident Dies In Chicago

Miss Theresa Barrett, 74, a former Charlevoix resident, died Saturday in Chicago where she had resided for many years.

Funeral services were held in Chicago Monday. Burial was in St. Mary's cemetery here Tuesday with the Rev. E. F. Denay officiating at the committal service.

Born in Berea, Ohio, May 6, 1879, Miss Barrett had come to Hayes township in Charlevoix county as a girl. She later went to Chicago to make her home.

She is survived by two sisters, Mrs. Charles Gordon and Mrs. John Maloney; a niece, Ann Gordon and two nephews, Carl Gordon and John Maloney, all of Chicago.

City Appraisal Program Started Here This Week

The real estate appraisal program being conducted for the city by the Cole Layer Trumble Co. of Dayton, Ohio, was started this week, Mayor Dean Davenport has announced.

In making the announcement, Mayor Davenport said that the appraisal of both real estate and commercial - industrial personal property is being done for the benefit of the entire community and asked that everyone cooperate in the program.

He went on to say that the personal property appraisal is only on commercial and industrial locations.

City Council Approves Two Appointments

The Charlevoix city council meeting Monday night, approved the appointment of Peter Kanoff as patrolman and Earl Crandall as assistant fire chief.

They also entered into a contract with the five townships in the immediate area for fire protection based on 7-12 of a mill. This arrangement will terminate April 21, 1954 after the issue has appeared on the township ballot in the spring election for the approval of the people at the rate of one mill of the assessed valuation. Funds received from the townships for payment for fire protection will be placed in a special fund for purchase of fire protection equipment. This program is explained in greater detail in another story appearing in this week's issue of the Courier.

The application by the South Bend Tool and Die Co. for the construction of a bulkhead and dock at the company's property on the south side of Round Lake at the site of the former Miller Boat Co. property was approved.

The deed of the Ferry over-Stover road properties purchased earlier this year by the South Bend Tool and Die Co. was changed to read "South Bend Tool and Die Co." instead of "Stream-Eze Inc."

Bills totaling $20,370.46 were approved and ordered paid.

Coach Terrill Names Probable Starting Line-Up For Friday

Coach Del Terrill's Charlevoix Rayders will open their 1953 football schedule this week against a traditional rival, the East Jordan Red Devils, defending league champions.

The game will be played at 8 p.m. Friday at Kipke Field which was lighted this week in memory of the late John Knight.

With four weeks of practice behind them, the Reyders are in good condition for their season's opener which is expected to be one of the toughest games of this year's schedule.

This year's line is the biggest in recent years, averaging about 180 pounds and is spotted with several veteran players and others with limited experience.

The backfield will also have several veterans in the line-up and though it may leave something to be desired in the way of speed, has scrappy players who are excellent ball carriers.

In announcing the tentative line-up for Friday's game Coach Terrill has named Joe McDermott to the halfback position and as an alternate with Jerry Albright for the fullback spot; Bill Bernett at left halfback; Tom LaBlance at quarterback with Bob Jolliffe at halfback or fullback and Guy Swanson playing a defensive halfback position.

Larry Burns, veteran center, will hold down the middle of the line in the opening game and will be flanked by veteran Everett Pease and letterman Tom Erber at the guard positions.

Untried newcomers will start at the tackle positions. It will be a toss up between Joe Powell and John Connolly for the right tackle spot with Tom Swanson holding down the same position on the left side of the line.

Gordon Mol and Dave Glassford, both lettermen from last year, may start at the end positions. A newcomer, Dwain Walker, is also a candidate for the starting line up and Gene Towsley will play defensive end.

Don Smith, letterman from last year, will do the kicking for the squad.

Others who will be in uniform and may see action in the game are Dick Elzinga, Mike Elzinga, George Farmer, Charles McDonald, Pete Ulrich, Jack Stebe, Don Reynolds, Bill Haggard, Clayton Walker, Joe Etienne and Bob Albright.

The remainder of the 65 players are practicing regularly under the guidance of Pete Burns and Bill Aldridge in preparation for their schedule which will begin early next month.

Carlton H. Smith Is Appointed As New Substitute

Carlton H. Smith has accepted an appointment as indefinite substitute at the Charlevoix post office, Peter H. Timmer, postmaster, announced this week.

He will replace employees who are absent on vacation or sick leave when the regular substitute, William G. Seese, is engaged in other postal employment, Mr. Timmer said.

Herbert Hamlin who served as a clerk during the summer months resigned earlier this month to resume his studies at Northern Michigan College at Marquette.

Two County Men Named For Draft Induction Oct. 6

The names of the two Charlevoix county draft registrants who will be called for induction into the army Oct. 6 were announced this week by the local draft board.

They are Ronald J. Cunningham of Charlevoix and Max Sommerville of East Jordan.

The names of the seven men to be called for pre-induction physicals on Oct. 22 will be released later, Mrs. Cornelia Barber, clerk of the board said.

List Members Of Fire Department

Members of the Charlevoix volunteer fire department were announced this week following a special meeting of the group at the city hall Friday night.

The members are Martin Elzinga, Earl Crandall, Harry Powers, Frank Coatta, Clarence Heise, J. C. Marshall, John Geer, Carlton Ikens.

Also Edward Heise Jr., Glenn Rose, Jerome Whitley, Henry Supernaw, Dan Geneit, George Bergmann, Clifford Riley, Don Meggison and Robert Hamilton.

Mr. Riley was named secretary treasurer of the group.

The appointment of Mr. Elzinga as fire chief and Mr. Crandall as assistant chief were made and later approved by the city council.

Kipke Field Lights To Be Presented To School Friday Night

Charlevoix's athletic field, Kipke field, was lighted this week in memory of the city's late mayor, John Knight. The 60-light installation was purchased and erected by the Knight Memorial Fund committee.

At a brief ceremony at 7:30 p.m. Friday preceding the Charlevoix-East Jordan football game, the Committee will present the more than $5,000 installation to the Charlevoix public school and its athletic association.

A bronze plaque, bearing the inscription, "Kipke field lighted in memory of John Knight, ardent sports enthusiast Sept. 25, 1953" will be placed on the installation at a later date as a gift of Yunker Memorials Inc. and the company's local representative, Jerome W. Whitley.

Mayor Dean Davenport will be master of ceremonies at the brief dedication and presentation ceremony. Fran Martin, secretary - treasurer of the Knight Memorial Fund Committee, will present the installation to the school in behalf of the Committee and Supt. R. G. Bennett will accept the lights for the school.

Tommy Knight, seven year old son of the late mayor, accompanied by his mother, Mrs. Knight, will throw the switch to light the field for the first time.

Music for the ceremony will be by the Charlevoix high school band directed by C. A. Odmark.

The 60-foot poles for the installation were placed Tuesday by Hal Forbrig of the Lake Construction Co. assisted by the city utilities crew and volunteer workers, who have also installed all other equipment necessary to light the field.

Funds to light the field were raised through donations from local, Belvedere Club and out of town friends of the late mayor contributions from local business places and through fund raising projects sponsored by the Knight Memorial Fund Committee which was organized last March following the untimely death of Mr. Knight on March 3.

Congregational Church Finishes Attendance Drive

Since April 12 of this year Charlevoix's Congregational Church has been engaged in an attendance campaign in which an attempt has bene made to double the attendance at morning worship services. Each Sunday the attendance for the comparable Sunday of the year before has been announced. If this year's attendance doubled that of the year before the "victory bell" has been rung at the close of the service (providing an usher could make his way through the crowd to the bell rope). In twelve of the twenty-four Sundays between April 12 and the last of August the attendance was more than doubled. Three times it was tripled and twice quadrupled. The average attendance for July and August this year was slightly over 300 per cent that of the same period for 1952.

In a report to the church's Prudential Committee on Tuesday night of this week, the Rev. Harold Kohn announced that this twenty-four week program has been completed and has been most successful. Mr. Kohn expressed his faith that many times in the future the attendance will be doubled without the necessity for a special contest to prompt it or a "victory bell" to announce that it has been done.

Next Sunday, September 27, will be Rally Day at both the Church School at 9:45 and the Morning Worship service at 11 o'clock.

City Band Winter Program Started

The Charlevoix city band winter program and schedule got underway this week, C. A. Odmark, band director, said Tuesday.

The group cordially invites any adult musician to attend weekly rehearsals and play with the band.

The rehearsals are held at the new high school band room from 7:30 to 9 p.m. every Monday. Further information may be obtained from Mr. Odmark.

Marion Center School Joins Local District

The Charlevoix board of education, at a regular meeting Monday night, voted to accept the Marion Center school district as a part of the Charlevoix township and school district No. 1.

The action was taken after a director of the Marion Center school district presented to Vernon Mathews, secretary of the Charlevoix board of education, the official results of a recent election.

At the special election held Sept. 9, the Charlevoix school district No. 9, known as Marion Center, voted in favor of annexation to the Charlevoix school district by a 28-16 ballot. The school was closed and the pupils transported by school bus to the local schools under the new arrangement.

The Department of Public Instruction had given its approval for such an annexation prior to the election.

New Dress Shop To Hold Grand Opening On Oct. 1

The doors will open at 9:30 a.m. Thursday, October 1 for the grand opening of Charlevoix's new women's and children's wearing apparel store, Fay's Dress Shoppe.

Extensive remodeling of the former Brown Motors display rooms is nearing completion for the event, which will feature the presentation of door prizes and a novelty gift for every woman who attends.

Mr. and Mrs. R. M. Lee, owners of a group of Fay's Dress Shoppes, have recently returned from a buying trip to New York where they have personally selected the new Fall styles to be shown in the local store.

Mr. and Mrs. Lee, with representatives from their other shops located in Onaway, Gaylord, Petoskey and Cheboygan, will be on hand Thursday to meet the people of Charlevoix and introduce their Charlevoix manager, Mrs. Charles Duerr.

ODDS 'N ENDS

By Fran Martin

TUESDAY of last week was a big day for some 80 local youngsters as they made their way to school to enroll in kindergarten . . . We got a chuckle out of some of the stories we've heard about them including the one of the youngster who wasn't much interested in going to school . . . His parents informed him that it was the thing to do and that come Tuesday, he'd be going over the hill to kindergarten . . . After giving the matter some consideration he decided he'd try it but he wanted it understood that if he didn't like it after the first week he was going to join the army . . . Then there was another little fellow who turned up alone- . . . he'd evidently come with some neighborhood youngster . . . and when they asked him what his name was he'd answer "Donald Duck" . . . It took some sleuthing and several notes to determine his real name and all the other things that go on a registration card . . .

* * *

AND HERE'S another one that shows the trend of the times . . . One mother whose youngster is now in the first grade was telling us that she was discussing school with him one day and was telling him that he'd first be in the kindergarten, then the first grade, etc. . . . He could count so he added every other number . . . She ended with the twelfth grade and wondered what he'd have to say and was brought up sharp when he added . . . 'Then the army!' . . .

* * *

ALL SUMMER long when doing stories on the new highway, we've been hearing about the 'island' that is to be constructed at the intersection of Petoskey and Michigan ave. . . . We were told it would hold a traffic signal . . . We couldn't quite picture it so when it was put in recently we took a look-see and sure enough . . . there's an island . . . in fact, it's quite a big island . . . We think there's too much space to be wasted so would like to suggest that the Garden club take is as a project to beautify . . . They could put in yellow and red flowers to match the flasher . . . the leaves would match the go signal . . . Of course, the highway department may not approve . . . but it was an idea . . .

IN THE MAIL Thursday a card from Mrs. J. K. Reed who arrived home Tuesday from a six weeks trip aboard . . . The card was mailed from Florence, Italy, Aug. 30 . . . Good mail service . . From England Mrs. Reed's daughter, Mrs. Byran Wright, sent us some coins, six pence and three pence pieces, a pair of each to be made into earrings . . . Of course they will be our souvenirs of the coronation year in England and we're real thrilled with them . . .

WHO EVER said that hospitality doesn't pay? If you don't believe it, we'd like to quote to you from a letter received last week by Irish Coleman of the Board of Commerce from Bert Escott, sent in behalf of the members of the Grosse Pointe chapter of SPEBSQSA who spent the Labor Day weekend here . . . In part, the letter said that the members of the chapter, some 20 and their wives, would like to thank the Board of Commerce and the residents of Charlevoix for the hospitality shown them during their stay here . . . And added it would be long remembered by everyone . . . They mentioned particularly the local Barbershop chapter who made them feel welcome and Bob Bridge and Ted Quarnstrom who made it possible for the group to enjoy cruises on Lake Charlevoix which highlighted the whole weekend. The letter concluded with 'Trusting that the future holds annual trips to Charlevoix for us, to be with such fine people and to enjoy the most beautiful spot in Michigan, we remain Chord-ially yours, . . . To that we say many thanks for your kind remarks and may you return to Charlevoix many, many times in the years ahead . . . It's always a privilege to be host to people like you . . .

FRIDAY NIGHT will mark a milestone for the Knight Memorial Fund Committee . . . And now that we're about to reach the goal for which we've been striving for the past seven months . . . it just doesn't seem possible . . . The lights which are being installed as a memorial to the late John Knight are being put in place and on Friday his son, Tommy, will throw the switch which will give Charlevoix its football lights . . . We know we speak for the entire committee which has never numbered more than 12 or 15 people when we say we're mighty proud of our accomplishment . . . We're happy that we were privileged to do something so worthwhile for our town and our school . . . We're grateful to the people who supported our campaign in so many ways . . . The whole thing has been an experience that none of us will ever forget . . . And we're sure that not a person would have had it any different . . . Our only wish now is that you will all enjoy the lights . . .

Voice of Our Readers . . .

Dear Editor:

On Saturday, September 19, 1953 at 3:00 a.m. the undersigned picked up an American Serviceman that was standing on U.S. 31 at the south city limits hitchhiking, in a driving rain. I drove him to the bridge where I thought that the bridge tender might be able to give him information on what time the bread truck or cement trucks might drive through headed south. But the bridge tender was asleep, after 10 minutes of pounding on the door I decided to try the Charlevoix Police Department. The Police car was parked at the City Hall, so I surmised that the Policeman was probably in the Police Office. I telephone the Police Department and a sleepy fireman answered. No Policeman on duty. Why not? Does not this city have Police protection after 3:00 a.m.? I thought there was a tour of duty from 11:00 p.m. to 5:00 a.m.? Where then was this Policeman?

In closing I should like to say that this City deserves night Police protection and as long as we are paying for it why is not the duty performed?

Also, how can men work for the State operating a highway bridge such as ours when they are asleep? What would have happened if a boat wanted to pass through the bridge this morning?

Bruce Donaldson

Deborah Bergeon Given Scholarship

Deborah Bergeon has been awarded a three-year scolarship in nurses training at the James Ward Thorne School of Nursing, Passavant Memorial Hospital, Chicago, according to an announcement from the training school.

She is one of five scolarship award recipients. She began her studies at the school on Sept. 13.

The James Ward Thorne School of Nursing, affiliated with Northwestern University, offers programs leading to a degree from Northwestern in addition to its nursing diploma.

A 1953 graduate of the Charlevoix high school, she is the daughter of Mrs. Catherina C. Bergeon now of Grand Haven.

Plans Announced For New School Of Dancing Here

Rodney Creede, who is moving here from Montclair, N. J., early next month, this week announced plans to open a dancing school for ballet and tap dancing here later this fall.

Married to the former Betty Ross, daughter of Mr. and Mrs. P. R. Ross, Mr. Creede will bring his wife and their two children, Michael and Bensie, here from the east to make their home.

A talented entertainer as well as a teacher, Mr. Creede studied ballet with Swoboda and Madame Yhrida of the American Ballet Theatre, appeared on the stage and in night clubs as a tap dancer and at one time was Mitzi Mayfair's partner in a tap dancing aot. Miss Mayfair later went to Hollywood where she starred in several movies, among them "Four Jills in a Jeep" which told the story of her experiences as a USO entertainer during World War II. He has also done exhibition ballroom dancing and appeared in stock and the legitimate theatre. He was an instructor in Arthur Murray and Fred Astajre schools for ballroom dancing. He plans to open a class in ballroom dancing early next year.

"DISCOVERY DRIVE"

You have probably heard that the 1953 Chevrolet is entirely new through and through . . . the greatest car Chevrolet has ever built! This is true . . . and the proof of this exceptional product is Chevrolet performance. This is why a demonstration of the 1953 Chevrolet is called a "Discovery Drive." When you *drive* this outstanding automobile you *discover* that Chevrolet performance is second to none . . . *at any price!* And, at the same time, you know that Chevrolet costs *less* . . . less than many cars that do not offer as much. We invite you to come in and take a "Discovery Drive" because we know that you will enjoy it . . . because we know that demonstration *proves* the 1953 Chevrolet gives you more car at less cost than any other automobile.

Banks Township School Parent-Teachers Honor Teaching Staff With Reception

Ellsworth — Following the custom of many years, the first fall meeting of Banks P.T.A. held Tuesday evening, September 15 in the school was a reception for the members of the teaching staff. Henry Ruis presided at the meeting, introducing our new Superintendent, Rex Wood, who has taught the past five years in the Edmore school system.

Mr. Wood introduced the new members of the teaching staff, Mrs. Evelyn Fiedler the fifth and sixth grade room teacher; Mrs. Leila Richardson of Elk Rapids, Commercial teacher; Miss Francis Durance of Charlevoix Science; Dick Lather of Arkansas, social studies; Sheldon Mills, former coach at Calumet, coach; L. B. Karr of East Jordan, part time agricultural and conservation Instructor and Charles Banner from New Hampshire, who serves as part time music instructor.

Staff members who have returned this year are Miss Golda Sherk, Mrs. Max Bolser, Mrs. Earl Farrell and Mrs. George Brown.

Mrs. Thale Yottaw was introduced too, since she is serving the school in the capacity of part time secretary.

Musical numbers on the short program were supplied by Maxine, Diane and Mary Whitney, who sang two numbers and by Don Drenth who played a piano solo.

During the business meeting Mrs. Nathan Carpenter, chairman of the Ways and Means Committee announced that the Annual Harvest Sale will be held Tuesday evening, Oct. 20.

Mrs. Bolser's room won the fund in the 'Kitty' for having the largest percentage of parents present.

Also the board presented a possible solution to the problem presented in the kindergarten and first grade room taught by Miss Sherk. Forty-Seven pupils are enrolled in these two grades. The plan is to have the kindergarten class in session in the morning and the first grade class assemble at 11 a.m. for the remainder of the day. This plan will enable Miss Sherk to give each group the training and help they need, which is impossible under the plan in operation the first and second weeks of school.

At the close of the meeting lunch was served by the committee Mesdames Henry Ruis, Marvin Elzinga, Max Bolser, Arthur Drenth, William Petter, Herbert Diller, Morry Taylor and Grant Hastings.

Betty Bergsma, Edward Newhouse Vows Exchanged

Ellsworth — Betty J. Bergsma and Edward Newhouse were united in marriage Friday evening at Godwin Heights Christian Reformed church. Parents of the couple are Mr. and Mrs. Gerrit J. Bergsma, Burton st., and Mr. and Mrs. Marinus Newhouse, Jordan st.

Rev. Harry VanderArk officiated before an altar banked with candelabra, palms and bouquets of gladioli and snapdragons. Miss Dorothy Albers played the traditional wedding music and the organ accompaniment for Mrs. Henry VanderLeest, who sang "Because" and "The Lord's Prayer."

Mr. Bergsma escorted his daughter to the altar. The bride wore a white gown of net over satin, styled with a fitted bodice, sweetheart neckline, long sleeves which came to points over her wrists and a full skirt, which terminated in a long train. Her floor-length veil was secured by a band trimmed with seed pearls. She carried a colonial bouquet of white carnations.

Mrs. Donald Senneker of Ellsworth was her sister's matron of honor and only attendant. She was attired in a deep blue gown topped by a bolero. Her bouquet was made up of gamelias and carnations.

Jacob Newhouse served his brother as best man. Ushers were Harvey Bergsma, brother of the bride and Marvin Newhouse, another brother of the bridegroom. Master and mistress of ceremonies were Mr. and Mrs. Sidney Newhouse.

The bride's mother selected for the occasion a dark check taffeta dress, while the bridegroom's mother chose a navy blue dress. Both wore red rose corsages.

A reception was held in the church basement.

The couple left on a wedding trip to Denver and Colorado Springs and after Oct. 5 will reside at 3124 Stratford ave. Grand Rapids.

Attending the wedding from Ellsworth and Charlevoix were Mr. and Mrs. Don Senneker and son, Rodney, Mrs. Hattie Bergsma, Mr. and Mrs. Elmer Klooster and son, Arthur, Mr. and Mrs. Peter Jake Drenth and Jerrol and Bernetta, Mr. and Mrs. John Jansen and son, Wilford, Mr. and Mrs. Peter Timmer and sons, Howard and Phil, Mr. and Mrs. Gerrit VanderArk, Mr. and Mrs. Willard VanderArk and Mr. and Mrs. Harold Jansens.

The Gerrit VanderArks stayed over to visit Rev. and Mrs. Harry VanderArk of Holland, Mrs. Hattie Bergsma remained to visit relatives in southern Michigan and the Harold Jansens drove on to Chicago for a short stay. Mr. and Mrs. Peter Timmer and sons spent the weekend in Zeeland as did Mr. and Mrs. Elmer Klooster. Mr. and Mrs. Don Senneker and family returned home Monday noon.

How Mercury's Soaring Sales can mean "Money in the Bank" for You!

1 YOU PAY LESS NOW!
Our higher volume lets us operate at a lower profit per deal. You get the advantage of a far bigger allowance for your present car.

2 YOU GET BACK MORE LATER!
Popularity boosts future trade-in value. Even now, Mercury returns more of the original price than any other car in its class.

Mercury dealers, on an average, now sell more cars per dealer than any of their competition. We are, therefore, in a better position to give you a bigger allowance for your present car.

Ever mounting popularity tends to boost Mercury's trade-in value even higher. A Mercury's *true* cost (original price minus future resale value) is reduced to a point lower than any other car in its field.

So why not start saving—and *enjoying* the *extra* value that Mercury offers: like years-ahead styling, *proven* V-8 performance and economy, and the widest choice of optional power features available on *any* popular-priced car. Cash in on this money-saving opportunity. Come in today!

INTERPRETING THE NEWS

by Gene Allemen

MASSIVE problems unappreciated by general public, face Lee Richardson, director of Motor Vehicle division of the Secretary of State's office.

He's the man in charge of changing the old method of filing driver's licenses to conform to the new law passed in the last session of the Legislature.

Immediate effect upon all drivers is the expiration date of their licenses. Each license must be renewed upon the owner's birthday at three year intervals.

A central file will be set up in Lansing as soon as possible, and all moving violations or accident records will be noted on each driver's file. This is a recommended method to maintain better control of the state's poor drivers.

Safety experts predict better driving and fewer accidents if law is enforced.

Now a mess, the files must be completely reorganized. Mr. Richards says that money was not provided for many years to keep adequate records and none were kept. He estimates that present files contain names of more than 5 million drivers . . . though he believes Michigan has only three and a half million. "People have died or moved out of the state," he explains, 'and their names were not removed."

* * *

NO "OVERNIGHT" proposition, several years will be required to conform to all provisions of the new law. At present a new filing system is under consideration. This is no small item in itself. The system looked upon with favor at this time costs $800,000 over a three year period. It is more economical than it sounds, however, for this equipment could be staffed at much less expense for clerks.

You'll be hearing more about the new licensing law. The change-over might be a little painful, but the total result will benefit the people of Michigan in lives saved.

THE SAD PLIGHT of nine high school athletes showed signs of improving after a meeting of Administration Code Committee of the State Legislature in Lansing. The nine boys were ruled ineligible by the Michigan High School Athletic Association by order of its executive committee. They were found guilty of accepting 'gifts' or 'prizes'. But trifling values were involved. Circumstances showed that the boys did not understand acceptance would bar them from school competition as professionals. Articles were returned by boys unused.

Words of anger and disgust from parents, fans and state legislators were directed at the athletic association which made the stern ruling. Amazement was expressed that the school committee should deal so sharply and with such lack of understanding. Six of the boys from Hastings had accepted fish rods valued at $2.41; two U. P. boys had received small prizes for winning a local golf tournament.

The same law which the committee so rigidly enforced also provides that appeal can be made to the State Superintendent of Public Instruction. Dr. Clair L. Taylor, who holds that position, agreed last week to hold such a hearing.

EDUCATED fish now stock Michigan's streams! About 5,500 legal-sized trout were planted in northern streams as part of a Conservation Department attempt to teach "home grown" fish to deal with facts of life when and where to feed to avoid natural enemies, and make them better game fish.

Electric shocks were used to teach fish to adapt themselves to safer parts of streams. Training was carried on at the Oden Fish Hatchery under the direction of Psychological Research Association, Inc.

Improvement was demonstrated for a group of newsmen who agreed that the untutored fish reacted differently from the "graduated" groups. Planted fish are tagged or fin-clipped so that a check can be made on results or training later.

A FREE COPY of a new history book about Michigan will be sent to every recognized library in the state. The volume will be published in the fall of 1954. Author is Dr. F. Clever Bald of the University of Michigan, who compiled the history at the order of the state historical commission. It is designed for 10th grade reading level but should be interesting to adults as well.

Publication of this book will fulfill half the endowment provisions of the late Dr. John M. Munson, president of Michigan State Normal College from 1933 to 1948. Dr. Munson willed $104,000 to the historical commission for the preparation of a history of Michigan and an account of the history of education in the state. Arrangements for the second book will be made after the history is published, according to Dr. Lewis Beeson, secretary of the Michigan Historical Commission.

PUBLIC ACCESS TO welfare records will be permitted under a new law which takes effect October 2. To examine a specific case, the inquiring person must sign an application blank giving his reasons. Records of all welfare grants, including aid to dependent children, and old age assistance are covered by the law.

People proved less nosey about welfare cases than was claimed by opponents of the law. A major argument against opening the rolls was the citizens forced to accept such help would lose their "rights to privacy". Important argument in its favor was that open records would discourage chislers.

Neither claim seemed valid when viewed in the light of experiments in two counties. Ingham and Lenawee opened their rolls a few months early under a previous law which permitted them to do so. Records show there was little public interest. Harold Hough, Lenawee welfare director, said, "No one came to see our books . . . not even a reporter." The Ingham director, Daryl V. Minnis, said, "We had seven requests to see our rolls, two from newsmen. The other five were from members of the board of supervisors."

Child's Good Health Starts With Good Breakfast

To travel on the road to good health, there's one stop that's a must. It's the detour for a good breakfast before the trek to the schoolhouse begins.

If children bypass this stop, their grades are apt to suffer, they'll cause extra trouble for the teacher for they'll be irritable and even drowsy in the late morning, and will be hungry long before lunch time. Those are immediate results.

In the long run, children who don't get a good breakfast regularly—one that gives ¼ to ⅓ of the day's needs—will miss out on some of the important food essentials. For example, if you don't get the vitamins and minerals, protein, fat, and energy foods that a good breakfast gives, your day's score on these food essentials won't be up to par.

In most homes, the mother is the official hostess — not only cooking and serving the food, but gathering the family around the table. Make the family breakfast a pleasant and happy gathering, where good conversation reigns along with the good food.

There's no problem in keeping the latter lively and varied. Just plan those good breakfasts around a basic fruit, cereal, milk, bread and butter pattern. Today's menu illustrates one variation: the fruit is a baked apple stuffed with raisins followed by hot whole wheat cereal, corn muffins, butter, and milk.

Evangelist Will Hold Meetings At Assembly Of God

The Rev. Ella Parmenter, noted evangelist of London, Eng., will arrive from Canada next week to open a series of evangelistic meetings at the Assembly of God Tuesday, Sept. 29, The Rev. G. R. Kars, pastor of the church announced this week.

The meetings will be held at 8 p.m. Tuesday through Friday and at 10 and 11 a.m. and 8 p.m. through Oct. 11.

A former teacher of dancing and night club entertainer in England, who was converted during her career as a cabaret dancer in London, the Rev. Miss Parmenter will tell her inspiring life story, "From Cabaret to Calvary", during her appearance here. She will also tell of her miraculous deliverance from death in Toronto.

She is also gifted soloist and is claimed by many ministers to be the most outstanding women minister in America.

A special Sunday School rally is being planned for Oct. 11, Rev. Kars added.

The public is invited to the Assembly of God to hear the Rev. Miss Parmenter and to participate in the meetings.

- Mr. and Mrs. Glenn Pemberton left Wednesday on a week's vacation trip to Quebec and the Canadian north east.

A 30-Year Dream Coming True!

He used to stand on the curb in front of his father's house—and watch the Cadillacs sweep majestically by—carrying fine ladies and gentlemen on happy excursions.

That's when the dream started in his heart—and refused to leave.

Six times, before today, he has signed his name to an application for a motor car title—and, on every occasion, he knew it was a compromise.

But not *this* time! He is taking the keys to a beautiful 1953 Cadillac—and his 30-year-old dream is coming true.

And what a fulfillment it will be, as he rolls out into the highway and takes the longest way home!

First of all, he'll get those quick glances of approval which tell him the dream he dreamed for so many years is still in the hearts of others.

And then the car's great performance will begin to unfold itself.

Silence—almost *complete* silence—just the soft sound of the wind slipping by . . . the quickest, easiest response to the accelerator he has ever imagined . . . steadiness and roadability and handling ease that remove all but the merest effort from managing the car.

And, oh, what marvelous comfort! It's like sitting in the easiest chair conceivable—and moving smoothly and effortlessly through space.

And then, almost before he knows it, he'll be home—and in the driveway—with the family rushing out with the final voice of confirmation.

Man—this was worth waiting and working for!

• • •

And, of course, the years and the miles will add *their* proof as to the wisdom of his choice: dependability—long life—economy of upkeep and operation—and unusual resale value.

Yes, there is every *practical* reason for owning a Cadillac—as well as every *personal* one.

Better come in and see us today. It's probably easier than you think to make your dream of Cadillac ownership come true.

Meet East Jordan In First Game Under New Kipke Field Lights

Northern Michigan Class C teams will take to the gridiron this week as they officially open their league schedules.

In the only afternoon game, Gaylord will invade Pellston at 3 p.m.

In games scheduled for 8 p.m. Charlevoix, playing under the lights for the first time, will host the defending champions, East Jordan; Mancelona will journey to Harbor Springs and in a non-loop game Boyne City will travel to Traverse City to meet St. Francis squad.

Though six of the seven teams in the league have already seen action, the actual strength of each squad has yet to reveal itself against a league opponent. As is usually the case, all teams which played last week showed weak spots which coaches will be striving to strengthen in practice sessions this week before their teams meet league opponents.

However, after the showings the teams made against non-league opponents, it looks like a good season in the northern conference with each team a threat at all times.

One thing is certain, the team that emerges the 1953 title-holder will have to earn the honor the hard way for at this point not one league team looks like a 'soft touch' and as the season progresses, each will become a little tougher with each game.

The Charlevoix-East Jordan duel is probaly the most important game of the week for it will mark the first appearance of the untried Rayder squad. It is also expected to reveal the strength of the Red Devils who last week bowed to the Traverse City St. Francis team by a 13-12 score.

The Jordanites were weak on defense in their initial game but Coach Gaylo Saxton has been busy repairing his line and making changes which he hopes will stop the Raydors.

The Charlevoix eleven is big, with a line that averages 180 pounds but what they will do under pressure remains to be seen.

The Rayders, stinging from defeats by the Jordanites during the past two seasons, will be out to stop the visitors but the Jordanites always show unusual strength against the Rayders so the game should be close.

Both Harbor Springs and Mancclona looked good in their pre-season games against Lake City and Northport last week so their meeting Friday should prove something.

The Rams with their aerial offensive which worked against Lake City with quarterback Tom Clark tossing all five touchdown passes will probably find tough going against Coach Matt Jacobson's linemen who have shown themselves to be a pretty versatile team which is capable of taking advantage of the breaks.

If the Harbor Springs line can hold up against the big Mancelona forward wall, the game could be close.

Pellslon with a 20-6 win over Cheboygan Catholic Central behind them may surprise the invading Gaylord eleven which looked as though it might be one of the strongest teams in the league when they played Greyling last week. With several veteran players on the roster and with a sizeable line, the Blue Devils should have an edge over Coach Ray Brown's big but inexperienced Hornets.

Boyne City, which last week fell before Class B Cheboygan by a 33-6 score will find tough going against the St. Francis squad at Traverse City. Coach Tom Weede is fielding an inexperienced and comparatively light squad which can be expected to develop into a tough opponent before the season ends but for the present it will take a few hard knocks if the Traverse team continues to show the fight it displayed against East Jordan last week.

Last Week With Class "C" Teams

Six of the seven teams in the Northern Michigan Class C league took to the gridiron last week to battle non-loop opponents in pre-season games.

In afternoon games Traverse City St. Francis won over East Jordan 13-12; Mancelona trounced Northport 52-0 and Harbor Springs overran Lake City 33-0.

In games played under the lights, Gaylord defeated Grayling 32-0; Pellston won over Cheboygan Catholic Central 20-6 and Boyne City bowed to Class B Cheboygan 33-6.

At East Jordan a last minute pass into the end zone by Traverse City St. Francis upset the Red Devils who until that time had held a 12-7 lead. The visiting eleven scored in the second period on 12-yard plunge off tackle by Saunders and Bramer kicked the extra point to take the lead.

Quarterback Keith Evans went over from the six yard line in the third period for the Jordanites' first tally with fullback Bob Rombach scoring again in the last period on a seven yard plunge after Evans had blocked a punt on the 20 yard line. The tries for the extra points failed and East Jordan led 12-7.

In a desperate last minute drive, Traverse City brought the ball from their own 40 to the East Jordan five where Saunders passed into the end zone to Weber as the game ended. The kick for the extra point was short.

Mencelone 52, Northport 0

Northport never had a chance against Mancelona as the Ironmen romped at will over their hosts to score nine touchdowns with quarterback Dick Derrer carrying the ball over five times. He also scored two points after Halfback Dave Councillor ran one touchdown and threw two touchdown passes to fullback Earl LaDere and end Johnny Holstad. Gary Shisler, fullback and Don Wilks also scored. The former tallied on a running play and Wilks on a pass from Gary Lucas, quarterback. The same duo also scored a point after touchdown following Shisler's touchdown. extra point.

Herbor Springs 33, Lake City 0

At Lake City is was an aerial game all the way as the Rams scored five touchdowns on passes thrown by quarterback Tom Clark.

In the first half Clerk threw two passes to end Stan Pifer in the end zone and a third to left end Arden Bawky. Rod Ponius kicked the extra points and the half ended 21-0.

In the third period right halfback Chuck Taylor went 40 yards to score on a pass from Clark and Pifer scored again midway in the last period. The kicks for the extra point were wide.

Gaylord 32, Greyling 0

The Blue Devils showed unexpected strength as they scored five touchdowns against their traditional rivals, Grayling.

After a scorless first period, quarterback Mike Freel passed into the end zone to right end Jerry Hinkle for the first tally. Fullback Dick Riddle kicked the extra point.

The pair repeated the performance as the third period ended with Riddle again adding the extra point with a kick.

Halfback Bill Gocha scored from the one yard line on a hand-off from quarterback Sam Butcher to open the last period and later in the quarter added another touchdown on the same play. Fullback Gary Norton scored as the period ended on another line play to end the game. The attempts for the extra points failed.

Pellslon 20, Cheboygan Cathlic 6

Fullback Johnny Schauffler scored on a line play in the second quarter and left halfback Merlyn Davenport scored in the third and fourth periods on end around plays to give the Hornets their first victory of the season. Bob Rudy kicked one extra point and passed to end Harold Drier for a second.

Cheboygan's only tally came in the third period when the halfback recovered a Pellston fumble on the seven yard line.

Cheboygan 33, Boyne City 6

Speedy Cheboygan halfback Tom McGinn scored three touchdowns and two extra points with right halfback Oswald adding two more for a win over Boyne City. The Ramblers only touchdown came in the third period when halfback Chub Rothenberger broke around left end for a 22 yard run and a touchdown. The kick for extra point was wide.

Coach Del Terrill looks over the regulars and lettermen from last year's squad who will form the nucleus of the of the team which will take the field against the defending league champions, East Jordan, at 8 p.m. Friday night at Kipke field.

Pictured with Coach Terrill are (kneeling l to r) end Dave Glassford, guard Tom Erber, center Larry Burns, guard Everett Pease and end Gordon Mol.

Backs (standing) are right halfback Joe McDermott, fullback Bob Jolliffe and left halfback Bill Bennett.

Missing from the picture are Don Smith, kicking specialist end Jorry Albright, back.

• Mr. and Mrs. Jack Warner and family returned home Monday from a week's vacation trip to Flint and other southern Michigan cities.

Toward Better Forestry, More Game

Three deer were released recently in a 70-acre pen at the conservation department's Houghton Lake wildlife station to study a number of color dyes, repellents and chemicals. Purpose of the study is to learn if the chemicals can be used in forestry operations without harming wildlife. The chemicals, if feasible, will speed forestry operations and, by opening more forest grounds, will develop more food and habitat for game. Here, Al Harger biologist at the station has just released one of the deer from a live-trap. Arlow Boyce in charge of deer research at the station, is preparing to release a second.

Plan Nine Grass Institutes During Winter Months

Although June marked the completion of the statewide Grass Days program, farmers still will be getting valuable tips on grassland farming.

There will be Grass Institutes this coming winter, points out B. D. Kuhn, state leader for agricultural programs at Michigan State college.

Tentative plans are for nine Grass Institutes in the Lower Peninsula, the same number as last year, the last week of February and the first week of March. The plans call for Institutes on Feb. 23, 24 and 25 in Western Michigan, on Feb. 26 and March 1 and 2 in Eastern Michigan, with the final three on March 3, 4 and 5 in Northern Michigan.

More complete plans will be worked out by district Cooperative Extension Services supervisors, county agricultural agents and M. S. C. area specialists. As usual, they will call on individual farmers to tell their experiences in making use of grassland farming for more profit, soil improvement and reduced costs.

Announcement of the Grass Institutes continuing this winter once again spikes any rumors that the winding-up of Grass Days, after seven successful years, means any end by M. S. C. to its emphasis on grassland farming values. In addition, the M.S.C. leaders are turning to the field, the counties, the farmers, the agents, for the best over-all program to replace Grass Days. They want to combine its best features with other features of balanced farming, points out Kuhn.

Cites Dangers Of Area Farm Fires

Danger of life loss by fire is greater in Charlevoix county homes than in city houses, reminds Ed Rebman, Charlevoix county agricultural agent.

Rebman couples that warning with the announcement that Fire Prevention Week is October 4 through 10.

On the basis of fire fatalities reported during 15 years, Rebman says, at least 25 per cent more lives were lost in rural dwelling fires than in similar conflagrations in cities.

For children, the percentage of difference was even greater, 80 per cent more young people lost their lives in rural homes than in the city.

David G. Steinicka, extension farm safety specialist at Michigan State college, stresses that human carelessness is the underlying cause of virtually all fires. Although some of the great loss of life in rural areas can be attributed to lack of organized fire protection, much of it is due to the large number of fire hazards which farmers allow to exist on their farms, notes Steinicke.

All of the principal fire hazards, he emphasizes, could be corrected. They include negligence in handling matches, careless smoking habits, defective chimneys and heating plants, sparks falling on flammable wooded roofs, lack of lightning rod protection and accumulation of rubbish in closets, attics, basements and other places.

The greatest hazard of all, according to Steinicke, is the indifference to fire which breeds carelessness about the causes of fires. The program for Fire Prevention Week is not only to learn what to do, but to do it and keep doing it.

Home Demonstration Leaders Hold Meet

The first meeting for Charlevoix county Home Demonstration leaders was held at the city hall in East Jordan Wednesday.

Forty leaders from the clubs of the county met to hear Mrs. Backus of Michigan State college Extension Service and specialist in parents education and child development speak on "Preparing for Our Later Years."

The leaders will in turn present the lesson to their clubs and meetings planned for early next month.

Mrs. Ralph S. Hamilton, representing the local group, attended the leaders meeting.

Crossbred Chicks At MSC Produce Unusual Results

Poultry cross-breeding by the Michigan Agricultural Experiment Station has produced some unusual results . . . and among them are red and white barred chickens.

Earl W. Henderson, poultry research specialist, points out that a possible advantage is less black fin feathers in broilers and market birds.

White chickens are popular for the same reason, explains Henderson, but all-white birds are hard to separate by sex as baby chicks. Silver tones in red and white birds help; males usually have more silver.

The idea is not new, the M.S.C. poultryman notes, and was practiced in England about 25 years ago and in Oklahoma and British Columbia more recently. A commercial variety is advertised in poultry journals.

But the M.S.C. method results in a better combination of meat type and egg production, Henderson claims, and it can be easily accomplished by any good poultryman in two, or possibly even one, generation.

Cross a black and white barred bird, he suggests a Barred Rock, with a red variety such as a New Hamshire. Some red bars may appear in the first cross. If not, he advises taking black and white barred males from the first cross and breeding them to New Hamshires again.

If you keep crossing the red and white barred males with New Hampshires, you will increase the supply. Then, by crossing red and white barred females with New Hampshire males, you can get chicks that can be sexed on sight, by the heavier silver strain in males. Experimental matings can improve this auto-sexing trait, the M.S.C. poultryman points out.

The problem of fish odors on hands or dishes is easily solved. Just rub your hands and dishes well with moistened salt, then rinse with hot water before washing with soap and water, suggest food authorities at Michigan State college.

Cold Weather Not Harmful To Calves, Say Experts

Cold weather, even freezing temperature, does not hurt a calf if the animal is kept dry and away from sudden drafts, says Ed Rebman, Charlevoix county agricultural agent.

He cites the experiences of dairymen at Michigan State college to stress the point. Brown Swiss and Jersey cows have been kept in pen barns for two winters and calves have been born when the temperature was below freezing. The young animals have done well.

In the most severe weather the herdsman has placed a heat lamp over the newly born calf for a day or two.

A lot of bedding is used at the M.S.C. dairy barns, however, reports Rebman. It builds up to a mat which adds warmth and comfort. In the regular calf barn where pans have concrete floors, a steel grating holds up the bedding about four inches from the floor. But, adds Rebman, a homemade device of heavy screen on 4 by 4's is cheaper and nearly as handy.

M.S.C.'s dairy department head, Earl Weaver, believes that a calf does better in an individual pen until it is about four weeks old. The pen, he adds, should be 16 to 20 square feet. Then at older ages several calves can run together. Larger calves each should have at least 30 square feet. When a pen is overcrowded it gets too wet.

Weaver also suggests that calves should be confined at feeding time to get the right amount of feed. They should be tied up for a short time after milk feeding to help prevent their sucking one another, he notes.

Evergreens Need Winter Protection

Protect your evergreens now so they won't die next spring or summer. That's the advice of Lester E. Bell, extension forester at Michigan State college.

He says it's important to do the protection job before the ground freezes. That means watering the plants until freezing weather and applying a good mulch of leaves, straw or peat moss to hold the moisture and prevent deep freezing. For exposed sites, Bell suggests putting up some kind of wind screen, especially important for newly planted stock.

Don't Pasture, Cut New Legume Seedling

New legume seedings shouldn't be pastured this year, says Carter M. Harrison of Michigan State college's farm crops department.

The seedings haven't had an easy time of it anyway, he reminds, and grazing may weaken the plants so that they may winter kill.

He suggests that legume fields that are to be plowed up next spring may be grazed or cut for hay, but he advises against cutting or pasturing alfalfa that is to be used another year for either hay or pasture.

The light that **didn't** fail

It was 1 o'clock in the morning. To George Stevens, dial telephone switchman, the light on the panel meant that somewhere a telephone was off the hook. An improperly replaced receiver perhaps, or one dislodged by a frisky cat. On the other hand this might be a distress signal. That's what George Stevens thought as he plugged in on the line.

There was no mistaking the weak but urgent voice he heard—a woman [illegible] for help. Quickly Stevens traced the [illegible]nection to get the telephone number. [illegible] he called another switchman to g[illegible] woman's address. Within minutes [illegible] had notified the police who spe[illegible] home of the stricken woman in Dearborn.

They found an elderly woman helpless on the floor. Later at the hospital she told what had happened. A widow, living alone, she had suffered a severe heart attack that night. Though partially paralyzed, she managed to upset the table on which the telephone stood to summon help.

Police say that Stevens' prompt action "beyond a doubt" saved her life. Michigan Bell awarded him a Vail citation, a tribute to telephone people for outstanding service in [illegible]gencies.

Children From Galilean Home Visiting City

A bus bearing the name "Galilean Children's Home Inc. Corwin, Ky." arrived in Charlevoix late Wednesday evening, bearing more than 40 children who reside at the Home, the Rev. John Vogel and Mrs. Vogel, founders of the Home and several other adults.

Among these were a former Charlevoix resident, Jay Jr. Boss and Mrs. Boss who gave up their employment in Grand Rapids more than a year ago and went to Kentucky to join in the work carried on at the Home. Mr. Boss is the son of Mrs. John Boss Sr.

While here the entire party will be the guests of Mr. and Mrs. Frank Boss at the Silver Birches.

Tonight (Thursday) the Rev. Mr. Vogel will speak at the Ellsworth Christian Reformed church at 8 p.m. to tell the story of the Home as related in his book "It Happened in the Hills of Kentucky" and to show slides of the Home and the work being accomplished there. A girls Chorus and others will appear on the program with him.

The Rev. Mr. Vogel will make a second appearance on Tuesday, Oct. 6, when he speaks at the Barnard Reformed church at 8 p.m. after returning to Charlevoix from a weekend at Iron Mountain.

The children in the party, ranging in age from 16 months to 19 years, constitute approximately half of those being cared for at the Home which takes no boarders and offers none of its children for adoption. In fact, all are taken under commitment for adoption to the Home only.

The story of the Home established in 1939 and its progress to date and plans for the future will be told by the Rev. Mr. Vogel in his talks at Ellsworth tonight and at the Barnard Reformed church Tuesday evening.

U.S. Congressman Victor A. Knox Visits Charlevoix

Victor A. Knox, Republican Representative of the 13th Congressional district, paid a brief visit to Charlevoix Monday afternoon while on a tour of his district.

He visited informally with county officers and others who came to the court house to meet him.

Earlier in the day he was a guest at East Jordan and Boyne City and Tuesday evening attended a dinner meeting in Petoskey.

Dr. Palmer Leaves For Lansing Clinic

Dr. Russell Palmer, accompanied by Mrs. Palmer, planned to leave early this week for Lansing where he is to be associated with an eye, ear, nose and throat clinic. He expects to be there for at least six months.

The couple returned home last week from a 10-day vacation trip to Toronto and London, Ont. On their return to Michigan they spent several days in Lansing.

Fay's Dress Shoppe To Hold Opening Here Starting Today

Today marks the grand opening in Charlevoix of the newest unit of Fay's Dress Shoppes. Located at 405 Bridge Street, former site of Brown Motors show room, the new shop will be under the management of Mrs. Charles Duerr, assisted by Mrs. Bud Fisher and will feature personally selected merchandise by Fay and Russell Lee, owners of a group of women's and children's ready-to-wear stores in Cheboygan, Gaylord and Petoskey, with home offices and headquarters in Onaway.

Mr. and Mrs. Lee, with directive personnel from their other stores in Northern Michigan, will be on hand throughout Thursday, Friday and Saturday of this week to welcome the people of Charlevoix and to introduce their new Fall lines as advertised in the current issues of Charm, Glamor and Harper's magazines.

Naw customers will be prasented with a free gift sample of cologna, which has been aspecially purchased and bottled to be sold in Fay's Drass Shoppes exclusively. Door prizes will ba awarded to registrants during the threa grand opening days, which are being celabrated simultaneously in Fay's other shops in Chaboygan, Gaylord, Petoskey and Onaway. There will be a drawing next week and tha lucky winners will ba announced next Thursday Oct. 8. in the Couriar and over radio station WHAK, Rogers City.

The Charlevoix unit of Fay's Dress Shoppes will carry nationally advertised lines of hats, gloves, hose, purses, blouses, sweaters and skirts, suits, separate jackets, lingerie, coats, rain wear, house dresses and a large assortment of maternity wear. The local shop will feature the largest of all their children's sections with garments for infants and all sizes for boys and girls. It is the intention to expand this section if and when the demand is sufficient.

Mr. and Mrs. Lee have had many years of merchandising and have been considering Charlevoix as a promising area for quite some time. They make several trips annually into Chicago and New York to personally select what they feel their customers will want and need in every department of women's and children's wear.

Fay plans to spend one day a week in the local shop to become really acquainted with her customers and assist them with their buying in any way possible.

G. R. Hemingway Dies Following A Long Illness

George R. Hemingway, 77, who operated the Charlevoix county Nursery between Ironton and Boyne City for more than 20 years, died Saturday at the Little Traverse Hospital in Petoskey after a lengthy illness.

Funeral services were held Tuesday at the Stackus Funeral Home in Boyne City with burial in Maple Lawn cemetery.

Mr. Hemingway, uncle of the novelist Ernest Hemingway and resident of Oak Park, Ill., had been a part time resident of the county for many years. He had operated the nursery near Ironton for more than 20 years. During his years at the nursery he landscaped local schools and churches as his gift to the community. He was also chairman of the board of the Hemingway Real Estate Co. of Oak Park.

Surviving are his wife, Anna, and two daughters, Mrs. Margaret Bundy of Tucson, Ariz., and Mrs. Virginia Spayde of Muncie, Ind.

Local Residents Receive Injuries In Car Accident

Three local residents who were injured in an auto mishap north of Petoskey on the Harbor Springs road have been discharged from Little Traverse Hospital to their homes here.

They were Floyd Genia, his wife, Katherine and Erwin Belfy Jr.

Mrs. Genia who suffered severe bruises and lacerations was to have been discharged Wednesday. The others left the hospital earlier.

Services Held For Mrs. Hannah Olney Pioneer Resident

Mrs. Hannah Olney, 79, pioneer resident of Charlevoix, died Monday at the Charlevoix Convalescent Home here. She had been a patient for three years.

Funeral services were held at the Pontius Chapel Wednesday with the Rev. W. N. Carr officiating. Burial was in Brookside cemetery.

Born in Canada Oct. 29, 1873, the former Hannah Walker came to this community 75 years ago. She was married to George Olney at Bellaire. They had always made their home here. He preceded her in death in 1928.

She is survived by one son, Ernest of Charlevoix; a brother, Will Walker of Ferndale, Wash., and two sisters, Mrs. F. G. Smith and Mrs. Mary Flockat, both of Bellingham, Wash.

American Mold To Buy Land For New Plant

The Charlevoix city council, at a special meeting Tuesday night, agreed to sell four acres of land located north of the city on US 31 to the American Mold Engineering Co for an industrial plant site.

The property, located between Paul-Reed Industries and the Lake Construction Co. properties, was sold for $100 per acre. The American Mold Engineering Co. now operates its plant in the building owned by the Lake Construction Co. and will move to their new plant as soon as it is completed.

The council also voted to make a payment of $16,307.50 on a Cooper Bessmer 470 kw Diesel engine generator with switchboard, newly re-wound generator and auxiliaries which they had purchased earlier from Charles T. Weaver of Detroit for $32,615.00. They voted an additional $6,700 for an option on a second engine from the same company.

"Masonic Night" Will Be Held At Petoskey Oct. 8

Shriners and Masons of northern Michigan and their guests have been invited to attend an "All Masonic" night at the Perry Hotel in Petoskey Thursday, Oct. 8.

Illustrious Potentate C. Samuel McEwan will lead a contingent of more than 40 Shriners of Saladin Temple of Grand Rapids to Petoskey for the occasion. It will be the first of a series of "All Masonic" nights sponsored by Saladin Temple this year. The entire divan of officers and Saladin's celebrated Chanters will be present for the 7:00 p.m. dinner meeting at the Perry Hotel.

Saladin's Chanters were organized about 38 years ago and today boasts a membership of 36 prominent Grand Rapids businessmen who meet for weekly rehearsals. They will sing a program of favorite and popular songs under the direction of Frank B. Goodwin.

Any member of the Blue Lodge and his lady is eligible to attend. Tickets may be obtained from S. E. Coleman, local ticket chairman for the event.

Injured Tackle Is In Good Condition

East Jordan tackle, Steve Hayden, who was injured in the Charlevoix-East Jordan game here Friday, is reported in good condition at the Charlevoix Hospital where he was taken for treatment of a compound fracture of the lower left leg.

He is the son of Mr. and Mrs. Frank Hayden of Eveline township.

Formulate Plans For Annual Chest Drive To Start October 16

Initial plans for the 1953 Community Chest campaign, scheduled to start October 16, were made at an organizational meeting of its officers and directors at the city hall Wednesday evening, Oct. 23, Mrs. Herbert Campbell, chairman of the Chest, has announced.

A budget and admissions meeting was planned for last night (Wednesday) at which time all organizations desiring to submit requests for funds to be solicited through the Community Chest were to send representatives.

The Community Chest solicits funds for the Boy Scouts, Girl Scouts, City Recreation Program, Community Nurse, Salvation Army, United Health and Welfare and an Emergency Fund for use locally.

Last week's maeting was attended by Mrs. R. G. Bennett of tha Charlevoix county Red Cross chapter and Mrs. Ronald Scott of East Jordan, commander of the county chapter of the American Cancer Sociaty. Both organizations were invited to join in the annual Community Chest campaign in an effort to have a united drive in the county. Purposa of the united drive is to include all organizations in a single drive thus relieving the load on local workers or solicitors with a single solicitation.

Charles Pontius and William Supernaw were named co-chairmen of the annual drive which will get underway with a kick-off breakfast for captains and their workers at the high school cafeteria.

Other plans for the drive were to have been completed at this week's meeting.

Community Chest officers are: Mrs. Campbell, chairman; Fay Davis, vice-chairman; Mrs. James Coleman, secretary and Lawrence Feindt, treasurer.

UCC District To Meet Friday At Stover Dam Club

The Michigan United Conservation Clubs of District 16 will meet at the Stover Dam Club House near Bellaire Friday night for the annual organizational meeting and election of officers, Del Clow, district field representative, announced this week.

The Bellaire Conservation Club will be host to the northern Michigan clubs at the meeting. Charles F. Welch, regional supervisor of the Conservation Education Division, will be the speaker. Other Conservation Department personnel will also be present to discuss various conservation problems with the members.

Among the major items to be discussed are the 1953 deer season and the one day 'any 'deer' season in the area; the upland game seasons for this fall; placing of conservation literature in the schools to aid teachers in instructing the children on wildlife and resources; trout and fisheries management and a panel discussion on other conservation matters.

All clubs in the district are urged to send delegates and members to this meeting at 8 p.m. Friday at the Stover Dam Club house three miles east of Bellaire.

Rayder Reserves Win 26-0 Victory Over Mancelona

The Charlevoix Reserves opened their 1953 football season under the lights Tuesday by defeating the Mancelona Reserves 26-0.

Fullback Clayt Walker recovered a Mancelona fumble as the game opened to score his team's first touchdown and right halfback Joe Etienne went through the line to add a second touchdown near the end of the first period. Walker bucked the line for the extra point as the period ended 13-0.

The second period was scoreless but left halfback Charlie Dennis went over from the five for another six points in the third period and Etienne scored from the ten in the last period with Walker adding the extra point on a line play.

ODDS 'N ENDS

IF YOU'VE had trouble up 'til now telling the Arvilla twins apart, your worries are over . . . One day last week little Erin decided to try something new in coiffures so with one snip of the scissors she cut a 'path' through the right side of her bangs and well into the top of her scalp . . . The new hairdo gives her rather a rakish look, we'll admit, but now we know that Ellen's the one with the bangs . . . we think.

OUR MAIL, as it has a habit of doing every now and then, took on an international flavour as we received cards from the David Bergstroms, visiting in Sweden and the O. Gattis, vacationing in Italy and southern France . . . Mrs. Bergstrom sent a picture of the village church where she was confirmed as a child and also sent a big hello to everyone back here . . . They'll be leaving for home soon . . . And the Gattis sent their best regards from Cannes . . . They should be returning to their home in Miami Beach before too long . . . Another of our travelers, Mrs. Henry Isaksen, who spent the summer in Norway expects to be returning home early in October, according to her family . . . It was her first visit there in many years and she'll no doubt have wonderful things to tell when she gets home, as will the others . . .

* * *

EASTER LILIES in September just don't sound right but Mrs. Alonzo Murray says it's true and she has witnesses . . . An Easter lily plant which she received from her family last April is now blooming again . . . It was in her garden and she's potted it and moved it inside . . . Such a treat to enjoy the blossoms twice in a year . . .

If anyone ever tells you that an electric light or telephone pole is 'dressed' and you don't know what they mean, don't make the mistake of asking . . . Last week when we went to the football field to see the poles for the new lights set, someone told us that the poles were dressed and ready to be set . . . Not familiar with the phrase we asked and got told that each had on a new coat with matching pants . . . actually its all the crossarms, braces, etc. . . . so don't say we didn't pass on the info to you . . .

* * *

AND speaking of the football field, did you ever see the turf on the field as beautiful as it is this year . . . Looks as tho' someone spent a lot of time there for the grass is thick and green and many spots that weren't too well covered before are finally getting in condition . . . We think it's about the nicest field in the north . . . And under the lights it looks like a green carpet . . .

THE STATE of Washington has been the destination of more Charlevoix people lately . . . The Jess Smiths and the Ray Ashdots should have arrived there over the weekend for a month's visit with relatives . . . The Lewis Brants just returned from a trip there. And the Sander Halversons and son, Parris, are at Bellingham . . . In a recent letter Mrs. Halverson said she and Parris had taken a trip down the west coast to southern California and had a grand time seeing all the places they'd read about for so long . . . Earlier in the summer Mrs. Ruth Miller visited relatives in Washington and joined them on a tour of the Pacific Northwest and the Ted Miller family included the state in their summer trip west and north into Canada . . .

* * *

MANY OF OUR summer travelers are now home, but others are preparing for the long trek south . . . We mean the robins and other migratory birds . . . Several days last week, there was a clatter in our yard as the robins held regular meetings prior to leaving for the south . . . There have been flocks of other kinds of birds forming too, but since we don't know too much about birds we can't tell you what they are . . . We did notice a couple goldfinches flitting around the other day tho' and this seems late for that particular bird . . . Maybe we're going to have a nice Indian summer yet . . .

* * *

DIDN'T the football team look good against East Jordan last Friday night . . . Looks like a good season ahead . . . One thing's for sure it's going to be a tough one 'cause any team's a threat in this league . . . Gaylord might have looked lousy against Pellston last week but you can bet they'll be up for the game with us . . . Since football is definitely our favorite sport, we're sure looking forward to the next few weeks . . .

* * *

AND BY the way, we forgot to remind you last week, but three months from last Friday is Christmas and there are only 72 shopping days, including today, left . . . so you'd better get that list made . . .

* * *

SUNDAY was Charlevoix day in the Two River district of the upper peninsula, according to the J. C. Marshalls who went for a day's fishing . . . Accompanied by the Earl Millers, they arrived at the river only to find the Joe Williams and the Howard Stephens . . . they'd hardly recovered from that surprise when Herb Schofield, Bill and Tom Fessenden came by . . . Later in the day Randall Crump came out of the woods with his catch . . . Bob Marshall was the only one who didn't seem to enjoy the outing . . . after all, he'd expected to go to Chicago on his vacation and didn't like the idea of ending up at Pine Stump Junction instead.

* * *

SOME kind of hunting season opens today . . . it's birds, we know . . . it might be rabbits and we're pretty sure it's the season for the bow and arrow hunters . . . So lots of good hunting . . . but for heavens sake, be careful in the woods with those guns . . . and those arrows which are mighty wicked weapons . . .

ED ALLEN called us the other day to tell us that on Sunday, Sept. 27, he celebrated his sixty-fourth anniversary in Charlevoix . . . Seems his family had come here to make a home . . . He came along a while later via freight train, accompanied by a jersey cow . . . Enroute here from Shelby he'd supplied the train crew with fresh milk . . . His arrival was marked by a fire on Dixon ave which burned the home of a Dr. Lewis, well remembered by the old timers . . . He waded in mud ankle-deep on Dixon ave . . .

ONE GREASE FOR ALL Lubrication Jobs!

Yes, SINCLAIR LITHOLINE* means faster, better lubrication!

With just one grease, Sinclair Litholine, you can lubricate chassis, wheel bearings, water pumps, universal joints . . . of your car, truck or tractor . . . winter or summer.
Farmers find it does a better job at each lubrication point than the "specialized" greases they formerly used.

FARM ADVANTAGES at-a-glance:
1. A finer grease at every point.
2. Less danger of applying the wrong grease.
3. Quicker greasing operations.
4. Smaller grease stocks — one instead of 3 or 4.
5. Fewer grease guns.
6. Less waste.

We deliver direct to farms. Phone or write us.

To Observe 50th Anniversary

★ ★

Mr. and Mrs H. E. Cunningham lifelong residents of northern Michigan, will observe their golden wedding anniversary next week.

They will celebrate the occasion, however, at an open house at the Community Church of God Fellowship Hall for friends and relatives from 3 to 5 p.m. and 7 to 9 p.m. Saturday.

The couple was married at the home of Mrs. Cunningham's parents, Mr. and Mrs. James Mitchell in Eveline township Oct. 7, 1903. Mrs. Cunningham is the former Edith Mitchell.

A short time after their wedding they moved to Lakewood, a small lumbering town five miles north of Pellston where Mr. Cunningham worked as a lumberman. In 1908 they returned to Eveline township to make their home on a farm. They moved to their present home at 106 West Upright ave. in 1944.

Mr. Cunningham was born in Marion township near Barnard March 20, 1876. He was a lumberman, farmer and carpenter and still does a little gardening and carpentering. He is in good health and during the past month has been busy harvesting his garden.

Mrs. Cunningham was born in Eveline township Sept. 24, 1882. She enjoys good health although for several years she was blinded by cataracts on her eyes. Since an operation to remove the cataract from one eye in 1950, however, she is now able to hook rugs and do her housework.

The couple has five sons, Orlin, Alvin, Albert, Raymond and Clyde, and three daughters, Mrs. Ole Nielsen, Mrs. Gordon Bartlett and Ann Cunningham all of Charlevoix. Another daughter, Mrs. Winnifred Bambach, died Feb. 6, 1953.

They also have 25 grandchildren and one great-grandchild.

I See By the Courier . . .

- Mr. and Mrs. John Stephens and daughter, Lucille, of Tecumseh, spent the weekend here with their son and daughter-in-law, Mr. and Mrs. Ralph Stephens. While here they sold their home at 209 W. Upright ave. to Mr. and Mrs. Peter O. Gallagher.

- Mr. and Mrs. A. C. Palmer have returned to Barrington, Ill. after spending a week at their Michigan ave. home.

- Mr. and Mrs. Robert Miller and children, Vicki and Ricki, spent the weekend with friends at the Soo. They also visited the Canadian Soo.

- Lorna Lewis, a recent graduate of Grace Hospital school of nursing in Detroit, has accepted a position at the Oakwood Hospital in Dearborn. She is the daughter of Mrs. Lola Lewis of this city.

- Mrs. Leo P. Kornfeld returned Sunday to Palos Park, Ill., following a week's visit with her sister, Mrs. W. H. Wallace. Her son and daughter-in-law, Mr. and Mrs. Jack Kornfeld, came from Chicago for her and remained for the weekend.

McDonald-Williams Marriage Vows Exchanged In Double Ring Service

Mr. and Mrs. Samuel George Williams who were married at the Ward Memorial Presbyterian church in Detroit Aug. 29 have gone to Dallas, Tex., to make their home following a northern Michigan wedding trip.

The bride is the former Jessie Marian McDonald, daughter of Mr. and Mrs. Lewis McDonald of this city and Mr. Williams is the son of Mrs. Carrie Williams of Detroit and the late Harold Williams.

The Rev. Evan D. Welsh, assisted by Dr. Roy L. Aldrich, officiated at the double ring service before an altar decorated with bouquets of white gladioli, palms and candelabra.

Edith Buchanan was the organist and Mrs. Louis Morton the soloist.

The bride, given in marriage by her father, chose a gown of white organdy fashioned with a sweetheart neckline and full skirt. Her fingertip veil fell from a headdress of pearl sequins. She carried a colonial bouquet of white roses.

Attendants were Mrs. Ivan B. Burr of Beaverton and Mrs. Peter Zeitler of Charlevoix, sisters of the bride, and Marianne Vosler of Detroit. They wore identical gowns of lavender, pink and green organdy respectively, headdresses similar to the bride's and carried bouquets of white daisies.

The Rev. Charles Cohagen, of Detroit assisted the bridegroom as best man and ushers were William Roberts, Robert Lybarger, Virgil Thill and Jack Caldwell, also of Detroit.

A reception was held in the church parlors following the ceremony.

After a northern Michigan wedding trip the couple is residing in Dallas where the bridegroom will attend the Dallas Theological Seminary in preparation for the ministry.

The bride is a graduate of the two-year normal course at Central Michigan College and of the Detroit Bible Institute where she was acting librarian.

The bridegroom is a graduate of the University of Michigan and was a civil engineer with Giffels and Vallet of Detroit.)

Wedding guests present from Charlevoix, Ferndale, Dearborn, Lincoln Park and Saginaw as well as Detroit.

The William Jolliffes Celebrate Twenty-Fifth Wedding Anniversary

Mr. and Mrs. William Jolliffe, whose silver wedding anniversary was Sept 29, celebrated the occasion at a party at the Norwood township hall Saturday evening.

More than a hundred relatives and friends gathered at the hall for a square dance, mock wedding and refreshments. A tiered wedding cake centered the refreshment table which was decorated with autumn flowers and lighted tapers.

The couple received gifts of a chest of silver from their children and a 'silver' tree, a spruce tree painted silver which held silver dollars from the other guests.

Mr. and Mrs. Jolliffe were married at Bellaire Sept. 29, 1928. Mrs. Jolliffe is the former Frances Lord. They have always made their home on the family farm in Banks township, Antrim county, which was purchased by Mr. Jolliffe's grandfather as a homestead from the U. S. Government 90 years ago when resident Ulysses S. Grant was in office. He is the third generation of his family to farm the land.

The couple has five sons, Cpl. Richard, a Korean War veteran now stationed at Fort Sheridan, Ill., Seaman recruit Frederick stationed at the U.S.N.T.C., Great Lakes, Ill., William of Kalamazoo, James of Grand Rapids and Robert at home. They also have one grandson.

Among the guests who came from away for the celebration were Mr. and Mrs. William Jolliffe and small son of Kalamazoo, Mr. and Mrs. James Jolliffe, Mrs. Elser Jolliffe and daughter, Betty, of Grand Rapids, Mr. and Mrs. Gale Brintnall of Grandville and Mr. and Mrs. Ray Racignol of Petoskey. Other guests were present from East Jordan, Ellsworth, Atwood, Norwood and Charlevoix.

From where I sit ... *by* Joe Marsh

One for the Books!

Noticed the Missus had a red ribbon tied around her finger at breakfast one morning last week. "What's that for?" I asked. "Your memory slipping?"

"It's not for me," she answers, "it's to remind *you*, and everybody else who asks what it's for, to contribute to tho Woman's Club Library Fund. We need $200 and we figured we'd get more help if we could get people to ask us about it."

Well, as it turned out, the red ribbon worked just fine. The ladies are having the library all fixed up—and there's enough money for some new books, too.

From where I sit, it would be a fine thing if we had some sort of private reminder when we forget the rights of our neighbors. Like when we start telling them what *we* think is best. I may like a travel book and a temperate glass of beer while you prefer a cup of tea with your historical novel. Let's both remember not to "put the finger" on the other!

Charlevoix Defeats East Jordan By 13-0 Score

Rayder right halfback, Jerry Albright (22) carrying the ball for a substantial gain against the East Jordan Red Devils here Friday night with fullback Joe McDermott clearing the way with an impressive block. The Rayders won 13-0 to rack up their first win over the Devils in two years.

* * *

Rayders Look Good In Season's Opener

The Charlevoix Rayders opened their 1953 football season Friday night with a 13-0 victory over their arch rivals, East Jordan, defending league champions.

The victory avenged, in a small way, the losses the Rayders had suffered at the hands of the Red Devils during the past two seasons.

The Rayders, who looked good in their initial meeting, will take on another tough team Friday when they journey to Gaylord for a night game with the Blue Devils. Gaylord has a 32-0 win over Grayling and a 7-7 tie with Pellston to their credit thus far but have the makings of a strong squad which is expected to be up for the meeting with Charlevoix.

In Friday's game, the Rayders line, which averages 180 pounds, was strong and the backfield showed itself to be versatile, with all members carrying the ball. The defensive line-up gave East Jordan few opportunities for sizable gains.

Charlevoix showed gains totaling 279 yards with fullback Joe McDermott the top ground gainer. In 21 tries he gained 159 yards for an average of 7.6 yards per try.

Left halfback Bobo Bennett, carrying the ball 12 times gained 67 yards for an average of 5.6 yards and right halfback Jerry Albright average 9.1 yards the five times he carried the ball for gains totaling 46 yards.

Most gains were made through the line with Charlevoix's forward wall clearing the way with little difficulty.

The Rayders, playing under lights on their home field for the first time, kicked off to the visiting Jordanites who took the ball on their own 34 yard line. They recovered their own fumble on the next play and racked up a first down before losing the ball to the Rayders on downs on the latter's 40.

Charlevoix made a small gain, drew an offside penalty and was again on the move when East Jordan tackle Steve Hayden was hurt and removed from the game with a fractured leg.

On a series of line plays, Bennett, Albright and McDermott carried the ball for two first downs before the East Jordan line held on their own 10 and the Jordanites took over on downs.

The Rayders were again in possession of the ball, this time at midfield, after East Jordan punted from the 25 after failing to make a first down.

Albright carried the ball into enemy territory, but a 15-yard penalty set the Rayders back to their own 44. McDermott carried the ball back to the East Jordan 45 on the next three plays. The quarter ended 0-0 with Charlevoix in possession of the ball.

The Rayders punted to the East Jordan 20 to open the second period. The Red Devils returned the punt in the next series of plays and play was resumed with the Rayders in possession of the ball on their own 39 yard line.

Two first downs with Bennett and McDermott carrying the ball took the ball to the East Jordan 40 when Bennett got away for a long run which put the ball in scoring position on East Jordan's 23.

McDermott then went over for the Rayder's first touchdown of the season. Don Smith came in to kick the extra point and Charlevoix went ahead 7-0.

East Jordan took the kickoff and picked up two first downs before they were forced to punt, giving the Rayders possession of the ball as the half ended 7-0.

Rayders To Play Gaylord There Under The Lights Friday Night

Northern Michigan Class C teams will go into their second week of league play Friday with Charlevoix traveling to Gaylord; Harbor Springs hosting Pellston and Boyne City invading Mancelona in games scheduled for 8 p.m., while East Jordan will journey to Onaway for a non-loop meeting at 3 p.m. Saturday.

Games this week are expected to be another test of strength. Mancelona and Charlevoix have already given evidence of being among the stronger teams but the others remain dark horses who have yet to prove themselves.

Gaylord and Pellston who played to a 7-7 tie Friday will have an opportunity this week to show what they have when they meet Charlevoix and Harbor Springs respectively.

Gaylord has a big line and a fair backfield and looked good in their opening game against Grayling. Last week, however, they were outplayed by the inexperienced Pellston eleven with the game ending in a tie. After a week to whip his squad in shape, Coach Bob Wallis' Blue Devils should be in good condition to take on the Rayders who defeated East Jordan in their opener 13-0.

The Blue Devils are always up for a Charlevoix game so the game should be a close one with the Rayders having an edge.

The Pellston Hornets, who missed winning over Gaylord because of inexperience, will have a chance this week to show their true power when they meet Harbor Springs.

The Rams failed to do much against Mancelona, who stopped their aerial offensive on which they depend for gaining ground, but it may be just the thing against the Hornets if Coach Ray Brown fails to work out an effective method to stop it. In any case, the game should determine the potential strength of both teams.

Boyne City will be playing its first league game this week when the Ramblers meet Mancelona. Coach Tom Weede's squad, with two non-loop losses, will have to exert themselves to the fullest extent if they halt the Ironmen powerhouse which is spearheaded by versatile quarterback Dick Derrer.

East Jordan, who has suffered losses to Traverse City St. Francis and Charlevoix will take on Onaway in a non-loop game Saturday afternoon.

Last Week With Class "C" Teams

The Mancelona Ironmen and the Charlevoix Rayders gave evidence of being the teams to beat this season as they racked up victories over Harbor Springs and East Jordan respectively to open their Northern Michigan Class C schedules Friday night.

The Ironmen trounced the Harbor Rams 37-12 while Charlevoix was defeating arch rival, East Jordan 13-0. In an afternoon game the Pellston Hornets played the Gaylord eleven to a 7-7 tie and in a non-loop game at Traverse City the Ramblers bowed to the St. Francis' Parochials 25-6.

Mancelona 37, Harbor Springs 12

Mancelona quarterback Dick Derrer tallied another 25 points for this team this week as the Ironmen lived up to their name by battering the Rams 37-0 before the latter crossed the goal line in the last period.

A touchdown pass by Derrer on the 20 to left end Dave Elliott in the end zone opened Mancelona's scoring spree. Fullback Earl LaDere added a second touchdown on a 45-yard run to make the score 12-0 as the period ended.

In the second quarter, Derrer went over from the two following a series of line plays and scored later after going all the way after intercepting a Harbor pass at mid-field.

Derrer scored from the seven and again from the 17 and bucked the line to add an extra point to bring the score to 37-0 as the third period ended.

Late in the game, Harbor Springs' aerial attack started to click as they put the ball in scoring position on the Ironmen's 15 yard line after traveling from their own 25 where they had taken the kickoff. A pass by quarterback Tom Clark to end Stan Pifer in the end zone gave the Rams their first touchdown. Following a series of fumbles and intercepted passes the Rams scored again on a center sneak by Bob Bethke who went over from the 25 after a pass from Clark to Pifer had moved the ball into scoring position from the 45.

Pellston 7, Gaylord 7

The Pellston Hornets were in control of the game all the way as they held the Blue Devils to a tie score Friday afternoon.

The Hornets too kthe kick-off and moved the ball to the two yard line before they lost it on a fumble. As Gaylord attempted to move the ball out of the danger zone, Glenn Aurrand, Pellston fullback, intercepted a pass on the Gaylord 39 and started moving the ball into scoring position as the period ended. This time Pellston halfback Merlyn Davenport went over from the six yard line on a pitchout from quarterback Bob Rudy. Rudy passed into the end zone to end Harold Drier for the extra point.

Gaylord seemed to find their stride as the second half started and late in the third period moved the ball to the three yard line as the quarter ended.

On the first play of the last period fullback Dick Riddle went through left tackle to score on a hand-off from quarterback Sam Butcher. Riddle kicked the extra point to tie the score.

Traverse City St. Frances 25 Boyne City 6

The Boyne City Ramblers' only touchdown against the Traverse team came in the second period as halfback Mert Erber went over from the four yard line to tie the score after Jerry Weber, Traverse halfback had scored from the 20 in the first period.

The Parochials added three more touchdowns before the game ended.

Games Party Is Held At Rod, Gun

"A gond time was had by all" at the Games Party given by the Rod and Gun Club in their Club house, accarding to Mrs. Gordon Moeller, Secretary of the Club. Many of the guests were faculty members of the Charlevoix school.

The hostess, Mrs. Opal Ingalls, assisted by Mrs. Irma Roff as co-hostess managed the 17 tables of players. Canasta, bridge, and pinochle were the favorite games played at the party.

The winners at each tabla were given useful prizes. The business men nf Charlevoix donated all the prizes.

Card of Thanks

With deepest gratitude we extend this word of thanks for the many kind acts of sympathy, expressed by thoughtful friends. These kindnesses have meant much to us.

Board Elects Officers

The Board of Directors, elected at the organizations meeting of the Atwood cemetery association Monday evening, Sept. 21, met Monday evening of this week at the home of Allie Klooster and elected their officers as follows: James Heere president and John DeYoung secretary and treasurer.

Jack Aardema's Honored

About 70 friends gathered in the basement of the Ellsworth Christian Reformed church Wednesday evening of last week to welcome Mr. and Mrs. Jack Aardema into the fellowship of the church and community. A short program and visiting were enjoyed and the usual delicious lunch was served by the committee, Mesdames Bernie DeYoung, John Klooster and Peter VanderArk.

The program committee consisted of Mr. and Mrs. Peter Timmer, Mr. and Mrs. Peter John Drenth and Mr. and Mrs. Gerrit John Drenth.

Employs Night Shift

Morweld Steel Corporation has recently added a night shift at its plant to keep up with production.

Morrey Taylor, owner reports that a total of 35 men are employed, with 27 on the day shift and 8 on the night shift.

Mr. Taylor also said that the firm has received a new order for production of parts for automobile manufacturers and when this work gets rolling, more men will be needed.

Special Service

A special service at the Ellsworth Christian Reformed church this Thursday evening, Oct. 1 will feature a musical program put on by the Galileau children. The program given by this group from Corbin, Ky. is under the direction of John Vogel and Mrs. Vogel and Junior Boss, a former resident of Charlevoix assist him.

The group will be guests at the Silver Birch Court in Charlevoix before going on for meetings in the Upper Peninsula.

They expect to return for a program to be presented Oct. 8 in the Barnard Reformed church.

An offering will be taken to assist in this work and the public is welcome to attend.

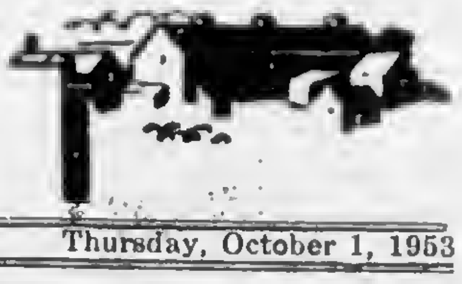
Charlevoix County Farm News



Michigan Begins Harvesting Another Bumper Potato Crop

Michigan's potato harvest is headed into full swing with prospects for e bumper crop that must be marketed over several months. Dennie L. Clanahan, Michigan State college extension farm crops specialist, urges growers to guard profits by careful handling and storage.

Crop reports indicate Michigan will harvest 10,545,000 bushels or 185,000 more than last year, while the national crop outlook in September was 380,926,000 bushels or 33,422,000 more than 1952.

In lata crop states lika Michiger. production is up only 6½ par cent, notas Clanahan, but the producers' pletura is chenged. In 1952, early potatoes were in short supply to meke a good summar markat and ald the fall potato price: this year thera hes been e plentiful supply of both early and summar poteloes to effect tha price tag.

Consumers need potatoes all winter, however, advises the M.S.C. potato specialist, and this long period of marketing will help, if growers use care in handling and storage of potatoes to avoid grading losses.

Growers should use vine killers ahead of digging in the areas where late blight has appeared, cautions Clanahan, and spray the residue with eight to ten pounds of copper sulfate per 100 gallons of water. Dig potatoes on bright days, he advises, and ventilate storage well.

Michigan's production will include a half million bushels of certified seed potatoes, to be listed by Michigan Crop Improvement association later this fall.

Gives Tips On Good Corncrib Locations

Here are some tips on locating your corncrib for this year's crop.

Michigan State college agricultural engineers say the corncrib should be located away from other buildings and should not be near high embankments, tall trees or dense shelter belts. These tend to reduce air movement during drying weather.

To get the most air movement through the crib, the long way of the structure should run north and south. Plenty of air and ventilation are needed if the corn is to dry properly without spoilage.

Another important item, the engineers point out, is to be sure the crib is located on a site that will give plenty of drainage away from the structure. Don't locate the crib on the lower side of a sloping barnyard.

Announce Date Of County Ag. Society Annual Meeting

The annual membership meeting of the Charlevoix County Agricultural Society will be held next Monday evening, October 5 at 8 p.m. at the Agricultural room of the East Jordan high school, Ed Rebman, county agricultural agent stated.

The date of the meeting is set by the bylaws for the first Monday in October.

Everyone who purchased a membership ticket to the Charlevoix County Fair and all others who are interested in this fair should be present. The financial statement will be read, ballot boxes will be opened to elect new directors and all other business pertaining to the fair will be taken care of.

This is a chance for anyone to present critisism of the fair. The past annual meetings have seen very few if any present. If you have something to say this is the time and place to say it.

The sugar used for preserves or jellies can be either cane or beet sugars. Both sugars behave identically and can be used interchangeably in recipes calling for sugar.

Mulch Strawberries After A Freeze

Wait until a crust has frozen over the ground to mulch your strawberry plants, suggest Michigan State college horticulture specialists. This prevents thawing of the crust and consequent heaving.

A strawberry mulch cuts down cold injury to crowns and roots and delays undesirable early blossoming. That means cleaner berries and fewer muddy spots in the patch later. The specialists recommend a coarse straw that is free from weed seeds for a mulch.

Delivery Of Raw Milk Violates City Ordinance

The delivery of raw milk and cream to residences within the city of Charlevoix constitutes a violation of state and local laws, James A. Scott, Public Health Sanitarian of District Department of Health No. 3, warned residents of the area this week.

In issuing the warning, he went on to explain that raw milk, no matter how carefully produced, is not safe without heating to kill germs thet might have accidently entered it either from the cow, the handler or the utensil. This heating process is commercially termed pasteurization and does not destroy any of the food value if properly carried out.

Among the diseases directly transmissable to man through cattle are undulant fever and tuberculosis. Testing of cattle is a valuable procedure but, since there is no way of knowing immedietely when a cow becomes infected with either disease, we must depend upon pasteurization, Mr. Scott continued. Typhoid fever, strep sore throat, scarlet fever and dysentery usually enter the milk from an infected milker and again pasteurization is the only way to eliminate these disease-producing bacteria.

He conculded with the admonition that you owe it to yourself and your family to protect their health by always providing absolutely safe milk. This may be done by obtaining bottled pasteurized milk from a dairy where it has been prepared for use under health department supervision to protect your health.

IT HAPPENED ON ....
BEAVER ISLAND

By Loyola Malley

Mrs. Irene LaFreniere has gone to Washington, D. C. to spend the winter. She spent most of the summer on the Island.

Bud McDonough is spending a few days on the mainland.

Mr. and Mrs. Henry Karsten of Detroit have purchased Roland McCanns net shed.

Friday night in the Parish hall the activity committee of the Civic Association sponsored a Gay Nineties Dance for the benefit of the Medical Center. The music was very lovely. Mostly Gay Ninety tunes were played.

Mary Bonner has returned to Connecticut to live with her brother, Johnny. She had been on the Island since August.

Harry Gottlieb of Detroit bought George Donat's cottage near Lake Genesereth. George also sold his home in town to Mr. and Mrs. Walter Lyons of Chicago.

Kate Malloy is busy getting ready to re-open the Harbor Light Cafe which was run by Alice Pischner during the summer months. Kate plans to stay open all winter.

Mr. and Mrs. Jewell Gillispie are the parents of a baby boy born Sunday, Sept. 27.

Mr. and Mrs. Ed Burke spent some time visiting their son-in-law and daughter, Mr. and Mrs. Marvin Cross in Ludington. While they were there Mrs. Cross gave birth to a baby girl.

George Donat was a business caller to the mainland last week.

Mr. G. Kortokrax of Traverse City is here visiting his daughter, Mrs. Jeri Buckner.

A correction for last weeks news. It was Mrs. Sophia McDonough not Mrs. Sophia who was in Charlevoix and Petoskey.

Lawrence McDonough took his son, Joey, to Petoskey for a check-up. Joey is getting along fine now.

Last Tuesday evening some of the ladies helped Mary V. McDonough celebrate her seventy-fourth birthday. The ladies played cards and later enjoyed a very lovely lunch.

BABY TALK

Births recorded at the Charlevoix Hospital recently include:

A daughter, Renee Lynn, born to Mr. and Mrs. William Reynard Sept. 22

A daughter born to Dr. and Mrs. Lyle D. Ance Sept. 26.

A daughter born to Mr. and Mrs. James Barkley of Boyne City Sept. 26.

• • •

Mr. and Mrs. Theron Luft of Clare announce the birth of a son, Theron Bruce, Sept. 10.

• • •

Mr. and Mrs. Emerald Howe of Ferndale are the parents of a son, Richard Lon, born Sept. 25. Mrs. Howe is the former Ione Mosier, daughter of Mr. and Mrs. Louis Mosier.

Rayders Look Good In Season's Opener

(Continued from Page 5)

the second half. The Rayders in four first downs, moved the ball to the East Jordan 10. Again the Red Devil line held and the Rayders lost the ball on downs.

East Jordan was forced to punt out of danger and Charlevoix took over on their own 40. On a series of line plays and two first downs they placed the ball in scoring position again, this time on the East Jordan 25. A 15 yard penalty on the Devils moved it to the 10 where McDarmoll went through the line for the second touchdown of the game. Smith's kick was blocked and the quarter ended 13-0.

East Jordan seemed to find their stride as the last period got under way and moved the ball to the Charlevoix 20. An East Jordan fumble at this point gave Charlevoix the ball.

A series of line plays moved the ball well into East Jordan territory in three first downs before a 15-yard penalty on the Rayders moved the ball back to their own 45. The Rayders punted out of danger and two plays later they recovered an East Jordan fumble for possession of the ball as the game ended.

In the starting line-up for Charlevoix were McDermott, Albright, Bennett and Tom LaBlance at quarterback; Gordon Mol, re; Joe Powell, rt.; Tom Erber, rg; Larry Burns, c; Everett Pease, lg; Tom Swanson, lt; Dwain Walker, le.

In the defensive line-up were Mol and Gene Towsley, defensive ends; Connolly replacing Powell as defensive tackle; Pease and Burns playing defensive guards; McDermott and Bob Jolliffe backing up the line; Dwain Walker and Guy Swanson playing defensive halfback and Bennett playing safety.

Larry Burns, 18, a senior who is playing center with the Varsity squad for the third year, was named to the second All-Conference team in 1852 and is the son of Mr. and Mrs. Leonard Burns.

Special Services To Continue At Baptist Church

An evangelistic campaign is underway at the Charlevoix First Baptist church with Rev. Anton Trillet of Baraboo, Wis., preaching at the services each evening. Services begin promptly at 7:30 each evening except Monday, Oct. 5, according to the Rev. W. Neale Carr, pastor of the church.

Each evening service is featured with good singing, a variety of special music, contests and evangelistic sermons. The public is invited to all services, Rev. Carr announces.

Sermon title for the week will be: "The Evidence of New Life," Thursday; "A Man Who Was Sincere, But Dead Wrong", Friday; "Sold to the Highest Bidder", Saturday; "What Will Happen When Jesus Returns in the Air", Sunday; "What Will Happen After Jesus Comes in the Air", Tuesday; "What Will Happen on Earth When the Church Is Gone", Wednesday.

Helen Jean Light, Arthur E. Emmons Engaged To Wed

Mr. and Mrs. George Light Sr. of Norwood announce the engagement of their daughter, Helen Jean, to Arthur E. Emmons, son of Mrs. Lewis Emmons. Date of the wedding has not been set.

Miss Light is a graduate of the Charlevoix high school. She is a secretary in the District Health department here. Mr. Emmons graduated from the Pellston high school and is a draftsman with the Charlevoix Abstract and Engineering Co.

That's Right --- We're Wrong

But it proves our point that it pays to advertise. Meaning, by the number of bargain hunters who besieged Schroeder and Hovey Drug Store last week to take advantage of their Annual One Cent Sale, which didn't happen until this week, Wednesday, Thursday, Friday and Saturday.

We aren't too unhappy to assume some blame because the dates for the sale were omitted from the display ad, leaving our readers to believe the sale was to start a week earlier than scheduled.

It began yesterday, and if you haven't already clipped last week's Courier for the wanted sale items, here's another chance. Oppartunity has knocked twice this time!

Joyce E. Johnson Engaged To Wed Earldean Stephens

The engagement of Joyce E. Johnson of Port Huron to Earldean Stephens, son of Mr. and Mrs. John Stephens, former local residents now living in Tecumseh, has been announced by the bride-elect's mother, Mrs. Olive Johnson of Port Huron.

A late autumn wedding at Port Huron is planned by the couple.

The bride-elect is a graduate of the Port Huron high school and an eastern Michigan business school.

Mr. Stephens, a graduate of the Charlevoix high school, is a veteran of 37 months in the army.

A Riot Of Color Along The Shore And The Perch Are In!

Isn't the fall season wonderful in Charlevoix? And aren't Charlevoix people lucky to be able to buy fall clothes on sale when prices are at the season's high in other communities?

You should "latch on" to some of these bargains if you buy the best when it is on sale.

Have you looked over our sale? We can't list everything but here goes with a few. Sweaters at 2.98, skirts at 12.95, imported botany sweaters at 7.50, blouses and jackets for women 2.00 to 4.95. Children's snow suits 6.95 to 10,95. Jackets one third off.

And also there is the Dollar Sale. You should see what you can buy for only one dollar on our sale racks.

A word to you who wear large sises. Don't think you can't get bargains too! Take a look at the 40 and 42 sizes we are selling at half price now.

We are glad of the opportunity to extend a hearty welcome to a new competitor, Fay's Dress Shoppe, opening in the Brown Motors building this week, should be a happy addition to the business life of the community. Our congratulations to Fay's and to the Charlevoix area. We have a good shopping town. Let's boost it!

City Will Observe United Nations Day

Mayor Dean Davenport this week announced the appointment of Leroy Plum, commander of Charlevoix V.F.W. Post No. 1153, as chairman for the local observance of United Nations Day, which President Eisenhower has proclaimed for Oct. 24.

This day will be observed on a world-wide scale and Charlevoix residents and merchants will be asked to co-operate by displaying flags, decorating windows with UN stickers and in other ways which will be worked out at a later date.

Beginner's luck?

Gary Curtis, who filled his license the first day of the 1953 hunting season the first time he hunted with a bow and arrow, isn't saying but he's mighty proud of the deer he brought down.

Hunting on the Mathews farm in Charlevoix township at twilight Thursday, he couldn't believe his eyes when the 115 pound yearling doe walked from the brush into a clearing, forming a perfect target as it paused to sniff the evening air.

Seconds later an arrow from Gary's bow found its way into the neck of the animal . . . a perfect shot.

The son of Mr. and Mrs. Russell Curtis of Marion township, Gary is 17 and a junior at the Charlevoix high school.

Rev. Bekkering Accepts Call To Muskegon

The Rev. Joe Bekkering, pastor of the Barnard Reformed church for the past four years, has accepted a call to become pastor of the East Lawn Reformed church in Muskegon.

He will preach his farewell sermon at the Barnard church at 3 p.m. Sunday, Oct. 18, and will leave the next day for his new church.

The Rev. Bekkering came to Charlevoix in Nov. 1949 from Geneva, Ala. Besides serving the Barnard church, he has filled the pulpit at the Ironton Congregational church for more than two years and for one year was substitute pastor at the First Congregational church here when that church was without a minister.

He is past president of the Charlevoix Ministerial Association and has been active in communities affairs during his stay here.

The pulpit of the Barnard Reformed church will be filled by classical appointments until a new minister is appointed.

He will be accompanied to Muskegon by his wife and two daughters, Nancy and Betty.

Evangelist Is Continuing At Baptist Church

The evangelistic meetings that got under way in the First Baptist church here on Sept. 29 will be in progress the remainder of this week and including Sunday. The services begin promptly at 7:30 each evening. Inspiring messages from God's Word is being enjoyed by all who have been attending. The Lord's servant in each of these soul-stirring services is Evangelist Anton Trillet of Baraboo, Wis. The subject titles of his sermons for the remaining meetings will be as follows: Thursday night, "What Will Happen When Jesus Returns in Glory?"; Friday night, "What Is The Battle of Armageddon and What Will It Be Like?"; Saturday night, "What Wdl Happen at the Great White Throne?"; Sunday morning, "The Story of the World That Then Was." Sunday night, "The Call To Preparedness."

Enjoyable singspirations, a variety of special music, testimonies, contests, and films are some of the features that will make your attendance a must. If you would see and hear the finest of good gospel music as sung by a male quartet and played on various instruments don't miss these sound motion pictures.

Announce Plans For New Parochial Grade School Here

Plan for the construction of a new St. Mary's parochial grade school at the cost of an estimated $50,000 were announced this week by the Rev. E. F. Denay, pastor of St. Mary's church.

A campaign to raise the funds to finance the program will get underway in the near future and run for a six weeks period, Father Denay added.

The construction of the proposed one-story fireproof structure will be started as soon as funds are available. It will replace the two-story frame structure which has housed the school for more than 50 years. Present plans call for the construction of the new school on the property located on South Bridge st. which is already owned by the church.

Barge Sinks In Lake Michigan As Line Breaks

A 120 ft. barge with a derrick aboard was lost in Lake Michigan early Tuesday when it broke loose from its tow tug, the John Roen IV, and broke up in heavy seas, Joseph Etienne, Chief Warrant officer in charge of the U. S. Coast Guard group Charlevoix reported Tuesday.

The accident occurred early Tuesday seven miles east of Lansing Shoals 34 miles north of here as the tug and barge, followed by a second tug, the Spud, were making their way east from Sturgeon Bay, Wis.

Two men aboard the barge were rescued after the barge broke its tow-line and were taken aboard the Spud.

The assistance of boats from the Beaver Island and Mackinac Island lifeboat stations was enlisted by the Roen to search for the barge until it was learned at daybreak that the barge had gone down.

Open House At Public School To Be Oct. 15

A special program during which the new Charlevoix public school units will be dedicated will be a feature of the first "Open House" of the current school year scheduled for Thursday, Oct. 15, Supt. R. G. Bennett announced this week.

Dr. Lester W. Anderson and Kenneth Vance of the Bureau of School Services of the University of Michigan; Malcolm Williams and Lee Haymaker of the Warren S. Holmes Co. of Lansing, school architects and Howard MacDonald of the MacDonald construction Co. of Marquette and the Soo, which constructed the building, will be present for the special dedication program. A representative of the Board of Education will accept the new high school unit and addition to the elementary school.

The visitation period during which the parents and friends of the school students may visit tha classrooms and consult with tho teachers will begin at 7 p.m.

Music for the program which will be held in the high school auditorium at 8:30 p.m., will be by the high school band directed by C. A. Odmark.

Purpose of the Open House programs presented during the school year is to acquaint the people of the school district with the school system and the school faculty.

A committee composed of Mr. Odmark, H. E. Bingham and Frances Milner is completing plans for the event.

November Draft Quota Two Men

Charlevoix county's draft quota for November will be two men, the local draft board has announced. The date for induction will be announced later.

Seven men have been called for pre-induction physicals Oct. 22. The list includes Walter H. McCauley of St. James; Elra D. Hersha of Ellsworth; William J. Shaw and John D. Malpass of East Jordan; Floyd A. Johnecheck, Frank C. Leist and Larry D. Waggoner of Boyne City.

Funeral services will be held at the Diton Funeral Home at Central Lake at 2 p.m. Thursday with burial in the Central Lake cemetery.

City Council Approves Land Sale For Plant

A hearing on the re-zoning of the properties on which the Charlevoix Lumber Co., Charlevoix Oil Co., the Fountain City House and the former Argo Milling Co. are located will be held at 8 p.m. Monday, Nov. 2. The action would exclude the properties from the residential district to the commercial district. The date of the hearing was set following a re-zoning resolution adopted by the city council at its regular meeting Monday night.

In other action taken by the council the sale of 7.4 acres of land located in Charlevoix township north of the city to the American Mold Engineering Co. for $800 was approved with the understanding that a commercial building with not less than 5,000 sq. ft. of floor space be constructed on the property within a year or the land would revert to the city. The city also reserves a right of way and easement on the property for its utility lines.

The lease of airport hangar units to Joe McPhillips and H. O. Krahnke for $15 per month per unit payable for a year upon completion of the hangar was approved.

The city also renewed its contract with the State Highway Department for maintenance of the latter's roads inside the city limits.

The council also voted to ask the state of Michigan to release the land it owns at 197 Burns st. for sale. The land was acquired by the state when the taxes were not paid.

Bills totaling $10,712.36 were approved and ordered paid.

Services Held For George R. Emrey, Retired Engineer

George R. Emrey, 73, retired Great Lakes marine engineer, died unexpectedly at his home at 104 Auld ave. early Friday. He had been in failing health for several months.

Funeral services were held at the Pontius Chapel Monday with the Rev. Harold Kohn officiating. Burial was in Brookside cemetery.

Born in Charlevoix, May 7, 1880, Mr. Emrey was reared here and spent much of his life here. He sailed aboard the ships of the Pittsburgh Steamship Co. for 29 years in all, retiring eight years ago. He also spent some time in California and in Alaska where he was associated with a gold mining project. He has reisded here since his retirement.

He was a member of the Masonic and Knights of Pythias lodges and the Congregational church of Conneaut, Ohio. During World War II he served with the U. S. Coast Guard Reserve.

He is survived by his wife, the former Anne Galbraith; a daughter, Mrs. Thomas Finucan of Muskegon; two grand-daughters; a sister, Miss Grace Emrey of Grand Rapids and a brother, Earl of Atlanta, Ga.

Evangelist Will Continue Services Through Sunday

The Rev. Ella B. Parmenter of London, England, will continue her special evangelistic services at the Assembly of God church through Sunday, the Rev. G. R. Kars, pastor of the church, has announced.

Sunday has been designated as Sunday School Rally Day with Miss Parmenter delivering a special message to the boys and girls at 10 a.m. Special gifts will be presented to those who attend.

At the final meeting at 7:45 Sunday evening will continue her inspiring life story entitled "Dead or Alive, Which?" in which she reveals her miraculous escape from death. Earlier she thrilled her audience with an account of her remarkable conversion from the realm of entertainment to the field of evangelism.

Other meetings are scheduled for 8 p.m. tonight (Thursday) and Friday and at 11 a.m. Sunday.

Plan To Open Annual Campaign To Solicit Funds On October 16

The goal of the 1953 Community Chest drive which will open Friday, October 16, has been set at $5,665, Mrs. Herbert Campbell, Community Chest president has announced following a recent admissions and budget meeting.

The budget is an increase of 21.7 per cent over the 1952 figure of $4,600 which was met, Mrs Campbell said.

The increase of $1,065 is due to the admission of two new agencies, the Charlevoix Service Organization which requested $500 and the Michigan Children's Aid Society which will be given $275 and an increase of $300 in the Girl Scout budget, Mrs. Campbell explained.

The Charlevoix Service Organization, which was re-activated at the beginning of the Korean War, provides subscriptions to the Charlevoix Courier at a special rate to all local servicemen and going-away gift parcels for all draftees leaving the county for induction into the armed services, Ralph Hamilton, chairman of the organization, told the committee in entering a request for funds.

The second agency, the Michigan Children's Aid Society with offices [illegible] verse City, provides boarding homes for children as well as a servica for placing children for adoption and tha selection of foster homes. In 1952 these services excluding the cost of administration, were offered to the people of the immediate area at tha cost of $275.

A more extensive Girl Scout program designed to train new leaders in an effort to make Girl Scouting available to a larger number of girls in the community has necessitated an increase in the organization's request, Mrs. Charles Duerr, president of the Girl Scout Council, said in asking $800 to carry on the program.

The budget as set at the recent meeting includes funds for the following agencies: Boy Scouts, $900; Girl Scouts, $800; Community Nurse, $850; Salvation Army, $325; United Health and Welfare, $1,125; City Recreation Council, $300; Michigan Children's Aid Society $275; Charlevoix Service Organization $500; Campaign expenses $140 for a total of $5,665.

Charles Pontius and William Supernaw are co-chairmen of the fund drive which will open with a kick-off breakfast at the high school cafeteria at 9:30 a.m. Friday, Oct. 16 for campaign captains and workers.

Guidance Clinic Advisors Start Annual Program

The Advisory Board of the Petoskey Child Guidance Clinic is conducting its annual program of raising funds for the current fiscal year. Although the salaries of the professional staff are paid by the State Department of Mental Health, the remainder of the expenses are raised from sources within the area served. This amounts to less than one third of the total budget.

In the past the funds have been contributed most generously by the boards of supervisors of Charlevoix, Cheboygan, and Emmet counties; the City Council of Petoskey; the boards of education of Boyne City, Charlevoix, Cheboygan (both city and county), East Jordan, Harbor Springs, Petoskey and Pellston; and the Burns Foundation. Although there have been contributions from interested individuals, these have not been solicited since the initial drive to get the clinic started on a sound basis.

For the first time in the clinic's short history the staff is complete. It consists of: Henry G. Zimmerman, director; Robert Gillespie, Psychiatric Social Worker; Lurene Warren, Clinical Psychologist; and Paul H. Jordan, M.D., Psychiatric Consultant. They work together as a team to meet the

Highway U. S. 31 Nears Completion

The 1.315 miles of new highway on US 31 north of Charlevoix is nearing completion, William P. Collon, Michigan State Highway Department engineer said Wednesday.

The placing of guard rails along the section located in Charlevoix township and the sodding of several places inside the city limits is all that remains to be done before the road is officially turned over to the highway department by the contractors, P. Vanderveen and Sons of Grand Rapids, who started the project Jan. 6, 1953.

The contract price for the project was $215,566.75. The work included the construction of a 44 ft. concrete roadway with curb and gutter from the intersection of Michigan and Dixon aves. to the city limits and a 22 ft. concrete roadway in the 1,300 ft. located in Charlevoix township.

ODDS 'N ENDS

By Fran Martin

WE HAD a wonderful time Saturday night . . . as did a lot of other people . . . for we were among those who attended the open house for Mr. and Mrs. Ed Cunningham . . . A golden wedding anniversary is really quite an event and all the couple's friends and old neighbors along with the members of their family gathered for the occasion . . There were pictures galore with flash bulbs popping like mad and lots of good food and talk . . . We discovered one thing . . . that old friends get together all too seldom . . .

• • •

WE MET someone the other day whom we'd known for a long time . . . over the telephone . . . It was none other than Father Joseph Herp, pastor of Holy Cross church on Beaver Island . . . And we don't mind saying he didn't look a bit like we thought he would . . . But we weren't disappointed . . . The talk turned to Martins and later to martins . . . He told us that for the first time in memory of island residents, the martins failed to come to the island this year and he was wondering if they came this far north . . . We relayed the information to him that we'd received from our authority on martins, Ray Ranger . . . He went on to tell us that the scouts had appeared, as usual, but after a few days had flown away . . . Maybe they found such good quarters in Charlevoix where so many people have martin houses that they just didn't bother to go any farther . . .

• • •

NANCY BODLEY, a student nurse at the University Hospital in Ann Arbor has written her parents, the Sanford Bodleys, that she just hasn't a chance to be home-sick . . . She drew for her room-mate at Geddis hall none other than Mary Carlson of Ironton, who is a second year student, attends two classes with Ray Sanford and attended a square dance last week only to find several other Charlevoix fellows at the party . . . These kids sure make out alright.

• • •

ONE OF our good friends . . . none other than Dr. P. G. Holden, in fact, will celebrate a birthday anniversary next week . . . He'll be some 88 years old but you'd never dream it for he has so many interests and keeps so busy . . . He now devotes much of his time to his corn collection at the Michigan State library . . . But we'd like to have him know that we miss the little visits we used to have when he lived here . . . And to a grand, grand person we'd like to add our wishes for a happy anniversary . . . and many more . . .

• • •

DID YOU ever see such perfect Indian summer days as we've been having . . . One is almost afraid to mention it for the weather can change in a matter of minutes this time of year . . . but everyone has been enjoying the sunshine and the balmy weather . . . We notice too that the perch are beginning to bite . . . not too much but a nibble now and then with a promise of more to come . . . To our summer friends we might add . . . you went home too early this year . . . You'd better come back for a few days and then you'll know what we're talking about when we mention Indian summer . . .

WE'RE SURE glad the World Series is over . . . Maybe now we can settle down and get something done . . . But wasn't it sad? We sure wanted dem Bums, the Dodgers to win . . . and we took heart when they tied up the game in the first of the ninth . . . but it just wasn't enough . . . There oughta be a law or something that a team can't win a title more than one year at a time . . . Guess that's the only way we'll get rid of the Yanks . . Gee, remember when the Tigers went into the World Series? . . . But then, you probably wouldn't because not too many people we know are that old . . . But it would be fun to have a mid-western series for a change. . .

• • •

IN THE mail Saturday a card from Norway . . . this time from Mrs. Henry Isaksen who has spent the summer there . . . She'll soon be returning for it has been cold and rainy for some time . . . But Norway's pretty far north and can expect the cold weather before long . . . We're anxious to hear about her trip . . . It was her first in more than 35 years, you'll remember.

• • •

OUR LITTLE ole Rayders are doing alright these days . . . don't you think? . . . That backfield sure does wonders but don't forget it's that line in there that allows them to do it . . . They'll be meeting Harbor this week under the lights so why don't you come around and see for yourself . . . They're everything we say and more . . . and it's great sport . . . this football . . . And to the Rayders lots of luck . . .

WHAT MAKES little boys do the things they do? . . . That's the question the Bill Lusks are asking following the most recent adventure of their young son, four and a half year old Alan . . . Seems he was spending the afternoon at his Grandmother Lusk's when he decided to take off . . . After all, he'd been promised that he could go to his other grandparents, the Keith Wagners . . . but there was no one to take him . . . More than an hour later he showed up at the Wagner cottage on north Mercer Blvd. past the Durance corner . . . No one would believe that he'd walked the more than 2½ miles but when his mother came for him, he took her over the route, showing her all the dogs he'd petted and all the other things he'd seen . . . Quite an adventure for a little tyke when you consider that he came through town, across the bridge and out US 31 to the golf course before he turned down Mercer . . .

OUR six-year-old nephew, Mike who lives in Petoskey, came up with something a little different but equally as 'boyish' . . . Seems he's taken to going out to play after supper and not coming home when he's supposed to . . . in fact, he wouldn't even answer when his mother called. Saturday night he received a little lecture when he went out shortly after six and feeling that drastic means were necessary, his mother informed him that if he didn't come home when she called he could just find another place to sleep . . . He didn't show up for some time and came only then because it had started to rain . . . He was met at the door and told that he'd better look for another place to sleep for he had disobeyed . . . and his mother concluded with "You can go to the dog-house or any place you want" . . . Imagine her surprise when he answered with "The dog won't let me in" . . . After promising all sorts of things he was finally allowed in and has been a perfect angel so far . . .

DR. WALTER HOFFMAN passed along a fee schedule he ran across recently in a professional magazine . . . And if you're one to long for the good old days, take a look at this . . . It comes from an 1847 Great Falls, N. H., Medical Association and offers quite a few bargains, we think . . For instance . . . it costs 25 cents to have one tooth extracted but each additional tooth, same individual, same sitting (so help us that's the way it's listed(cost only 12½ cents . . . Then there were office and house calls for doctors . . . Advice in ordinary case in office cost 25 cents, a visit in the village and ordinary medicines, 50 cents . . . At night however, the price of a call went up to $1.00 . . . Excision of tonsils was really costly, a whole $3.00 . . . But the ones we liked the best were for delivery of babies . . . a single birth cost $4.00 but if you had the good fortune to have twins, you had it made, for you got two for only $6.00 . . . How about that?

TOMMY was a good cat . . the John Schroeders loved him and when he met an untimely death on Antrim st., Angie, who with a group of friends found him, was heart-broken . . . An SOS went out to her dad who hurried to the scene and tenderly returned the cat to their yard for burial . . . There was no mistaking it, the dead animal was Timmy for he was black with just a touch of white under his chin . . . A little later in the evening as John was reading his paper, he heard a noise at the front door and opened it only to have something scoot past him into the kitchen . . . Mystified, he hurried after the animal only to find Tommy eating out of his dish . . He examined the animal and he too was black with a speck of white under his chin . . . The question now arises . . . do cats really have nine lives???

WE'RE going to start something new in the Courier and we think it's a pretty good idea . . . It doesn't have a name yet but for lack of a better we'll call it a recipe round-up . . . Each week there'll be a favorite recipe submitted by one of our local cooks . . . and Charlevoix's blessed with good cooks . . . It sounds like fun and lots of good eating so how about it . . . Won't you share your favorite recipe with us . . . The idea is Fran Dolliver's but we wanted to get our two cents worth in so suggested that each recipe be accompanied by a sample . . . We know one thing . . . we'd have plenty of good things to eat . . . But all kidding aside, the samples aren't necessary when you enter your recipe . . .

Commander L. N. Ditlefsen Retires From Coast Guard After 34 Years

Commander Lawrence Nordrum Ditlefsen, veteran of 34 years with the U. S. Coast Guard, retired last week as Chief of the Aids to Navigation Section, Ninth Coast Guard district, Cleveland, Ohio.

He and his wife plan to come to Charlevoix to make their home.

Commander Ditlefsen entered the Lighthouse Service May 5, 1917, where he served until enlisting in the U. S. Army in Jan 1918. After 20 months in France and the Army of Occupation in Germany, he was discharged and joined the Pittsburgh Steamship Co., sailing on the Great Lakes until he re-entered the Lighthouse Service at the close of the 1921 sailing season. He served 20 years in the Lighthouse Service and in 1937 was master of Lighthouse Buoy tenders.

In May, 1940, he was transferred from the Lighthouse Service to the U. S. Coast Guard as Chief Warrant Officer and was assigned as commanding officer of the Lighthouse Tender, Crocus, until June, 1952 when he was transferred to the Coast Guard base in Detroit as executive until Feb., 1943.

His next assignment took him to the Pacific, where he served as commanding officer aboard the LST 22 until March, 1944, when he was returned to the States for a serious operation.

Upon his return to duty, he was assigned briefly to the Cleveland District Office as assistant Aids to Navigation officer until Feb., 1945 when he was returned to duty in the Pacific. This time he became commanding officer of the AK 213 (USS Sussex) until Nov. 1945 when he was again assigned to the Cleveland District Office as assistant Aids to Navigation officer and finally, Chief of the Aids to Navigation Section, a position he held until his retirement.

Cmdr. Ditlefsen was born at Manistee June 5, 1898, the son of the late James and Maren Ditlefsen. His early years were spent in Manistee and Charlevoix, where he was graduated from the Charlevoix high school.

He is married to the former Myrtle Douglas of St. James. He has two step-children, Mrs. Grace Sexton who at present is in Germany with her husband, Lieut. John Sexton, U. S. Army and John C. Bradley who is third mate in the M. A. Hanna Company's fleet.

Former Resident Engaged To Wed

Mr. and Mrs. Clarence Feltenbarger of Ludington announce the engagement of their daughter, Myrta, to Private Russell P. Hillier of Fort Knox, Ky., son of Mr. and Mrs. Perry Hillier Jr. of Ludington.

A December wedding is planned by the couple.

The bride-elect attended the Charlevoix and Ludington high schools. Mr. Hillier, who attended the Ludington high school, has served in the U. S. Army for the past year.

Zeitler-Tukacs Marriage Vows Spoken In Single Ring Service

In a quiet ceremony solemnized at St. Aloysius church in Detroit Saturday afternoon, Mary Frances Zeitler, daughter of Mr. and Mrs. John Zeitler Sr. of this city, became the bride of Gideon Tukacs, son of Mr. and Mrs. Gideon Tukacs Sr. of Detroit.

The Rev. Fr. John W. [illegible] read the [illegible] the service in the presence of the immediate family.

The bride [illegible] a Balen[illegible] [illegible] dress styled [illegible] lace yoke, a matching cloche and accessories [illegible]. She carried a [illegible] on a white prayer book.

Theresa Zeitler was her sister's only attendant. She wore an Anne Fogarty gown of slate blue taffetta designed with simple lines and a flared skirt and matching accessories. She carried a nosegay of pink roses and lilies of the valley.

Neil Boyle of Detroit assisted the bridegroom as best man.

Mrs. Zeitler chose a teal blue wool suit and matching accessories for her daughter's wedding. Mrs. Tukacs wore an aqua blue silk dress and matching accessories. Both had corsages of pink roses.

Following the ceremony a wedding dinner was held at the Detroit Yacht Club, Belle Island. Places for 60 guests were laid at tables decorated with pink roses and white mums and lighted tapers. A tiered wedding cake centered the bride's table.

The couple left on a wedding trip to Washington, D.C., along the Skyline drive through the Blue Ridge Mountains and Shenandoah Valley. For traveling the bride selected a Black Watch clan plaid suit, brown accessories and a mink scarf.

On their return to Detroit the couple will reside at 1550 Collingwood ave.

The bride is a graduate of the Charlevoix high school and Michigan State college. The bridegroom is a graduate of Southwestern high school Detroit and a Navy veteran of World War II.

Among the wedding guests were Mrs. Zeitler, Mrs. Jean Gallagher and son, Michael, Bernard Zeitler, Harry Zeitler, Mrs. Lance Noff and Jerome Whitley of Charlevoix and Janice Zeitler of Grand Rapids.

Dessert Luncheon Given By Dickens Club Officers

The new officers of the Dickens Study club for the 1953-54 season entertained the club members at a dessert luncheon Monday at the Norwood home of Mrs. Allen Campbell which was decorated with autumn flowers for the occasion.

Announce Betrothal Of Maryland Girl To Donald Mort

The engagement of Myrtle Jane Shoemaker of Winchester, Md., to Donald C. Mort, Damage Controlman third class, U. S. Navy, has been announced by the bride-elect's parents, Mrs. Ann Pfeiffer of Baltimore and Milton Shoemaker of Brunswick, Md.

Mr. Mort is the son of Mr. and Mrs. Arthur C. Mort of this city.

Miss Shoemaker is a graduate of the James Wood high school in Winchester. Mr. Mort, a graduate of the Charlevoix high school is serving aboard the USS Orion at Norfolk, Va. At present he is attending deep-sea diving school in Washington, D. C.

Wedding plans have not been completed.

Cub Scout Plans For Coming Year To Be Formulated

The Cub Scout program in Charlevoix will be the subject of a meeting at the Charlevoix Rod and Gun Club tonight (Thursday), Frank Oleksy, cub master, has announced.

At that time parents of boys who are of cub scout age, that is, nine to 11 years, and others interested in cub scouting will meet at the club house with John Marchie, field scout executive, to map a program for the younger boys who are going into scouting for the first time.

Plans will be made to organize new dens so the many boys who are interested in joining the cub scout program may do so this Fall.

At the present time there are only two dens organized. They are headed by Mrs. James Coleman and Mrs. Ralph Hamilton as den mothers. Several more dens will be necessary if all the youngsters are to be given the privilege of joining the program this year.

All persons interested in scouting are urged to attend this meeting.

Charlevoix Wins Over Gaylord By 19-0 Score

★ ★ ★

Rayders Share Loop Lead With Ironmen

The Charlevoix Rayders racked up their second win of the current season with a 19-0 victory over Gaylord to retain their first place standing in the Northern Michigan Class C loop, a position they share with the Mancelona Ironmen.

The local eleven will take on the Harbor Springs Rams at 8 p.m. Friday at Kipke Field in an attempt to make it three in a row.

The Rams defeated Pellston 14-7 last week and though their passing attack was halted by the Hornets, they continued to make [illegible] way over the goal line for two touchdowns thus proving that they need not depend entirely on an aerial offensive to gain ground. They can be depended on to give the Rayders a tough game even though the Rayders will have an [illegible] by virtue of two league wins to date. Harbor Springs was handed a 37-12 trouncing by Mancelona earlier.

In the game against Gaylord last week, the Rayders were in control of the situation throughout most of the game with the Blue Devils venturing inside the Charlevoix 20 only once.

Charlevoix took over on their own 37 after receiving Gaylord's kick-off and in a series of plays with fullback Joe McDermott, halfback Boba Bennett and quarterback Tom LaBlance carrying the ball, picked up three first downs and moved the ball to the Gaylord 25.

Three quick five-yard penalties for offsides and backfield in motion pushed the Rayders back to the 40 before LaBlance was able to make a gain to the 25. A 15-yard penalty for illegal use of hands pushed them back again, making it third down and 25 to go.

Bennett took the ball from LaBlance, faded back to the 50 and got off a 35 yard pass to halfback Jerry Albright who advanced to the eight for a first down before he was brought down.

On the second play of the series Bennett went over right tackle from the six to score. Don Smith came in to kick the extra point and the score stood at 7-0 with three minutes left in the first period.

After taking the Rayder kick, Gaylord failed to make necessary yardage and punted on the fourth down, again giving the Rayders possession of the ball on their own 47. In two first downs Charlevoix moved the ball to the nine before Gaylord recovered a Charlevoix fumble on the 18 as the period ended.

On the first play of the second period, however, Charlevoix regained possession of the ball on the 19 when the Blue Devils fumbled and on a series of plays including a jump pass to end Dwain Walker moved the ball to the one-foot line where LaBlance went over on a quarterback sneak.

Smith's kick was blocked and the score remained 13-0.

Gaylord took the Rayder kick and on three first downs moved to the Charlevoix 16 before the Rayder line held and their threat was halted as Charlevoix took over on downs.

Handicapped by a 15-yard penalty for illegal use of hands, the Rayders were forced to kick out of danger and Gaylord took over on their own 46. The Blue Devils failed to capitalize on the break, however, and Charlevoix took over at midfield. The Rayders marched to the 12 as the half ended.

Charlevoix kicked off to open the second half but took possession of the ball at midfield when Gaylord failed to make yardage.

Albright moved the ball for a first down and a 15-yard penalty on Gaylord moved the ball to the 18 for a second first down and put the Rayders in scoring position. McDermott and Bennett moved the ball to the eight and a first down when a five-yard penalty on Gaylord for having too many men on the field put the ball on the three. Charlevoix's backfield was in motion and they lost five yards before McDermott went over from the eight. The score stood at 19-0 shortly before the period ended after Smith's kick was blocked.

Gaylord was in possession of the ball as the final period opened but had to kick out of danger and the Rayders took over on their own 37. After McDermott moved the ball to the Gaylord 25 on a long run, the Rayders lost the ball on downs on the 16. A first down to the 27 and a 15-yard penalty on Charlevoix moved the ball to the 46 where Tom Swanson recovered a Gaylord fumble.

With most of Charlevoix players going in and out of the game, the offensive slowed down and Bennett kicked from midfield into the end zone. An intercepted pass by McDermott on the 45 gave Charlevoix the ball as the game ended.

The Rayders played excellent ball on both defense and offense with Bennett, McDermott and Albright the chief ball carriers. Bennett carried the ball for 81 yards gained with McDermott toting for 79. Albright added better than 60 yards during the game.

Twenty-three of the 28 players saw action during the game.

Lansing — The Boone and Crockett Club, a private organization, has announced its sixth North American big game competition, the conservation department reports.

Outstanding trophies taken in Michigan are eligible for awards. Entry blanks may be obtained from the game division here.

The Charlevoix Reserves, composed of future Rayders, handed the Mancelona Ironmen a 26-0 defeat here Tuesday of last week to open their 1953 season.

Far left is Clayt Walker (22) carrying the ball with Kit Carson (25) Joe Etienne (26) Gary Smith (23) Jerry Stebe (24) and Walt Pouquette (38) driving through the Ironmen's line.

Rayders Meet Harbor Springs Under The Lights Friday Night

Charlevoix will host the Harbor Springs Rams; East Jordan will invade Boyne City; Pellston will travel to Mancelona and Gaylord will entertain Class B Cheboygan in games scheduled for 8 p.m. Friday as the third week of league play gets underway.

The Rayders, fresh from wins over East Jordan and Gaylord, will be out to make it three in a row this week when they meet the Rams, who have a one and one record thus far in league play plus a decisive win over Lake City.

The Rams, who have depended almost entirely on a passing offense, were limited to two completed last week by Pellston and despite this came through with a 14-7 win, so can be tough opponents even if they are stopped in this department. The Rayders, however, have proved themselves a pretty versatile team so should have something in mind to stop the Rams.

East Jordan marked up its first win of the season against a non-loop opponent, Onaway, Saturday by scoring 39 points. Boyne City on the other hand has yet to move into the win column. Both teams bowed to Traverse City St. Francis but despite this the Red Devils should have an edge over the Ramblers who have yet to prove themselves as a team.

Pellston, a scrappy outfit, will give the strong Ironmen squad a good battle when they play at Mancelona Friday. A young and inexperienced team, the Hornets are learning fast from errors made in earlier games and will be up for the Mancelona powerhouse which has three wins to date. The Ironmen, however, will have a definite advantage over the Hornets but will have to fight all the way to come up with win No. 4.

Gaylord who suffered a 19-0 loss to Charlevoix last week will entertain the Class B Cheboygan Chiefs led by speedy Tom McGinn. The Chiefs bowed to Petoskey by a 19-18 score Friday but should be back on the winning trail this week against the Blue Devils.

Last Week With Class "C" Teams

Charlevoix and Mancelona continued to share first place in the Northern Michigan Class C league this week following decisive wins over Gaylord and Boyne City respectively Friday night.

The Rayders won over Gaylord 19-0 with the entire squad seeing action and Mancelona trounced Boyne City 49-0.

In the only other league game played, Harbor Springs defeated Pellston 14-7 and in a non-loop meeting Saturday East Jordan defeated Onaway 39-6.

Mancelona 49, Boyne City 0

At Mancelona quarterback Dick Derrer again was the top scorer with four touchdowns and a touchdown pass to his credit, bringing his total points for the season to 81.

The Ironmen took a 31-0 halftime lead after left halfback Bill Dalton scored on a line play from the four; right halfback Don Phillips, on a reverse went over from the 15 and Derrer carried the ball into the end zone on 23, 60 and 23 yard runs. Dalton kicked one extra point.

Derrer scored on a quarterback sneak from the four in the third quarter and Dalton went over from the ten after taking a 20-yard pass from Derrer in the last period.

Harbor Springs 14, Pellston 7

In a game marked by many penalties, Harbor Springs' scoring opportunities were confined to the first half as the Rams defeated arch rivals, the Pellston Hornets, 14-7. Halfback Leon Sterly went over from the three in the first period and end Stan Pifer in the end zone took a 15-yard pass from quarterback Tom Clark for the second TD in the second period.

Pellston's lone tally came in the second quarter when right halfback Glenn Aurrand scored from the four following a sustained drive during which the Hornets piled up five first downs.

Red Pontius kicked the extra points for the Rams. A pass from quarterback Bob Rudy to end Harold Drier added one point for the Hornets.

East Jordan 39, Onaway 6

East Jordan racked up its first win of the current season by downing Onaway 39-6.

Quarterback Keith Evans was the chief point maker as he scored four touchdowns and added three extra points, two on end runs and a third on a kick. Right halfback Ray Gee and fullback Bob Ronbach each added a touchdown during the afternoon. Bobby Danford, left halfback, set up one touchdown when he carried the ball to Onaway's three yard line after intercepting a pass on his own 30.

Onaway's only touchdown came in the last period on a line plunge from two yards out.

Child Guidance Clinic Starts Fall Program

(Continued from Page 1)

needs of Charlevoix, Cheboygan, and Emmet counties, and are in the process of expanding to include the counties of Antrim, Otsego and Presque Isle.

The Petoskey clinic is one of 14 such child guidance clinics established throughout the state where children with problems may receive psychiatric, psychologic, social, and educational assistance. Last year almost 200 children and their parents were seen for a total of approximately 1200 interviews at this clinic.

During the past year an innovation was started by the Petoskey Clinic which is of particular interest to Charlevoix county. Part of the staff is spending a day a week in Charlevoix to better meet the needs of this area. At first space was donated in the City Hall, and when it became necessary to make use of these offices for city governmental officials, the city schools made rooms available. Whether or not this service continues on its present basis is entirely dependent on the extent to which it is used

Any child enrolled in school (or not more than 16 years of age if not in school) is eligible for clinic service. All that is necessary is to obtain permission of the parents or guardian and write or phone the clinic for an appointment time. Because the clinic is financed jointly by the state and community no fees are charged for any clinic service.

The following members of the Advisory Board reside in Charlevoix county: Mrs. Kit Carson and Mrs. Dean Davenport ,Charlevoix; Dr. Litzenburger and Mrs. Louise Goodwin, Boyne City; and Mrs Theodore Malpass and Mrs. Wilbur Robertson, East Jordan.

Quiet Corner

Alone with his thoughts, John Boven of Imlay City was little concerned because the perch weren't biting at East Tawas state park dock one afternoon recently. It was a nice fall day, the sun was shining and Boven was simply engaged in the time-honored occupation of relaxation. The park dock is popular with perch fishermen and occasional good catches are taken here. Anglers each year make use of many such docks bordering the Great Lakes in Michigan and keep perch fishing a sport of unrivaled popularity.

Fall Planting Time

Workers at Michigan's three conservation department nurseries are busy these days shipping young trees to planters for use this autumn. The fall planting season generally runs from September 15 to November 1, depending upon the weather, and during that time the nurseries send out millions of seedlings and transplants for use in Michigan's active reforestation program. Here a group of workers at the Higgins Lake nursery count and bundle the young trees.

service club dinner at the Perry Hotel in Petoskey Oct. 15 to hear George Trautman, commissioner of minor league baseball and former Detroit Tiger general manager, speak on baseball. Mr. Trautman is considered one of the top after dinner speakers in the country, Mr. Mitten said.

Fred Bancroft was named to head the nominating committee for the annual November election. He will be assisted by H. E. Bingham, Frank Bird, Ralph V. Hess and A. L. Livingston.

Capt H. E. Paddock also named the following committee to arrange for the annual Hollowe'en children's party: R. G. Bennett, Rev. George L. Majors, Rev. Harold Kohn, M. A. Levinson, Frank Oleksy, Leonard Burns, Charles Pontius and Mr. Bingham.

Tentative plans for entertainment for a program at the Northern Michigan Sanitorium at Gaylord on Nov. 15 were also made.

The sale of miniature white elephants prior to the annual White Elephant sale Oct. 21-22-23-24 opened at the meeting. The campaign is in charge of Mr. Levinson.

Mrs. Thomas Jackson Leaves For Morocco To Join Husband

Mrs. Thomas Jackson and son, Tommy, left last Thursday for New York City from where they were scheduled to sail today (Thursday) for French Morocco to join Staff Sgt. Jackson who has been stationed there since last spring with the U. S. Air Force.

Mrs. Jackson and son, who have been living here with her parents, Mr. and Mrs. A. E. Mock, for several months, left here prepared for a two year stay abroad.

They will be met by S-Sgt. Jackson when they arrive in North Africa on Oct. 17.

Offer Prize For New Farm Electric Ideas

If you have an idea for a new use of electricity on the farm, you can win a free trip to Michigan State college, says Ed Rebman, Charlevoix county agricultural agent.

M.S.C.'s agricultural engineering department and Michigan power companies want to give new information to farmers that will help reduce labor and provide more farm income. That's the reason for the free trip award. Suggestions are screened and the person who sends in the best idea during a month will be a guest of the agricultural engineering department and Radio Station WKAR at the college. These will be dinner at Kellogg Center and a tour of points of interest on the campus, and membership in the "Electriclub".

Robert L. Maddex, extension agricultural engineer at M.S.C. reports that the trip will be awarded for ideas on a new use of electricity, a new application for a piece of equipment driven by electricity or a suggestion that will put electricity to work for other farmers in Michigan.

If you have an idea, says Maddex, describe it and send it to Don Hamilton, Radio Station WKAR, Michigan State college, or the station on which you hear the program, "Electricity Works for You". Suggestions for the use of electricity will be read over that program at 1:15 p.m., Tuesday, Wednesday and Thursday on WKAR. The program is carried on other stations around the state at different times during the week.

Faulty Milk Can Covers May Be Costly

Milk cans exposed to dust, although covered with conventional lids, may take in enough dust to cause a rejection of milk at the plant, says Ed Rebman, Charlevoix county agricultural agent.

Dairy farmers should take care, he cautions, to see that both the lid and can are in good condition.

Donald L. Murray, extension dairyman at Michigan State college, suggests that both cans and lids should be checked often. If they are not in good condition they should be re-tinned or discarded.

Another offender in damaging milk quality, reports Murray, is milkstone in cans. He advises that the farmer should use milkstone remover on his cans as often as needed.

The dust problem in other areas is more acute than in Michigan, however. In some places dairymen are advising farmers that the umbrella or plug lid is not adequate. The specialists there are encouraging the use of a plastic topper or a rubber cover.

Since the conventional lids give limited protection, Murray notes, the cans should be placed out of the way of dust and dirt at all times.

Announce New Tax On Used Cars Now In Effect Here

If you buy a used car after October 2 from a dealer, you will pay the three per cent sales tax as in the past. If you buy it from anyone who is not a licensed dealer, you will have to pay a three per cent use tax figured at three per cent of the amount you pay for the car. It is a new law passed by the 1953 State Legislature.

Fenton R. Bulow, manager of the local Secretary of State's license bureau, said both taxes are collected by him at the time transfer of title is applied for. He reminds all persons contemplating the purchase of a used car from anyone who is not a dealer that the use tax is a new tax and that under the law transfer of title and license plate cannot be made until the tax is paid.

The only exemptions from the new use tax are:

1. Gifts that may be proven as bona fide.
2. Gifts to be beneficiary in the administration of an estate.
3. On titles issued to a lienholder upon repossession of an automobile.
4. Sales by a public official in the administration of law.

Automobiles involved in a trade when no actual money is exchanged are sales under the new law and the three per cent use tax must be paid on each automobile involved in a trade. The tax in such cases is based on the fair cash value and persons acquiring an automobile in this manner who do not know the fair cash value should ask a licensed automobile dealer.

Style Beauty Shop and Merle Norman Cosmetics Studio will close for the winter, October 17. Phone number changed to LI 7-6775. Glenn Krohn, Hair Stylist, 106 Park ave.

Directors For Charlevoix County Fair Named At Annual Meeting

Results of the election of eight directors to the Charlevoix County Agricultural society were announced Monday evening at the annual meeting of the organization held in the East Jordan high school. Members of the society cast their ballots for directors during the week of the Charlevoix County Fair.

Directors elected were: Lonnie Adkins, Wilson township; Mike Barnett, East Jordan; Floyd Black, Charlevoix; Clyde Warner, Norwood township; Charles Murphy, East Jordan; Chris Taylor, East Jordan; Floyd Scott, Echo township, and Dick Schroeder, East Jordan.

Annual report of the secretary, Ed Rebman, revealed the Fair had an operating deficit this year of $845.38, in addition to a deficit of $492.00 for maintenance and repairs.

While there was much criticism about the operation of the fair, most of it was of a constructive nature and the prevailing attitude indicated that those present wanted to continue operation of the Charlevoix County Fair. The larger attendance at this annual meeting encouraged those who have carried the load in staging the fair.

There was considerable sentiment favorable to advancing the fair to earlier date and many expressed the thought that the fair program should be revamped to meet a more popular interest.

Criticism offered will probably be of material aid to the directors in planning future policy.

Friday Is Booster Night At Barnard

Booster Night, an annual event of the Barnard Grange, will be held on Friday, Oct. 9 at 8:00 p.m. at the Grange Hall.

Stunts and games will provide the members and guests with fun and entertainment. Following the program a potluck lunch will be served.

Anyone interested in the work of the Grange will be welcome and all members are urged to bring a guest.

Booster Night Held By Marion Grange

Approximately 57 persons enjoyed Booster Night at the Marion Center Grange Hall on Friday night.

Following an 8:00 o'clock supper served by the Grange, Ed Rebman, county agent, showed movies.

Turkey Growers To Stage Festival At Grand Rapids Oct. 3

The annual Michigan Turkey Festival will feature five divisions with 31 classes this year when the event opens at Grand Rapids on Nov. 3. The turkey exhibition and educational program runs through Nov. 5.

Marve DeWitt of Zeeland, president of the Michigan Turkey Growers' Association, is chairman of the Festival. Michigan State college's poultry department co-operates in staging the show and program. Extension poultryman Don Miller is secretary-treasurer of the association.

Besides the exhibit competition, the show will feature prominent speakers in the turkey raising business. A panel discussion on the first day will present ideas on "What Makes a Good Poult?" Howard Zindel of M.S.C. will be moderator. Participants will include Lester Soules of Jackson, Marshall Michaels of Alma and Marve DeWitt.

Other speakers will include Cliff Carpenter, Chicago, president of the Institute of American Poultry Industries; Dr. Benjamin Pomeroy, professor of veterinary medicine at the University of Minnesota; Anne B. Ryan, a home economist from Detroit; and D. B. (Woody) Varner, director of M.S.C.'s Co-operative Extension Service. Turkey diseases and ways to cook different sized birds will be featured in discussions and demonstrations.

Corn Stalks Prove Good Soil Builder

The soil that grows Michigan's most important crop . . . corn . . . is worth saving. Cornstalks left on fields over winter will help, advises Frank W. Trull, Michigan State college extension soil conservationist.

Crop residues, broken cornstalks, spread-out soybean straw, or similar mulches, help the soil to absorb the pounding of rain just as growing crops do, he explains. One inch of falling rain has the potential to plow 19 times the area on which it falls if its force is not broken, says Trull, and this starts the washing-away of soil.

Trull cites an experiment with two plots on a 4 per cent slope at Illinois Agricultural Experiment station. A rainfall of nearly 2 inches in an hour took 193 pounds of soil off an acre where cornstalks were broken down across the slope. In an adjoining bare plot, the rain took 4,148 pounds of soil, or 20 times as much, from one acre. In a soybean straw test, the covered acre lost 715 pounds and the bare acre 3,362 pounds of soil.

Break cornstalks down close to the ground to get best results, says Trull, or, for better job, run a stalk shredder over the field

State Soil Group Names Chairman

R. Lester Hill, successful fruit grower near Caro, has been named the new chairman of the State Soil Conservation Committee. Dr Clifford Hardin, dean of agriculture at Michigan State College was chosen vice-chairman and a member of the executive committee. The new chairman is a member of the board of directors of the Tuscola Soil Conservation District and has been a member of the state committee since 1945.

DHIA State Herds Seventh In Nation

Dairy herd improvement associations in Michigan climbed to seventh place in the nation for average milk and butter fat production, according to figures compiled by the Bureau of Dairy Industry.

In 1951 the Wolverine State's DHIA groups stood in eighth place for milk production and eleventh in butterfat output. Michigan DHIA cows averaged 9,509 pounds of milk and 374 pounds of butterfat in 1952. Cows produced an average of $274 over feed costs for their owners.

Suggests Fall Dairy Chores To Improve Winter Operations

A lot of fall chores need doing around the dairy farm before cold weather really sets in, says Ed Rebman, Charlevoix county agricultural agent.

Rebman passes along these reminders from George Parsons, extension dairyman at Michigan State college. They include some of the activities that are going on right now at M.S.C. dairy barns.

Clean the drinking cups. They get filled easily with hay, straw, grain and small pieces of corn cobs. A cow needs plenty of water.

Take a look at the stanchions. Maybe you need to put in some bolts where baling wire had to suffice during the busy summer.

Wash the windows . . . especially the inside. Replace the panes that were casualties from the pranks of the grandchildren last summer.

Fix that balky door. Sometimes a barn settles and effects the working of the door. And fix loose boards around the barn.

If the bull pen needs redecorating, it's a lot easier now to dig holes and drive spikes than it will be during a February gale.

Unfrost the outside of light bulbs . . . wash off the fly spray and fly specks.

Get a bag of ready-mix cement and seal up rat holes and broken places around the stanchions and walls. Do it before the cows are in all day and all night.

BUY BIG for as little as $2,243.88*

*Local delivered price of the **New 1953 Buick SPECIAL**
2-Door, 6-Passenger Sedan
Model 48D (illustrated)

*Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

WHY should you do yourself out of the big things in motoring life?

Why pass up the room and power and comfort and niceties of big-car travel — when you can buy a big, new Buick SPECIAL for just little more than the price of smaller cars?

We show our price here to prove our point — to prove that you *can* buy this Buick SPECIAL for just a few dollars more than you have to pay for one of the so-called "low-price three."

Figure what *that* means—

Just a few dollars more for a lot bigger hoodful of power — Fireball 8 power — the highest horsepower ever placed in a Buick SPECIAL.

Just a few dollars more for big and spacious 6-passenger roominess — and the solid, steady comfort of Buick's famed Million Dollar Ride.

Just a few dollars more for Buick styling, Buick handling, Buick luxury, Buick fun.

But do you know what else those few extra dollars get you in this big, broad, beautiful Buick?

THE GREATEST BUICK IN 50 GREAT YEARS

They get you a long list of standard equipment *at no extra cost* that most other cars at or near its price charge you for, *as extras*—which makes our quoted price even lower than it looks.

We have the facts and figures to prove our points. All we need is you, at the wheel.

Drop in on us this week and see for yourself that your new-car money really buys big—in Buick.

Michigan Mirror
INTERPRETING THE NEWS

by Gene Alleman

LOOK FOR a series of appointments to state positions. And look for quick, concentrated criticism from Republican leaders wherever there is room for the change of "politics."

A compromise-minded governor is less likely to encounter trouble in making appointments which must be confirmed by the senate. There is a natural conflict between the administrative and legislative branches. If leading senators can pressure the governor into appointing their choices, naturally there is no trouble in legislative confirmation.

A strong governor is more apt to appoint his personal selections and try to force senate acceptance.

The conflict exists even when both branches of government are dominated by one party. But when the governor belongs to a party which does not dominate the senate, the battle becomes more intense.

* * *

CURRENTLY some 30 appointments are in the process of being made at Lansing. Some have long been considered "hot spots" . . . six openings on the Corrections Commission, one on Social Welfare, one on Mental Health. Toughest from a replacement standpoint is State Controller. Dr. Robert Steadman, a Wayne University professor, resigned effective Sept. 30 to return to the classroom.

"The Governor is very careful in making selections," says his press secretary, Paul Weber. "He likes to discuss the job with the person involved before an appointment is made," Mr. Weber explained, "and this sometimes means waiting for an opportune moment."

It would not be practical, he explained, for the governor to call prospective appointees to Lansing because alert reporters could be expected to draw conclusions resulting in "speculative" stories.

* * *

REPUBLICAN critics agree that Gov. Williams is careful in making his selection. But they charge that he takes care to find people whose appointments benefit him politically.

So they sometimes exercise their right to withhold confirmation or, in other instances, to reject the governor's appointees.

This makes it more difficult to appoint well qualified people, according to Mr. Weber. He explains that the highest caliber people usually have full-time vocations and must make sacrifices of time and effort to serve on a commission . . . often at no pay.

The result is that many are reluctant to attempt to make a civic contribution when they consider the treatment they get from the legislature.

A BATTLE has raged for years over interpretation of a term in laws which create these positions. The governor makes the appointment "with the advice and consent" of the senate. Senators think that means they should do more advising before they are requested to do any consenting; governors (Williams and his predecessors) work on the basis that they receive less direct advice. And they also think they have some Attorney General opinions to support them.

There's little chance of the general situation changing very much. This is another of democracy's "check and balance" systems. And while it might complicate the plight of governor's in filling state appointments, it also makes it more difficult for him to pack state offices with his political henchmen.

Resort Group To Meet This Week At Grand Rapids

Grand Rapids — An appraisal of the value of vacation business will be the topic of an address by Charles A. Horrworth of New York manager and executive vice president of the American Hotel Association at the thirty-sixth annual membership meeting of the West Michigan Tourist and Resort Association at the Rowe Hotel here October 8 and 9.

Mr. Horrworth will speak at the annual banquet on the evening of the opening day's program.

For more than 10 years Mr. Horrworth was engaged in analyzing public relations conditions in cities and communities throughout the United States, advising organized groups on civic improvement programs.

He also served for eight years as public relations director of the All-Year Club of Southern California, the state's organization for the development of vacation travel through national advertising. Since 1943 he has been manager of the American Hotel Association.

Election of officers, reports of officers and other business will come before the tourist association members on the opening day of the two-day meeting.

The annual press and membership luncheon is scheduled at noon the first day. The banquet to be held in the Louis XIV room at the Rowe Hotel in the evening.

On the closing day the program will be devoted to discussion of the resort and travel industry.

Early Morning Fire Damages Local Home

An early morning fire at the home of Mrs. A. C. Belding at 220 Antrim st. caused an estimated $2.000 damage to the two story frame building Friday.

Caused by an overheated water-heater, the fire had spread throughout the rear of the first floor before Mrs. Belding was awakened by the barking of a neighbor's dog and called the fire department at 3:15 a.m.

Concert Series To Open Oct. 15

The northern Michigan Community Concert Association will begin their seventh season on Thursday evening, Oct. 15 when they present Michael Rabin, violinist, at the Petoskey high school auditorium.

Michael Rabin is the sensational lad who conquered a continent at his first appearance. When he was only 14, he appeared as the youngest soloist ever to be starred on the Telephone Hour, on August 7, 1950. Other great violinists, Kreisler, Heifetz, and Francescatti, had been chosen by this famous program, and Rabin joined the Hall of Fame on this occasion.

Michael comes from a musical family. His father, George, has been a violinist with the New York Philharmonic for 30 years, and his mother, Jeanne, is a pianist, formerly with the Juilliard School. Michael was born on May 2, 1936, and began to take piano lessons from his mother before he was six. At seven, he became enamoured of a small-sized violin belonging to a physician friend of the family, and the doctor gave it to him. His father realizing that he had a prodigy on his hands, took him to study with Ivan Galamian, of the Juilliard and Curtis faculties, and Michael has worked with Galamian ever since.

He is already a veteran of TV, having appeared on the NBC TV Recital Hall and with Milton Berle twice. He has recorded for Columbia Masterworks.

Other dates in the 1953-54 Northern Michigan Community Concert series are: Wednesday, November 25, 1953, the Guard Republican Band of Paris; Thursday, February 25th, 1954, Lelia Gousseau, pianist, and on Monday, March 15th, the famous Tuscon Boy's Chorus. Admission to all of these concerts are by membership in the Northern Michigan Community Concert Association.

The next meeting will be at the Norwood home of Mrs. Allen Campbell Oct. 20.

Supervisors Will Meet Next Monday

The Charlevoix county board of supervisors will open their annual October session at the court house here at 10 a.m. Monday, Oct. 12.

Business to be transacted includes the appropriation of taxes and the adoption of the 1954 budget.

Little Theatre To Present First Play

The Petoskey Little Theatre will open its 1953-54 season with the production "I Remember Mama", dramatized by John Van Druten from Kathryn Forbes' familiar story "Mama's Bank Account".

Two performances will be given in the Petoskey high school auditorium on Oct. 12-13 at 8:00 p.m.

Conservation Class Is Being Offered

"Conservation of Michigan Resources", an extension course being offered by the University of Michigan, is now meeting every Wednesday evening at the Charlevoix high school.

The class, consisting of ten persons from Charlevoix and nearby towns, will attend a series of lectures and movies.

A unique and different feature of the course will be found in the examination of the problems of wood utilization" and 'human' conservation"

H. E. Cunninghams Celebrate Golden Wedding Date Here

Mr. and Mrs. H. E. Cunningham, former Eveline township residents, celebrated their golden wedding anniversary at an open house at the Community Church of God Fellowship Hall Saturday afternoon and evening.

More than 100 relatives and friends gathered for the happy occasion.

The couple received many lovely gifts and cards in honor of the anniversary.

THE UNITED STATES and Britain have announced they are withdrawing their occupation troops from Trieste in hopes the action will spur Italy and Yugoslavia to settle their dispute over Adriatic territory.

• • •

YUGOSLAVIA immediately demanded that the United States and Britain reverse their decision and termed the Anglo-American action 'unjust,' 'illegal' and 'dangerous.'

• • •

THE UN Command has assured India that the Allies will quell any South Korean attempt to fight Indian troops guarding anti-Red prisoners of war.

• • •

THE HOUSE Agricultural committee urges immediate action to keep cattle prices from going below their present level in hopes of "heading off economic disaster among livestock producers and preventing the fast liquidation of herds that now threatens the future meat supplies of the consuming public."

• • •

YUGOSLAVIA canceled all military leaves Sunday shortly after President Tito warned that he would send troops into Trieste "at the moment". Italy sends occupying forces into the area.

• • •

YUGOSLAVIA also called for direct talks with the United States, Britain and Italy on the issue of Trieste and notified the United Nations a threat to peace exists.

• • •

RUSSIA has promised to support the admission of Italy and Finland to the UN if three Soviet satellites, Romania, Hungary and Bulgaria, also were admitted.

Annual Tea Is Definite Success

Approximately $130. was received at the tea held Tuesday afternoon, Sept. 29 and it will be sent to Mrs. Anna Petter Grundy to be used in her mission work in India.

The tea, an annual affair was held in the basement of the Atwood Reformed church with Mesdames John Bos and George Koster as hostesses assisted by Mrs. William Petter with friends assisting with the serving during the social hour.

Mrs. Harry Bos led in group singing and Mrs. Hans DeYoung served as piano accompanist for the afternoon program.

Mrs. H. Fikse read an appropriate scripture adding a few well chosen comments.

Mrs. John Bos presided and presented a short reading "A Challenge to Us" and also offered prayer.

Mrs. William Goeman read a letter from Mrs. Grundy, written especially for the occasion.

Musical numbers on the program were provided by a quartet from the Atwood Christian Reformed church composed of Mesdames Merion Sitzema, Peter Potts, George Koster and Casey Veenstra; a vocal solo by Mrs. Marvin Shooks; and a vocal duet by Mesdames Peter Potts and Casey Veenstra.

Readings were given by Mesdames Nellie Ruhingh, Harvey Essenberg and Grant Hastings.

Mrs. Koster read exerpts from letters of Mrs. Grundy to friends and relatives in this area that served to acquaint the guests with work being done in her missionary efforts.

During the social hours Mesdames H. Goodyke and Harry Bos presided at the coffee and tea services.

School Open House To Be Held Tonight

The dedication of the new Charlevoix public school buildings and the first open house of the 1953-54 school year will be held tonight (Thursday) beginning at 7p.m., Supt. R. G. Bennett has announced.

Parents and friends are invited to tour the new building and addition, visit the classrooms, view the work of the students and confer with the teachers between 7 and 8:30 p.m. tonight.

Dr. Lester W. Anderson of the University of Michigan Bureau of School Services will deliver the dedicatory address during a program in the high school auditorium at 8:30 p.m.

Howard MacDonald of the MacDonald Construction Co. who held the major contract for the construction of the new unit which houses the music and industrial arts departments and the four-room addition to the elementary school will present the structures to the Board of Education in behalf of the contractors.

Bonnie Nickerson, president of the board, will accept the buildings from the contractors.

Colin Wares of the Walters and Hemming Plumbing Co. and C. E. Davis of the Davis Electric Co., both of Traverse City, who also contractors for work on the buildings, Lee Haymaker and Malcolm Williams of the Warren S. Holmes Co., school architects, will also be presented and will speak briefly. Fred W. Willis, Vernon Mathews, Albert Smith and E. D. Hawley, other members of the Board of Education will also be introduced.

The Rev. Richard J. Lintner will give the invocation and the Rev. E. F. Denay the benediction. Music will be by the Charlevoix high school band under the direction of C. A. Odmark.

The open house programs are held several times during the school year so parents and friends may visit the school, consult the teachers and better acquaint themselves with the work being done by the school in educating the children of the school district.

An invitation has been extended to all residents of the Charlevoix school district to visit the school tonight, tour the new buildings and inspect the other major improvements made in the other school buildings.

Following the program, refreshments will be served in the high school cafeteria.

The program for the open house and dedication program was arranged by a committee composed of H. E. Bingham, Frances Milner and C. A. Odmark.

Florists From Here Attend Area Show

Local florists were among the members from district No. 4 who attended the annual Northern Michigan Florists show held at the Park Place Hotel in Traverse City Monday, Tuesday and Wednesday.

Those who attended were Mr. and Mrs. Frank Novotny and Mrs. William Lusk of Frank's Flowers and Albert Edwards and Louis Holm of Edwards' Florists.

Annual Turkey Shoot

The program is designed to acquaint the public with the Corps whose job is to watch the skies for enemy bombers.

Mr. Elzinga urges that everyone listen to the series to be heard every Monday at 4:15 p.m.

Supervisors To Base All Tax Levies On County Valuation

A motion to levy all couny taxes on the county equalized valuation of **$18,394,650** was adopted by the Charlevoix county board of supervisors meeting here this week for their annual October session.

The adoption of the motion rescinds the action of the county allocation board which May 13 allocated five mills to the schools to be levied on the state equalised valuation of $25,138,426. In allocating the millage to the schools on this basis, the allocation board was following the ruling handed down by the attorney general's office that the school millage in districts that are fractional with other counties be levied on the state equalised valuation figure.

Reports by various department heads and requests for funds were heard by the board on Monday and Tuesday morning.

Three new supervisors joined the board at this session. They are Drew Young of Charlevoix's first ward who succeeds the late George O. Haggard; York Oster of Hudson township and William G. Korthase Jr. of Wilson township who were appointed to succeed Sharon Crego and Lester Hall respectively who resigned for business reasons.

City To Observe U. N. Day Oct. 24

Leroy Plum, chairman of the 1953 local United Nations Committee, is completing plans for the observance of the anniversary here Oct. 24.

The date marks the anniversary of the entry into force of the United Nations charter. In observance of the occasion, the people of the community are urged to send messages to friends, relatives and associates in other countries, to learn more about the United Nations and its members and to express their confidence in the organization, their friendships in other peoples and their faith in the ultimate triumph of peace and justice through the efforts of men of good will.

Plans for the local observance of the anniversary will be announced next week by Mr. Plum.

Kiwanians Hear Of Local School Music Program

The Charlevoix Kiwanis Club Monday night heard C. A. Odmark Charlevoix high school band director, speak on the music program in the local schools.

He said that 125 students from the sixth through the twelfth grades were participating in the program this year. The senior band now boasts 64 members including 11 seniors. There are 26 younger musicians waiting to replace the seniors when they graduate this spring.

He went on to say that Charlevoix has one of the finest band music libraries in the north with 198 marches in its files. The library and instruments owned by the school represents an investment of more than $12,000.

Five members of the club announced their intentions of attending the interclub meeting at Petoskey Thursday evening to hear George Trautman, former Detroit Tiger official.

The nomination committee announced the candidates for the club election which will be held early in November.

Guests at the dinner meeting at the high school cafeteria were A. A. Schaerer of the Detroit-Strathmore Club, Edmond M. Burr of Ann Arbor and Martin Phillips of Ann Arbor.

Oldest Cub Den Starts 11th Year

Charlevoix's oldest Cub Scout Den with Mrs. Ralph S. Hamilton as den mother, started its eleventh year of activities last week with an organizational meeting and election of officers.

Perry Smith was named denner; James McCann, assistant denner; Tom Browe, keeper of the buckskin.

Chris Campbell is den chief.

Other den members are Toby Ettig, Jimmy Ferguson, Mike Gallagher, Tom Oleksy, Frank Theirry and one new member, Dean Gengle.

Kiwanis White Elephant Sale Is Next Week

The Charlevoix Kiwanis Club will sponsor its annual White Elephant sale at the Charlevoix Oil Co. building beginning at 9:00 a.m. Thursday, Oct. 22 and continuing through Saturday, Oct. 24, Angus Fochtman and Fred Bancroft, co-chairmen of the event have announced.

Proceeds from the popular sale have been earmarked for the Youth Center building fund established last year by the club for the construction of a Youth Center where the youth groups of the community can meet and enjoy dancing and entertainment.

The fund at this time has a total of $1,000 in government securities including $850 from the 1952 White elephant sale, $100 donated by the local SPEBSOSA chapter and $50 from the Kiwanis Club Venetian Night projects.

Until last year, all Kiwanis club funds were used to sponsor Boy Scout and Cub Scout programs and other youth activities in the community. The need of a youth center, however, became more apparent to the members and it was decided to deposit all funds received in the annual White Elephant sale in the Youth Center account and to sponsor other projects to carry on the Boy Scout, Cub Scout and other youth activities such as the annual Hallowe'en party.

It is the hope of the Club that at least $1,000 will be realized from the sale next week.

There is little doubt that a Youth Center is one of the prime needs of the community and it with this thought in mind that the Kiwanis Club members request as many items as you can possibly give for the White Elephant sale next week. Furniture and other resaleable items are needed to give a good selection of merchandise. Although clothing seems to be in abundance, more is acceptable.

The co-operation of the public is needed in this enterprise and when the fund has reached a sum where building operations can be started, all interested groups will be invited to plan the type of structure needed.

Arrangements are being made through the Internal Revenue department so that this fund will be considered a charitable organization and any contributions to it are deductible from the income tax under the 20 per cent clause for deduction under this type of contribution.

The public is invited to patronize the White Elephant sale starting Wednesday and do its part in raising funds to build the Youth Center.

Hairdressers Group To Meet

The Northern Michigan District of the National Hairdressers Association will hold their monthly meeting at the Argonne on Oct. 19. Dinner at 8 p.m.

Kick-Off Breakfast Will Start One-Day Campaign For $5,665

The annual one-day Community Chest fund drive to raise $5,665.00 will be staged Friday with more than 50 solicitors calling on every home and business place during the day.

The drive will officially open with a kick-off breakfast at the high school cafeteria at 9:30 a.m. for all captains and their workers. Immediately following the breakfast they will begin an intensive canvas of the entire area in an effort to complete the campaign in one day.

However, the drive will be extended through next week if it should become necessary, William Supernaw and Charles Pontius, co-chairmen of the campaign, said Wednesday in urging that all residents have their contributions ready when the solicitors call.

Funds are being solicited for the Boy Scouts, Girl Scouts, Community Nurse, City Recreation Council, United Health and Welfare Fund, Salvation Army, Michigan Children's Aid and the Charlevoix Service Organization.

Mr. Supernaw and Mr. Pontius have named the following captains who will head the drive in their respective communities: north side, Mrs. Charles Bleha; valley, Mrs. Grover Geneit and Mrs. William Lusk; south side, Mrs. Fay Davis; Charlevoix township, Mrs. Clayton Smith; Barnard community, the Three M's club; Mr. Supernaw and Mr. Pontius will solicit the business district and local industries. Other captains will be named later.

In announcing the details of the drive, Mr. Supernaw said that for the first time only the heads of the local industries and business will be solicited at their respective plants or business places. All employees will be solicited in their homes.

The organizations whose needs are fulfilled through the Community Chest drive are well known to everyone in the Community.

The Boy Scouts and Girl Scouts whose councils are requesting $900 and $800 respectively, serve a large portion of the community's younger population and give them a varied and interesting program during their most formative years. The $850 request for the Community Nurse pays a portion of her salary with the State Health Department financing the remainder, so that the community may have a nurse to serve not only its schools but the people of the community.

The work of the Salvation Army is well known and its request for $325 for carrying on its work in northern Michigan will be well spent; the Charlevoix Service Organization which has asked for $500 presents parcels to all departing inductees as well as financing the cost of sending the Charlevoix Courier to local servicemen; The Michigan Children's Aid Society which requested $275 selects foster homes for children and arranges for adoptions in the community; the Charlevoix Recreation Council shares the cost of the summer recreation program with the $300 it has requested.

Under the heading of United Health and Welfare are listed some 26 organizations which directly or indirectly benefit the people of the community.

Probably the best known in this list is the Michigan Heart Association which will sponsor a cardiac housewife program at Boyne City Nov. 4, 6, 11, and 13; another is the Michigan Association for Better Hearing whose unit was visited by 124 Charlevoix county residents last year.

Other agencies included on the lists which benefit the community by research, education or advisory services are those for arthritis, polio (Sister Kenny Foundation), cerebral palsy, mental illness, multiple sclerosis, blindness, epilepsy, cancer (Jackson Memorial laboratory), and nursing as well as state and national agencies for delinquency, child care, health and welfare co-ordination, family problems, race relations, travlers' problems, recreation and legal problems.

Most people have come to accept the services offered by these agencies as a matter of course unaware that they are financed through funds solicited by the United Health and Welfare Fund.

So . . . be a good neighbor . . . support the Community Chest Campaign by contributing generously when the solicitor calls at your home or place of business.

The results of the campaign will be posted daily at the Charlevoix Abstract and Engineering Co. office.

Date Is Set For November Draft; Two Men Called

Charlevoix county's draft quota for November has been set at two men, Mrs. Cornelia Barber, clerk of the local draft board, has announced.

The pair will leave here Nov. 2 for induction at the Detroit Induction center.

An additional ten men will be called for pre-induction physicals Nov. 16.

The names of those to be called for both induction and pre-induction physicals will be announced following a meeting of the Draft Board later this month.

ODDS 'N ENDS

By Fran Martin

THE ANNUAL Community Chest drive will get underway this week with your friends and neighbors soliciting funds to keep your Boy Scouts, Girl Scouts, Community nurse and other local projects going . . . also included in the drive is the United Health and Welfare fund . . . another very worthwhile organization which solicits funds for some 27 state and national organizations . . . many of which you may say do not serve you . . . But they do . . . Indirectly you receive much from most of these listed

. . . All of you, for instance, have heard of Travelers Aid but how many, of you have ever had to call on this grand organization . . Not many, I hope . . . But we know of one family in this community who was mighty grateful for it last spring . . . Their daughter and four year-old youngster were enroute here from the west when the daughter became ill as the train approached Chicago . . . She was removed from the train and hospitalized and who took care of the child? . . .

Travelers' Aid . . . They not only cared for the youngster but notified the parents of the mother who turned to the Red Cross here for advice on how to get the child here in the shortest time . . . The Red Cross auggested the Airlines

. . . The Pellston office was contacted and after hearing the details said their company would bring the child from Chicago to Pellston and offered to contact Traverlers Aid for the anxious grandmother here . . . Traverlers' Aid placed the child on the next plane north and Capitol's hostess cared for her enroute and another difficult situation was brought to a happy ending . . . by a group of people you will never know

. . . That story is repeated dozens of times daily in large rail and bus centers . . . and it's people like you and your family who are being helped . . . This is only one of the many organizations served by your Community Chest so when you are approached for a contribution, dig down deep . . And if you feel you can't or don't want to give be gracious about it . . . The person who comes to your door is just doing a job . . . it's people like her, or him, who keep your community going . . . You may say you are asked to support too many organizations . . . but did you ever stop to think of all the things you receive in return for your contribution . . . Plenty, if you're honest with yourself . . .

• • •

HOW DO you feel after listen- to the football games Saturday . . . We'll never be the same again . . . with both Michigan and State behind at the half . . . we just about died . . . Let's hope they won't have any more close calls like that during the season . . . Don't think we could stand it . . .

And how about our own game Friday night . . . Those kids of ours are sure playing football this season . . . And did you notice how many more people are able to see the games, now that they're played at night . . . In a small community where there is so much interest in high school sports, night football is sure nice

. . . The Rayders will go to Pellston this week for a tough one before taking on Mancelona next week . . . So make a date now for the 23rd . . . We won't make any bets . . . except that it's going to be a good game . . . and chances are a league title will be riding on the outcome . . . So keep your fingers crossed . . . both this week and next . . . and who knows . . . maybe . .. let's just wait . . . huh?

• • •

HOW ABOUT these injun summer days we've been having . . . We count them one day by one for this time of the year there's no way of knowing how long they'll last . . . But for every one we have, we'll have that much less winter, so count your blessings.

• • •

THE PERCH are biting . . . we'll admit that that is a rash statement . . . What we mean is that there are perch around and on occasion they bite . . . when and where we will not say . . . There have been some good catches . . . but whether you'll get one, we won't promise . . . We've been wanting to go but we always scare the fish away and we don't want to spoil the fishing for everyone so we'll get ours out of the store . . .

• • •

IF THIS weather continues, we're going to have another spring . . . or almost . . . We had a lovely rose given to us Saturday . . . Mrs. Percy Butler reports an Easter lily in bloom . . . for the second time this year and Mrs. Edward Boss found a branch of forsythia as yellow as it is in May . . . There are still lots of garden flowers around . . . mums zinnias, asters and other fall blossoms . . . One surely appreciates them this time of year too.

• • •

FOUR members of the Shakespeare Club had a nice little unexpected jaunt last week . . . The club had met at Indian River for a luncheon to open their season . . . Enroute home four of the members, busy gazing at the landscape, were amazed to find themselves in Gaylord before they realized where they were . . But they all agreed it was worth the error for they had that much more of autumn countryside to see on the trip home from the lower peninsula's highest point . .

• • •

ONE DAY recently Frank Ochs of the Charlevoix Marine Club was a bit surprised when a letter, addressed to the club at Round Lake arrived at the proper address . . . With all the Round lakes in the state, it took the name 'Charlevoix' in the club name to get it to its destination . .

In the mail Saturday a card from the Carl Kohlers who are on a trip through the west . . . They report the weather perfect, the scenery magnificent, especially west from Utah . . . but still think that Oyster Bay is a good place to live . . . The card came from Bellingham and said they planned to go to San Francisco before starting home via the southern route . . . What a time for a trip . . .

• • •

HERE'S a little message from Mr. Odmark, our band director . . if parents of any former band members run across music which their youngsters might have taken home, please return it to the school . . . There's a lot of it missing and he'd appreciate it a lot if you could return it . . . The stuff has to be replaced if it isn't found so don't throw it out . . . just return it and you'll be doing everyone a favor . . .

And speaking of the band, aren't they doing a grand job at the football games . . . Their formations are cleverly executed considering how little time they have to practice . . . And their playing . . . well, that's always good . . . We certainly appreciate the color and entertainment they add to the game . . .

Cub Scouts Plan To Organize More Dens This Year

All boys of Cub Scout age, 8 through 10 years, including those who are already members, their parents and Cub Scout leaders are invited to attend a meeting at the Charlevoix Rod and Gun Club at 7:30 Thursday, Oct. 22, for the purpose of organizing additional dens.

A short program and the presentation of awards will follow.

An earnest effort is being made to organize enough dens to care for all the boys in the 8 to 10 year age group who want to be Cub Scouts, Frank Oleksy, Cub Master, said this week. At the present time there are only two dens with Mrs. Ralph Hamilton and Mrs. James Coleman serving as den mothers.

Only 20 people including Mr. Oleksy, Arthur Ranger, George Bergmann, Glenn Snider, Herbert Campbell and Versal Seymour of the committee, were present for the meeting held last Thursday.

John Murchie, district representative, was present and showed slides showing the things that can be accomplished in a Cub Scout program.

Mrs. Clara Mascho Celebrates 93rd Birthday Sunday

Marion township's oldest resident, Mrs. Clara Mascho, observed her ninty-third birthday anniversary Sunday at the home of her daughter, Mrs. Effie Francisco, with whom she lives.

A family dinner attended by her sons and daughters-in-law, Mr. and Mrs. Roy Mascho of Chicago and Mr. and Mrs. Charles Mascho of Charlevoix and daughters, Mrs. Alfred Smith of Jackson, Mrs. Glenn Jardine of Harbor Springs and Mrs. Francisco was held Saturday in honor of the occasion. In the evening Mrs. Mascho's grandchildren joined the group for an informal gathering.

Others who came from away for the anniversary celebration were the Roy Mascho family of Chicago, Mr. and Mrs. Douglas Jardine and family and Mary Lou Jardine of Harbor Springs and her guest, Milton Sowles of Alanson.

Mrs. Mascho, the former Clara Hannah, who has been a resident of the county for about 50 years, was born in Sandusky, Ohio, Oct. 11, 1863, and came to Michigan at the age of five years. The family resided at Remus where she was married to Phili Mascho. They came to Essex, a small lumbering village in the southern section of Charlevoix county and later lived in Eveline township before moving to their present home near Phelps, which was also a lumbering community at one time. Mr. Mascho died several years ago.

John Struthers, Others Honored At Church Dinner

John Struthers, retired Hayes township farmer, celebrated his eighty-sixth birthday anniversary at a potluck dinner at the Community Church of God Sunday which also honored two couples of the church. Mr. and Mrs. Andrew Miller and the Rev. and Mrs. Henry Hammond who will leave soon to spend the winter in Florida.

More than sixty members of the Bible and Homemakers classes of the church and their families gathered for the enjoyable occasion. A social hour followed the dinner which was climaxed by ice cream and birthday cake honoring Mr. Struthers which was contributed by his family and a second cake honoring the departing couples made by Mrs. Ingma Pontious.

Mr. Struthers, a native of Hayes township where he was born Oct. 11, 1867, has always made his home in the community except for a short time spent in Canada as a young man. He operated a dairy farm in Hayes township for many years before retiring several years ago and moving to his present home in Charlevoix.

With him for the anniversary celebration were his wife, the former Anna Sauder; his daughters, Mrs. Leo Berg, Mrs. Bruce Bartlett and Mrs. Orva Richardson and two of his five sons, Clifford and Howard, all of Charlevoix. Ten of his 16 grandchildren along with the respective husbands and wives of his children were also present.

The other sons are the Rev. Charles of Jamaica, British West Indies, the Rev. Richard of Greenville and Clarence of Culver City, Calif.

Annual Luncheon Held By W.C.T.U.

The annual roll call luncheon of the Women's Christian Temperance Union was held at the home of Miss Ada Green Friday.

The Rev. Lloyd Schlnop led the devotions to open the business meeting at which the following new officers assumed their duties: president, Mrs. Harker Kirby; vice president, Mrs. H. B. Hooker; secretary, Miss Green; corresponding secretary, Mrs. Floyd Bartholomew; treasurer, Mrs. Alonzo Murray.

Plans for the Union's activities for the coming year were discussed at the business session.

Marine Corps Has New Recruiting Station At T.C.

A U. S. Marine Corps Recruiting substation was opened recently in Traverse City under the direction of Staff Sgt. Charles M. Clay, a native of Traverse City. The new office, located in the Federal building there, is one of ten recruiting substations opened in the state.

The new office will offer an advantage to prospective applicants in that they may apply for enlistment in Traverse City and, if accepted, will be transferred to Detroit for final enlistment with the Marine Corps paying the bill. In the past the enlistee had to travel to Grand Rapids at his own expense.

The office will be open from 8:30 a.m. to 4:30 p.m. daily except Sunday.

Local Stars Attend Grand Chapter At Grand Rapids

The annual meeting of the Grand Chapter of the Order of Eastern Star opened in Grand Rapids Tuesday and continued through Thursday.

In Grand Rapids for the conference were Mrs. Harry Gebeau, worthy matron of the local chapter who served as a grand escort; Mrs. Russell Curtis, Mrs. Lawrence Korth, Mrs. Charles Rinehart, Mrs. Charles Bellinger, Mrs. Glenn Ingalls, Mrs. Charles Pontus, Mrs. James Hiller, Mrs. Fred deCastro, and Mrs. Wayne Belding.

Mrs. Gebeau, Mrs. Korth and Mrs. Hiller were delegates from the Charlevoix chapter and Mrs. Bellinger served on a grand committee. All participated in an Indian pageant honoring Dr. Grant Born of Petoskey, who was installed as associate patron of the Grand Chapter. Mrs. Norman Risk was installed as grand organist.

Warn Farmers To Check Grain Bins

Charlevoix county farmers were cautioned this week to check their stored oats, wheat and barley against the possibility of insect damage, Ed Rebman, Charlevoix county agricultural agent, stated Several cases of insect damage have already been found in the county and one farmer has already fumigated his oats.

An ethylene dichloride-carbon tetrachloride mixture is the material usually recommended for fumigation, Rebman states. However, other materials may be used if they can be obtained in the area. The only material that is not satisfactory according to Michigan State college, for use in this area is a fumigant containing carbon bisulfide.

Farmers who find that they have these boarders in their grain bins should contact the Extension Office in Boyne City for complete information on how to fumigate.

Memoriam

In memory of my dear husband who passed away two years ago October 15th. Gone from me but leaving memories. Death can never take away memories that will always linger while upon this earth I stay.

USED CARS & TRUCKS

Is he in business "to stay?"

When you buy a used car from a Ford Dealer, you're dealing with an established businessman who has a large investment and his good name at stake. We're here today, and *we'll be here tomorrow!*

Check the used car, (and Truck) sure! But check the dealer, too!

Does he really know cars?

Ford Dealers are in the service business, too; work with cars day in and day out. We know how to spot trouble fast. And, our expert Ford mechanics have the equipment and "know-how" to handle *any* service job.

Are his prices really fair?

Ford Dealers handle used cars and trucks as a service to customers who trade them for new ones. We get a lot of trade-ins. And we keep these used cars moving to free our working capital. That's one reason why we offer our used cars and trucks at rock-bottom prices.

Is he interested in you?

Remember—we Ford Dealers want to keep your good will because someday we hope to sell you a *new* car, or another used car, and we want your service business. It's just plain good business for us to play square with you.

Rayders Defeat Harbor For Third Straight Win

★ ★ ★

Last-Half Scoring Spree Ends With 37-6 Victory

The Charlevoix Rayders added one more win to their growing list of victories by defeating the Harbor Springs Rams 37-6 in a hard fought game here Friday night.

The Rams, playing good ball early in the game, held the score to 12-6 at the half before the Rayders went on a scoring spree in the last half for the decisive win.

The Rayders will move into Pellston this week to meet the Hornets who are acquiring a reputation for being a hard-playing, scrappy team capable of giving any opponent a tough game. The Charlevoix eleven with their record should have an edge but will not have another win without a great deal of effort.

In the game here Friday night Joe McDermott, Jerry Albright, Bobo Bennett and Bob Jolliffe were the chief ball carriers, while the entire line played hard ball, holding Harbor Springs to few first downs and opening the way for Charlevoix backs on offense.

Charlevoix's march for their first touchdown started after the Rayders returned Harbor's kick to their own 49. With McDermott, Albright and Bennett carrying the ball they picked up a first down to the 36. A five yard gain by Bennett moved the ball to the 31 before an offside penalty moved it back to the 36. On the next play, however, McDermott carried the ball to the 12 and another first down. On the second play Albright scored to put Charlevoix ahead 6-0. Don Smith's kick was not good and the score remained the same.

After taking Charlevoix's kick, the Rams failed to gain and were forced to punt. The Rayders picked up two first downs before Harbor's and Stan Pifer broke through the line to take a Rayder pitchout and race 30 yards for a touchdown. Rod Pontius' kick was blocked and the score was tied 6-6.

Fullback Bob Jolliffe took the Rams' kick on the 20 and raced to the Harbor six before he was tackled from behind. Bennett scored on the next series of plays and the Rayders went ahead 12-6 when Smith's kick was wide.

Harbor Springs picked up one first down before they were forced to kick as the quarter ended with Rayders in possession of the ball on thier own 31.

Albright moved the ball to the 40 to open the second period but a 15-yard penalty for illegal use of hands slowed down their march and the Rams took over on downs on the 36. They jicked up a first down to the 19 before losing the ball on downs on the Charlevoix 12.

On a series of plays with McDermott the chief ground gainer, the Rayders moved out to midfield before they lost the ball on a fumble which was recovered by the visitors. The Rams failed to take advantage of the break, however, and were forced to kick with Charlevoix taking over on the 32. The Rayders were moving into Harbor territory as the half ended with the ball on the 37 and the score 12-6.

The Rams took the Rayders kick and were forced to punt early in the second half. The Rayders took over on the 25 and on a series of plays, slowed down by two penalties for a loss of 20 yards, moved the ball to the 11 where McDermott took it over to make the score 18-6. The pass for the extra point was incomplete.

The Rams took the Rayders' kick and marched from their own 19 to the Charlevoix 40 as the quarter ended 18-6.

Harbor Springs, in possession of the ball as the third period ended, lost the ball to the Rayders on the 41. The local eleven moved the ball into Harbor Springs territory before they were set back to the Rams 46 on a holding penalty. With McDermott carrying the ball, they moved to the Harbor 31 for a first down when a five yard penalty on the visitors for delaying the game set the ball on the 25. On the next play McDermott moved the ball to the five and a personal foul penalty against Harbor moved it to the 2½ from where McDermott went over to make the score 24-6.

Harbor took the kick and had moved the ball from the 28 to the 35 where McDermott intercepted a Rams' pass and raced for another touchdown. Smith's kick was good and the score was 31-6.

Charlevoix again took over on the Rams 34 when Harbor failed to gain ground. An offside penalty on the Rayders set the ball back on the 39 before Jolliffe in three plays carried the ball over the goal line to make the score 37-6.

The game ended with the Rams in possession of the ball.

Halfback Bobo Bennett (38) pictured carrying the ball for a substantial gain against the Harbor Springs Rams whom the Rayders defeated 37-6 here Friday night.

Running interference for him is fullback Joe McDermott (32) who also was the Rayders' chief ball carrier during the game. John Connolly (38) and Larry Burns (48) are also pictured as they come into the play.

Harbor's Ron Pontius (31) is also pictured as he moves out in an effort to stop Bennett.

Charlevoix Travels To Pellston For Afternoon Game Friday

Another week of good football in the Northern Michigan Class C league is in store for fans this week as Charlevoix invades Pellston and East Jordan entertains Mancelona in afternoon games at 3 p.m. and Boyne City travels to Gaylord and Harbor Springs hosts an upper peninsula rival, St. Ignace at 8 p.m. Friday.

The Hornets put up a good scrap against Mancelona last week, scoring in the first period and holding the mighty Ironmen scoreless until well into the second quarter. On the Pellston squad are a lot of big boys anxious to learn and with an urge to win, prime requisites of a good team. Charlevoix has three wins tucked away including a 19-0 victory over Gaylord whom Pellston tied and a 37-6 win over Harbor Springs who in turn defeated the Hornets 14-7. Chances are it will be a tough game but with their present record the Rayders should have an edge over their hosts.

Mancelona, led by Dick Derrer, who has racked up 99 points this season, will move into East Jordan with the idea of moving one step closer to a league title. East Jordan came through with its first league win this week by defeating Boyne City 35-13 after bowing to Charlevoix 13-0 earlier in the season. The Red Devils seem to be gaining experience and confidence with each game and could be a tough opponent for Mancelona, a team what played them to a 6-6 tie last season. The Ironmen, however, with three wins should win, but not without a battle.

When Boyne City and Gaylord meet this week, each will be trying for a place in the win column. The Ramblers have a record of two losses and Gaylord one tie and one loss for the season. Both have suffered decisive defeats at the hands of one mutual opponent, Cheboygan, a class B team. The game Friday should determine the potential strength of the teams and give them a permanent spot in league standings.

Harbor Sprigs will meet a little known opponent, St. Ignace, who defeated Petoskey Catholic Central 59-0 in their only game so far below the Straits. Harbor Springs showed plenty of spirit and at times looked especially good against Charlevoix Friday and will give the upper peninsula squad a good game.

Rayder Reserves Win Over Boyne By Large Margin

The Charlevoix Reserves crossed the goal line nine times Wednesday night of last week at Boyne City to hand the little Ramblers a resounding 61-13 defeat.

Fullback Clayt Walker tallied three touchdowns and two extra points to take scoring honors with backs Joe Etienne, Ken Balch and Charlie Dennis accounting for 13 points each. Fred Putman and Kit Carson each scored one point each.

Boyne City's only scores came in the third period on runs by Bill Nulph who also scored the extra point.

The victory made the second of the season for the Rinkydinks who earlier defeated the Mancelona Reserves.

Last Week With Class "C" Teams

Favored teams in the Northern Michigan Class C league came through with wins Friday night as Charlevoix defeated Harbor Springs 37-6; Mancelona trounced Pellston 33-6; East Jordan won over Boyne City 35-13 and Gaylord bowed to Class B Cheboygan by a 39-6 score.

Mancelona and Charlevoix retained their tie for first place as a result of their victories while East Jordan moved into second place; Harbor Springs to third; Gaylord held on to fourth place; Pellston remained in fifth and Boyne City remained alone in the cellar.

Mancelona 33, Pellston 6

Pellston opened the scoring at Mancelona in the first period whe halfback Glenn Aurrand went over from the 15-yard line for the Hornets first and only touchdown of the game. Their lead was short-lived, however, as the Ironmen came back to rack up five touchdowns in the last three periods.

Halfback Earl LeDere opened Mancelona's scoring with a touchdown from the ten yard line. A 17 yard pass from quarterback Dick Derrer to halfback Bill Dalton put the ball in scoring position on the 25 with Derrer toting it over for the second tally. End Johnny Holsted took a 45 yard pass from Derrar on the goal line and

Modern Art Takes a Licking!

Did you know we had a real artist in town? Yes sir! Handy Jackson was a contributor to the Sculpture Exhibition at the Centerville Fair last week.

His work was streaky pink and carved all around—sort of streamlined. Caused quite a stir. Nobody was sure what it was supposed to represent, but some liked it and thought it was good art. Handy gave me the lowdown:

"Why, it was nothing but a piece of cattle salt our cows have been lickin' at for months. I just had it mounted. Fooled a lot of folks — one fellow even wanted to buy it!"

From where I sit, Handy's "modern art" just shows how some people can be led astray. Some even get to be "experts"—especially about the other fellow's business. Whether it's art or music, or a simple thing like choosing, say, beer or milk with a snack, we should live and let live. There's no call for either of us to set ourselves up as a "model" for the other!

WHY WE CAN GIVE YOU AN EXTRA ALLOWANCE ON YOUR PRESENT CAR

"Mercury dealers sell more cars per dealer than any of our competition. We still make money operating on a lower profit margin—so you can get a higher trade-in allowance!"

Co-op

LOOK HOW MUCH MORE YOU GET WITH MERCURY

NOW WHEN YOU BUY—you get a car that's breaking sales records. And because our high volume lets us take a lower profit per car, we are now in position to offer you the best trade-in deals in our history. Mercury's initial cost is very little more than the lowest priced cars. And you get so much *more*, when you get a Mercury!

WHEN YOU DRIVE—you'll be thrilled by Mercury's *proven* V-8 performance. Here is no newcomer V-8! Mercury has always used V-8 engines. You have your choice of more optional features—including 4-way power seat, power brakes, power steering, electric window lifts, and immediate delivery on Merc-O-Matic Drive.

WHEN YOU TRADE IT IN—Mercury's popularity, style leadership, proven V-8 economy combine to give it the highest trade-in value in its field. Because you get more of your investment back in the future when you trade it in, the final cost of a Mercury makes it the "hottest" buy on the market.

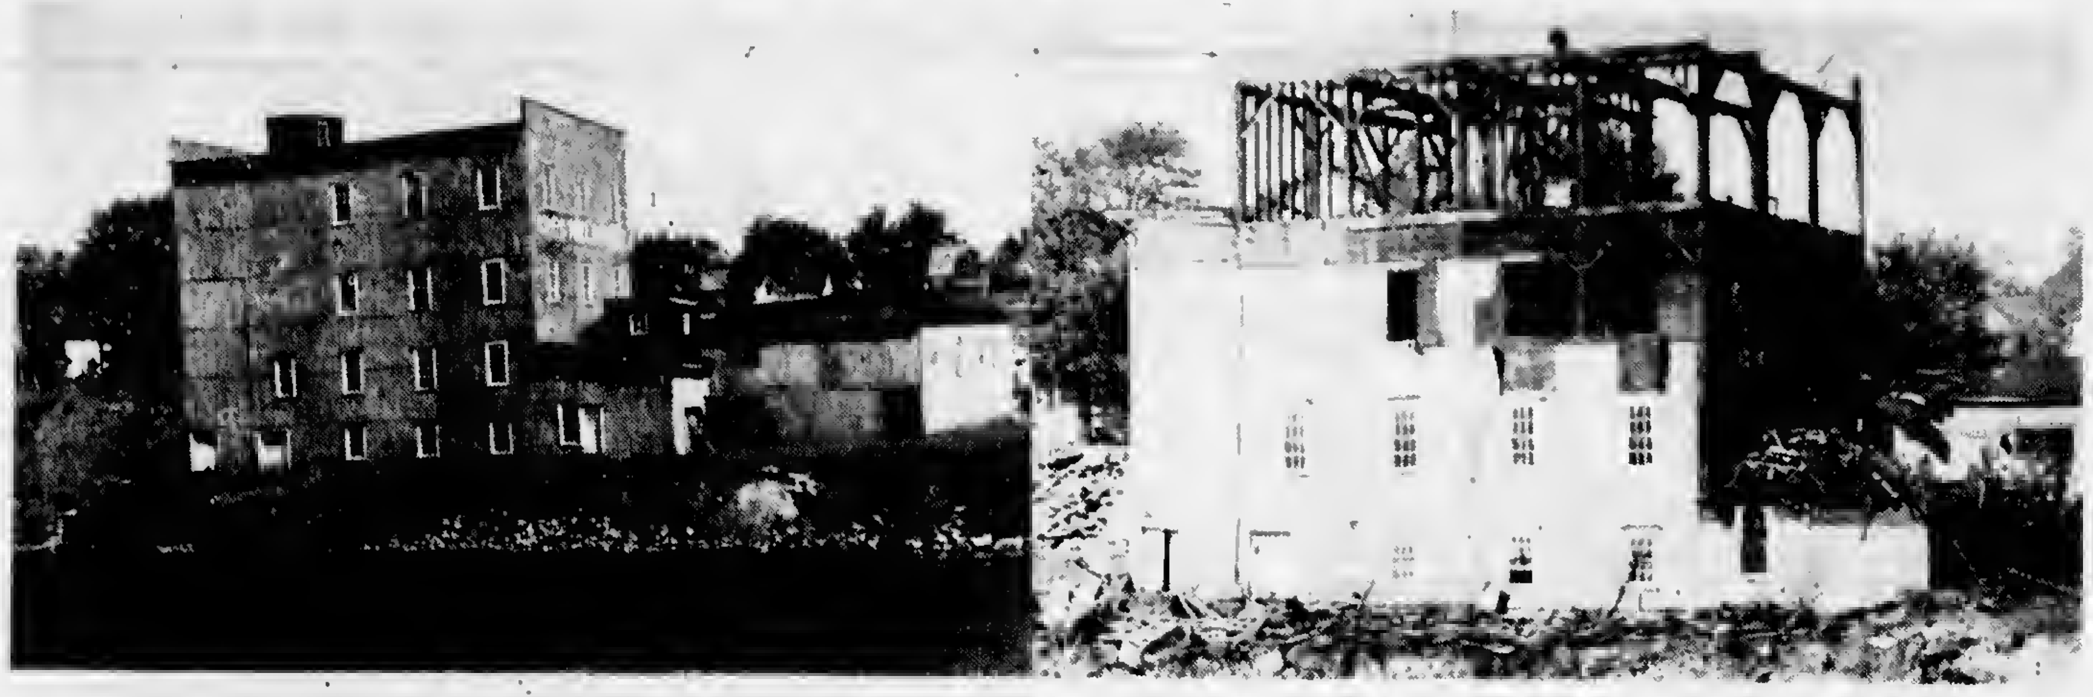
Local Landmark Makes Way For Modern Building



★ ★ ★

A Charlevoix landmark, which has stood as a silent sentinel along the north bank of Pine River since the earliest sailing days, is being razed.

It is the Argo Milling Co. building, constructed in the early 1880s and being razed now by its new owner, Earl A. Young, to make way for a modern structure.

The changing skyline brought about by the removal of the gray three-story mill might well be the story of the changing times. When it was built by Hiram V. Rifenburg in 1892, Charlevoix was a young village, isolated by its location, and all its settlers purchased their flour and grains from the mill. Later, as flour was made at large mills and imported by improved transportation, the mill changed its policy to include heating and building materials and thus lost its identity with the products which first necessitated its construction.

Lumber and timbers from the 70-year old structure, which was constructed when these materials were abundant, are being salvaged and will be used to rebuild a one-story modern building which will feature natural wood interiors and local stone and glass exteriors.

The building, which Mr. Young plans to have completed by Spring, will house a restaurant and four shops.

Plans are also underway to beautify the ground to the waterline. Piling has been put down along the original shoreline, much of which has been lost to the river through the years. The area will be filled in and eventually landscaped, thus adding to the beauty of the entrance to Charlevoix's landlocked harbor.

Mr. Young purchased the property last June from the Argo Milling Co. represented by H. A. Craig, who had managed the business for more than 30 years. The company, purchased at the turn of the century by the Enos family who later joined with the late George D. Swinton in a partnership, was incorporated as the Argo Milling Co. in 1903. With the sale of the building last spring, one of Charlevoix's oldest businesses went out of existance.

Community Chest To Continue Fund Drive

The Charlevoix Community Chest fund drive reached the $1,790 mark at the end of the first four days of the campaign, Lawrence Feindt, treasurer of the organization, said Wednesday in reporting on the results of the drive to date.

The figure reported is only 30 per cent of the goal of $5,665.

Contributors are reminded that the quota is approximately $1,000 more than the 1952 goal and everyone is asked to give a little more than before so the deserving agencies may receive the amounts they requested.

The future of some of the community's most important programs depends on contributions made through the Community Chest. The Boy Scouts, the Girl Scouts, the summer recreation program, the community nurse and the Charlevoix Service Organization are all members of the Chest as are the United Health and Welfare, the Salvation Army and the Michigan Children's Aid Society.

All benefit the community directly or indirectly. In addition to this is a $400 emergency fund kept on hand to purchase glasses, crutches and other such needs for indigent children. With no other agency prepared to care for these needs, this fund has become an important agency of the Chest.

The one-day drive which was planned earlier, did not succeed when some workers were unable to make their calls on the designated day so the drive is being continued until every home and business has been contacted. If you would care to, you may leave your contribution with Mr. Fiendt at the Charlevoix Abstract and Engineering office.

But regardless of how much you can give, be a good neighbor and support your Community Chest. Be prepared to make a contribution when the worker in your ward calls at your door in the next few days.

Ralph V. Hess Named To Board Of Area Group

Two Charlevoix county businessmen, Ralph V. Hess of Charlevoix and Fred Leslie of Boyne City, were among the nine new directors elected to the board of directors of the Northwest Michigan Industrial Development Council when the body met at Kalkaska Thursday.

Robert Campbell of East Jordan was among the directors renamed to the board.

The new board of directors will meet for an organizational meeting Nov. 12. Cressy C. Campbell of Buckley, secretary of the organization, said this week in announcing the results of the recent election.

The membership adopted the revised by-laws as recommended by the board of directors. The major change was that next year the term of only one third of the board will expire and new directors will be elected for three year terms. Dues for firms, partnerships, associations and units of government were set at $10 per year and individual dues at $2.00.

Ward Stubbs, Frankfort banker and president of the Council reported that 17 plants had come into the area served by the Council in the last 18 months, six of them since the last membership meeting in June.

State representative Harry B. Wernar of Leroy, paid a tribute to the work of the Council and called attention to a move now underway to do away with township government. He requested the support of the members to prevent it.

A request was made to the Council by Edward Grace of Elk Rapids to provide manufacturers in the area with more information regarding services available to them. Mrs. Gertrude Bishop of the Michigan Department of Economic Development, offered help in compiling this information.

Representatives from several communities reported on what their cities were doing to attract industries and others told of new industries which had settled in their communities.

Mrs. Frank Bird returned home recently from a extended visit in Adrian with her son and daughter-in-law, Mr. and Mrs. Devere Bird.

Mr. and Mrs. Gordon Neff and family returned home Monday from a trip to Detroit.

The sale, which has become a popular event for local residents, has a large variety of clothing, furnishings and other items which will be offered to the public this morning.

The sale will continue through Saturday with funds derived earmarked for the Youth Center fund inaugurated last year by the club.

Band Parents Will Meet Next Tuesday

The Charlevoix high school Band Parents Association will hold its first meeting of the current school year next Tuesday, Mrs. John Stebe, president of the organization, has announced.

The meeting will be held in the new music department at 8 p.m. Tuesday to discuss plans for the year and the needs of the band. C. A. Odmark, band director, will also attend to address the meeting.

Circuit Court To Convene Here Monday, Oct. 26

The annual October term of circuit court will convene here Monday, Oct. 26, with Judge Charles L. Brown presiding.

On the court calendar at this time are one criminal case, six civil suits and nine divorce cases.

Jurors subject to call and their respective townships are; Thomas Matelski, Boyne Valley; Constance Gallop, Chandler; George Arnold, Charlevoix; Eugene Fern, Evangeline; Harold Thomas, Eveline; Fred Descheimeier, Hayes; Joseph Sevenski, Hudson.

Also Frank Case, Marion; Aner Hull Jr., Melrose; Sam Campbell, Norwood; Clara Schmidt, Peaine; Charles B. Kleinhenz, St. James; Hiram F. Brock, South Arm; Lincous Snyder, Wilson.

Also Emmit Pierce, Helen Williams, Lawrence Titsworth and John Hartlep of Boyne City; Henry Ingalls, Nelson Tillotson and Florine Krahnke of Charlevoix; Ronald Scott, Thora Kotowich and Anna LaValley of East Jordan.

Three Area Men Are Re-Elected By Resort Group

S. E. Coleman, secretary of the Charlevoix Board of Commerce, was re-elected to the executive committee of the West Michigan Tourist and Resort Association at the annual fall meeting of the body in Grand Rapids recently.

Mr. Coleman along with Arthur Johnston of St. James and Don Sheets of Boyne City were also re-named to the board of directors of the resort group which serves 31 western Michigan counties.

Plans were also made at the recent conference for a spring clinic at which resort operators may discuss problems of the trade. The conference will be held in Grand Rapids in April.

More than 200 members of the association were registered for the thirty-sixth annual meeting.

Cheerleaders Are Guests At U. of M. For Annual Clinic

Charlevoix's cheerleaders, Patsy Ratigan, Gail Krahnke and Cynthia Smith, were among the 3,000 cheerleaders from throughout the state who gathered in Ann Arbor Saturday for the annual Cheerleaders Clinic sponsored by the University of Michigan.

The trip to Ann Arbor marked the first time the local 'rah rah' girls had attended the clinic. After attending panel discussions where types of cheerleading and uniforms were the main topics, the entire group attended the Michigan-Northwestern football game, where they observed the Michigan cheerleaders in action.

The trio was accompanied by Mrs. Florine Krahnke.

Cub Scouts Will Meet Tonight At Rod And Gun Club

A Cub Scout Pack meeting for all cub scouts, boys of cub scout age and their parents will be held at the Rod and Gun club at 7:30 tonight (Thursday), Frank Oleksy cub master announced.

In making the announcement, Mr. Oleksy said that it was important that all boys of cub scout age (8 through 10) and their parents be present at the meeting if Charlevoix is to have a successful Cub Scout program.

With countless boys waiting to participate in the program den mothers and other leaders must be found to carry out the program.

If you are a parent and want your children to be cub scouts, be sure to attend this important meeting at 7:30 p.m. tonight at the Rod and Gun Club.

Students To Hold Pep Rally Tonight

In anticipation of the Charlevoix-Mancelona game to be held here on Friday, the Pep Club will sponsor a Pep Rally on Thursday evening, Patsy Ratigan, club president, has announced. The rally, beginning at 7:00 in the school gym, will move in a snake dance led by the band, to Kipke field where festivities will continue.

The entertainment of the evening will include an Indian Pow-wow, skits, a bon-fire, cheers and loads of yelling. Mayor Dean Davenport, Del Terrill, Fran Martin and representatives of the football team and the student body will appear on the program.

Stolen Goods Found, Youths Are Arrested

With the arrest of five Charlevoix county youths Saturday, local law enforcement officers believe they have solved a series of car strippings in the Charlevoix-Emmet county area during the past month.

The group, which included three boys under 16 years of age, have admitted rifling cars over a period of several weeks. In Charlevoix 22 car owners reported small items taken during one weekend recently.

Two of the group, Ernest Fitzpatrick, 17 of Boyne City and George Baumgartner, 17, of Clarion, will be taken into justice court on a charge of larceny from an automobile. The others will appear in juvenile court. Two other 17-year-old Boyne City youths were questioned Monday but released after it was found they had not been active with the gang.

State police of the Gaylord post recovered more than 80 of the stolen items which included lights, flashlights, and small car accessories stolen from cars. The loot was found wrapped in blankets and buried near the home of the Fitzpatrick youth in Boyne City. Larger items including car robes and other more expensive items have not been recovered.

Chief of police Clarence Heise asked local residents who had reported items stolen from their cars to come to his office to claim their stolen goods.

The arrest of the youths followed a report to the Petoskey police by a motorist there who identified a stolen bug-deflector he had seen on another car as belonging to him. The police questioned the youth on whose car the deflector was found and he said it had been given him by one of the Charlevoix county youths. Additional questioning by the state police and Charlevoix county officials brought about the recovery of part of the loot and the arrest of the quintet.

Barbara Bird Improving

The condition of Barbara Bird, granddaughter of Mr. and Mrs. Frank Bird, is improved according to latest reports from the University Hospital in Ann Arbor where she was admitted two months ago for treatment of polio.

County Supervisors Adjourn To Wait For Tax Levying Decision

The Charlevoix county board of supervisors adjourned Friday following a five-day meeting, to await a decision on the levying of the school tax in Charlevoix county.

County prosecutor C. M. Bice has requested an opinion on the matter of the school tax which arose last Tuesday when the board of supervisors voted to rescind the action of the county tax allocation board, which on May 13 allocated five mills to the school districts to be levied on the state equilized valuation of $25,138,426. The allocation board's action to allow the schools the five mills on this figure was based on a 1950 opinion handed down by the attorney general regarding fractional school districts in the Midland-Isabella county district.

The board of supervisors contend that the opinion has no bearing on the tax levy in this county and that the taxes should be levied on the county equalized valuation of $18,394,650 as it has been in the past.

The board of supervisors will convene again when the decision regarding the matter is received by Mr. Bice.

Before adjourning Friday, the board made the majority of its appropriations but held up the adoption of the budget until the final meeting.

Among the appropriations made only three, the district health department, county agricultural agent and the office of the county superintendent of schools, showed an increase over the 1953 figures.

The district health department appropriation was hiked from $6,063.75 or 45 cents per capita based on the county population to $8,758.75 or 65 cents per capita. The increase was to allow for the continuation of the dental program which until now has been financed by the Couzens Fund which ends this year.

An appropriation of $4,000 was made to the county agricultural agent, an increase of $1,300 over the 1953 appropriation of $2,700. The increase will allow for additional clerical aid and travel expenses.

A $700 increase was allowed the office of the county superintendent of schools for operational costs. This year the office received $2,200 as compared to $1,500 last year.

Only two appropriations were cut. They were the advertising appropiation which was cut to $750 from $1,200 in 1953 with the West Michigan Tourist and Resort Association receiving $465 of the total and the appropriation for soldiers and sailors relief, which was cut to $100 from $200.

Other appropriations which were approved include $30,000, department of social welfare; $1,500, Whiting Park; $800, veterans affairs; $150, apiary inspection; $981.90, Child Guidance Clinic.

The board voted to pay $100 on a bill for $291 submitted by the Children's Aid Society.

The board also underwrote a deficit of $975.71 on the Charlevoix county fair. This is $152.58 less than the 1952 deficit of $1,128.29.

Other appropriations will be made and the budget adopted at the final meeting of the board which will probably be held before Nov. 15.

On Wednesday evening the members of the board of supervisors and county officials were guests at a dinner at Grandvue Hospital, county owned and operated hospital near East Jordan.

A Proclamation

WHEREAS the United Nations provides the people of the world with an organization through which international differences in the economic and political fields can be peacefully resolved; and

WHEREAS the need for the United Nations is greater than ever before, and its success depends on the extent to which its members give it support; and

WHEREAS the expression of our faith in and support of the United Nations will encourage and bring home to the peoples of other nations who are also working toward a true peace with freedom and justice for all; and

WHEREAS the General Assembly of the United Nations has declared that October 24, the anniversary of the entry into force of the United Nations Charter, should be dedicated each year to the dissemination of information concerning the aims and accomplishments of the United Nations;

NOW, THEREFORE, I Dean Davenport, Mayor of the City of Charlevoix, do hereby urge the citizens of this city to observe Saturday, October 24, 1953, as United Nations Day by sending messages to friends, relatives and associates in other member countries of the United Nations, by learning more about the United Nations and its members, and by expressing their confidence in the United Nations, their friendship for other people, and their faith in the ultimate triumph of peace and justice through the efforts of men of good will.

I also call upon the officials of the local Government, representatives of civic, educational and religious organizations, and all citizens to cooperate in appropriate observance of this day throughout our city.

Dean Davenport, Mayor

City Council Warns About Pavement Fire

The Charlevoix City Council Monday night voted to advertise for bids for the construction of foundations for two Diesel generator units at the city light plant on Ferry ave.

The construction of the foundations which will cost an estimated $10,000, was necessitated by the recent purchase of two Diesel units to increase the generating capacity of the local plant.

Sealed bids for the work which will be built in accordance with plans and specifications prepared by J. B. Sims of Grand Haven, consulting engineer, will be accepted until 8 p.m. Monday, Nov. 2.

The council also adopted a resolution prohibiting the burning of leaves on city streets. The action was taken to protect the streets, which are damaged from the heat. This is especially true of the newly-resurfaced streets. Home owners may burn the leaves in their own driveways, however.

The council also voted to acknowledge a gift of some 300 yards of sand and gravel from P. Vanderveen and Sons, builders of US 31 north. The sand will be used on icy streets during the winter and the gravel for fills at the airport and elsewhere.

After approving bills amounting to $12,892.82, the council adjourned.

The Meaning Of "Halloween"

**The Rev. Richard James Lintner, Vicar
Christ Episcopal Church**

What about this day "Hallowe'en?" What is its history? What is its meaning?

Until the Norman Conquest brought the word "Saint" into general use in England, November the first was known as All Hallow' Day or simply as Hallowmass, that is the festival of the holy and hallowed ones. Few days in the kalendar are better loved than this one, when we rejoice in the triumph of the saints, take courage from their fortitude and devotion, and seek to learn from them the way of virtuous and godly living. It is, therefore, a cause for satisfaction if we rightly understand and use this day for our spiritual welfare, growth, and development.

The eve of All Saints' has kept its old English name. We still call it Hallowe'en: that is, All Hallows' Even. Its familiar customs are an illustration of how the Church, as it spread into new lands, adapted pagan ideas and ways to its own use. When Christianity reached England in 596 under St. Augustine, the glorious islands were occupied by the semi-Christian Britons and Celts, a folk akin to the present day Welsh, Scots, and Irish. One of the great days of their year came along about the first of November. At Summer's End, as they called it, they thanked their gods for the harvest now safely garnered, and they feasted on the fruits and grain from their farms. Nor did they forget the dead or the spirits of the wood and field. Food and a warm place by the fireside were provided for them and in return they were expected to reveal the secrets of the coming year.

As the Church in England established itself amongst these people and the old harvest feast was replaced by the day of Thanksgiving for the lives of the saints, the merrymaking which had marked Summer's End continued, but on the eve of the Christian festival. The apples and nuts, which still play an important part in the sports of Hallowe'en, are a reminder of the long ago Harvest parties which were kept at this season. The old efforts to penetrate the future with the aid of ghost or demon or witch have become the fortune telling games of Hallowe'en parties with which the children now amuse themselves; and the pranks, which once would have been attributed to the ill will of an offended hobgoblin or a hungry shivering ghost.

To release men from the fear of evil spirits by convincing them of the love and power of God has been one of the Church's best gifts to the world. Step by step it guided her people away from the half dreaded belief that on this night at the harvest feast the quick and the dead walked and talked together, to the glad assurance that the eternal God holds all souls in life.

To go back a bit farther in history: in the fourth Century, the Roman emperor visited the Church with the most sweeping of all persecutions. So many Christians met martyrdom at that time that it was impossible, even for the local congregations, to find places for them in the kalendar of remembrance. Hence a common day was appointed for saints and martyrs in general, in addition to the list of individual days assigned to particular saints. Then in the year 609 a magnificent pagan temple in Rome called the Pantheon was converted into a Christian Church. It had been built in the year 27 B.C. and as the name suggests it had been dedicated to all the pagan gods. Impressed by a sense of the fitness of things, the Christians re-dedicated it to the Blessed Virgin and All Saints. An annual festival was ordered to mark the event and November first became one of the great days in the Christian Year.

The spirit of the day is one of thanksgiving offered to God, "Who in the multitude of thy Saints has compassed us about with so great a cloud of witnesses." The sentiment can be best expressed in the ancient hymn believed to have been written by Honorious, an ancient bishop of Rome. It goes as follows:

"For all thy saints, who from their labours rest,
Who Thee by faith before the world confessed.
Thy Name, O Jesus, be forever blest. Alleluia.
O blest communion, fellowship divine!
We feebly struggle, they in glory shine;
Yet all are one in Thee, for all are Thine. Alleluia."

The Communion of Saints -- there would be no Christian Religion without it. Regardless of what you might think, it is impossible to be a Christian all by one's self. We all belong to the family of God and we are members one of another. Part of this family is in the world today and part of it is in the greater world beyond. But the family remains intact whether we live in this transitory lift or whether we live in the world that is beyond mortal man's comprehension. Year after year the Saints' Day in our Christian Kalendar reiterate that fact. We are thankful for our elder brethern in the household of faith.

Many of the Church's teachings regarding life in the world to come are found in the service of All Saints' Day. Not once but many times are we reminded of the oneness of the Church on earth with all the company of heaven, and the oneness of both with Christ. The author of the Epistle to the Hebrews compared the life of this Christian fellowship, or the communion of saints if you prefer, with a foot race. Each of us must run it for himself, but not alone, for watching us, hopeful of our victory are those who in their time engaged in the same hard contest and completed the course.

So now they encourage us to cast away all that hampers our progress and to press on to the goal where stands Christ Himself, at once the triumphant example, and the reward of every contestant. Concerning the manner of life into which the dead have entered, we draw freely from St. John the Divine's magnificent descriptions of his visions of the Heavenly City, the goal of all saints. It is in its bright beauty and shining splendour, that we recognize the unsearchable riches of that fuller knowledge and love of God into which the saints have come and toward which the Bible bids us, too, set our faces

In the Cathedral of S. S. Peter and Paul, our National Cathedral in Washington, D. C., the Reredos, or stone screen behind the high altar, has a likeness of Christ in Glory in its central panel, whilst it is flanked with series of angels, saints, and martyrs on both sides. These are Christian men, women, and children of all ages, tongues, and nations. There are figures, too, without names, symbolic of all those unremembered saints whose deeds and names are known only to God. Thus, the Church's most ancient hymn "The Thrice Holy" or "Sanctus" is pictured in stone, a constant reminder that our service and worship is one with angels and saints:

"Therefore with Angels and Archangels, and with all the company of Heaven, We laud and magnify thy Holy Name; evermore praising Thee and saying, Holy, Holy, Holy, Lord God of Hosts, Heaven and earth are full of Thy Glory; Glory be to Thee, O Lord, Most High. Amen

ODDS 'N ENDS

By Fran Martin

THIS IS THE week . . . the week that the Rayders will meet Mancelona in what is touted as the game of the year . . . Without a championship since 1950 when they shared the honor with East Jordan, Del Terrill's boys are pointing toward a title . . . We wish them all sorts of luck . . . On them a crown would look good, don't you think? . . . We know they'll play their best brand of ball and we hope it will be enough . . . But just in case it isn't in the cards, remember one thing . . . let's be good sports . . . We all saw a display of the opposite recently and it wasn't pretty to see . . . So, win or lose, be ladies and gentlemen . . . and that for teams and fans alike . . .

• • •

DON'T know whether anyone else has watched with as much interest as we have, the rapid change in Charlevoix's shall we say landscape, for lack of a better word . . . We mean the appearance of TV aerials . . . the darned things fascinate us . . . We met Art Nettleton on the north hill the other day and together we scanned the town looking for new ones . . . He said he'd taken to playing a little game each morning as he went down the hill . . . looking around the town to see where new aerials had mushroomed since the night before . . . Suppose there'll be a time when we won't notice them but at the moment, we haven't learned to like them . . .

• • •

DID YOU know that the popular log-burler, Billy Girard, who has appeared several times at the Sportsman's festivals will be honored at a testimonial dinner at Gladstone Oct. 27 . . . Thought we'd mention it in case anyone wanted to send a letter or a wire . . which would be a nice gesture, particularly on the part of the Rod and Gun club which sponsored his show here . . .

• • •

WHAT IS IT they say about everything comes to those who wait . . . we've always liked hassocks but couldn't see much use of having one around because they took up so much room and were difficult to handle and what not . . . But now . . . someone's thought up the idea of putting a wrought iron frame around them, making them much firmer and easier to move and they're mighty attractive too . . . Why weren't we smart enough to think that one up? . . . So now maybe we'll have a hassock . . .

• • •

SOMETHING else we like are the new Onaway stone planters Don Campbell is building in front of his shop . . . He plans to not only have summer flowers and vines in them but to plant winter foliage so they'll be attractive the year 'round . . .

IF YOU get tired of hearing us talk about the weather . . . well, what else is there to talk about . . Temperatures well into the 70's past the middle of October is news in anybody's league . . . It can stay like this for another two months and we won't mid . . . That would make the hunters unhappy tho' for despite the fact that the weather is still warm, they're making arrangements for that annual trek to the north woods to stalk the elusive buck . .

Cardiac Clinic To Start Nov. 4 At East Jordan

The second Cardiac Housewife Clinic to be held in northern Michigan will be conducted at East Jordan Nov. 4-6-11 and 13.

Sponsored by the Michigan Heart Association, the clinic is designed to train women whose activities are limited because of a heart condition, to do their work with the least amount of effort.

The clinic was formerly scheduled for last spring but postponed at that time.

New Public School Buildings Are Dedicated With Open House Here

One of the most successful programs since the 'Open House' series was inaugurated several years ago by the Charlevoix public schools was held Thursday, Supt. R. G. Bennett said this week.

During the visitation period from 7 to 8:30 p.m. approximately 800 parents and friends toured the new buildings, visiting the classrooms and conferred with the teachers.

More than half the number remained for the dedication program in the auditorium at 8:30 p.m.

Dr. Lester W. Anderson of the University of Michigan Bureau of School Services complimented the people of the Charlevoix school district for completing the successful building program which added a new unit to house the music and industrial arts department and four rooms to the elementary school building.

In his dedicatory address he warned the people, however, that they must not rest on their laurels now that the buildings are completed but must look to the future.

He cited the increased enrollment figures and said that now was the time to make plans to care for the group when they reach the high school level. He added that present facilities are not capable of doing this.

He concluded by saying that the new buildings are fine but that they must be used to the best advantage to serve the youth of the community or they will not serve their purpose. Only by having a good school system, which Charlevoix has, and plans for the future can this be accomplished.

Howard MacDonald of the MacDonald Construction Co. which built the structures, presented the new units to Bonnie Nickerson, president of the Board of Education, in behalf of his company and the other contractors.

Mr. Bennett as master of ceremonies introduced the other contractors, Colin Wares of Walters and Hemming Plumbing and C. E. Davis of Davis Electric, both of Traverse City, and the other board of education members, Fred W. Willis, Vernon Mathews, E. D. Hawley and Albert Smith.

The Rev. Richard Lintner gave the invocation and the Rev. E. F. Denay the benediction.

Special music was by the Charlevoix high school band under the direction of C. A. Odmark.

Following the program, refreshments were served in the cafeteria.

The Michigan Heart Association, sponsors of the special clinic is a United Health and Welfare agency.

Max Novak Attends Director's Meeting

Max Novak, Charlevoix high school teacher, attended a Director's meeting of the Michigan Education Association at St. Mary's Lake last Saturday.

The purpose of the meeting was to discuss the problems of the Michigan Education Association.

Mrs. Henry Erber Is Demonstration Group Chairman

Mrs. Henry Erber of Boyne City was elected chairman of the Charlevoix county Home Demonstration group at the annual county rally day held at Whiting Park last Tuesday.

Other officers are vice chairman, Mrs. James McLaughlin of East Jordan; secretary-treasurer, Mrs. Sims Baker of Charlevoix; recreation leader, Mrs. T. F. French of East Jordan.

Mrs. McLaughlin presented a report on the Homemakers conference held in East Lansing in July. Mrs. Emma Reimbold, Home Demonstration Agent showed slides of a recent western motor trip and also several taken by Mrs. Ralph Hamilton of Charlevoix during the Homemakers Conference in Lansing.

Plans were also made for the readers meeting held at the city hall here Tuesday when the lesson on "Food Facts versus Frauds and Fads was presented."

Study Clubs Hold Joint Meeting

The members of the Shakespeare and Dickens Study Clubs met at the Congregational church Monday afternoon for a joint meeting.

Forty-five members gathered for the program which included the film, the DuPont story, "An American Way of Life", which portrayed the history of the great American industrial family and two shorter films, one of which was Dr. C. O. Whilten's film of the Red Cross blood procurement clinic held here in June.

A cornicopia of fall fruits and arrangements of autumn flowers decorated the tea-table. The vice presidents of the two clubs, Mrs. Joseph Arvilla of the Shakespeare club and Mrs. H. E. Paddock of the Dickens Club, presided at the table.

Methodist Women Plan Week Of Prayer

A week of prayer and self-denial beginning Sunday, Oct. 25, will be observed by the women of the First Methodist church here.

Special services at the church at 2:30 p.m. Thursday will climax the week during which funds will be contributed for work in the mission field.

This year emphasis will be placed on specific types of rural mission work throughout the world.

All women of the church are invited to join in the observance which will begin Sunday, Oct. 25 and continue through Oct. 31.

Garden Club Has Meeting At Norwood

Mrs. Karl Erber gave an interesting lesson on "How to wrap gifts with glamour" at the regular meeting of the Garden Club at the Norwood home of Mrs. Allen Campbell Tuesday.

The 13 members present also modeled the hats they had fashioned from garden flowers and produce.

A color quiz, refreshments and a social hour concluded the meeting.

The Knight Memorial Fund Committee has achieved its goal and Kipke Field has been lighted in memory of John Knight.

At this time we of the Committee would like to express to the people of the Charlevoix area who contributed not only funds but time, efforts and talents to the projects sponsored by the Committee, to those who, though they were not members of the Committee gave us every assistance, to the friends of Mrs. Knight and the late Mayor who contributed so generously to the fund, to George Bisbee of Jackson for his able assistance, to the city and school whose facilities were always available to us, to the local business men and industries for their support, to the workmen who gave unstintingly of their time and knowledge, to those whose advice and guidance aided in the campaign and in the selection and installation of the lights and any others who assisted in any way our sincere appreciation and gratitude.

Without your willing cooperation, generous support and faith in our aim the lighting of Kipke Field would not have been possible.

The installation has been paid for and presented to the Charlevoix schools. It is our ardent hope that the people of the community will continue to enjoy the lights for years to come.

Red Rayders Win Over Pellston By 19-6 Score

Last Week With Class "C" Teams

Mancelona was toppled from a first place tie with the Charlevoix Rayders Friday when the East Jordan Red Devils, handicapped by injuries, upset the highly-touted Mancelona Ironmen 13-0.

In other games played Friday, Charlevoix defeated Pellston 19-6; Boyne City racked up its first victory of the season by winning over Gaylord 14-6 and Harbor Springs won over St. Ignace 32-18 in a non-loop game.

As a result of Mancelona's upset by East Jordan, the Rayders moved into undisputed possession of first place with four wins; The Ironmen slipped to second place with three wins and one loss; East Jordan took over third place with two wins in three starts; Boyne City, by virtue of its win over Gaylord, moved into a fourth place tie with Harbor Springs; Gaylord with one tie in three starts and Pellston with a record of one tie and three losses are holding down the last places in the league standings.

East Jordan 13, Mancalone 0

The Mancelona Ironmen who had averaged 40 points per game in three loop meetings were held scoreless by East Jordan Friday afternoon for the major upset in league play thus far this season.

Costly fumbles, the injury of hard-playing fullback Earl La-Dere and the inability of Mancelona to open an effective passing attack all contributed to the Ironmen's loss.

The Jordanites' first touchdown followed the recovery of an Ironman fumble on the latter's 35 after East Jordan had kicked on a fourth down. Fullback Bob Rombech went over from the two after quarterback Keith Evans had moved the ball into scoring position on a 15 yard off-tackle run. Evans kicked the extra point and the Red Devils moved into the lead.

LaDere received a knee injury early in the period and although he was able to return to the game for limited action he was slowed down by the injury.

The second Red Devil score came near the end of the second period as halfback Bobby Danforth broke through the line and raced 60 yards to make the score 13-0. The kick for the extra point was wide.

Mancelona's only real threat came in the last period when the Ironmen marched to the 12. A Mancelona back, fading back to pass, was caught on the 25 and East Jordan recovered the fumble and were in possession of the ball as the game ended.

Boyne City 14, Gaylord 6

At Gaylord the Blue Devils took the kick-off on their own 24 and on five first downs moved the ball to the one yard line where quarterback Sam Butcher took it over. The kick for the extra point was blocked.

Third row: George Farmer, Jack Stebe, Mike Elsinga, Dick Elsinga, Guy Swanson, Quint Walker, Tom LaBlance, Bill Haggard, Don Reynolds, Pete Ulrich, and Bill Kolker.

Fourth Victory Puts Charlevoix In First

The Charlevoix Rayders racked up their fourth win of the current season Friday with a 19-6 win over the stubborn Pellston Hornets on the latter's field.

The victory plus Mancelona's upset by East Jordan left Charlevoix in undisputed possession of first place and the only undefeated team in the Northern Michigan Class C league. The local eleven has a record of four wins.

Last Week's Scores

Charlevoix, 19 Pellston 6

East Jordan '13, Mancalone 0

Boyne City 14, Gaylord 6

Harbor Springs 32, St, Ignace 18

The Rayders found tough going against the scrappy Hornets who, despite an early lead by the visitors, continued to make Charlevoix fight for every gain.

Charlevoix opened the scoring late in the first period after moving the ball to the 12 yard line on a series of line plays. Fullback Joe McDermott carried the ball over on a pitch-out and Don Smith came in to kick the extra point to make the score 7-0.

It was McDermott again just before the half ended. This time he scored on an off tackle play from the six after the Rayders had moved the ball well into Pellston territory on a series of line plays.

In the third period, fullback Glenn Aurrand picked up 45 yards to move the ball to the 18. A pass from quarterback Bob Rudy to end Harold Drier in the end zone gave the Hornets their only tally of the game.

Halfback Bobo Bennett completed the scoring for the Rayders when he added an insurance' touchdown midway in the last period to make the score 19-6. The kick was wide.

Playing in temperatures hovering around the 70 mark, the Rayders played pretty fair defensive ball but on offense seemed to slow down. At times they failed to figure out the unorthodox defense the Hornets were throwing against them and thus unable to penetrate it.

The Rayders will meet the real test of the season this week when they meet the major threat to the 1953 title, the Mancelona Ironmen who could move back into a first place tie with the local eleven by virtue of a victory.

Charlevoix-Mancelona Game To Hold Area Interest Friday Night

Attention in the Northern Michigan Class C league this week will be focused on Charlevoix where the Rayder-Mancelona Ironmen game will be played at Kipke Field at 8 p.m. Friday.

Other games equally important to the participants will find Gaylord traveling to East Jordan and Pellston hosting Petoskey St. Francis in games scheduled for 3 p.m. and Harbor Springs invading Boyne City at 8 p.m.

The Rayder-Ironmen meeting, long touted as the game of the year, lost some of its importance last Friday when East Jordan upset Mancelona 13-0. The possibility that Mancelona's hard-playing 190 pound halfback Earl LaDere, who has played a major role in the team's successes this season, will not play has detracted from the game. LaDere suffered a knee injury in the third play of the game against East Jordan and saw only limited action after that. Coach Matt Jacobson said Wednesday that it was doubtful if the veteran back would be in shape for this week's game. Gary Shisler, a sophomore fullback is expected to replace LaDere.

Despite the loss, Mancelona will be a tough opponent. Pointing toward their first league title when they were upset last week, the Ironmen may even yet salvage a share by winning the remainder of their games.

Charlevoix, on the other hand, is expected to be at full strength for the game with the Ironmen, who handed them a sound beating last year. The Rayders played only fair ball against Pellston last week and will have to snap out of their lethargy if they expect to overcome the handicapped Mancelona eleven this week.

Seemingly the odds are against Mancelona, but being the underdog in what was to have been their big game may be just the thing to bring them through on the credit side of the score. Which ever way the game goes, it will be close.

East Jordan, fresh from their unexpected win over Mancelona, will be trying to get back into the running for a share of the league title when they meet Gaylord. This would be possible if Mancelona defeats Charlevoix and all three teams, including East Jordan, should win the remainder of their games. East Jordan, the defending champions, is hoping for such a break.

Gaylord has yet to move into the win column. This doesn't look like the week that the Blue Devils will manage that feat.

Harbor Springs and Boyne City, tied for fourth place, will be fighting it out for permanent possession of the position.

The Rams, with one win over Pellston and losses to Charlevoix and East Jordan, and the Ramblers with one victory over Gaylord and losses to Mancelona and East Jordan should be pretty evenly matched now that the Boyne eleven has had a taste of victory. The Ramblers seem to be coming around and may hand the Rams an unexpected defeat.

The up and coming Pellston Hornets, who played bang-up ball last week against Charlevoix should not have too much trouble with the visiting Petoskey Crusaders, who have a record of one win, one tie and one loss to date.

FFA Group Builds Run-Off Plots To Study Causes Of Soil Loss

A lot of Charlevoix Soil Conservation District Co-operators have been wondering what's going on when driving by the Hiram Brock farm on M-66 near Ironton, stated Bob Reidel, machinery chairman for the District.

Perhaps some people when they saw the group of boys working out there thought that they were playing hooky. Well, it isn't the case. Those boys are members of the East Jordan Future Farmers of America, supervised by Dick Schroeder, and they are taking an active part in building the Charlevoix Soil Conservation District's run-off plots.

The first thing the boys did, continued Bob Raidel, was to dig a hole 3⅓ ft. wide, 28 ft. long and 5 ft. deep so that four tanks could be laid down. These tanks are the catch basins for the run-off plots.

The East Jordan F.F.A., being an energetic group, has purchased a 1951 Ford tractor and with the aid of a slush scrapper plus the bulging muscles of Joe Smith, Bob Russel, Bob Lict, Iorn Ketson, Vernal Waldon, Ed Thorsen, Walter Murphy, Paul Liscum, Jack Zoulek and about 30 other boys, got the hole dug and refilled after the tanks were laid.

These soil run-off plots will be established next spring. There will be four plots 7 ft. wide and 124 ft. 5½ in. long, which, when calculated up will represent 1-50 acre. The purpose of these plots is to show the public the soil and water losses due to erosion, by using different farming practices and rotations.

The first plot will be a rotation of continuous corn cultivated up and down the slope. Second plot will be a C-O-H-H rotation with all crops being planted on the contour. Third plot will be C-O-H-H rotation with crops being planted in a strip cropping program. Fourth plot will be continuous hay.

Similar plots in the Leelanaw Soil Conservation District have shown these results in the past three years:

Corn annually up and down Soil loss 15.9 tons, water loss 23,-00 gal.; C-O-H-H contour soil loss 1.4 ton, water loss 7,200 gal.; C-O-H-H strip crop soil loss 1.0 ton, water loss 1,620 gal.; Cont. Hay Soil loss .8 ton, water loss 1,410 gal.

One ton of soil is roughly 1-16 in. over one acre, so on corn annually up and down plot one inch of top soil was lost compared to 1-16 in. of top soil gone in Contour Strip crop plot. There's quite a difference and these results were in three years. A lot of our land has been farmed for 40 years. There is also a noticeable difference of 21,380 gal. saved by strip cropping than in the up and down cultivation. These water figures are for one rain and we get more than one rain a year. It takes a barrel of water to produce one stalk and one ear of corn. That is the difference between a fair crop and a good crop, Mr. Reidel stated.

Because the East Jordan Future Farmers of America had the foresight to suggest and see the possibilities of the soil run-off plots and through the financial and technical assistance of the Charlevoix Soil Conservation District and because of the courtesy of Hiram Brock, the soil run-off plots are becoming a reality.

Farm Bureau Holds Annual Election

Bernard — At the Oct. 14 meeting of the Barnard Farm Bureau, at the home of the John Rosquists, the following officers were elected:

Chairman, Mrs. J. L. Boss; vice chairman, John Rosquist; discussion leader, John Wieland; minuteman, Sanford Matchett; secretary, Mrs. Arthur Stoel; Blue Cross secretary, Mrs. J. L. Boss; recreation leader, Mrs. Sanford Matchett and member of the county Women's Committee, Mrs. John Wieland.

Rural-Urban Meet Will Be Oct. 29 At East Jordan

A Rural-Urban Conference sponsored by the Associated Women of the Farm Bureau of Charlevoix county will be held at the Evangelical Lutheran church in East Jordan Thursday, Oct. 29.

The meeting will open with a dessert luncheon at 1 p.m., followed by a conference at which Mrs. Hiram Brock, chairman of the county organization, will preside.

The conference is designed to better acquaint city residents with the problems of the rural wives and to discuss mutual problems. Guests at the meeting will be professional women and city residents.

Mrs. T. F. French of East Jordan, program chairman, and her committee have planned an interesting and varied program for the entertainment of the guests. Besides several vocal selections, four farm wives will speak on the types of farming practiced in this county. They are Mrs. Howard Stephens whose topic will be fruits; Mrs. Arlo Wickersham, turkeys; Mrs. Aaron Brock, dairy and Mrs. Leo Berg, beef.

Over-grazing of dried-out fall pastures may cause winter killing and a loss in forage yields next year, warns Carter M. Harrison, Michigan State college forage specialist.

Turkey Growers To Hear Expert On Marketing

A nationally recognized authority on the merchandising of processed poultry will be one of the main speakers at the annual Michigan Turkey Festival at Grand Rapids, Nov. 3 through 5. He is Cliff Carpenter of Chicago, president of the Institute of American Poultry Industries.

Another highlight of the Festival will be pointers on selecting good quality turkeys for cooking and a demonstration on methods of preparing halves and quarters of birds. Margaret Smith, a Grand Rapids home economist, will stage the demonstration and give the pointers.

Judging of exhibits in the five divisions and 31 classes will be based on meat qualities. The finish and attractiveness to Mrs. Consumer will be considered of prime importance, according to Don Miller, extension poultryman at Michigan State College. Miller is secretary-treasurer of the Michigan Turkey Growers' Association. He and Marve DeWitt of Borculo are co-chairmen of the event.

Home Demonstration Group Meets Today

The annual fall district Home Demonstration rally day will open at the Community building in Gaylord at 10:30 a.m. today (Thursday) with Mrs. Sims Baker of Charlevoix, district chairman, presiding.

The program will feature a report by Mrs. Carl Guggisberg of Gaylord on the Association of Country Women of the World Conference held in Toronto last summer which she attended as a delegate from the northern Michigan group.

Dorothy Mueller, a graduate student at Michigan State college and a former Home Demonstration leader, will speak on her experiences on Okinawa as a member of the U. S. Air Force. Her lecture, which she supplements with slides, is entitled "A Brief Glimpse of the Far East" and is of special interest to the members of the Home Demonstration program for at this time they are financing scholarships for five University of Okinawa students.

Plan Program For Soil Conservation 6th Annual Meeting

The program for the sixth annual Charlevoix Soil Conservation District meeting is being planned by the board of directors, Ed Rebman, Charlevoix County agricultural agent and secretary of the district, announced today. They are trying to secure a speaker who will be both entertaining and educational for everyone.

Several novelty acts for entertainment by different individuals will also be presented. The date for the annual meeting has not been set, but will be held sometime in January, and this year it will be held in Charlevoix.

There are two entries in the speaking contest. These are Bill Korthase, Boyne City, and Harry Pearsall of East Jordan. Bill Grimm, farm planner, announces that these two contestants will present their speech at the next regular meeting of the board of directors, Wednesday evening, Nov. 11. There is still time for other contestants to enter by contacting one of the directors.

The district has about 15,000 White Pine trees still available for distribution this Fall. These trees are now heeled in at the Charles Reidel and Son farm. Anyone who is interested in these trees should contact either Bill Grimm or Ed Rebman.

Farmers To Get Pointers On Ventilation

Charlevoix county farmers will get a chance to get pointers on dairy barn ventilation at a meeting set for Nov. 11 at the East Jordan high school bus garage.

County Agricultural agent Ed Rebman said that the meeting is being set up to give farmers more information on ventilation systems and how they effect herd health and sanitation.

Specialists from Michigan State college will be on hand to discuss problems of ventilating and give pointers on how to do the job better. Equipment manufacturers will be represented to show farmers what is available on the market in ventilating equipment. Exhibits are being planned.

Farmers from Charlevoix county will participate in a panel discussion to tell about their experiences with various ventilating systems.

New Standard Premium does what no other gasoline will do!

Prevents stalling with a remarkable DE-ICER additive. Prove it with one tankful!

Believe it or not, when your engine quits in traffic at this time of the year, chances are that ice does it. Yes, ice causes *cold-motor stalling* even on Indian Summer mornings! Carburetor ice! And this amazing fast-freeze is likely to occur when the temperature registers between 58° and 28° above zero!

For years motorists have mistakenly blamed their cars for this cold-motor stalling. But now Standard scientists have solved it.

New STANDARD WHITE CROWN Premium Gasoline contains a costly DE-ICER additive. This DE-ICER additive is a built-in anti-freeze that prevents the formation of a thin ice film. Ice that can cripple the action of your carburetor!

And remember . . . you can't buy a more powerful gasoline.

Stop in today and get the gasoline that does what no other gas will do— PREVENTS STALLING due to carburetor ice.

A THIN FILM OF ICE—
a major cause of engine stalling

Even when outside temperatures are from 58° to 28° rapid evaporation of gasoline can cause a *thin film of ice* to form on the carburetor throttle plate. Ice shuts off the flow of fuel during idling. Then, when you make a stop, your fuel-starved engine sputters and dies. DE-ICER additive in New STANDARD WHITE CROWN Premium Gasoline prevents carburetor ice.

done. took the Gaylord kick on their 34 and on a series of plays moved it to the nine. Halfback Mert Erber went over right tackle for the tally. Quarterback Bob Fitzpatrick kicked the extra point.

Fullback Carl Rothenberger wrapped up the game for Boyne in the third period when he scored from the 22 after the Ramblers had recovered a Gaylord punt fumble on the 45. Fitzpatrick again converted.

Both teams threatened in the last period but neither managed to score.

Harbor Springs 32 St. Ignace 18

At Harbor Springs, where five of the eight touchdowns scored by both teams followed kick-off plays, the Rams inaugurated an effective passing attack which accounted for four of their five tallies.

The first came immediately following the kick-off when the Rams took the ball on their own 37 and on the second play of the series, end Stan Pifer on the 40 took a 20 yard pass from quarterback Tom Clark and raced over for the first touchdown.

St. Ignace's halfback Gene Massey scored from the 30 after the visitors had received the Rams' kick.

Again on a kick-off play Harbor moved the ball to the one, with fullback Wally Granstra scoring. Rod Pontius kicked the extra point.

As the period ended St. Ignace repeated the play with end Oran Olmstead scoring from the five on a pass from Massey. The halftime score was 19-12.

The Rams took to the air again in the third period and following the kick-off Clark got off a 40 yard pass to Pifer who scored from the eight. An 18-yard toss from Clark to Granstra with Pontius passing to end Arden Bawkey for the extra point completed the Rams scoring threat. Quarterback Joe Frazier added St. Ignace's final tally when he went over from the nine.

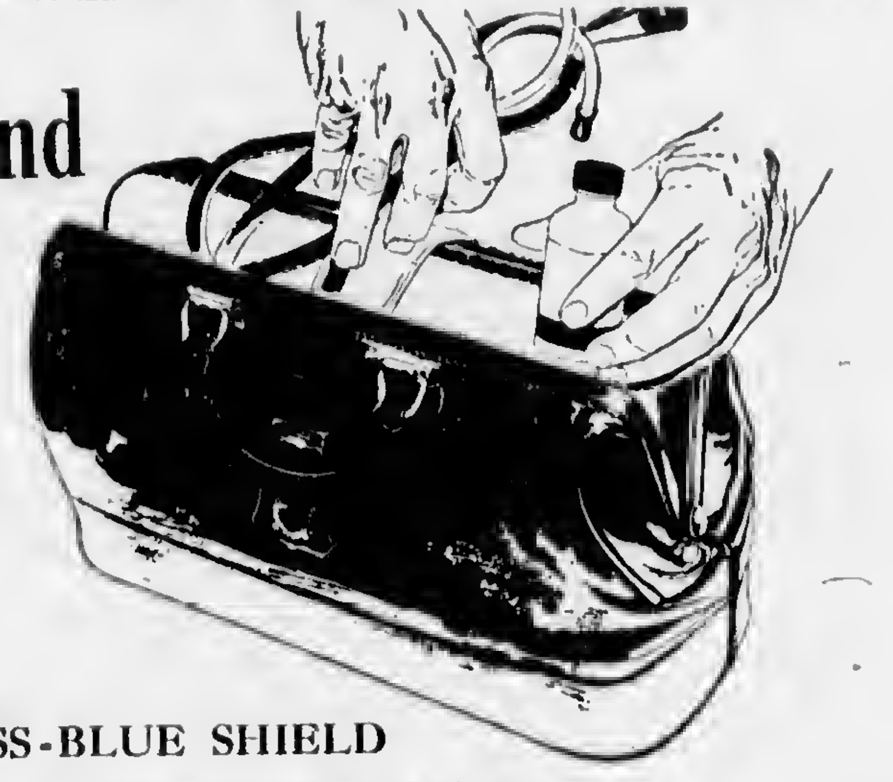
Your friend in need!



BLUE CROSS-BLUE SHIELD protection brings modern medical science within the financial reach of everyone!

THE CHANCES ARE 1 IN 3 THAT YOUR FAMILY WILL FACE A HOSPITAL BILL WITHIN THE YEAR!

ARE YOU PROTECTED?

Your doctor is your friend in need in more ways than one.

You know him of course, as an expert on getting you well and keeping you that way. Less known, though perhaps not less important is the role he plays in helping you protect your family against the cost of illness or accident.

Fourteen years ago, together with hospital officials, business men and labor leaders, Michigan doctors helped start the Blue Cross - Blue Shield *non-profit* organizations to bring modern medical science within the financial reach of everyone.

Since then, Blue Cross - Blue Shield have paid out over 300 million dollars in benefits. With over 3 million members, Blue Cross - Blue Shield is Michigan's most widely used health-care protection.

What BLUE CROSS Does!

Blue Cross Comprehensive Group Hospital Plan covers a wide range of hospital services, for up to 120 days, in any one of over 200 participating hospitals.

What BLUE SHIELD Does!

Blue Shield Medical-Surgical Plan pays generous amounts to your doctor for thousands of listed medical-surgical procedures, and for his hospital visits in non-surgical cases.

Protection Without Problems!

There's no red tape with Blue Cross - Blue Shield. Simply show your identification card to your doctor or hospital admitting clerk. Needed benefits are taken care of automatically!

How to Get BLUE CROSS-BLUE SHIELD:

Ask your employer. Check your Farm Bureau or Grange! Write or call your nearest Blue Cross - Blue Shield office.

DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

It's the RIGHT CAR!

What's the "right car" for you? It must be handsome, of course. A good performer, too. And dependable? Economical? For beauty, Pontiac offers the Silver Streak distinction that is admired everywhere. The *power* and *stamina* of Pontiac's rugged, high-compression engines are unmatched at anywhere near the price. Pontiac's dependability and long-life economy are a matter of record. For every important value extra *Pontiac's* your car!

It's the RIGHT PRICE!

The price of a *Pontiac* will never sway you from buying the *right car*. Pontiac engineers discovered long ago that—for very few extra dollars in price—they could build into Pontiac cars a great deal of extra quality. Come in and let us prove how easy it is to own a big, luxurious, fine-performing Pontiac!

It's the RIGHT TIME!

Your present car will never be more valuable as a trade-in! So don't put off the pleasures of Pontiac ownership. "Dollar for Dollar you can't beat a Pontiac" never meant more than it does today! We're sure you'll agree it's the right car—the right price—and the right time.

Everybody Talks About The Weather

But who wants to do anything about it in Charlevoix? There's a rumor about that some folks would like to keep it just as it is year 'round. Dream on, folks! You might as well do your winter shopping now. It's a good time for it, with everything on sale, and such delightful weather for browsing about.

There's a good sale on coats and jackets this week. One nifty little alpaca jacket with a knitted trim is on sale at 31.95. It's warm and furry and really elegant looking, too.

Have you seen the corduroy coats at Polly Kay? They are warm because they are milium lined. They are water repellent so they double for a raincoat. They are smartly styled and in all high shades so you really can wear them most anywhere. And this week they are only 25.00.

Think now! How many more shopping days until Christmas? You won't have to worry if you get at least part of your work done right now.

New and clever gift items are starting to come in. There is a ringed gold scarf gadgit that does amasing things to that little 'kerchief. It's a neat trick and a useful gift too.

A new belt makes any gal happy. Here's a thrifty thought for you. Buy her one of Polly Kay's smart leather belts now reduced from 8.85 to 5.95.

The Christmas lingerie is starting to come in. Beautiful tailored and lace trimmed slips for 3.95 and nylon panties for only 1.00. Does any woman ever have all the lingerie she wants?

Let's go shopping today!

Services Held For Mrs. C. B. Dye, 85 Former Resident

Norwood — Funeral services for Mrs. Charles B. Dye, 85, former Norwood township resident, were held at the Hibbard Funeral Home in Traverse City Oct. 9. Burial was in Oakwood cemetery. She had died Oct. 6 following a long illness.

Born in Chazy, N. Y., Alyda Richardson came to Norwood township as a child. On June 6, 1899, she was married to Mr. Dye. They resided at Monroe Center for a short time after their marriage and in 1905 went to Traverse City to make their home. Mr. Dye preceded her in death in 1939.

She is survived by a son, Paul B Dye of Saginaw; two grandchildren; three great-grandchildren and several nieces and nephews.

Among those attending the funeral services in Traverse City were Mr. and Mrs. Cecil Richardson, Mr. and Mrs. Merrill Richardson, Mr. and Mrs. Doyle Richardson, Mr. and Mrs. Milton Richardson and Mr. and Mrs. Raymond Stafford all of Norwood.

Anton Stuchlick Passes Tuesday At East Jordan

Anton Stuchlick, 71, former city employee, died Tuesday at the Grandvue Hospital near East Jordan where he had been a patient for six weeks.

The body is at the Pontius Chapel awaiting arrangements.

Born in Austria on Jan. 19, 1881 Mr. Stuchlick came to Chicago as a young man and became a naturalized citizen there in 1910. He came to Marion township about 15 years ago and moved to his present home on West Upright ave. about 10 years ago.

He is survived by a brother who resides in Illinois.

Observes Birthday

Michael Pearl, son of Mr. and Mrs. Robert N. Pearl, celebrated his seventh birthday anniversary Thursday afternoon with a party at his home.

Carrying out the Indian summer theme, gifts were placed in a wigwam and the 29 guests received Indian favors. A lighted birthday cake was a feature of the refreshments.

City Observes United Nations Day Saturday

Saturday, October 24, has been proclaimed United Nations Day throughout the world.

In Charlevoix flags will be displayed, churches will be asked to recognize the anniversary at Sunday services and, on Friday night the Charlevoix high school band will include the anniversary in its Red Letter Days exhibition and play an appropriate musical selection during the half-time show at the Charlevoix-Mancelona football game, Leroy Plum, local chairman of United Nations Day, has announced.

Rev. H. E. Kohn To Preach Series Of Special Sermons

On Sunday, Oct. 25, the Rev. Harold Kohn will preach the first of a series of brief sermons for young people, dealing with exciting and happy Christian living. This series, entitled "Adventures in Understanding", has been placed in the Fall program of the First Congregational church for the purpose of exposing children and high school students to the essential meanings of the Christian faith, and to demonstrate that the Christian life, when rightly lived, is full of thrilling adventure.

In announcing the series to the congregation last Sunday, Rev. Kohn outlined the "Adventures in Understanding" sceduled as follows: Oct. 25, a Halloween season sermon on "The Clever Disguises Evil Wears"; Nov. 1, "What the Big Idea?"; Nov. 8, "Be Sure the Armor Fits"; Nov. 15, "Where You Can Find God"; Nov. 22, "How You Can Be Happier Than You Are" and Nov. 29, "Do You Know What You Are Doing?"

Stating that adults almost always are as enthusiastic about young people's services as are the young folks themselves, Rev. Kohn informed the congregation that people of every age are cordially invited to attend these special 11 a.m. worship services.

BABY TALK

Births recorded at the Charlevoix Hospital recently include:

A daughter, Ginger Lee, born to Mr. and Mrs. Howard Fales Oct. 13.

A daughter, Dorinnne Paulette, born to Mr. and Mrs. Merton Peters Oct. 13.

A son, Robert Bruce II, born to Mr. and Mrs. Richard Donaldson Oct. 17. Mrs. Donaldson is the former Bette Gill, daughter of Mr. and Mrs. Alfred Gill.

Sunday School To Aid Korean People

The members of the Sunday school of the Barnard Methodist church are planning a Halloween party at the church at 8:30 p.m. Oct. 31. Instead of asking for treats around the neighborhood on that evening the children will ask for used clothing for the people of Korea. If any one in the Barnard community has used clothing which they would like to contribute, please call Mrs. Sanford Matchett or Mrs. Arthur Stoel and some of the children will come and pick them up.

There will be games and refreshments at the church following these neighborhood calls, also a prize for the child who has the most used clothing and one for the best costume. If any one comes to the party without a costume, that person must pay a forfeit. The forfeit money will be used to pay the postage when the clothing is sent to Korea. Adults also are welcome to come to the party.

V.F.W. To Dedicate New Building Sunday

Members of the Charlevoix post 1153, Veterans of Foreign Wars, raise the flag for the first time at their new post home which will be formally dedicated at 1:30 p.m. Sunday during the 13th district rally.

Located on US 31 two miles north of Charlevoix, the post was built almost entirely by volunteer labor over a two year period.

Present for the first flag-raising ceremony were (l to r) post commander Leroy Plum, Howard Griffin with flag, Sam King, Clarence Goldstick and in the background, Frank Jaskierski.

The new home of the Charlevoix Post 1153, Veterans of Foreign Wars, located two miles north of Charlevoix on US 31, will be dedicated during the 13th district rally to be held here Sunday, post commander Leroy Plum has announced.

Members of 17 northern Michigan V. F. W. posts and their auxiliaries will join the 73 members of the Charlevoix post and its auxiliary for the dedication ceremony at 1:30 p.m.

Department commander Joseph Ritzenhein of Lansing will come to northern Michigan to deliver the dedicatory address.

District commander Clyde F. Patch and district chaplain Rupert Porter, both of Gaylord will also be present for the dedication ceremony and the district rally which will follow at 2:30 p.m. Past district commander William McGirr who now resides in Detroit will serve as master of ceremonies.

Officers of the local post who will be present for the ceremony will be Mr. Plum, post commander; Fay Davis, senior vice commander; Leslie Everts, junior vice commander; Clarence Goldstick, quartermaster and Kenneth Staley, adjutant.

A dinner at the Charlevoix Rod and Gun Club at 12 noon will precede the dedication ceremony at 1:30 p.m. and the district rally at 2:30 p.m. The V.F.W. Auxiliary headed by Mrs. Plum will serve the dinner, which will be attended by approximately 200 members and guests.

Following the dedication, the V.F.W. members will meet at the new post home for a business meeting at 2:30 p.m. Auxiliary members will convene at the Rod and Gun Club.

The new post home to be dedicated Sunday will be the first real home of Post 1153 since it received its charter on June 16, 1937. Until now the second floor of a downtown building served as a meeting place for the post and its auxiliary.

Built almost entirely by volunteer labor the new home will cost an estimated $8,500 when completed, Mr. Plum said.

It is of frame construction with a brick veneer finish. The entrance is of cedar siding with glass brick windows. The main

Rayder Reserves Win Over Boyne By 27 - 0 Score

The Charlevoix Reserves tallied their third win of the current season by defeating the Boyne City Reserves 27 to 0 at Kipke field Wednesday night.

Touchdowns were scored by Clayt Walker, Joe Etienne, Fred Putman and Ken Balch. The extra points were scored on two line plays and a pass.

The Reserves traveled to Mancelona last night to meet the little Ironmen.

St. Mary's Little Flower Guild To Present Fashion Show Nov. 12

The Little Flower Guild of St. Mary's church has announced plans for a fashion show at St. Mary's school hall Thursday, Nov. 12.

Proceeds from the event will go to the St. Mary's school building fund, Mrs. Charles Cooper, president of the Guild said in announcing the plans.

Fashions will be from Fay's Dress Shoppe with Mrs. Charles Duerr, manager of the shop, serving as commentator. Mrs. Elmer Barber will be the pianist for the show which will feature children's as well as adult fashions.

At a special meeting of the Guild held Monday at the Ironton home of Mrs. Herman Thierry, plans for the show were completed and Mrs. Cooper announced the following committees:

Reservations, Mrs. Charles Meier; publicity, Mrs. Thierry, chairman, Mrs. Leland Warner and Mrs. Everett Stenman.

Tickets, Mrs. Herbert Moore, chairman, Mrs. Jean Gallagher, Mrs. Maurice Foster and Mrs. Archie Hunebauch; hostesses, Mrs. George Pethe, chairmen, Mrs. Reginald Greenway, Mrs. Frank Martin and Mrs. Danford Gallagher.

Refreshments, Mrs. James Woodward, chairman, Mrs. Frank Gengle, Mrs Edward Hansen, Mrs. Joseph McPhillips, Mrs. Walter Moore, and Mrs. Frank Trocchio; program, Mrs. Robert Kedrowicz and Mrs. Lester Gallagher.

A variety of door prizes will be awarded and refershments will be served at the close of the show.

Community Choir Will Hold First Rehearsal Nov. 3

The Charlevoix Community Choir will hold its first rehearsal at 8 p.m. Tuesday, Nov. 3, in preparation for the Christmas Vesper Concert, C. A. Odmark, director of the group, annonued this week.

Anyone interested in joining the choral group is urged to attend the first rehearsal at the high school band room. A special invitation is extended to new residents of the community. Previous training is not necessary, Mr. Odmark said in extending the invitation, for there are vacancies in all sections of the choir which must be filled.

Indications are that the group will again number about 40 voices, he added.

Rehearsals will be held weekly. A program of the finest choral literature is being prepared for the Christmas concert which is becoming a traditional part of the Charlevoix holiday season.

Harold P. Ely, 60 Is Killed When Jeep Overturns

Harold P. Ely, 60, of Boyne City, retired Army sergeant and brother of Brig. Gen. George B. Ely (Ret.) of Boyne City was killed at 10:30 p.m. Wednesday, Oct. 21, when the jeep he was driving went out of control on a curve on the South Shore drive near Whiting Park on the south side of Lake Charlevoix and overturned several times.

Ely was enroute from Boyne City to the home of his brother with whom he had resided for the past three years at the time of the accident.

Graveside services were held at Olivet, Michigan, Friday.

Announce Sale Of 103 Park To Dr. W. F. Hoffman

The sale of the property located at 103 Park ave. to Dr. Walter F. Hoffman, local dentist, has been announced by Earl A. Young local realtor, who handled the transaction for Miss Ferne McIntire.

Dr. Hoffman said this week that he plans to carry out an extensive remodeling program on the property which at one time served as the home of the lighthouse keeper here. He plans to convert the first floor to office space for Dr. Robert Andersen, local optometrist and his own dental office. The second floor will be used for living quarters.

Kiwanis White Elephant Sale Sets A Record

The Charlevoix Kiwanis Club has completed its most successful White Elephant sale, Fred Bancroft and Angus Fochtman reported Monday night at the regular meeting of the organization. The co-chairmen of the event said the sale grossed more than $1,200 during the three days it was conducted at the Charlevoix Oil Co. After the expenses are paid, an estimated $1,200 will be added to the Youth Center building fund.

Charles Robinson, Charlevoix county superintendent of schools, addressed the group and told of his year of study with the Ford Foundation. He also showed slides taken during the tour, which covered a large part of the United States.

Plans for the annual Halloween party for the school children were completed. A member of the Kiwanis club party committee will visit all classrooms and invite the local children to participate in the special Hallowe'en event which includes a movie and a treat for all the youngsters.

Ralph Hamilton, the Rev. Lloyd Schloop, Frank Oleksy and E. B. Bowman will assist during the parade from the school to the theatre Friday.

Tentative plans were made for the annual election next Monday

Guests at the meeting were Reginald Greenway and Arthur E. Albright of Ann Arbor.

Two County Men Named For Draft Call On Monday

Two Charlevoix county draft registrants, Bruce K. Shanahan of Charlevoix and Perry J. Palmer of St. James, have been called for induction into the army Monday, Nov 1, the local draft board has announced.

An additional ten men have been called for pre-induction physical examinations Nov. 16. The list includes John A. Erber of Charlevoix; Ralph M. Cross, a former local resident now living in Saugatuck; Peter Greene of St. James; Gerald E. Evans of East Jordan; Richard Massey of Boyne Falls; William E. Zimmerman, Norm L. McGeorge, William K. Detloff, James A. Erber and Harold R. Johnecheck, all of Boyne City.

No Charlevoix county men will be called for induction in December. Six men will be called for pre-induction physicals in December.

Leaders Named For St. Mary's Fund Campaign

Ralph S Hamilton and Cornelius Geiken have been named co-chairmen of the fund campaign to raise $50,000 for a new St. Mary's school here, the Rev. E. F. Denay, pastor of St. Mary's church here announced this week.

The campaign will be launched early next month and will run for a six weeks period.

Vice chairmen for the drive will be Reginald Greenway and George LaBlance. They will be assisted by the following team captains: Maurice Foster, Daniel Haggerty, Peter Winnick, Elmer Barber, George Goike, Frank Oleksy, Floyd Hull, Joseph Etienne, Herman Thierry and Theodore Browe.

The funds will be raised to construct a new one-story fireproof building to replace the present 50-year-old wooden structure.

Two From Island Attend Beef Sale

Two Beaver Island residents, James Gallagher and Willie Schmidt, were among the more than 1,000 breeders and buyers at the eighth annual Northern Michigan Beef Breeders Association sale at Gaylord earlier this month.

The pair brought a total of 29 head of cattle to the sale after bringing them to the mainland aboard the motorship North Shore.

The 994 head of cattle auctioned sold for a total of $89,826 to cattle breeders and buyers from Michigan, Wisconsin, Ohio, Indiana and Illinois.

Chest Fund Campaign Nears 60 Per Cent; Drive Will Continue

The annual Community Chest fund campaign which started Oct. 16 picked up momentum during the past week and on Monday when the board of directors met to map further action in the campaign, the drive had passed the $3,000 mark.

At that time $3,175 had been contributed during the first ten days of the drive toward a goal of $5,665. The figure represented 56 per cent of the total.

In 1952, 73.2 per cent of the goal had been reached on the tenth day of the drive.

William Supernaw and Charles Pontius, co-chairmen of the campaign, said Wednesday that every individual and business place would be visited by a campaign worker before the drive ends in an effort to reach the goal. If more than one call should be necessary, the worker will continue to call back until every home and business has been contacted and every contribution collected.

Mrs. James Coleman reports that Charlevoix's summer residents are, as usual, adding their support to the campaign. Many, including several who were contacted for the first time this year, have already responded to the appeal. She added her assurance that other contributions would be forthcoming before the drive ends.

Following the meeting Monday evening, Mrs. Herbert Campbell joined with the fund chairmen in issuing an appeal to the community to support the Community Chest. She went on to say that if the city's most important agencies are to be continued, it is imperative that everyone get behind the fund campaign and give. Without the support of everyone in the community, the success of the drive cannot be assured.

Local agencies whose very existence depends on the Community Chest include the Boy Scouts whose budget needs $900; Girl Scouts, $850; Community nurse, $850; summer recreation council, $300; Charlevoix Service Organization, $500; emergency fund which provides glasses, crutches and other necessities for indigents, $400; Other equally important agencies supported by the Chest drive are the United Health and Welfare whose quota is $1,125; Salvation Army, $350 and Michigan Children's Aid, $275.

Every individual in this community derives some benefit from the Community Chest agencies. For this reason it is important that these same people support the Community Chest. Give, give as much as you can as soon as you can and help your Community Chest meet its obligations.

Name Officers For Red Cross County Group

Mrs. Don Haig of Boyne City was re-elected chairman of the Charlevoix county chapter of the American Red Cross at a business meeting and election of officers held here Thursday.

Other officers who were re-elected were Mrs. Hazel Fritz of Boyne City, secretary; Mrs. A. L. Livingston, treasurer.

Mrs. Haig then appointed Mrs. R. G. Bennett, Mrs. Earl H. Clark of East Jordan, Mrs. Ross Alexander of Ironton and Mrs. Frank Burns of Walloon Lake, all directors, as vice chairmen in their respective communities.

Mrs. Bennett also agreed to continue as blood chairman and Fran Martin as home service and publicity chairman.

Four new directors, Peter H. Tummer, Mrs. John Brackett of Boyne City, Mrs. Ole Olson and Mrs. Clyde Wilson of East Jordan were also named. Efforts will also be made to name a director to represent Boyne Falls in the near future.

At the business session, Mrs. H. W. Patrick of Boyne City, executive secretary, reported that the chapter had handled 313 cases during the fiscal year ending June 30. The list included 193 cases involving servicemen; 34 cases involving veterans and 82 civilians. The chapter also made loans amounting to $339, most of which were made to servicemen.

Mrs. Bennett reported that the chapter had assisted the Michigan Department of Health in conducting a successful blood program in Charlevoix county with 180 pints donated during a three-day clinic June 29-30 and July 1.

The chapter also voted to send ten Christmas-on-the-high-seas packets which are furnished by [illegible] to be distributed to servicemen enroute to overseas assignments at holiday time.

The budget for the 1954-55 fiscal year was discussed and tentative plans made for other chapter activities.

Miss Mae Jordan, area field representative, was present and assisted the chapter in setting up the budget and making other plans.

Hatchery Work In Fish Psychology Told To Lions

Every hear of a piscatorial psychologist? Sounds fishy and literally it is. That was the title attached to Jack Maatsch when he was introduced as guest speaker at a joint dinner meeting of the Petoskey, Traverse City and Charlevoix members of the Lions club held Monday evening at the Argonne.

Attempting to instill nature given instincts for survival into hatchery raised trout is the job of Maatsch and two co-workers doing psychological research for the Michigan Department of Conservation.

Because hatchery raised trout do not inherit wariness, they become easy prey for their natural enemies, including the clumsiest fisherman, Maatsch told his listeners. Planting this type of fish has become a costly project for the state with not too satisfactory results. It is a small per cent of the hatchery planted trout that ever reach the angler's creel, he said, and the cost of each fish runs well over a dollar.

Purpose of the new program is to acclimate the trout to the conditions under which they will later have to contend if they are

HAPPINESS

George L. Majors Pastor
Community Church of God

"Rejoice in the Lord always: and again I say, Rejoice." Phil. 4:4.

It is the common desire of everyone to be happy. There is not a soul upon earth but what is seeking happiness in one way or another. Yet this is a relatively sad world in which we live. There are equally as many sad hearts as there are glad hearts. The world is full of tragedy, disappointments, wasted and broken lives, and saddened memories, even though more people are seeking after happiness than any other one thing. Why then is there not more of it? What can be the matter? What is the trouble?

This we know, the trouble is not with God. He has created all things well and declared them to be perfect. The world of nature all around us has been producing abundantly, and working harmoniously every since the day it was spoken into existance. It is not that God does not will that we should be happy, for all things have been created expressly for mankind to be used for his good. It is God's desire that we should be happy. And we could find no greater assurance of this desire than in the coming of Jesus Christ His Son who said, "I am come that you may have life and have it more abundantly."

The problem lies not with God, but rather with man himself. The trouble is in his seeking after pleasure and happiness in the wrong way, disregarding God's intended way. There are two separate ways. The first is the worldly way of seeking happiness in the material things of life to the exclusion of the spiritual. Like the fool mentioned by Jesus who said, "Soul, thou hast much goods laid up for many years, take thine ease, eat, drink, and be merry". Many today are saying that seeking pleasure in the gratification of the flesh on the avenue of sensuality, satisfying the desire of the body alone but starving the soul. "Stolen waters are sweet, and forbidden fruit tempting", but the end thereof is bitterness. The final result is always the same, disappointment, sadness and sorrow, and the loss of the very thing been sought after, happiness.

This has been the sad experience of many down through the ages, and the Bible repeatedly warns against seeking pleasure and happiness in the wrong way. "The way of the transgressor is hard", and "The wages of sin is death", to be sure.

There is a certain peculiar tree appropriately named the "Judas tree". The blossoms appear before the leaves and are of brilliant crimson. Their flaming beauty attracts innumerable insects, and the wandering bee is drawn to it to gather honey. But every bee that is attracted and alights upon the blossoms receives a fatal opiate, and drops dead from among the crimson flowers to the earth. The ground beneath this tree is strewn with victims of its fatal fascinations. What a perfect picture of the deceitfulness of sin, enticing only to destroy, all those who are allured in their seeking after happiness and pleasure in the wrong way.

There is however, a right way in seeking after real pleasure, and true happiness, and that is the Christian way. There is a real and lasting joy and true happiness found as a reward in the avenue of seeking to do the will of God. Jesus said, "Whosoever shall seek to save his life shall lose it; and whosoever will lose his life for my sake shall find it". It's true, we lose the very thing we seek after if we seek it in the wrong way, but on the other hand we gain the very thing we desire above all else when we leave go and surrender all to God. Herein is the secret of true happiness. Jesus said, "seek ye first the kingdom of God, and his righteousness and all these things shall be added unto you."

This true happiness if found in a submission to God and His will for us, in an acceptance by faith of His great redemption for us through Jesus Christ the Savior; by conformity to His plan of living; by daily dependency upon Him through His abiding Spirit; and by a practice of restraint and moderation in all things, keeping busy in His service laboring for the Master.

Along this way of life the trails, afflictions, and reverses, that do come in this existence, are powerless to drown the note of joy in the Christian life, and often serve to magnify the reality and fullness of this true happiness.

A prominant television personality who had just recently surrendered his life to Jesus Christ made this statement publicly, he said, "There is no such thing as real happiness apart from God and no such thing as lasting sorrow in the will of God." He went on to say, "This thought was committed to me by my mother years ago, and only now have I come to see and appreciate the fullness of it's meaning."

ODDS 'N ENDS

By Fran Martin

HAD THE most interesting experience recently when Mrs. Charles Teeter of Chicago, who has a cottage out on Lake Charlevoix, stopped by with a guest, Miss Marie Conde, of Motherwell, Lanarkshire, Scotland . . . Miss Conde is superintendent of nurses at a 1400 bed hospital in Glasgow, and a more interesting and charming person you'll never meet . . . She will return home late this month after spending three months with brothers and sisters in and around Chicago . . . You'd love her description of our super markets and all the foods they contain . . . After all, the British Isles are still on rationing with four ounces of butter a week and 24 ounces of meat . . . This was her first visit to northern Michigan and she loved the state . . . its trees, which she says are much larger than those in Scotland, as well as the lakes and rolling hills . . . Of Course we visited hospitals and she marvels at the way our hospitals are constructed and furnished . . . with every conceivable convience . . . But the thing that amused us most was when she told about her parakeet . . . which speaks with the cutest Scottish accent . . . if you can imagine that . . . England should take a lesson from Scotland and send out a few ambassadors of good will like Miss Conde . . . She'd do a lot for international relationships . . .

* * *

ISN'T IT nice to have friends who are good hunters. . . . We were lucky that way this fall with Dr. Claire Cartier of Grand Rapids and Bruce Henley each stopping by with two beautiful 'pats' for us . . . And were they good . . . 'tisn't often we get a treat like that and we sure enjoyed them . . .

* * *

CHARLEVOIX'S lucky to have such good friends as the Grosse Pointe Barbershoppers . . . Sold on Charlevoix since they first came here 11 years ago they're doing their best to perpetuate the Labor Day Barbershop Jamboree . . . We're sure they'll receive every cooperation here . . . And we know that all of us at the Courier will do our best to help them for they're a grand gang . . And are to be commended for their efforts to continue the Jamboree . . .

* * *

WHEN WE were doing the story on the old Argo Mill last week, we couldn't help but wonder about one thing . . . what ever happened to the mill cats? . . . If we ever found a stray cat, we always lugged it down to the mill where Mr. Craig would always make room for it . . . The cats sure lost a good home with the razing of that building . . . Maybe they went to the Co-op with the rest of the stuff . . . We sure hope so . . .

AND SPEAKING of the mill, how do you like the picture, or rather translite, which Earl A. Young had made from an old snapshot . . . If you haven't seen it, it's on display in his downtown office and shows two old sailing vessels entering the harbor on Pine River . . . The picture was taken about 1902 right after the swing bridge was installed . . . it shows the old mill on the north bank of the channel and protruding from the municipal pier is the bow of one of the lake steamers that used to make Charlevoix a regular port of call . . . It's a lovely thing to see, this picture, so stop by and take a look . . . especially you old-timers who can remember the scene . . .

* * *

WHY DO we always appreciate things more when they are out of season . . . We have in mind a lovely Oriental poppy which was brought to us by our neighbors, the Arnold Potts, who found it blooming in their garden . . . ordinarily an early summer flower, this one decided to make a second appearance . . . And we enjoyed it ever so much . . .

* * *

WHO HAS more fun than the people in Charlevoix? . . . We asked that question Thursday at the pep rally the high school Pep club put on at Kipke field . . . Maybe it's the kid in us but we loved the bon-fire . . . the nicest one they've ever had . . . but a lot of other grown-ups must have enjoyed it equally as much for they went on over to the bleachers too and enjoyed the entertaining program the kids had arranged . . . It was great fun and could only happen in Charlevoix . . .

* * *

IT CAN snow any day now . . . Know why? The resort season has officially closed . . . the J. H. Kings closed their Chicago Club cottage last week and departed for Chicago . . . They are the first family here in the spring and the last to leave . . . they even out-stay the robins . . .

* * *

IF YOU see something at your door this weekend that you can't recognize . . . don't be alarmed . . . it's only Hallowe'en and every kid in town will be out "trick'n' and treatin'" . . . Don't know who has more fun . . . the kids or their folks who dress them up in some of the darndest get-ups or the people whose doorbells they ring . . . We sure get a big kick out of them at our house and look forward to seeing the kids . . .

* * *

ALWAYS knew that Charles Hampton was a sports fan but didn't find out 'til we talked with him at the Reserve game last week the reason why . . . Seems he used to play football for good old CHS . . . 'way back in 1906 . . In fact, he thinks he's the oldest player still around . . . As Harold Hampton he played left tackle on the 1906 championship team which suffered only one defeat during the season and that when they ventured to Grand Rapids for a game and were clipped 60-0 . . . The game was a lot different then . . . We marvel that they ever had enough for a team . . . the chances they took . . . it's a wonder somebody wasn't killed every game . . . But despite the hard knocks, he still follows the games with as much interest as when he played . . .

* * *

AND how about those Rayders Friday night . . . we knew they were good but they sure put on a performancee against Mancelona . . . Both teams were well coached . . . you could see that in every play and they sure were a joy to watch . . . Now if this were only the middle of the season, think how much more good football you'd be seeing . . . but we only have one game left . . . one game between us and a championship . . . This is the team that can do it . . . wait and see . . .

Kiwanis 'Take A Kid To Church' Plan To Start Here This Week

A "Take a Kid to Worship" program will be observed in Charlevoix this weekend of Nov. 1, it was announced by Rev. George Majors, chairman of the Support of Churches in their Spiritual Aims.

"The purpose of the observance is to urge all adults to take children, especially less "privileged children," to places of worship of their choice," Rev. Majors said. "The program is inter-denominational."

"Sponsored jointly by the Kiwanis International and the National Kid's Day Foundation, the "Take a Kid to Worship" program is staged in conjunction with religious leaders of all faiths, who have designated November as national "Religion in American Life" month.

"If every adult would fill his or her car with youngsters on their way to worship this weekend and increase the congregations to places of worship, our entire nation would benefit," Rev. Majors said.

Rayders To Attend U. Of Michigan Game

With an open date this weekend the Charlevoix Rayders accompanied by Coach Del Terrill, will attend the Michigan-Penn homecoming game at Ann Arbor Saturday afternoon.

They plan to leave here late Friday afternoon, spend Friday evening at a cottage outside Ann Arbor and on Saturday tour the campus before attending the homecoming game.

Coach Terrill said today that about 28 team members will make the trip via chartered bus.

Grosse Pointers Hope To Revive Local Jamboree

Because the Labor Day Barbershop Jamboree held here annually from 1943 until this year became so popular an outing for the Grosse Pointe Chapter of SPEBSQSA, the members of this organization may take steps to revive the popular event, according to a recent story in the Michigan Troubadour, official Michigan SPEBSQSA publication.

The Jamboree was discontinued earlier this year when the sponsoring chapter, Charlevoix chapter No. 19, disbanded.

Despite this, however, 15 members of the Grosse Pointe chapter and their wives returned to the scene of their first visit here, the Stroud cabins, and joined by a few local barbershoppers, enjoyed a very successful Labor Day weekend.

When it was over, it was decided the Grosse Pointe members that, if possible, they would take over the promotion of the Charlevoix event next year in an effort to keep it going, according to the Troubadour story.

The Jamboree, which became one of the largest and most successful events of its kind, was attended annually by Barbershoppers from throughout the midwest. Many international champions and countless state champions appeared on the popular public program at the high school auditorium and attended by capacity crowds of barbershop harmony devotees.

Michigan State college tests on marl show a range of from 500 to 1,600 pounds of lime per cubic yard . . . even with materials that test 85 per cent in neutralizing value on a dry weight basis. Factory refuse lime ranges from 1,000 to 1,200 pounds of lime, or calcium carbonate, per cubic yard.

to survive in the streams." This is being attempted by changing the methods of feeding to simulate stream conditions. Shock treatments also have been devised for hatchery use to teach the trout to dash for provided cover when dangers are presented.

Moatsch said some people have the impression the program is to make the trout so wild they will not take the fisherman's lure. This might be true in the case of the dub angler, he said, but the angler with skill to take the native trout can induce the planted hatchery trout to the lure, experiments indicate.

If the trout fishing is to be improved it is going to be necessary to find ways of survival for the hatchery plants and the present project appears to lead in that direction, he said.

Rayders Maintain Lead By Defeating Ironmen

* * *

Win Over Mancelona By 26-13 Score Puts Team Nearer Title

The Charlevoix Rayders, playing the best brand of football they have displayed this season, Friday night moved one step closer to a league title as they defeated the Mancelona Ironmen 26-13 on rain-soaked Kipke field.

The local eleven, with an open date this week, will meet the Boyne City Ramblers Nov. 6 in the final game of the season. A win would give them a perfect record and a title.

The R[illegible]s who moved the ball across the goal line for a 26-0 lead played excellent football until the four touchdown margin gave them a feeling of confidence and they let down midway in the third period. It was then that the hard playing Ironmen crossed the goal for their first touchdown. A recovered fumble in the last period gave them a second chance to score.

The Ironmen, who racked up an impressive record before losing [illegible] in fullback Earl LaDere and suffering an upset by East Jordan, played good tough football throughout the game. Versatile quarterback Dick Derrer and his team-mates were a threat all the way and though they were unable to penetrate the Rayder line, did manage several good gains via the aerial route despite a wet ball.

In the starting lineup for the Rayders this week were Tom LaBlance, quarterback, Joe McDermott, fullback, Gerry Albright and [illegible] Bennett, halfbacks; Dwain Walker and Gordon Mol, ends; John Connolly and Guy Swanson, tackles; Evart Pease and Tom Erber, guards, [illegible] center.

[illegible] Don Smith who does the team's [illegible] Jolliffe, Bill Kolker and Guy Swanson, backs; Dave [illegible] Powell, [illegible] Dick Elzinga.

Jerry Albright (22) [illegible] initial game which gave the Charlevoix Rayders a 26-13 [illegible] over the Mancelona Ironmen Friday night [illegible] one step [illegible] Class C title.

The Rayders kicked off to Mancelona to open the game Friday. The Ironmen moved the [illegible] the 33 before their offensive bogged down and they were forced to kick.

Charlevoix returned the ball to the 40 where a touchdown march started with the Rayders picking up three first downs on running plays by Bennett, McDermott and Albright and a pass from LaBlance to Walker. With the ball on the 25 Bennett passed to Albright who scored from the ten to make the score 6-0. Smith came in to kick the extra point and put Charlevoix ahead 7-0.

A Mancelona fumble recovered by Pease gave Charlevoix the ball on their own 45 after the Ironmen had picked up a first down. A series of line plays with McDermott and Albright again moved the ball into scoring position after picking up two first downs. McDermott went over from the 15 on a pitchout from Bennett and the score was 13-0. Smith added the extra point for a 14-0 lead.

The quarter ended with Mancelona in possession of the ball on their own 25. After making a first down, the Ironmen attempted to kick out of danger but a Charlevoix player blocked the punt and the Rayders took over on the Mancelona 21.

Line plays and a jump pass from Bennett to Mol moved the ball to the three before an offside penalty brought the ball out to the eight. Bennett passed to Mol in the end-zone for the tally and the score stood at 20-0 after Smith's kick was wide.

Mancelona tried again to cross the midfield stripe but were forced to kick from their own 45. Charlevoix blocked the kick and gained possession on their 45 but a Rayder fumble gave the Ironmen the ball on the next play. A short pass and a running play gave Mancelona a first down on the 30 before they were thrown for a loss and forced to kick as the half ended.

Mancelona opened the second half by kicking off to Charlevoix. Play started on the 39 after McDermott returned the punt from the 25. Jolliffe took the ball on the next play and, fighting his way through the Mancelona line, broke away for a touchdown which was called back when the officials ruled his forward motion was halted on the 43. A jump pass to Walker and a series of line plays gave the Rayders two first downs and moved the ball to the seven from where Jolliffe scored. The kick was blocked and the score stood at 26-0.

After taking Charlevoix's kick, Mancelona picked up three first downs and moved the ball to the 12 from where quarterback Dick Derrer scored. Bill Dalton kicked the extra point to make the score 26-7.

Charlevoix began to let down at this point and after picking up one first down kicked out of danger as the third period ended.

Mancelona moved the ball from their own 45 to Charlevoix's 25 after picking up one first down. They lost the ball on the 17, however, when they failed to pick up yardage.

On the next play the Ironmen regained possession of the ball when they recovered a Charlevoix fumble on the 21. After an exchange of five-yard penalties and a series of line plays Mancelona moved the ball to the 11 from where Derrer passed to Dalton in the end-zone for a second touchdown. Dalton's kick was wide and the score stood at 26-13 midway in the last period.

The game ended with Charlevoix in possession of the ball after an exchange of punts during which the Rayders picked up one first down.

[illegible] at this week [illegible] the Northern Michigan Class C [illegible] Boyne City at 3 p.m. Friday. Gaylord will [illegible] to Mancelona and East Jordan will invade Harbor Springs at 8 p.m. Friday.

[illegible] to put them in fourth place will travel to Pellston to [illegible] which went down to a 13-12 defeat at the hands of Petoskey St. Francis. The Hornets have only one tie with Gaylord in four starts and will be trying for a win in an effort to move out of the cellar which they share with Gaylord. The Ramblers, gaining momentum after getting off to a slow start, trounced Harbor Springs 21-0 Friday. Both teams won over Pellston 14-7 so on this basis the Ramblers should have an edge. The game will be close however, with the result a toss up.

Mancelona will host the Gaylord Blue Devils following a 26-13 loss to Charlevoix on Friday. The Devils, sharing the cellar spot with Pellston will be trying to get into the win column but will be outclassed all the way by Coach Matt Jacobson's smooth-playing outfit.

East Jordan will be defending its hard-earned second place standing when it invades Harbor Springs Friday. The Jordanites have come a long way since the season opened and will be out for a fourth victory against the Rams who were defeated 21-0 by Boyne City, a team the Red Devils defeated by a 35-13 score earlier in the month.

On occasion this season, the Harbor Springs Rams have looked good and they will have to be at their best to stop the Jordanites this week. By virtue of their record, the Jordanites will have an edge but the Rams could make it tough for them if they should choose.

Last Week With Class "C" Teams

The Charlevoix Rayders retained their first place position in the Northern Michigan Class C league by defeating Mancelona 26-13 as other standings were re-shuffled as a result of Friday's games.

East Jordan moved into second place after topping Gaylord 20-0; Mancelona dropped to third place following the defeat by Charlevoix. Boyne City, with a 21-0 win over Harbor Springs, took over fourth place which the Ramblers had shared with the Rams until this week. A fourth game saw Petoskey St. Francis upset Pellston 13-12 in a non league meeting. Pellston and Gaylord are holding down the cellar position with one tie in four starts.

East Jordan 20, Gaylord 0

At East Jordan the Gaylord Blue Devils never moved inside the Red Devils' 15 yard line as the Jordanites scored in all but the third period.

Fullback Ray Gee went over from the 30 to open the scoring attack; fullback Hombach added one from the five in the second period and quarterback Keith Evans went over from the three in the last quarter to end East Jordan's scoring. Evans kicked two out of three extra points for a 20-0 score against the visiting Gaylord eleven.

The win moved East Jordan into second place with a three win and one loss record.

Boyne City 21, Harbor Springs 0

At Boyne City, where a heavy rain aided in halting a Rams passing attack, the Ramblers were in control of the game all the way.

Fullback Chub Rothenberger went through the line from the one yard line to score Boyne's first touchdown on the third play after his team gained possession of the ball. The extra point was wide.

In the second period and Tom Whale tackled halfback Chuck Taylor in the end-zone for a safety and two more points making the half-time score 8-0.

There was no scoring in the third period but in the last half

Home Demonstration Rally Attended By Area Women

Mrs. Sims Baker, district chairman, Mrs. Ralph S. Hamilton and Mrs. Eward Lakies were in Gaylord Thursday to attend the annual fall Home Demonstration rally day.

Approximately 250 Home Demonstration members from 10 northern Michigan counties were present for the one-day meeting at which Mrs. Baker presided.

Highlights of the meeting were reports by Mrs. Carl Guggisberg of Gaylord on the 10-day triennial conference of the Associated Country Women of the World in Toronto, in August, which Mrs. Guggisberg attended as a delegate from northern Michigan and Dorothy Muelder's "Glimpses of the Far East", a story accompanied by slides of her tour of duty with the U. S. Air Force.

Mrs. Guggisberg was among the 1,000 delegates from 26 countries who attended the Toronto conference. Purpose of the organization according to the president, Mrs. Raymond Sayre of Iowa, is "a fellowship, a movement, a voice . . . It is not a program, it is a people, bound together to find areas of common agreement, mutual aid, the sharing of knowledge and learning as well as giving."

Theme of the conference was "How can the country woman as an individual and through her society, take a more active part in international work?" It was carried out by discussions, lectures, panel discussions and reports by the delegates during the 10-day meeting.

Miss Muelder's report on Okinawa, and other Far eastern countries was of special interest to the members as they support a scholarship program at the University of Okinawa for Students majoring in home demonstration programs under the guidance of Michigan State college. Miss Muelder, a former Home Demonstration agent in Sanilac county, is now doing graduate work at Michigan State following her enlistment in the Air Force, during which she spent a year in Okinawa.

Beatrice Frangquist, assistant state Home Demonstration leader, also spoke on the services available through Michigan State college.

Mrs. Harry Sloop of East Jordan, Charlevoix county chairman until this month, reported that the county now has 10 groups with a membership of 220.

The program also included a variety of entertainment by Otsego and Cheboygan county residents.

County Ag Society Directors Elect Pearsall President

Claude Pearsall of Boyne City was elected president of the Charlevoix County Agricultural Society for holding the 1954 annual fair. There were 10 directors out of 21 present at this organization meeting at East Jordan last week. William Cole of Boyne City, is the retiring president.

Dan Bennett of East Jordan, was elected by the board first vice president. Jess Smith of Charlevoix, was elected second vice president. Richard Schroeder of East Jordan, was elected secretary and Archie Murphy of East Jordan, was elected treasurer. Ed Rehman of Boyne City, is the retiring secretary-treasurer.

Several items came up for discussion at this organization meeting. Harold Totten of Charlevoix, suggested that in addition to the regular secretary, that a hired or paid secretary-manager be employed for two months prior to the fair to promote the event. The cost of this, Totten believes, would be offset by increased attendance. Floyd Scott of East Jordan, says that something should be given away at the fair. He states that drawing for prizes will be an added attraction to the fair.

The most discussion was held on the date of the fair. Last year E. Rehman suggested a weekend fair starting with entry day on Friday and the fair be held on Saturday, Sunday and Monday of Labor Day. This was voted down with 11 directors voting No and 4 yes. This year, however, many directors are wondering if a weekend fair might not be a good thing to try. Richard Schroeder asked that anyone who has a comment on this, to drop him a card at East Jordan.

Processing and marketing takes 23 cents of each dollar spent for turkey, notes J. M. (Mac) Moore, Michigan State college extension poultryman. The biggest share of the 77 cents in production costs is about 45 cents for feed.

Charles Dhaseler Named Master Of Barnard Grange

Charles Dhaseler was elected master of the Barnard Grange at the regular election of officers last Friday evening.

Other officers elected for the coming year are: George Willis, overseer; Vernn Johnson, lecturer; Albert Smith, steward; Marlen Johnson, assistant steward; Charlotte Willis, Chaplin; Guy Stutzman, treasurer; Orville Hilton, secretary; Lloyd Cunningham, gate keeper; Henrietta Weisler, Ceres; Minda Bollinger, Pomona; Neva Smith, Flora; and Ruth Ann Smith, lady assistant steward.

Plans are underway for the annual harvest supper which will be served at the Barnard Grange hall Saturday evening, Nov. 7.

Social Welfare Boards To Meet Here Next Year

Charlevoix will be host to the 1954 convention of the Michigan Association, County Social Welfare Boards, Sept. 8-9 and 10, Roy E. Gregory, director of the Charlevoix county department of social welfare and convention host, announced this week.

The annual convention will be held at the Beach Hotel and will bring more than 500 members of county welfare boards, social welfare boards, county supervisors and state officials to the city during the three-day meeting.

The convention was brought to Charlevoix through the combined efforts of Mr. Gregory, S. E. Coleman, secretary of the Charlevoix Board of Commerce and Mr. and Mrs. E. L. Kramer of the Beach Hotel.

Evangelist Will Hold Services At Assembly Of God

Rev. M. S. Winger from Nova Scotia, Canada will be at the Assembly of God for two weeks conducting revival meetings. For 13 years he held a leading religious position with the Pentecostal Assemblies of Canada. For the past ten years he has traveled in Canada and the United States in a Evangelistic Crusade.

He will come here from Canada where he has had outstanding success in the field of Evangelism.

Rev. Winger will speak the first week on Tuesday, Thursday and Friday at 8 p.m. The second week he will speak nightly Tuesday through Friday at 8 p.m. The public is cordially invited.

Extension Workers Attend Conference At Michigan State

Charlevoix county's farmers, 4-H Club members and homemakers will benefit from the absence from the county this week of key personnel of the Cooperative Extension Service program.

County Agricultural Agent Ed Nelson, 4-H Club Agent K. C. Festerling, and Home Demonstration Agent Emma Reinbold are at Michigan State college reviewing latest research, exchanging ideas and picking up tips that will benefit their home areas.

An "experimental" meeting has been called all this week for the county and college extension workers, home economics and agricultural research personnel of Michigan Agricultural Experiment Station, and teaching faculty in the School of Agriculture.

Seed Conference To Be Held At MSC

The annual Seed Conference, sponsored by Michigan State college, the Michigan Crop Improvement association and the Michigan Seed Dealers association, will be Dec. 8-9 at M.S.C.'s Kellogg Center. It will be open to all interested seedmen.

This Week With Class "C" Teams

back Mert Erber went 28 yards to score and later in the period halfback Leon Florenski scored from the 19 on an off-tackle play. A pass from quarterback Bob Fitzpatrick to end Murray Northrup scored the extra point.

Harbor Springs never ventured inside the Boyne 20.

Petoskey St. Francis 13 Pellston 12

At Pellston the Petoskey Crusaders upset the Hornets as halfback Joe Budek, on the second play of the game, went 85 yards to score. The kick for the extra point was blocked.

After taking the kick following the Petoskey touchdown, halfback Glenn Aurand scored from the 12 and added another in the second period from the 22 for a 12-6 halftime lead.

St. Francis, however, tied the game at the end of the third period when Budek scored again from the one yard line.

A pass from quarterback Paul Kolinski to end Tom Elrich in the end zone gave the Crusaders the extra point and the game.

Pellston was threatening after moving the ball 65 yards to the Petoskey 30 on two plays as the game ended.

From where I sit ... *by* Joe Marsh

It's the Principal of the Thing!

Every autumn our High School has a contest to see who can get the most ads for *The Recorder*—the school magazine. The winner becomes honorary Principal for a day.

Skip Roberts won last week, and his first (and only) official act as "Principal" of the school was to announce in a loud, clear voice: "I hereby declare today a school holiday!"

Knowing Miss Gilbert, the real principal, it was no surprise to me that she laughed as hard as anybody else . . . and said to go right ahead.

From where I sit, it's no wonder our youngsters think Miss Gilbert's such a wonderful person (even though they know they'll have to make up that day). Her tolerance, her friendly way with people of all ages reflect in everything she does. For instance, at my house Miss Gilbert prefers tea but always respects my preference for a glass of beer. As a real person . . . in any community, Miss Gilbert belongs at "the head of the class."

Local School Has Post Office System That Serves All

The Charlevoix School has a post office system that serves many purposes, according to the teachers of Charlevoix.

Not only are the advertisements and magazines distributed through this system in the office but some of the teachers receive all their mail there.

The individual boxes may contain other things such as: a survey sheet to be filled out and returned to a certain box; a gift box of candy when the superintendent, Roy Bennett, has a birthday; a notice to make a phone call to a parent; a request to supply a child with an I. O. U. ticket for lunch if it is raining, or that a child be told to go home on the bus or visit a relative; also an apple if the Agriculture teacher takes his class out to help John Rosequist at the Longview Orchard.

The keys to the rooms may be left in the box if they are found or one doesn't wish to carry them. Small amounts of money for bills paid by the teachers are found in envelopes in the boxes.

RECORD OF COUNCIL

OCTOBER 19, 1953

The Common Council of the City of Charlevoix met on the above date with Mayor Davenport presiding. Aldermen present: Kipke, Carey, Hamilton, and Hiller. Absent: Zeitler and Bellinger.

Moved by Alderman Hamilton and supported by Alderman Kipke that residents of the City of Charlevoix be prohibited from burning of leaves on the public streets of the City of Charlevoix and that the Chief of Police publish notice thereof in the October 22nd, 1953 issue of the Charlevoix Courier.

Motion carried by the following yea and nay vote: YEAS: Kipke, Carey, Hamilton, and Hiller. NAYS: None. ABSENT: Zeitler and Bellinger.

Alderman Kipke offered the following resolution and moved its adoption, supported by Alderman Hiller.

RESOLUTION

BE IT RESOLVED, that the Mayor and the Common Council of the City of Charlevoix acknowledge with thanks the gift of some 300 cubic yards of sand and gravel from the P. Vander Veen and Sons Company, builders of U. S. Highway 31, North in the City of Charlevoix and that the Clerk send a copy of this resolution to the said P. Vander Veen and Sons Company.

Adoption by the following yea and nay vote. YEAS: Kipke, Carey, Hamilton, and Hiller. NAYS: None. ABSENT: Zeitler and Bellinger.

Alderman Hiller offered the following resolution and moved its adoption supported by Alderman Kipke.

RESOLUTION

BE IT RESOLVED by the Common Council of the City of Charlevoix that it is deemed expedient and necessary to construct two diesel engine generator unit foundations in accordance with the detailed plans and specifications prepared by J. Bryan Sims, Consulting Engineer, to provide greater generating capacity;

BE IT FURTHER RESOLVED that said plans, specifications, and estimate of cost in the amount of $10,000.00 for said project are hereby approved, adopted and placed on file in the Office of the City Clerk;

BE IT FURTHER RESOLVED that sealed proposals for constructing said foundations in accordance with said plans and specifications be received at the Office of the City Clerk until 8:00 p.m. Eastern Standard Time on Monday, November 2, 1953, and that the Clerk be and he is hereby authorized and directed to give notice thereof by publication in the Charlevoix Courier in the issues of October 22nd and October 29, 1953.

Adopted by the following yea and nay vote. YEAS: Kipke, Carey, Hamilton, Hiller. NAYS: None. ABSENT: Zeitler and Bellinger.

The Finance Committee having examined bills totaling $12,892.82, find them correct and recommend they be allowed.

hall, which is 32 ft. by 72 ft., is finished in cedar paneling, green wall tile and white square ceiling tile. The floor will be finished with asphalt tile. It will be heated by a gas overhead furnace.

The kitchen located on the west side of the main hall is 12 ft. by 16 ft. and an addition which houses a storage room and rest rooms is 16 ft. by 36 ft. The kitchen will feature a gas stove, built-in cupboards and other equipment purchased by the local Auxiliary.

The construction of the building has been accomplished over a period of two years under the supervision of a building committee composed of Mr. Goldstick, post commander when the structure was started in Sept. 1951 Rex Davis, who was post commander the following year, Clarence Coblentz and Raymond Nowland.

All labor was donated by post members. Special work including the plumbing and wiring was also done by members. Mr. Nowland installed the plumbing and James Whitley, John Geer and Floyd Gema the wiring. Carlton Ikens who is not a member donated the chimney addition.

Only work not done by volunteer labor was the construction of the Onaway stone fireplace and other stone work and the digging of the well.

Post officers at the time the building was started were: commander, Mr. Goldstick; senior vice-commander, Sam King; junior vice-commander, Hal Hill, now of Boyne City and quartermaster, Ormiston Bergeon.

Charter members of the local post were: Harlan McGhan, Samuel E. King, Corvell Sevrey, Herbert W. Wakefield, Richard P. Kutlander, William E. Goss, Forrest E. Plumm, Lee Allard, Arthur D. Nettleton, Jack Ypma, Conrad H. Sternberg, Clarence Coblentz, John Cole, James Coblentz, Lewis Brant, Walter Moore, Ernest Nowland, Dolphus Newman, Albert W. Sutton, William H. Taylor, Harold F. Lamb, Frank Coatta, Oscar P. North, Oscar Nelson and Charles J. Martin.

No Tricks--- All Treats

That's for you this Halloween. Take a five dollar bill and (or) a ten dollar bill and come shopping. For a five you can buy blouses, wool skirts and jackets that were priced up to 15.00. For a ten you can buy wool skirts and fall dresses that formerly sold up to 35.00. There are a few coats for ten dollars too. It's time to treat yourself to something new.

Halloween — Thanksgiving — and it's Christmas time. It's time to think about it right now. Clever gift items are starting to come in. You'll want to see them right away. The new scarfs are lovely. One in a coin print has copper pennies dangling at the corners. You'll like it. Nylon slips are 3.95. Nylon panties are 1.00. Remind Santa you want lingerie, so he can get busy.

Mother and daddy like close plaids and the small fry love them. A smart suit for junior has plaid pants and the same plaid makes a skirt for sister. They are just in and they're adorable.

All the children who browse around our toy shop are going wild over the new hobby aprons. Carpenter aprons for the boys, cooking aprons for the girls and paint 'n' putter aprons for both. All are fitted with the tools for the hobby.

The new Holgate and Playschool toys are here now. These are the sturdy playthings that last from Christmas to Christmas. Now is the time to make your selection.

Tug Is Sighted After Breaking Loose Tuesday

The 45-foot steel tug, Spud, owned by the John Roen Co. of Sturgeon Bay, Wis., was sighted at 11 a.m. Wednesday on the beach near Cross Village 25 miles from its original mooring eight miles east of Lansing Shoals in northern Lake Michigan, John Waldarek, CBM, of the Charlevoix lifeboat station said Wednesday noon.

The sighting of the tug ended a search which started at 12:30 Tuesday when the craft broke loose from its mooring barge which is being used to salvage materials from another Roen barge which was lost early last month. The sleeping and eating quarters for the tug crew are aboard the barge. They were aboard the barge when the mooring rope broke and the tug drifted away.

The Mackinac Island and Beaver Island life boats joined another tug, John Roen V in the search for the missing boat.

Have You Given?

YOUR Community Chest is drawing steadily, but too slowly towards its ultimate goal of $5,665. To speed this campaign along so that all participating agencies may be assured their full budgets for the coming year, an URGENT APPEAL is being made to all area residents who have not yet given to the Chest Campaign to do so soon.

A very great deal of time, energy and leadership has gone into the project. A substantial part of the over-all quota was raised quickly. But the complete job, the success in respect to the whole quota, requires that all the territory be covered and that all who possibly can, GIVE.

It goes without saying that Charlevoix is not yet ready to agree that what surrounding cities have so well done in prompt completion of their campaigns, she cannot do. No more is Charlevoix willing to have the record show that, in such an exercise of citizenship as financing the Community Chest, she does not do what she can do.

The effort stands at approximately 74 per cent of completion. It should not stand there. Charlevoix should not stand there.

Galilean Children's Home Is An Inspiring, Unusual Project

By Fran Martin

The children of the Galilean Children's Home of Corbin, Ky., visited Charlevoix recently.

Until they came here, the only thing I knew about the home was that Jay Boss, a former resident, and his wife, Beatrice, had left their home in Grand Rapids to join in the work at the home more than a year ago.

Since learning the story of the home and the good being accomplished there by the hard work of a few sacrificing people, I am ready to shout the story from the roof-tops for it is one of the most inspiring and, in this day and age one of the most unusual we have have ever heard.

While in Charlevoix the party of 50 including 44 children and their adult advisors were the guests of Mr. and Mrs. Frank Boss. The first night they were here I was invited to have dinner with them at the Parkside dining room.

I don't know what I expected but it certainly wasn't what I saw.

After greeting Jay and Bea, I was introduced to the Rev. John Vogel who founded the home in 1939, his charming, soft-spoken wife and several of the workers whom the children address as 'uncle' or 'aunt' as the case may be.

But the children are what I enjoyed most during the first meeting. Here were 44 youngsters, ranging in age from 19 months to 19 years. They were happy as only children can be happy and their manners were just about letter perfect.

The way the older boys and girls helped the younger ones, their attitude toward each other, their little jokes among themselves were just exactly like any big family, although I'd never seen one quite that large before.

And there were 38 more at home just like those.

I talked with some of the youngsters and the older girls,

Plans Completed For Style Show By Church Guild

Fashions of the hour will be presented at a Fashion Show sponsored by the Little Flower Guild of St. Mary's church at the St. Mary's school hall at 8 p.m. Thursday, Nov. 12.

Models for the popular event, will be Mrs. George Wolf, Mrs. Agnes Tellman, Mrs. Frank Trocchio, Mrs. Norman Ketchman, Mrs. Leland Warner, Susan Duerr, Mona Davenport, Jean Therry, Dean Gengle, Mary Gallagher and Douglas Greenway.

Mrs. Charles Duerr will present the commentary on the fashions from Fay's Dress Shoppe which she manages. Mrs. Elmer Barber will be the pianist.

Tickets for the show are still available, Mrs. Herbert Moore, chairman of the ticket committee said Wednesday and may be purchased from Mrs. Jean Gallagher, Mrs. Maurice Foster, Mrs. Archie Hunebauch or any member of the Guild, which is composed of the young matrons of St. Mary's parish.

Refreshments will be served at the close of the show under the supervision of Mrs. James Woodward, refreshment chairman.

Flowers for the show will be by Frank's Flowers; models' hair styles will be by Milli's House of Charm and make-up by Mrs. Arthur Heilig, local representative for Beauty Counsellor cosmetics.

V.F.W Dedicates New Building, Conducts District Rally Here

"The dedication of this post home means more than the dedication of a mere building. It means that the Veterans of Foreign Wars and its Auxiliary has established and created another workshop wherein its members will continue to do their part in furthering Americanism, the defense of their country and the welfare of their fellow citizens."

Thus spoke Joseph Ritzenheim of Lansing, department commander of the Veteran of Foreign Wars, as he dedicated the new post home of Charlevoix Post 1153, V.F.W., during the 13th district rally here Sunday.

"Every member of the V.F.W. is a privileged citizen", he continued, "for, as a veteran, he has earned the right to represent everything the flag and the Constitution stand for. But because he is a privileged citizen, he has additional responsibilities. Among other things he must do his part to guarantee the future of America and a better way of life for his fellow citizens. Service must continue to be his watchward for he must work not only for the betterment of himself but his community."

With this thought, Mr. Ritzenheim concluded by dedicating the new structure to memory of the living and the honor of the dead.

Among those who joined with representatives of the 19 posts and 17 auxiliaries in the 13th district for the dedication of Charlevoix's new post home were Nelson Reynolds of Saginaw, aide-de-camp to the department commander; William Ash of Detroit, department membership chairman; Howard Barhitte of Muskegon, department historian; William MacGirr of Detroit, assistant department service offiver

Two Area Houses Burned As Wind Carries Flames

Two Norwood township houses located a short distance off US 31 five miles south of the city were destroyed last Wednesday when flaming debris from the first fire which was caused by an overheated chimney was carried on a high wind to the second house about a half mile away.

The first fire was at a house owned by Lawrence VanDusen and occupied by Mr. and Mrs. Francis Peters who managed to save most of their belongings before the two-story frame house burned to the ground.

An explosion in this building sent flaming debris into the air where it was picked up on the high wind and carried to an unoccupied house owned by Alvin Morrow. This too was completely destroyed.

The loss of the VanDusen home was estimated at $1,000 and the Morrow house at $500.

The Charlevoix fire department answered the call.

Charles P. Stevens Passes In Chicago

News of the death of Charles P. Stevens in Chicago last Wednesday has been received by friends here.

Mr. Stevens had been coming to Charlevoix as a chauffeur with Chicago Club families for many years and was well known here.

Masonic rites were held in Chicago Thursday.

City Council Re-Zones Land Near Bridge

The Charlevoix City Council, at its regular meeting Monday night, opened bids for the construction of foundations for the newly-purchased Diesel engines at the local light plant on Ferry ave.

The bid for $5,874.40 entered by the Lake Construction Co. was accepted over the only other bid for $6,950 samitted by the Hilton Gunerete Co. of Pentwater. The work will begin at once.

A hearing on the re-zoning of property located near the bridge in the first ward was held and the properties in question rezoned from residential 1 to commercial 1. Included in the change were the properties of the Charlevoix Oil Co., Fountain City House and the Argo Milling Co. west of Michigan ave, and the Charlevoix Lumber Co. property east of Michigan ave. at a point beginning 198 feet south of the south line of Dixon ave, running east 349 feet, south to the lake and west to the bridge.

The council also voted to ask the Michigan Highway department for a survey and estimate on the cost of re-paving three blocks of Bridge st. located in the downtown area.

Bills totaling $16,454.58 were approved and ordered paid.

Rayders Attend Michigan-Penn Football Game

The Charlevoix Rayders football team, numbering 27 members, their coach, Del Terrill and team managers, Tom Fessenden, Wally Poole and Bob Mol, spent the weekend in Ann Arbor where they attended the University of Michigan-Penn football game.

The group left here Friday afternoon via chartered bus driven by Earl Crandall and spent Friday night at the home of friends of Mr. Terrill's outside Ann Arbor. On Saturday they toured the campus, saw many of the Charlevoix students at the University and then attended the game.

They returned home Saturday night.

Hess Furniture Will Have New Drapery Service

Mae Thacker, formerly of Detroit, has joined the staff at Hess Furniture here as drapery consultant, it was announced this week.

Mrs. Thacker came here from Detroit where she had 20 years drapery experience at the J. L. Hudson Co. and the Wallis J. Newton Studio.

She will be in charge of the new service to be offered at the local store, a drapery workshop, where she will make draperies and advise customers on selection of materials and the making of their own draperies.

Choir To Start Rehearsal Soon

The Community Choir will hold rehearsals weekly at 8 p.m. Tuesday in the high school music room, C. A. Odmark, director of the choral group announced Wednesday following the initial meeting of the group.

Anyone interested in joining the choir is invited to do so. There is a need for voices for all sections.

The group will rehearse weekly in preparation for the annual Christmas Vesper concert on Dec. 19.

Mayor's Proclamation

Citizens of Charlevoix:

Wednesday, November 11 being Armistice Day you are invited to observe with reverence the two minutes of silence at 11 a.m. in memory of our deceased servicemen.

City offices will be closed and flags should be displayed.

Chest Fund Campaign Draws Nearer Goal; Now At 73 Per Cent

The annual Community Chest fund campaign climbed to a total of $4,165.45 during the past week, it was announced Wednesday by William Supernaw and Charles Pontius, co-chairmen of the drive.

The new figure represents 73.5 per cent of the total of $5,665 or an increase of 17.5 per cent over last week's total.

A concerted effort is now being made by all workers to complete the fund campaign before the annual deer hunting season opens later this month. Everyone who has not contributed to the drive is asked to do so at the earliest possible date.

It is again emphasized that if the agencies of the Community Chest such as the Boy Scouts, Girl Scouts, Community Nurse, summer recreation program, Charlevoix Service Organization, the United Health and Welfare, Michigan Children's Aid and the Salvation Army are to be continued, the residents of the area must support the present drive.

Every resident of the community derives some benefit, directly or indirectly from one or more of the Community Chest agencies. If you are to continue to enjoy these benefits, dig down right now and contribute to the fund drive.

Give now to the Community Chest and keep these services alive in Charlevoix.

Mrs. A. Novotny, 78 Dies Following A Long Illness

Mrs. Albert Novotny Sr., 78, resident of this community for more than 50 years, died early Thursday at her home following a long illness.

Funeral services were held at St. Mary's church Saturday with the Rev. E. F. Denay officiating. Burial was in Brookside cemetery.

Born in Czechoslovakia June 1, 1875, the former Mary Kusela was married to Mr. Novotny June 17, 1895. In 1896 he came to Charlevoix and a year later she and their family joined him here. They resided in Norwood township for ten years before moving to their present home on Petoskey ave.

She was a member of St. Mary's church.

Besides her husband she is survived by one daughter, Mrs. Clifford Yahr of Bay Shore; eight sons, A. M. of Mt. Vernon, Wash., William A. of Bonanza, Ore., James of Battle Creek, Charles of Petoskey, Anthony F., Frank, Jeff, and Albert Jr. of Charlevoix; 17 grandchildren, 11 great-grandchildren and two great-great-grandchildren. Two sons preceded her in death.

Emery D. Gimble, Former Resident, Dies In Petoskey

Emery D. Gimble, 68, former local businessman, died Saturday at Little Traverse Hospital in Petoskey.

Funeral services were held at the Stone Funeral Home in Petoskey Tuesday with burial in Greenwood cemetery.

A native of Big Rapids, he was married to Engma R. Oleson in 1906. In 1915 they came to Charlevoix and from then until moving to Petoskey in 1934 operated the Troy laundry, now known as the Model Home Laundry. He operated the Petoskey Steam Laundry in Petoskey until he retired in 1946.

Besides his wife he is survived by a daughter, Mrs. Thomas Roiland and a son, Vernon, both of Petoskey and two grandchildren.

St. Mary's Fund Drive To Open Sunday, Nov. 8

A fund campaign to raise $50,000 for a new St. Mary's school here will be launched Sunday, Nov. 8 the Rev. E. F. Denay, pastor of St. Mary's church, said Wednesday in announcing final plans for the drive.

Ralph S. Hamilton and Cornelius D. Gerke, co-chairmen of the campaign, will meet with their vice-chairmen, Reginald Greenway and George LaBlance, captains and workers at 1 p.m. Sunday at St. Mary's school for final instructions.

From 2 to 4 p.m. every Catholic family in Charlevoix will be visited by a worker who will discuss the [illegible] school in detail and sol[illegible] tributions and pledges. E[illegible] mily is asked to be prep[illegible] the worker's visit on Sunday.

Father Denay, in announcing the plans for the formal kick-off which will climax several weeks of planning, said he was confident that with the total cooperation of the entire parish, the fund campaign will be brought to a successful close in the near future.

Funds derived from the campaign will be used to construct a new one-story fireproof school to replace the present two story frame structure which has served as a school for more than 50 years.

Bang, Bang, went the hammer as a monk nailed a paper on the Church door on the evening of Halloween. The monk was Martin Luther. And his hammer split Christendom into two parts, Protestantism and Roman Catholicism.

In Charlevoix and throughout America we have both Protestant Churches and the Roman Catholic Church. Both groups try to understand and appreciate each other. We both know there is only one true Church, the Church of Jesus Christ.

Around Reformation Day, one naturally asks, "What are the Protestant Principles of faith?" There are a number. Let us consider a few: First, there is salvation by faith. That means that we are saved by a personal trust in what God did for us on the cross of Jesus Christ. We are like a man who was unfaithful to his wife. He tried to make her happy through buying her a mink coat. It didn't work. Finally, he said to her in honest-to-goodness tears, "Mary, I don't deserve it. But please forgive me." And, although it cost her a great deal, she did, and the old relationship of trust and love was restored. So, too, in our relationship to God, we find satisfaction through seeking and receiving God's forgiveness. But it costs Christ's cross.

Protestants also believe in the sole headship of Jesus Christ. He still leads his Church. To God through him, alone, we pray. His cross is our only hope. We try to follow St. Paul's advice to know only Christ and Him crucified.

Protestants are strong believers in the Bible. The Old Testament tells the story of the preparation for Christ's coming. The New Testament tells the story of Jesus and the meaning of his Life, Death, and Resurrection. We believe the Church was divinely inspired to produce and keep this record. The Bible helps us keep close to the original faith and teachings of the Christian religion. So we keep producing modern and accurate translations in the languages of the peoples of the world. The English language has changed a great deal since the first colonists came to America. The National Council of Churches has recently published the Revised Standard Version to meet the need for a modern, accurate translation in English. It was a best seller last year.

Protestants believe in the Church. The term "the priesthood of all believers" is often used. It means that every Christian can go directly to God and that every Christian can be the means of grace to someone else. But we also believe that Christ is present in the fellowship of worship in a way he can not be when we are alone. The evangelical catholic Church is not bound by any one organization. Every Christian who responds to Christ in his Word or Gospel and in the sacraments is a part of the Church, however, in error he may be about church government or theological belief. The Church is those whom Christ has gathered from the world. Our rebellion against God is overcome. From this new community Christ, himself, calls his ministry who lead us "first among equals." The Church trains them and tests the validity of their call or vocation.

Of course there are many other beliefs. Among them is the belief in the reunion of Christendom. We know that many non-religious factors have divided us, for example differences of nation and language. The meeting of the World Council of Churches in Evanston next summer will help. But the road is long and difficult. None of us can sacrifice things essential to our faith. And it is difficult not to confuse the essential with the trivial.

To these principles Protestants cling because we believe they are true. We know that others disagree with us. We respect the right to disagree. That, too, is a Protestant principle

ODDS 'N ENDS

By Fran Martin

DON'T LET this weather deceive you . . . the holidays will soon be here . . . three weeks from today is Thanksgiving . . . and seven weeks from tomorrow is Christmas . . . 'Tisn't long . . . and there are a million things to be done . . .

• • •

DID YOU happen to see the Hallowe'en window Earl Young had? . . . That cat was the real McCoy . . . a mummy found in one of the bins at the old Argo Milling Co. when it was razed . . The first mummy we'd ever seen and we wouldn't be interested in seeing anymore . . . thank you . .

• • •

AND SPEAKING of cats, we got all kinds of answers regarding Mill cats . . . We understand from Mr. Young that the cats heard a restaurant was to replace their former home so they're still around awaiting a hand-out from the new business . . . In the meantime, he said the cats were being fed at the new building . . And the other residents of River St. are doing their bit to keep the cats alive . . . They call regularly at each house on the street and get quite a balanced diet . . .

• • •

HOW ABOUT that new Oak st. that's being opened south of Petoskey ave. and east of Meech st. . . . I'd hestitate to tell you what direction it runs but it isn't at right angles to anything we saw in the neighborhood . . . We will add however that it runs in a southeasterly direction from Petoskey ave. . . . It will be a pretty little street and will open the way to a whole new addition . . . in north Charlevoix . . .

• • •

A THIRD member of the Ratigan family is about to burst into print . . . or didn't you know? . . This time it's Patsy Ratigan, a senior in the local high school, who has sold an article, 'I'm Working My Way to College", to the Ladies Home Journal . . . It's accompanied by scads of pictures and tells the story of the Charlevoix Shamrocks, the 'gang' Pat has during the summer months . . . Of course, it will be some time before it's printed but it will be something to look forward to . . . As you know she's the daughter of Bill and Eleanor Ratigan, both of whom have their literary efforts published regularly . . .

• • •

HERE'S one for the books and proves all these things we've been saying about the weather . . . The Pete Scotts had fresh peas and radishes from their garden on Sunday, Nov. 1 . . . The peas were a late variety that Mrs. Scott planted when the weather was so nice earlier this fall . . . Not bad, huh . . . And as a centerpiece on the dinner table was a bouquet of roses . . . Also from their garden . . . Maybe northern Michigan isn't such a bad place after all . . .

• • •

NOT LONG ago the Glenn Roses were in Ann Arbor . . . On Sunday morning Glenn decided to get the Sunday papers off the front porch and enjoy them before anyone else was around . . Imagine his surprise when he found a copy of the Courier buried in the many pages of the Sunday edition . . . Of course it was a little old but no one's figured out how it got there unless it was in his daughter, Donna's mailbox and just caught on the folds . . . But then, most paper boys don't go to all that trouble . . . But anyway, our little old paper was right there . . .

• • •

OUR RAYDERS will be playing their last game of the present football season this Friday when they go to Boyne City . . . It will mean the last appearance on the football field for some eight player . . . Donny Smith, Jerry Albright, Bob Jolliffe, Bobo Bennett, Joe McDermott, Gordie Mol, Larry Burns and Dave Glassford . . . They're swell kids . . . they've given us a lot of good, hard football playin' this year as well as in the past . . . We know we speak for all the fans when we wish them luck against Boyne this week, for a win will give them a league title . . . And this gang has earned it . . . That's another of the nice things about this job . . . and about living in Charlevoix, for that matter . . . you get to know the nicest bunch of athletes . . .

And then there's basketball . . but that's another story some four weeks away . . .

• • •

DON'T KNOW when we've seen so many trickin' and treatin' youngsters as there were Saturday night . . . And the costumes . . . we'll vouch for one thing . . a lot of people in this town have wonderful imaginations . . . Nobody had more fun, tho' than the kids . . . One little guy stopped by at our house, sat down in a corner and started pulling out his loot and there was plenty of it . . . If there weren't a few tummy aches Sunday it wasn't the fault of the people who gave the kids such a variety of just plain stuff . . . a good part of it food . . . But isn't it a lot better than soaping windows and all the other damage . . . And how about the parade Friday for the little kids . . . followed by the annual movie and treat given by the local Kiwanis Club . . . And the older group enjoyed the picture and treat in the evening . . . It's been an annual event given by Kiwanis for many years and a part of the traditional Halloween season here . . . Another reason this is a good town . . .

• • •

THE BIRTH of the quads in Lansing last week which created such interest everywhere, took on a new interest for Charlevoix residents when it was learned that Mrs. Margery Wexstaff was supervisor of the 'premie' nursery at Sparrow hospital where the foursome was cared for . . . . In a letter to her parents, the E. J. Edwardses, she said it had been a hectic week that she will long remember . . .

• • •

A WARNING from the post-office deaprtment . . . Overseas Christmas packages to servicemen must be in the mail by Nov. 15 . . . which is only ten days away . . . And how about sending a little package to some guy over there . . . it's little enough to do and it's one way of telling him that you're thinking of him . . . And here's another suggestion . . . if you have someone overseas, how's about getting together some snapshots of people and places he knows to send with his Christmas card . . . He'll get a big bang out of it and you'll feel mighty satisfied with yourself for having been so thoughtful . . . And if you're having trouble selecting things for a gift, just drop in at any of the local stores and you'll find they're ful of suggestions . . .

• • •

IT'S HARD to believe but there are still a lot of roses around . . . Mrs. Florence King shared her yellow roses with the office this week and Mrs. Bertha Roberts brought us a lovely, fragrant deep red rose . . . If this weather keeps up we'll be having roses instead of poinsettas for Christmas . . . Or is that wishful thinking . . .

Leona May Scott And Gerald Featherly Married In Ceremony At Grand Rapids

At a quiet ceremony solemnized at the Church of the Nazerene in Grand Rapids Saturday evening, Leona May Scott became the bride of Gerald Leslie Featherly Jr.

The bride is the daughter of Mr. and Mrs. Guy Scott of Charlevoix and the bridegroom is the son of Mr. and Mrs. Gerald L. Featherly Sr. of Grand Rapids.

The Rev. Paul Mayfield performed the double ring ceremony in the presence of their immediate families and a few friends.

Mrs. Mayfield, at the piano, played the traditional wedding marches.

The bride, given in marriage by her father, chose a gray suit, gray and pink accessories and a lavender orchid corsage for her wedding. She carried a white Bible.

Carolyn Smith of Charlevoix and Grand Rapids was her only attendant. She wore a blue suit, matching accessories and a gardenia corsage.

Blake Kreple of Grand Rapids assisted the bridegroom as best man.

Mrs. Scott selected a navy dress and matching accessories for her daughter's wedding. Mrs. Featherly, mother of the bridegroom, also wore a navy dress with matching accessories. Both mothers had corsages of gardenias.

Immediately following the ceremony, a reception was held at the couple's new home at RR 1, Alto, Michigan, where they will reside after a wedding trip through southern Michigan.

The bride is a graduate of the Charlevoix high school and Davenport Institute in Grand Rapids. The bridegroom, a Korean War veteran, is also a graduate of Davenport Institute.

Bos-Grupa Spoke Vows Friday At St. Mary's Rectory

In a quiet ceremony solemnized at St. Mary's rectory here Friday evening, Alice Joan Bos of Atwood and Grand Rapids became the bride of Jack Grupa Jr.

The bride is the daughter of Mr. and Mrs. John Bos of Atwood and the bridegroom is the son of Mr. and Mrs. John S. Grupa.

The Rev. E. F. Denay read the double ring service in the presence of their immediate families.

The bride selected a toast camel's hair dress, matching accessories and a white orchid corsage for her wedding.

Mrs. Pat Blink of Marne, sister of the bridegroom, as her only attendant, wore an aqua knit dress, matching accessories and a gardenia corsage.

Mr. Blink assisted his brother-in-law as best man.

Following the ceremony a wedding reception dinner was held at the Dilworth Hotel in Boyne City with Mr. and Mrs. Henry Bos of East Jordán as master and mistress of ceremonies.

Ted Scott, accompanied by Miss Boutall, sang "The Lord's Prayer" and "I Love You Truly."

The couple left on a Canadian wedding trip and on their return will reside at 258 Madison Ave. S. E. in Grand Rapids.

Beverly Cunningham-John Sladek Jr. Wed In Double Ring Church Ceremony

Bouquets of chrysanthemums and gladioli in autumn shades formed the setting in St. Mary's church Saturday evening for the marriage of Beverly J. Cunningham, daughter of Mr. and Mrs. Albert Cunningham, and John C. Sladek Jr., son of Mr. and Mrs. John C. Sladek Sr. of Chicago.

The Rev. E. F. Denay read the double ring service in the presence of more than 100 guests.

Mr. Cunningham gave his daughter in marriage. She chose a gown of white tulle over satin designed with an illusion neckline, lace inserts and long sleeves which came to points over the wrists. Her veil of net and lace was secured with a pearl tiara. Her cascade bouquet was of sweetheart roses and stephanotis.

Rose Mary Sladek of Chicago, sister of the bridegroom, was maid of honor and Janice C. Cunningham, sister of the bride, and Joan Y. Mathews were bridesmaids.

Miss Sladek's gown was of blue tulle over taffeta and her headdress and bouquet were of pink carnations. The bridesmaids wore similar gowns of yellow and pink respectively. Their headdresses and matching bouquets were of yellow and white chrysanthemums.

George Sladek of Chicago assisted his cousin as best man. Ushers were Nathan Boss and Kenneth Boss.

Mrs. Cunningham selected a gray suit, navy and white accessories and a corsage of pink and white roses for her daughter's wedding. Mrs. Sladek, mother of the bridegroom, wore a brown dress, beige accessories and a corsage of yellow roses.

Immediately following the ceremony, a reception was held at the Charlevoix Rod and Gun Club with Mr. and Mrs. Gordon Bartlett, uncle and aunt of the bride, as master and mistress of ceremonies. Luanne Bambach and Patricia Murray assisted.

For their wedding trip to upper Michigan and Canada, the bride wore a brown wool suit, beige accessories and a corsage of yellow roses. The couple plan to visit here and Chicago enroute to Fort Leonard Wood, Mo., from where the bridegroom will leave later this month for an overseas assignment in the Far East. Mrs. Sladek will then return to Charlevoix to make her home.

The bride is a graduate of the Charlevoix high school and the Gale Institute of Minneapolis, Minn. Pvt. Sladek, a graduate of Crane Technical high school in Chicago, has served with the U. S. Army since June.

Among the out of town guests who came for the wedding were Mr. and Mrs. John Sladek Sr., Mr. and Mrs. George Sladek and family and Christine Patun of Chicago, Alfred Fratrick and Jess Gregory of Detroit and Mr. and Mrs. Edwin Gregory of Traverse City.

Pellston racked up its first win of the season Friday by defeating Boyne City 14-7 and favored Mancelona and East Jordan won over their opponents, Gaylord and Harbor Springs respectively, as the Northern Michigan Class C league went into its last week of the 1953 schedule.

Mancelona defeated Gaylord 21-0 and East Jordan won over Harbor Springs 25-13. The first place Charlevoix Rayders were idle.

Pellston 14, Boyne City 7

At Pellston the visiting Ramblers scored first early in the game when fullback Mert Erber went over from the 20. Quarterback Bob Fitzpatrick kicked the extra point.

Before the period ended Pellston tied the score with halfback Merlyn Devenport crossing the goal line following a 60-yard run. Fullback Glenn Aurrend went through the line for the extra point to make the score 7-7.

The same play worked for the Hornets in the second period with Davenport scoring from the 45. Aurrand added the extra point on a pass from Davenport.

Mancelona 21, Geylord 0

The Ironmen completed their league schedule with a 21-0 victory over last-place Gaylord to give them a four win and two loss record in league play.

End Dave Elliott opened the Ironmen's scoring when he took a touchdown pass from Dick Derrer who was playing fullback following the injury of second stringer Gary Shisler, who replaced veteran fullback, Earl LaDere, out of the line-up with a knee injury received in the East Jordan game. Halfback Bill Dalton kicked the extra point.

The next two touchdowns came in the second period when quarterback Gary Luces scored from the two following a long drive and Derrer went 35 yards to score. Derrer passed to end Johnny Holstad for one extra point and Dalton kicked the other.

-Costly fumbles by Mancelona in the last half cost the Ironmen other scoring opportunities.

East Jordan 25 Harbor Springs 13

The Harbor Rams played East Jordan to a 13-13 halftime tie before the Jordanites forged ahead in the third period to take the game.

Fullback Bob Rombach opened the scoring early in the first period with a tally from the 10. Quarterback Keith Evans' kick was blocked.

Not to be outdone, the Rams took the Red Devil's kick-off and marched into Jordan territory with fulback Wally Granstra carrying the ball over from the five. Two Harbor Springs linemen fell on the ball to score the touchdown after Granstra fumbled. Rod Pontius kicked the extra point to put the Rams ahead.

Rombach scored again to open the second period, this time from the one with Evans kicking the extra point. Granstra came back later in the period to score from the 20 after taking a jump pass from quarterback Tom Clarke.

The half ended 13-13.

Early in the third quarter, Evans got off a 20 yard pass to end Jim Weisler who then went another 20 to score. Evans added his team's final tally later in the period when he went over from the six.

After Friday's games Charlevoix remained in first place with a record of five wins; East Jordan held on to second place with four wins and one loss; Mancelona finished in third place with a four win and two loss record; Boyne City with two wins and three losses is in fourth place; Pellston with a one win, three loss and one tie record moved from last place to fifth place; Harbor Springs dropped to sixth place with only one win in five starts; Gaylord with one tie and four losses remains in the cellar spot.

This week's games will conclude the 1953 schedule.

The Cherlevoix Reserves, composed of freshmen and sophomore players, completed their 1953 schedule with a record of four wins. Coached by Leonard 'Pete' Burns and Bill Aldridge, the team racked up decisive wins over Boyne City and Mencolona in two games with each team during the season.

Pictured are: Front row (l to r) Bruce Bergmenn, Dick Sanford, Ron Coleman, Jerry Stebe, Kit Carson, Charlie Dennis, Ralph Lewis, Charles Beeman, Terry Davis, Coach Burns, and assistant coach Aldridge.

Second row: Pefe Gaskin, Fred Putman, Walt Pouquette, Clayt Walker, Bob Pierce, Bill Blain, Joel Arville, Norm Cook, Norm Helms, Glen Ikens, Ken Belch.

Third row: Gary Smith, Bob Geer, Bill McClanaghan, Albert Raymond, Joe Etienne, Richard Bolton, Phil Timmer, Dave Dutcher, Wayne Sundberg.

Victory At Boyne Will Give Championship To Charlevoix Rayders

The teams of the Northern Michigan Class C league will conclude their 1953 football schedule this week with all seven squads in the loop seeing action for the last time this season.

Pellston will travel to East Jordan to take on second place East Jordan in a game scheduled for 3 p.m. Friday.

Later in the day, Charlevoix will invade Boyne City; Harbor Springs will journey to Gaylord and Mancelona will entertain a non-loop rival Grayling at 8 p.m. Friday.

East Jordan with a record of four wins in five starts, will be entertaining the Pellston Hornets who are fresh from a 14-7 win over Boyne City and out to upset the Jordanites. On the basis of team records, however, the Red Devils with only one loss, to Charlevoix, should take the game but not without an effort.

The league-leading Charlevoix Rayders with five wins will take on the Boyne City Ramblers, the only obstacle to a league championship, their first since 1950. The Rayders have played outstanding ball all season as compared to Boyne City, which has had only a mediocre season. Unless the Rayders should fall victim to a bad case of over-confidence, they should take the Ramblers and the championship.

Gaylord, still trying to get into the win column before the season ends, will have one more chance when the Blue Devils meet Harbor Springs this week. The Rams have but one win to date. If Gaylord should show some of the spark it displayed earlier in the season, the Devils might defeat the visiting Harborites. However, if the weather is dry and the Rams could take to the air, Gaylord will find tough going. The game could go either way, but based on past performances, Harbor Springs should have the edge.

The Mancelona Ironmen, who completed their loop schedule in third place with a four win and two loss record, will entertain a traditional rival, Grayling, which will return to the league next season. The strong Mancelona eleven should find fairly easy going against the Vikings, especially if veteran fullback, Earl LaDere, returns to the line-up for the last game.

Little Rayders Beat Mancelona Reserves 13-0

Charlevoix's Little Rayders completed their four game schedule last Wednesday with a 13-0 win over the Mancelona Reserves on the latter's field.

Fullback Clayt Walker opened the scoring for the local eleven with a touchdown from the three early in the second period.

Halfback Charlie Dennis scored on a line play from the ten in the third period to make the score 12-0. A pass from quarterback Kit Carson to Quint Walker, end, made the score 13-0.

The team ended the season with a perfect record of four wins in four games.

For Top Production - Use
Farm Bureau M.V.P. Poultry
Concentrate

M. V. P. Poultry Concentrate carries extra vitamins 'A' and 'D' and Riboflavin for pick-up' where chicks, hens, or turkeys need a better feed plus blended antibiotics B12 and B complex vitamins.

When changing to M.V.P. mashes it is better to make the change slowly in case of laying flocks. Here's how: — Use 75% of old formula and 25% of M.V.P. mash when starting the changeover. Next use 50% of each formula. Then 25% of 'M.V.P.' mash of your choice and your hens will get all a feed can give them in quality, health, and production. Feed Grit and oyster shell — have plenty of waterers and feed hoppers available keep litter dry — protect against drafts — eliminate parasites. Don't crowd your hens — give 4 sq. ft. per. hen. Watch use of sulfa drugs from Vitamin 'D' depletion angle.

It Costs To Feed Lice

Now is the time to rid livestock and poultry of lice — use the highly recommended "Methoxchlor 50" or the old standby "Cooper's Dry Kill".

Banks Seniors To Give Annual Play Friday, Saturday

Ellsworth — The name of the Banks Senior Play is a little misleading. But when you are a trifle "Zany" with Wilbur Maxwell (John Cannan) and Hercules Nelson (Ken VanDellen) you're in for some good clean fun. This time they are in the magician business which throws the whole family out of balance (as per usual). Poor father Maxwell (Stan Ruis) bewildered mother (Charlotte White) and peppy Aunt Mary (Gwen Donaldson) are completely at sea; young daughter, Betty Lou (Janette Yettaw) and her shadow Bernadine (Mary Kay Goeman) certainly don't improve the situation, by rendering original poetry and looking up the family tree!

The Mrs. Jennings (Albertha Fielstra) society matron and Mr. Mallory (Bob DeYoung) father's boss and local business tycoon, grow bewildered by the minute in watching the Maxwell family in action. Coonie (Lorrie Essenberg) older Maxwell daughter and college freshman is seemingly thwarted every time she tries to make headway in her romance with young Grover Jennings (Allen Elzinga).

Louie (Delbert Carpenter), his wife Gertrude (Noreen Essenberg) and the new maid, Gladys (Gale Pageau) add mystery to an already complicated plot to say nothing of the police woman, Clara Smith (Betty Lou James) who poses, for a time, as a rather shady character in an endeavor to catch the villians.

All's well that ends well, but How? That's for you to find out, at the presentation of 'It's Great to be Crazy" this coming Friday and Saturday nights, Nov. 6 and 7 at 8 p.m. in Ellsworth Community hall.

Lunch will be sold following the play.

Rev. Herman Goodyke Resigns As Pastor Of Atwood Church

Ellsworth — Rev. Herman Goodyke, 69, pastor of Atwood Christian Reformed church, has resigned, due to ill health and will preach his farewell sermon Sunday. He will become pastor emeritus and with Mrs. Goodyke will make their future home in Fremont.

Mr. Goodyke has the unusual distinction of having served his entire ministry of 35 years in western Michigan in classis Muskegon of the Christian Reformed churches.

In 1918 he graduated from Calvin seminary, Grand Rapids and accepted a charge at McBain. From 1922 to 1945 he was pastor of Reeman Christian Reformed church, then came to Atwood.

Rev. and Mrs. Goodyke will observe their thirty-fifth wedding anniversary Friday at their home.

Open House To Be Held At Schools

Ellsworth — National American Education week 8-14 will be especially observed by Open House at both the Banks Public School and the Ebenezer Christian School.

The central theme for this years observance is 'Good Schools are Your Responsiblity" and is addressed to each individual citizen.

Monday, Nov. 9 Banks school will have open house from 7:30 p.m. to 8:30 p.m. to give each of you an opportunity to review the purposes and accomplishments of our school.

Good schools do not just happen. In each community and state the schools are what we make them.

A short program will he presented after the open house.

Lunch will be served and all are urged to attend.

Open House at Ebenezer will be from 7:30 to 8:30 Monday evening, Nov. 9 when the school will be inspected. The regular P.T.A. meeting will follow, in the Ellsworth Christian Reformed Church.

Missionary Society To Meet

Mrs. Herbert Diller will be hostess to the November meeting of the Pilgrim Holiness Missionary Society Wednesday of next week. Note the change of the meeting day from Tuesday to Wednesday.

Antrim County Women To Meet

The regular Antrim County Farm Bureau Women's committee will meet with the Elk Rapids group in the home of Mrs. Anna Rex Baird Tuesday, Nov. 10 at 2 p.m.

Mrs. Heims of Traverse City will be present to tell more of her recent trip to National Women's Farm Bureau Convention at Toronto, Canada.

It is urged that every Farm Bureau group in the county be represented at this meeting.

Zone Rally

The local Pilgrim Holiness Junior Choir has been asked to take a part in the zone rally to be held Saturday, Nov. 7 in Cheboygan. (Got the date wrong last week sorry.)

Extension Club Project

The Ellsworth Extension Club met Tuesday evening, Nov. 3 in the home of Mrs. Peter Wieland to receive the lesson on candle making, to be given by Mrs. Albert Sinclair of East Jordan.

Also, members were to bring their packages for the "Christmas on the High Seas" program which the club is sponsoring. If packages could not possibly be ready at this time, they may still be brought to the home of the Extension Club president, Mrs. Morry Taylor, before Tuesday, Nov. 10.

Courier To Run Series Of Safe Driving Stories

Police Chief Clarence Heise today announced a series of 10 safe driving lessons dealing with pedestrian safety. These are being run by the Courier as a public service to assist in saving the lives of local residents while they are on foot in traffic.

"All motorists and pedestrians are urged to study the illustrations which will be shown in the series because they represent the most common types of difficulty which result from mixing the man on foot with the man on wheels in the traffic stream," the Chief said.

"In traffic it's what you don't know and don't understand, and therefore not prepared for, that gets you into trouble," he added.

According to Chief Heise any motorist or pedestrian who learns these 10 lessons will be much less apt to become involved in a pedestrian accident than a person who has not thought out these practical driving and walking situations.

This is the season of the year when several dangerous conditions "gang up" on motorists and pedestrians. If it is twice as hard to drive safely at night then it must be three times as hard to drive equally safely when it's dark and raining. And it's probably four times as hard to drive equally safely when it's dark and snowing and the pavement is icy. The smart motorist takes these into account and looks harder, tries harder, and cuts his speed when conditions are against him.

In calling upon everyone to cooperate with the pedestrian protection program the Chief said, "Just remember there's an awful difference between banging up a fender and hitting a pedestrian."

- Mr and Mrs Bert Carey left Tuesday for Florida where they plan to spend the winter.

Heeres-Holecheck Vows Exchanged In Grand Rapids

Eleanor Heeres, daughter of Mr. and Mrs. Henry Heeres of Ellsworth, became the bride of Donald Holecheck, son of Mr. and Mrs. Glenn Holecheck of Norwood, at a quiet ceremony solemnized at the parsonage of the Christian Reformed church at Forty-fourth st. in Grand Rapids Saturday evening.

The Rev. Jock VanHeest performed the double ring ceremony of the Reformed Church Liturgy.

The bride selected a gray gabardine suit, red accessories and a corsage of red and white carnations for her wedding.

Mrs. Don Burke, sister of the bridegroom, as her only attendant, wore a gray and black taffeta dress, matching accessories and a corsage of pink carnations.

Mr. Burke assisted his brother-in-law as best man.

The couple are making their home in Traverse City where the bridegroom is employed at the Alpha Dairy and the bride will be employed as a nurse's aid at Munson Hospital.

Both are graduates of the Ellsworth high school. The bride has been a nurse's aid at the Charlevoix Hospital for the past two years. Mr. Holecheck is a veteran of three years service in the army.

The bride was honored at two showers last week. On Friday, Mrs. Robert Holecheck of Norwood was hostess at a bridal shower. Earlier the staff at the Charlevoix Hospital entertained at a miscellanous shower.

Explorer Scouts Stage Week End Camping Trip

Eleven members of the Explorer Scouts, accompanied by Post advisors, Ted Miller and Pete Burns, enjoyed a weekend campout on the Thunder Bay river, 10 miles southeast of Atlanta over the past weekend.

The group left here Friday afternoon and returned Sunday. While there they enjoyed some hunting, target practice, compass work and drifted down the river on a life raft.

Explorer scouts making the trip were Bob Pierce, Paul Allers, Pete Gaskin, Dave Arnold, Bruce Bergmann, Clarence Peters, Pete Ulrich, DeMar Bodley, Paul Foster, Doug Reynolds, and Fred Putman.

The Explorers have been participating in a number of activities this fall. Earlier the group had gone to Bell's Bay on Lake Michigan for a camp fire and meeting which was attended by 20 members.

Eight of the group also enjoyed a hike to Big Rock and Susan Creek, accompanied by Mr. Miller.

County Infantile Chapter To Meet

The annual meeting of the Charlevoix county chapter of the National Foundation for Infantile Paralysis will be held at the Boyne City high school at 8 p.m. Thursday, Nov. 12, Harry Lee of East Jordan, chapter chairman, has announced.

New officers will be elected and a report on the chapter's activities for 1953 will be made.

The public is urged to attend this important meeting.

Study Clubs Hear Mrs. A. J. Stelter Tell Of Travels

Mrs. F. F. McMillan opened her home Monday to a joint meeting of the Shakespeare and Dickens Study Clubs who gathered to hear Mrs. A. J. Stelter give an interesting and entertaining account of her recent trip to South America as a member of the National Editorial Association.

Mrs. Stelter said the group made the leisurely six-weeks trip via luxury liner, leaving the ship only to cross South America from west to east via plane. She also displayed many interesting and unusual items she had purchased on the trip.

Mrs. E. D. Hawley, president of the host group, the Shakespeare Club, presided at the brief business session which opened the joint meeting and introduced Mrs. Stelter.

Mrs. Hawley and Mrs. Ross Alexander, president of the Dickens Club, presided at the tea table. Arrangements of autumn flowers decorated the refreshment table and were used about the rooms. Forty-five members were present.

Local Girls Given A Birthday Party

Mrs. Leonard Burns and Mrs. Robert Miller entertained with a Hallowe'en party for their daughters, Janice Burns and Vicki Miller, at the Burns home Saturday evening. The group who attended the party in a variety of costumes enjoyed games, a buffet supper and then went out to "trick or treat".

Guests were Vicky Racignol, Judy Kolesky, Judy Dutcher, Diane Sloothaak, Susan Vance, Diane Fishter, Dulce McClure, Brian Seymour, Ricky Davis, James Ladd, David Schuchard, David Burrs of Detroit, John Norton Don Hesse and Joe Beaudoin.

Shirley Cunningham, Robert Mathers To Wed On December 19

Mr. and Mrs. Orlin V. Cunningham announce the engagement of their daughter, Shirley Ann to Robert Mathers of Flint, son of Mr. and Mrs. R. Frank Mathers of Boyne City.

The wedding will be an event of December 19 at the Charlevoix Community Church of God.

The bride-elect is a graduate of the Charlevoix high school and the Edward W. Sparrow Hospital school of nursing in Lansing.

Mr. Mathers, a graduate of the Boyne City high school, is a veteran of two years army service.

Halloween Party Given For Youth By Kiwanis Club

The annual Halloween movie and treat was given by the Kiwanis Club to the children in Charlevoix and neighboring districts, Friday, Oct. 30 at 1:30 p.m.

The school band headed the parade. Beginning with the kindergarten the children of the first six grades dressed in Halloween costumes and the teachers formed a line of march. The children of the St. Mary's school joined the procession and marched from the school to the theater by way of State, Antrim, and Bridge Street. Several snap shots were taken of the children as they passed by the onlookers on the sidewalk.

The movie consisted of four comics and Rocky Lane in "Thundering Caravans". After the show candy bars and gum were distributed to all the children.

Craig Oatmen Are Named In Directory By Michigan State

Michigan's director of certified seed growers for spring-sown crops will be ready for distribution about Nov. 1. Copies will be available from county agricultural agents and from the farm crops department at Michigan State College.

One new oat variety, Craig, is included in listings, reparts Stuart C. Hildebrand, M.S.C. farm-crops specialist and secretary of Michigan Crop Improvement association.

The directory will cover corn hybrid, oat, barley, field bean and soybean seed producers who qualify on basis of past performance and seed inspections. Final certificatian of the seed depends however, on analyses af samples. Samples are checked for cleanness, pority, freedom from weed seed, and germination. Seed acreages are listed.

Craig oats is a New York developed white oat variety with an excellent yield record over a period of several years' testing in various Michigan areas by the Michigan Agricultural Experiment Station.

Area Dairy Farmers To Discuss Barn Ventilation At Jordan Meet

Farmers who are having trouble with the ventilation of dairy barns will find the answer Wednesday afternoon, Nov. 11 from 1:30 to 3:30 p.m., Ed Rebman, county agricultural agent has announced. The meeting will be held at the East Jordan high school bus garage.

A worthwhile program has been set up. Don Murray, dairy extension specialist from MSC, will discuss ventilation from the sanitation and health viewpoint. Bob Maddex, extension agricultural engineer, will discuss pointers on ventilating the dairy barn. Someone from a power company will present the right way to wire for a ventilating system.

Rebmar said that in addition to the speaking program, there will be an actual exhibit of barn ventilating equipment. The following companies will bring in this type of equipment and set it up for operation: Aerovent Fan Co.; DeBothezat Fan Div., Fan Pec; Harlsell Propeller Fan; Ilg Electric Ventilation Co. and Sears Roebuck and Co.

Farmers will have a chance to talk to the representatives of the ventilating companies both before and after the meeting. They may also take this opportunity to discuss with the college specialists some of their ventilation problems, or other construction problems. At the close of the meeting the equipment companies will furnish coffee and doughnuts to everyone in attendance.

Variety Of Choice Squash Available In State Markets

You'll find several varieties of squash available in Michigan markets, reports Bob Carolus of the Michigan State college horticulture department.

The large Hubbard, Golden Delicious and Green Delicious varieties are especially good for baking and for pies. The smaller Butternut and Buttercup squash are suitable for boiling, steaming, panning or for baking and for pies.

The Butternut squash is light, creamy yellow with a round seed cavity tapering to a long straight neck. The Buttercup squash is dark green and flat with a lighter green cup or button. Both of these average two to three pounds in weight, good for a family of four to six people.

The Acorn squash, sometimes known as Table Queen or Pepper squash, is popular for a family of two. They may be baked plain with butter or stuffed with chopped meats or apples.

Foods specialists at Michigan State offer a suggestion for baking Acorn squash:

Cut squash in halves lengthwise. Remove seeds and sprinkle each half with ½ teaspoon salt and brush with melted fat. Lay cut side down in a baking dish. Bake 30 minutes or until tender in a moderately hot oven .400 degrees F.)

To brown the flesh side, turn face up and brush with additional melted fat. Bake until tender and golden.

Keep Hen Houses Dry By Insulation And Ventilation

Agricultural engineers at Michigan State college play a big role in helping poultrymen keep laying-house litter dry in cold winter months, notes J. M. (Mac) Moore, extension M.S.C. poultryman.

A flock of 100 hens will throw off about 22 quarts of water a day in body wastes and respiration, advises Moore, and wet litter means dirty hen feet in the nests, making dirty eggs.

Insulation and ventilation go hand-in-hand in laying houses, stresses Arthur J. Bell, M.S.C. agricultural engineer working with Moore. Insulation helps in the job of raising the inside temperatures so the air will absorb more moisture; ventilation moves the wet air out and brings fresh air in ,but without a draft.

For flocks of birds up to 500, and in the "A" shaped type house, a straw loft does a good ventilation job, if there is about three feet of straw and the warm moisture-laden air can get up through with the aid of louvers. For a flock of 500, there should be a louver in each end of the gable roof, each with about 20 square feet of area.

Positive ventilation with electric fans is best for flocks over 500 in number. Exhaust-type fans should be near the ceiling on the south or east side of the house, and each fan should have adequate intakes; they can be controlled thermostatically.

Extension Bulletin 317, "Ventilation for Michigan Laying Houses", is available from county agricultural agents and the Bulletin Office, M.S.C.

Explains Reasons For Variations In Milk Tests For Butterfat Contents

"Why does my cows' milk vary in butterfat test from month to month?"

That's a question many dairy farmers ask Michigan State college dairyman. The dairy scientists say the variation usually is normal. They cite these examples.

Two weeks after freshening, milk from cows in good condition may test high. This is temporary and generally milk will test least during the first few months of a cow's lactation. Then the test increases. It's usually highest near the end of the lactation period.

Milk usually tests highest during the coldest winter months, then decreases with warmer weather. The test is lowest during June or July or during spells of hot, humid weather. It rises again later until the peak is reached in January or February.

The shorter the time between milkings, the richer the milk. And the completeness of milking affects the test because foremilk often is thin, while strippings may be very rich.

The fat content of milk from different quarters of the same cow is not constant. Certain breeds give higher fat content milk than others.

Underfeeding tends to increase the test of milk, but it decreases the milk yield to a greater extent.

Night milk is usually higher in test than morning's milk.

The milk of a fairly large herd is reasonably constant in its fat content because it is a mixture of many samples of milk.

'Any Deer' Season Open December 1st North Of Route M-55

Does, fawns and buck deer will be legal game for hunters north of route M-55 in the northern lower peninsula on December 1 this year, the conservation department notes.

That special 'any deer" season of one day follows the regular 16-day statewide deer season of November 15-30, inclusive, with both wedged between the October 1-November 5 archery season and the special Allegan county deer season, December 1-7.

With all that shooting, it might seem there'll be nothing left of Michigan's deer herd by Christmastime.

But game men pooh-pooh that notion strongly. They say the deer herd is definitely smaller this year because of the heavy kill last year, but this is as it should be for the future welfare of the herd. And they point out that hunting seasons this year are designed to keep the herd down in size without in any way damaging its future.

This year's kill figure, for example, is not expected to come anywhere near the 160,000 total bag of last year for a number of reasons.

"Don't blame your car when you stall!"

A thin film of ice – a major cause of engine stalling from 58° to 28°

Rapid evaporation of gasoline chills carburetor below freezing, causing moisture in air to condense and freeze on carburetor parts. *A thin film of ice* forms on the carburetor throttle plate. Ice shuts off the flow of fuel during idling. Then, when you make a stop, your fuel-starved engine sputters and dies. New STANDARD WHITE CROWN Premium Gasoline contains a costly DE-ICER additive which prevents carburetor ice from forming.

New Standard Premium does what no other gasoline will do!

remarkable DE-ICER *additive prevents stalling!*

Believe it or not, when your engine quits in traffic at this time of the year, chances are that ice does it. Yes, ice causes *cold-motor stalling* even on Indian Summer mornings! Carburetor ice! And this amazing fast-freeze is likely to occur when the temperature registers between 58° and 28° above zero!

For years motorists have mistakenly blamed their cars. *Actually* no mechanical carburetor adjustment can cure it. But now Standard scientists have solved it. STANDARD WHITE CROWN Premium Gasoline contains a costly DE-ICER additive, a built-in anti-freeze that prevents the formation of ice film that can cripple the action of carburetors!

'Oil Town U.S.A.' Will Be Shown Here On Monday

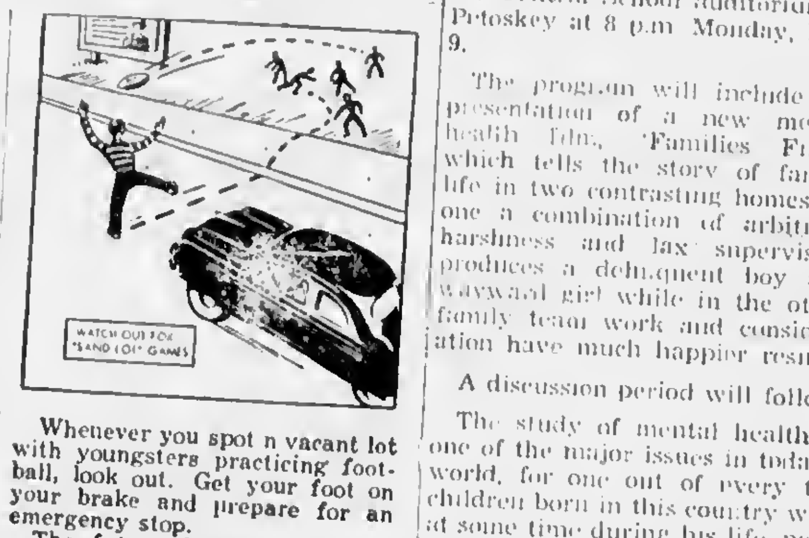
Exclusive full-color scenes of the Texas City disaster of 1945 held as the climax scenes of "Oil Town U.S.A." newest film release of Billy Graham Evangelistic Films to be shown here on Monday, Nov. 9 in the high school auditorium.

The story centers around the life of a Houston oil millionaire who is brought to an abrupt realization of his need of a religious experience through danger to his daughter's life in the Texas City holocaust.

Featured in the new film are Colleen Townsend Evans, Paul Power, Robert Clarke, Georgia Lee, Ralph Hoopes and the stars of Graham's earlier film "Mr. Texas", Redd Harper and Cindy Walker.

Evangelist Graham and his team are portrayed in their evangelistic crusade in Houston last summer. Parts of the picture were filmed in Rice Stadium where 60,000 persons gathered for American Evangelism's largest throng.

The Charlevoix Ministerial Association which is in charge of local arrangements for the showing, has announced that the doors will be opened at 7:30 p.m., with the film beginning at 8:00. No admission is to be charged, and all seats will be on a "first come" basis.



WATCH OUT FOR "SAND LOT" GAMES

Whenever you spot n vacant lot with youngsters practicing football, look out. Get your foot on your brake and prepare for an emergency stop.

The future football star who dashes into the street to retrieve that long punt or pass may be too preoccupied to worry about traffic.

If he suddenly backs in front of you it may be too late for a warning blast of your horn. Parked cars could limit your dodging. Whether you hit him or not may depend entirely on how quickly you stop.

Unless you have slowed down to under 20 you may be in real trouble. Even then you will go 22 feet while you react to the situation and slide another 30 feet before you stop.

Michigan Association of Chiefs of Police

• Mr. and Mrs. Robert Neff have gone to Chicago to meet the latter's parents, Mr. and Mrs. David Bergstrom who are returning home from a five months tour of Europe. They will return home later this week.

Band Parents Will Buy New Uniforms

The Charlevoix high school Band Parents Association has authorized the purchase of six additional band uniforms and three new majorette uniforms, Mrs. John Stebe, president of the Association announced this week following the first meeting of the group.

Tentative plans for a Band Parents dinner at the high school auditorium, Sunday, Dec. 6, to raise funds were also made.

Mental Health Group To Meet On Next Monday

The first public meeting of the Tri-county chapter of the Society for Mental Health will be held at the Central School auditorium in Petoskey at 8 p.m. Monday, Nov. 9.

The program will include the presentation of a new mental health film, "Families First", which tells the story of family life in two contrasting homes. In one a combination of arbitrary harshness and lax supervision produces a delinquent boy and wayward girl while in the other family team work and consideration have much happier results.

A discussion period will follow.

The study of mental health is one of the major issues in today's world, for one out of every ten children born in this country will, at some time during his life, need treatment for a mental disorder and one out of 20 will spend a part of his life in a mental institution.

By teachers, parents, public health nurses, doctors, clergymen social workers and employers recognizing early symptoms of disorders and seeing that they receive immediate attention is the only way this tragedy can be halted.

The public is invited to attend the meeting at Petoskey next week.

One Down And Two To Go

Halloween is over. Thanksgiving next and then Christmas. Do you know how many shopping days before Christmas? The correct answer is 40 days.

How in the world do some people find such clever Christmas gifts? Tho correct answer is — They shop early.

So why don't you start right now?

Every day Polly Kay gets more new smart gift items. Gifts that are practical, economical, smart and, above all else, NEW. They are new in Charlevoix, naw in New York, the latest anywhere.

Let's mention just a few.

Gloves — Nylon string gloves are warm, wearable and washable and only 2.50. And if you want a firm grip on the wheel they come with pigskin palms for 3.95.

For winter nights — Just wait till you see the flannel night shirts for Mama! No — These are not Dad's non-sanforized shrunker. ones. These are sanforized and made just for Mama and have slippers to match. Gown and slippers both ara 4.95. This is a really right gift.

Hobo caps or Pixie caps — Whatever name best suits you! Anyway they are wool jersey and fit tight to your head and make you look really sharp. So what more can you ask for 2.50. You gals better pick your color so Santa can get on the job.

For the young (or for that matter the old) would-be artist we have a new shipment of Fountain Brush Painting Sets. A new way to paint with water colors. Small sets are 1.00. Deluxe sets are 2.00 (Special note to mothers: No mess around with these sets. The colors are in the brushes.)

To paraphase a slogan from Uncle Sam, Shop Now — Wrap securly and Mail Early.

Local Hunters Report Success

Four Canadian geese, six partridges and one woodcock . . . quite a bag for one day's hunting in northern Michigan.

That was the opinion expressed Tuesday night by Bonnie Nickerson and Gordon Moeller when they returned home from a hunting trip in the eastern section of Antrim county.

The prized Canadian geese whose colorful markings varied from a snowy white to black, weighed from 8½ to 9½ pounds.

Galilean Children's Home Is Inspiring

(Continued from Page 1)

now in their early 20s who had grown up in the home and remained as workers. They were wonderful . . . just like boys and girls their age any place. The boys were looking forward to a fishing trip that 'uncle' Jay had planned for them and the girls were talking of a shopping trip to the local stores.

I asked them how they liked Charlevoix and they answered "Fine but there sure is a lot of water around here". Then, in an endearing southern accent, they sang the praises of their native Kentucky, as any good citizen might be expected to do.

They were just like young people the country over and it was hard to believe that they were reared in a children's home.

It wasn't until later when I had an opportunity to talk with Rev. Vogel and hear his story that I realized why they weren't like many children in institutions today . . . It was his ability to make the children members of his 'family . . . not children in a children's home. Every child calls him 'Daddy' for he is the only father many of them have known and Mrs. Vogel is 'Mommy' to the entire 'family' of 82 children.

As he related the story of the home, I came to see why Jay and Bea had left their home in Michigan to join in the work at the Galilean home.

For them it was a great financial sacrifice but when I mentioned that Jay said he didn't think of it in that light but as a privilege and an inspiration which one rarely experiences. As workers he and his wife are on duty at all times except for rare occasions when they return for brief visits with their families. For this they receive $50 a month and room and board. The real compensation comes, however, from helping others and as Jay says, carrying on the work of the Lord.

The history of the home goes back to 1935 when Rev. Vogel, whose work is undenominational, and his wife went to Kentucky from Michigan and Illinois where he had been attending college. His mother's people had come from the state and he had always felt he would like to be among these friedly, hospitable people he compares to the people of the Orient because of their slow, easy way of life and their hospitality.

As he worked among the people they came to love and trust him and appreciate what he was trying to do for them. Then one day in 1939 he found himself with an unwanted child. Hardly able to care for his own family which now boasted a daughter, Gladys, he took the child to his home, a one room log cabin which he rented for $2.50 a month.

Almost immediately, other children were turned over to him and before he realized what had happened he found himself with a family of 12 boy and girls from some of the most undesirable homes in the district. But someone had to care for them and Rev. Vogel, with his faith, knew that a way would be provided if he prayed for it.

It has been that faith which has built the home to its present proportions.

The home has no regular income and there have been times, many times, he will tell you, when the future looked black but always he and his flock have prayed and always, in some way, their prayers have been answered.

A sincere and humble man, Rev. Vogel is a man who 'lives' his faith . . . it isn't something he dons only on occasion. He has instilled in these children in his care a way of life which, though it be simple, is a good life for it is based on the teachings in the Bible.

To quote in part: "Therefore I say unto you, What things ye desire, when ye pray believe that ye shall receive, and ye shall have them". One might say that this is the foundation on which the Galilean Home is built . . on prayer and faith that the prayers will be answered.

The work of the school is truly great as are the people who are perpetuating it. It has meant great sacrifices by those who have dedicated their lives to it but in these sacrifices, these unselfish people have found great happiness.

If you don't believe it, meet them and their charges as I did and you shall have living proof of what I say. It is an experience I shall treasure always for it brought home to me the fact that one needs so very little for true happiness if he will but give unselfishly of himself.

And for those who would like to read a truly great book of the Galilean Home, there is the publication, "It Happened In The Hills of Kentucky", written by the Rev. John Vogel. In it is related in greater detail the story of the home.

Five County Men To Take December Draft Physicals

Five Charlevoix county draft registrants will be called for pre-induction physical examinations in December the county draft board has announced. The date for the call has been set for Nov. 30.

No men will be called for induction next month.

Beginning in January, however, the draft calls will be increased until 60,000 men will be inducted from Michigan alone during June. The increased calls are necessary to replace the men whose enlistments are being completed and who will be discharged during the next year.

Ten men will leave here Tuesday for pre-induction physicals in Detroit. Included in the call are John A. Erber of Charlevoix; Ralph Cross of Saugatuck; Peter Greene of St. James; Gerald E. Evans of East Jordan; Richard Massey of Boyne Falls; William E. Zimmerman, Norm L. McGeorge, William K. Detloff, James A. Erber and Harold R. Johncheck of Boyne City.

Beaver Island Residents Plan Drive To Finish Medical Center

The faith of the Irish on America's Emerald Isle is again being tested as the residents of Beaver Island add prayers to their efforts to obtain sufficient funds to complete the island medical center started last spring.

The first test came earlier this year when the island residents found themselves without a resident physician following the retirement of Dr. Russell Palmer who had served in that capacity for 29 years. Aware of what life on the isolated island located 34 miles northwest of here in Lake Michigan was like when weather made it impossible for medical aid to reach them, the people added actions to their prayers by coming to the mainland and literally searching the state for a doctor who would open a practice on the island.

They were successful in their search when Dr. Harry Vail of Bay City agreed to come to the island with the provision that a medical center be constructed and maintained for his use.

Mindful of their obligation, the less than 400 residents including the juvenile population, went to work. The boards of the island's two townships, Peaine and St. James, appointed the board of directors of the Beaver Island Civic Association to supervise the planning, fund raising and construction of the Medical Center.

Following the advice of Dr. Albert E. Heustis, state health commissioner, the state office of Hospital Survey and Construction, the Kellogg Foundation and Richard C. Lennox, an Indianapolis architect who offered his services, the plans were drawn up, a fund drive launched and construction of the eight room one story structure started in July.

The committee did an excellent job of securing materials at the best prices and obtaining volunteer labor but, constructing the center on a 'pay as you go' basis, the $8,500 donated by island residents and friends of the island was exhausted before the building could be completed.

The people are now doubling their efforts to secure the funds to finish the building before winter sets in and the island will again be isolated except for airplane traffic from January until the ice breaks up in April.

Fashion Show To Aid School Building Fund

Reservations have been made by more than 100 local and out of town residents for the fashion show sponsored by the Little Flower Guild of St. Mary's church to be presented at the school hall tonight (Thursday), Mrs. Charles Meier, reservations chairman has announced.

Mrs. Charles Cooper, president of the Guild, today reminded everyone who was planning to attend that all reservations must be in before the hour of the show, 8 p.m., this evening. Tickets are still available from any member of the Guild, she added.

Fashions of the hour from Fay's Dress Shoppe will be modeled by Mrs. George Wolf, Mrs. Agnes Tellman, Mrs. Frank Trochio, Mrs. Norman Ketchman, and Mrs. Leland Warner; Mona Davenport and Susan Duerr will model the teen-age fashions and small fry styles will be shown by Jean Theirry, Dean Gengle, Mary Gallagher and Douglas Greenway.

Mrs. Charles Duerr, manager of the local Fay's Shoppe will be the commentator and Mrs. Elmer Barber the pianist for the show.

Refreshments will be served at the close of the program by a committee headed by Mrs. James Woodward. Many door prizes will also be presented to the guests.

Area Placed In Spotlight About Ransom Bill Find

Charlevoix has become one of the many northern Michigan communities visited by FBI agents since early last week when a $20 bill from the Bobby Greenlease kidnap ransom money was found in Petoskey by Mrs. H. J. Krauser who received the bill in payment for the rental of a cabin.

She reported finding the bill after checking a list of serial numbers circulated by the FBI

She received the bill from Norman Clark of Petoskey who drives the mail truck between Petoskey and Cadillac. He traced the bill to a Petoskey gas station owned by George Wilson who said he received the bill Oct. 19 for payment for gasoline sold to three people in a Studebaker car bearing Missouri license plates.

FBI agents descended on Petoskey in an effort to trace the person who passed the bill and to search for other bills.

All banks and other businesses in the area were visited by FBI agents during the week.

County Budget Is Slightly Higher For Coming Year

A budget of $135,933.36 for the operation of Charlevoix county during 1954 was adopted by the Charlevoix county board of supervisors at its closing session Tuesday night.

The figure is only slightly more than the 1953 budget for $135,731.41.

The 1954 tax spread will bring in revenue amounting to $147,157.20 thus leaving an estimated $11,223.84 to apply on the county deficit.

This year the tax revenue was $143,709.96 leaving $7,988.82 to apply on the county's deficit which will be an estimated $21,000 at the close of the current year.

Albert Beck, 73 Dies At Trenton

Albert Beck, 73, who has resided in Norwood township for the past six years, died Nov. 3 at Trenton where he and Mrs. Beck had gone three weeks ago to spend the winter.

Funeral services were held in Detroit Thursday.

Mr. Beck, who had resided in Grosse Ile for many years, came to northern Michigan six years ago to make his home.

Besides his wife he is survived by two daughters, Mrs. Charles Boschma of Grosse Ile and Mrs. Jack Olin of Philadelphia, Pa.; two sons, Thomas of Grosse Ile and David of Charlevoix and several grandchildren.

Community Chest Fund Drive Gains, Is 85 Per Cent

Community Chest workers are continuing their task of soliciting funds for the organization as the total contributed to date reached the $4,846.95 mark.

The figure is 85.6 per cent of the total of $5,665 needed to finance the Community Chest agencies for 1954.

Anyone who has not contributed to the Community Chest which finances such organizations as the Girl Scouts, Boy Scouts, Community Nurse, city recreation council, United Health and Welfare, Charlevoix Service Organization, Salvation Army, and Michigan Children's Aid Society is urged to do so at the earliest possible date.

First Concert Of Season To Be On Nov. 20

Three local musical organizations, the Charlevoix high school band, the high school girls' glee club and the Charlevoix city band, will join forces on Friday, Nov. 20, to present the first formal concert of the 1953-54 season, C. A. Odmark, director of the groups, has announced.

The concert will be held in the high school auditorium at 8 p.m. Nov. 20.

The high school band has been seen and heard during the football season but this concert will mark the first appearance of the full band. Playing with the band will be several members of the football team and the majorettes who are also musicians with the group. The band is composed of 64 members, two more than last year, with three other prospective members due to join soon.

Instrumentation of the band is the best in recent years, Mr. Odmark said. Balance of the various sections is excellent and a wholesome attitude of serious effort is very apparent in the group.

The Girls' Glee Club, which is larger than last season, will also present several selections as will the Charlevoix city band, making one of its infrequent appearances outside the summer season and always enjoyed when it appears in concert.

The high school band boasts

East Jordan To Continue Sewage Disposal Plant

Construction of East Jordan's new $200,000 sewage disposal plant will continue it was announced Tuesday after Judge Charles L. Brown refused to grant two injunctions to halt construction.

Judge Brown held a hearing Friday in the case and gave his decision Tuesday.

The Jordan River Sportsman's Club saught an injunction prohibiting the city of East Jordan from locating the plant in Sportsman's park and William Healey Jr. wanted an injunction to stop the city from locating a sewage lift station near his property.

Both petitions were dismissed and work is continuing on the plant.

The plant was started after the city received a threat of court action by the state water resources commission last December for discharging raw sewage into Lake Charlevoix.

County Roads Office Moving To Boyne City

The Charlevoix county Road Commission office now located in the court house here will be closed effective Friday, Nov. 13, and the records transferred to the Commission's Boyne City office, Lyle Wangeman, of Boyne City, chairman of the Commission announced this week.

In making the announcement, Mr. Wangeman said that the closing of the local office was being made in the interest of efficiency and economy as it is desirable to have all phases of the County Road Commission coordinated on one location.

Ralph Hamilton, clerk of the Commission, and Mrs. Jean Gallagher, deputy clerk, will continue to be employed in the Boyne City office which is located at the corner of Lake and State streets.

Other members of the County Road Commission are Sam E. Rogers of East Jordan and Karl J. Erber of Charlevoix.

Area Hunters Start Annual Trek For Deer

Many of Charlevoix's deer hunters are leaving this week to join the hordes who are now converging on the woods of the upper peninsula for the opening of the hunting season Sunday.

Among those who left Monday are three father and son combinations, Lawrence Swanson and son, Larry, Carl Towsley and son, Gene and Bernie Ward and son, Bernie Jr., who, accompanied, by Elmer Barber have gone to the Ralph district.

Kit Carson, Ted Coblentz, Frank Bird and his brother, H. G. Bird of Traversa City, Floyd Brown and Lewis Brown have gone to their camp on the Two Heart river.

Floyd Ikens, accompanied by his brothers, Chester and Arthur of Boyne City, will hunt near Ontonagon. Charles Bellinger will join his hunting party at their camp near the Raco.

John Mol, Glenn Pemberton, Glenn Rose, Carl Kohler and Gordon Moeller will be located at Foster City until Thanksgiving.

Bonnie Nickerson, Bruce Henley, Keith Nickarson of Petoskey, Ralph Shapton of Royal Oak and Warran Shapton of Lansing will go to Ontonagon county.

Mr. and Mrs. Pete Scott and Mr. and Mrs. Charles Reinhart have gone to Isabella near Escanaba.

Leaving for Thompson tonight will be Clarence Heise, Charles Heise, C. B. Meggison and Mike Hamlin. Don Meggison will join them later.

The Ed Swansons and the Guy Scotts plan to leave Friday for Ralph.

The Bergmann family will forego a trip north this year to hunt in the Vanderbilt district. Leaving this weekend for a camp prepared last weekend will be Bob Mitchell, Fritz Bergmann, and sons, George, Bob, Gena, Big. Bill, Charles and grandsons, Lawrence and Bruce, who will join them for the weekend.

These are only a small part of the area's hunting population which will go to camps in both the upper and lower peninsulas or who will hunt in the immediate vicinity.

St. Mary's Drive For School Funds Gets Good Start

The campaign which was launched Sunday to raise funds to construct a new St. Mary's school proved highly successful in the opening days, the Rev. E. F Denay, pastor of St. Mary's church said Wednesday in announcing the results of the date to date.

On Wednesday the parish had approximately $40,000 toward its goal of $50,000 with about 50 per cent of the total in cash and the remainder in pledges to be paid over a two year period.

In making the report Fr. Denay said that he was pleased with the early results of the drive and was confident that the goal would be reached within the month.

Supervisors To Levy School Tax On State Equalized Valuation

The Charlevoix county board of supervisors adjourned late Tuesday after voting to rescind its former decision in the matter of levying the 1954 school tax. In a new action taken Tuesday, they voted to levy the five-mill school tax on the state equalized valuation in those districts fractional with another county after receiving an opinion on the issue from the attorney general.

According to the opinion, where a school district lies in more than one county, creating a fractional district, and no meeting of assessing officers in the district to equalize valuations of property in the district was held nor any joint allocation board established, school taxes must be levied on the state equalized valuation.

A heated discussion followed the presentation of the opinion before the board of supervisors voted by a 13-9 vote, with two members abstaining and on absent, to rescind its action of Oct. 13 when it voted to levy the school tax on the county equalized valuation. In a second motion, the board then voted by a 16-6 vote to levy the five-mill school tax on the state equalized valuation in the school districts which are fractional with surrounding counties.

The new action will give the Charlevoix school district, which is fractional with Antrim county, an additional $12 to $13,000 for operational costs this year, Supt. R. G. Bennett said Wednesday.

The action which brought about the request for an opinion from the attorney general started Oct. 13 when the board of supervisors at its opening session voted to levy the school tax on the county equalized valuation, thus rescinding the action taken in May by the county tax allocation board, which had allocated five mills to the school to be levied on the state equalized valuation.

The schools objected to the action of the board and requested an opinion on the issue from the attorney general. The board of supervisors adjourned Oct. 23 to await the opinion and reconvened Monday when it was not forthcoming. In the meantime, however, it was received and the board acted on it Tuesday with the above results.

In the opinion it was also stated that, since Charlevoix county school district will be levying its school tax on the state equalized valuation, Antrim county with which this county is fractional must also do so to correct the lack of uniformity.

Guy C. Conkle of Boyne City and Norman D. Ance of Charlevoix represented the schools at the Tuesday meeting with the board of supervisors. Probate Judge Floyd A. Supp acted for county prosecutor C. M. Bice in the latter's absence from the city.

Services Held For Louis R. O'Neill, Lifelong Resident

Louis R. O'Neill, 48, veteran dispatcher at the Charlevoix post office died unexpectedly at his home at 309 Burns st. early Friday morning

Funeral services were held at the Pontius Chapel Monday afternoon with the Rev. Harold E. Kuhn officiating. Burial was in Brookside cemetery.

Born in Charlevoix July 15, 1905, Mr O'Neill graduated from the Charlevoix high school in 1923 Immediately after graduation he became employed as a clerk at the local post office. Through the years he served as a clerk, letter carrier and since 1936, chief dispatcher. He had been district civil service secretary for the past 15 years.

A quiet man with simple tastes, he devoted time away from his work to his family, his home and his friends At one time he had been a member of the Masonic and Knights of Pythias lodges but in recent years had withdrawn his membership. He was an avid hunter and fisherman and with his family enjoyed these sports.

He is survived by his wife, the former Helen Button, who is home making teacher in the Charlevoix public schools; one son, Edward; his mother, Mrs. Eva O'Neill of Detroit, two sisters Mrs. Andrew Fulton Jr. and Mrs. Rose Hess, also of Detroit and a brother, Marshall of Sault Ste. Marie.

Work Started On Route 31 South

Preliminary work on the construction of 7 miles of new highway on US 31 south was started Nov. 4, William P. Cullon, of the Michigan Highway department said this week.

The installation of drainage structures is being done by John Slater of Grand Rapids, sub-contractor.

The contract for the $636,000 project was awarded earlier this fall to the Sargeant Construction Co of Saginaw which will move its equipment in and begin work on the project about Dec. 1.

Mr. and Mrs. E L. Kramer of the Beach Hotel left today (Thursday) for Bay City where they plan to spend two months before leaving for the west. They will return early next spring.

America Has Surrendered To Communism", this would be a terrible headline to appear in our newspapers tomorrow morning. Tragedy and terror greater than any hurricane, tornado, flood or earthquake would be upon us. This nightmare of Communism would take on the grim realities of torture, tyranny, 'Brain Washes' and final submission to the State, or death in a slave labor camp.

We would have no right to work where we pleased. The freedom of religion would then be only a fond memory. Children would be taught to betray their parents into the hands of the authorities upon the slightest infraction of the new laws. Radio, television and newspapers under rigid control would become the propoganda voices for Moscow and her American puppet. Our churches, synagogues and schools would become citadels of atheism, and the indoctrinators of the communist life. The hundreds of millions around this old, war-torn world feel today that these are true.

Knowing this, the Democratic nations should not spare themselves in utilizing Democratic means and methods in foiling the purposes of Communism. For while we fight this enemy abroad, we have abundant proof from our goveromental investigating agencies that this enemy is attempting to penetrate and destroy our essential structures at home. Let us not be complacent.

What is the answer to Communism? One of the most effective answers to Communism is found in the Sunday school. Paul Copeland, an executive member of the National Sunday School Association says, "Not only do I think so, but statements from members of Congress, judges and other outstanding American citizens, indicate the best leadership in the land supports the Sunday school as an effective instrument for the preservation of America from Communism."

The Sunday school counteracts the lies and falsehoods of this atheistic philosophy by teaching God's liberating Truth. God's Word declares, "Ye shall know the Truth and the Truth shall make you free." The Sunday school provides the fellowship with Christ and Christians. In contrast to a regimented, false comradeship, the Sunday school is not motivated by fear, but is saturated with Faith, as essential to successful, happy living. The Sunday school strengthens the bonds of the home and provides a basis of respect and confidence. The Sunday school provides instruction and counsel for those of every age level, from the tender nursery age to adults.

With the nearly 40 millions enrolled the world over, the Sunday school has earned its place, not only as a safeguard against Communism, but as an essential institution in our way of life. As a result, hundreds of thousands are entering the Sunday schools of America. They feel in so doing they are strengthening their own Faith, deepening their understanding in God's Word and finding new life and peace of mind through a personal Faith in Christ who came to save us from ourselves and sin. They are confident, too, that their interest in the Sunday school provides an invaluable aid to the church and multiplies the assests of the community.

The well-being of our community lies with the Sunday school. Take the whole family regularly to the Sunday school of your choice.

ODDS 'N ENDS

ON SATURDAY, Nov. 14, the planet Mercury will pass directly between the earth and the sun, we're told . . . The passing will be near the northern limb of the sun (whatever that means) and will continue from 10:37 a.m. through the noon hour to 1.12 p.m. We haven't the vaguest idea what we're going to see, but we're sure hoping the sun will shine so that we won't miss what ever it's going to be . . . which is very involved but you probably get what we mean . . . Seems this phenomena happens about 13 times in a century and in case you miss this one, there are seven more scheduled for the twentieth century . . . So let's take a look, come next Saturday noon, and see what it's all about . . .

• • •

AND swinging from planets to stars . . . what do you think of our Royders now . . . They sure played ball Friday night and worked hard to bring that championship to us . . . We're sure that everyone is just as proud of them as we are . . .

Speaking of the game, did you know that Coach Terrill's dad, Bradford Terrill, who is now 81 years old came from Linesville, Pa., to see the team play Friday night . . . He's always so proud of the team and has always made the trip north for at least one game since Del came here . . .

• • •

IN THE mail recently a card from Mrs. Howard Griffin, who has been in Albuquerque, N. M. for the past two months and who will be home soon . . . She mentioned the beautiful mountains and the many interesting things to see . . . and also spoke of roses in bloom . . . The weather may have been a little warmer but we've had our fair share of sunshine and roses too . . . this fall.

• • •

AFTER hearing the reports on the snowstorms and other freakish weather throughout the northeast and elsewhere, we think northern Michigan's a pretty good place to live . . . On Sunday the temperatures were much lower in Chicago and southern Michigan . . . Lake Michigan is good to us by stabilizing the weather . . . more or less . . .

• • •

DON'T KNOW what it was all about but Charlevoix's sea-gull population was holding some kind of a convention over Round Lake Saturday afternoon . . . Gulls of every size and color were flying flapping, screaming or something over the lake . . . And there wasn't a fish-tug in sight . . . Sounded like the opening bars of one recording of the popular selection, "Ebb-tide" that we've been hearing so much lately . . .

• • •

AND Speaking of tugs, we were watching the work of Sear's tug on the south side of Round Lake the other day when someone mentioned a description of the boat offered last summer by Mrs. Harvey Campbell's granddaughter . . . After looking it over she decided it was a mustard and catsup boat and if you'll take a good look at it, you'll find that most descriptive . . .

• • •

HAVE YOU noticed the change of the landscape at the bridge recently? The workmen on the old mill building have been working like mad in a race against the weather and it looks as though they're going to win and get the building under cover before snow flies . . . It's sure going to be attractive and some improvement over the mill . . .

• • •

EVER SEE a wood rose from Hawaii? . . . Neither had Mrs. William Heise until last week when she received one from Mrs. William D'Entremont, the former Billie Smith, who now lives there . . . This one has now dried but in its center are seeds which look like bits of coal . . . Those are the seeds you plant in wet sand or sawdust and from which the vine will grow . . . It's not a rose, really, we understand, for its leaves form the rose-like blossom with black seeds forming the center . . . Mrs. H. isn't sure it will grow in this climate but she's looking forward to giving it a try . . . come next summer . . . so let's hope it will be a successful experiment and then we'll all know what a real wood-rose looks like . . .

• • •

WHEN A father finds himself without a son to carry on his work, especially when he's a trapper by trade, you can't blame the poor guy for being a little concerned . . . But our local trapper, Art Steel, found out this weekend that he no longer has cause for worry . . . Last week Albert Carlson made a hurried call to Art to ask him to trap some foxes on his farm in Eveline township that were threatening his turkey flock, which is about ready for market . . . Art set the traps but had trapped only a few of the animals when he had to leave for the upper peninsula. He was at a loss until he decided to let his eight-year-old daughter, Shirley, try some of the 'know-how' that he'd been teaching her almost from the day she was born . . . By now Shirley had her own 'pack' which includes secrets, traps and other things necessary to the work and this seemed like a good time to break her in . . . So, while her dad was gone from Thursday 'til Sunday, Shirley emptied the traps her dad had set, prepared and re-set her own and when she was through had snared three of her own to bring to a total of ten the number trapped on the Carlson farm . . . Mr. Carlson now credits her with saving his turkey flocks, her dad credits her with being a pretty clever little girl and Shirley?? her dimples just get deeper and deeper . . .

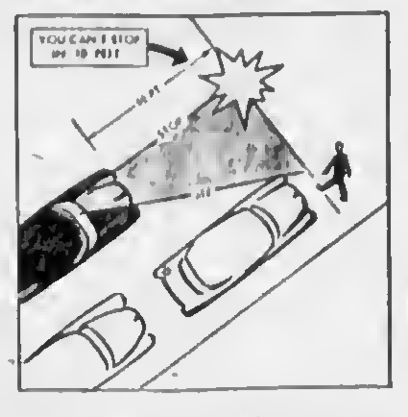
No. 2: You Can't Stop In 10 Feet at 10 Miles Per Hour



YOU CAN'T STOP IN 10 FEET

That pedestrian who pops out from between parked cars can put you on the spot. The parked car hides him until the last second. When you are far enough along to see him you may have only 10 feet in which to stop.

That fatal triangle in the drawing tells the story. See how close the car is before the line of sight of the driver can reach the pedestrian. He only has to move 5 feet to be in front of you.

At 10 miles per hour your reaction time of ¾ of a second moves you 11 feet before your foot hits the brake. You will still skid 7.5 feet before you stop. In 18.5 feet you would have run over him.

Michigan Mirror
INTERPRETING THE NEWS

by Gene Alleman

WILL A party boss system return to Michigan if proposed changes in methods of nominating state officials take effect?

That is one fear of those who oppose the pre-primary plan now under study by the Republican State Central Committee. And the fear is without fundation according to Harold O. Love, Detroit tax attorney.

Mr. Love advocates a program where responsible party members study qualifications of candidates and either approve or disapprove. Names of approved candidates would appear on the ballot as endorsed by the party; unapproved candidates could still run as Republicans, but without party endorsement.

Bitter experience of the party is directly responsible for Mr. Love's campaign to change Republican nomination methods. He believes that GOP candidates lost the last two races for governor because of battles that developed in primary campaigns. Wounds resulting from intraparty campaigning could not be healed in time for general balloting. Resulting disunity prevented the organized effort that might have won the election.

• • •

SIMPLY STATED, Mr. Love's plan amounts to this: members of the Republican party would select the candidate they think best fitted and most likely to win. He would be given the party stamp of approval and the support of the organization.

Much agreement exists that a new system is required. D. Hale Brake, state treasurer and respected by many for his astute understanding of state politics, agrees that there are many advantages to party-endorsed candidates. "This would eliminate a situation which has existed at least twice in recent years," he said, "where Republican candidates for governor publicly state that they owed no debt to the party they represented." But Mr. Brake feels that now is not the time to drop the present system in favor of another.

No immediate change is expected. Members of the Republican State Central Committee considered the pre-primary plan at a recent confab and voted not to put it into effect. They agreed to keep the subject under study. Mr. Love, who presented his ideas at the meeting, was somewhat disappointed that they were not adopted . . . and somewhat dismayed by what he considered to be 'lack of understanding of the basic principles involved." The Detroit attorney says he will continue promoting his plan at state level and attempt to sell it to as many precinct or county organizations as he can.

• • •

BIGGEST gain from a party standpoint is that a "pre-convention" agreement would establish party responsibility for candidates. From the public's standpoint, Mr. Love believes that higher caliber candidates could be attracted into campaigns and that better qualified candidates would be party-endorsed. He explains: 'An inferior candidate could too easily be rejected at the polls."

Need for improvement of the present primary system has been felt for many years. The idea has been supported at intervals for the past 30 years.

Fate of a pre-primary system may depend a good deal upon the outcome of the next gubernatorial election. If the Republicans win under the present method, it is certain there will be less agitation to change systems than if they lose. And if a sharp fight develops between primary candidates during the campaign, Harold Love's plan would receive some keen re-examination.

Much opportunity exists for hard feeling in the coming race. With five prominent Republicans mentioned again and again as candidates, and with no means to select the one to meet the Democrat candidate except a full scale primary campaign, few will be surprised if hard feelings between the contestants and their supporters develop.

Katherine Feick, Frank Sneathen Wed In Petoskey

In a quiet ceremony solemnized at the Parr Memorial Baptist church in Petoskey Friday evening, Katherine M. Feick of Alanson became the bride of Frank Sneathen.

The bride is the daughter of Mr. and Mrs. John A. Feick of Alanson and the bridegroom is the son of Mr. and Mrs. Lee E. Sneathen.

For her wedding the bride selected a white faille suit, navy accessories and a corsage of red roses.

Joyce Thayer of Petoskey, as her only attendant, wore a forest green suit, brown accessories and a corsage of yellow roses.

Henry Feick of Alanson, brother of the bride, was best man.

The couple will reside in Petoskey.

Garden Club Is Host To Faculty And Study Clubs

The Charlevoix Garden Club was host to the members of the Dickens and Shakespoare study clubs and the faculty of the Charlevoix public school at a program on "Conservation" at the Rod and Gun Club Tuesday evening.

John Hood of the Education Division of the Michigan Conservation Department presented a picture lecture on Conservation portraying the damage done by fire to Michigan forests and wild life. He also discussed the conservation work being accomplished and explained at length the importance of conservation in every day life.

Mrs. Jerry Finney of Birmingham, the former Virginia Ranger, who has been attending the conservation classes offered teachers at Higgins Lake and elsewhere in the state, spoke on the importance of teaching conservation in the schools today. She explained the work being taught at Higgins Lake for the benefit of the teachers and also the conservation tour of the state offered annually.

Mrs. L. E. Grate, president of the Garden Club, welcomed the more than 100 members and their guests and introduced the speakers. A social hour and refreshments followed.

Name Committee For Senior Annual

A committee of faculty members, in conjunction with the Charlevoix high school senior class, has chosen Karen Smith as the editor of the high school annual for the current school year. Gail Krahnke and Patsy Ratigan will aid Miss Smith as assistant editors.

Mr. Harry Bingham, high school principal; Mr. C. M. Novak, senior advisor and Mr. Chester Maltby, annual advisor, made the appointments from a group of eight persons nominated for the positions.

Marian Warner, who worked on the annual during her junior year, will automatically be on the staff as an assistant. Two members of the junior class, Roberta Swanson and Betty Berg, were appointed to the staff in order to gain experience in anticipation of their work during their senior year.

County Teachers Receive Honors For Long Service

Eight Charlevoix county teachers, including two from Charlevoix, who have taught 30 years or more were honored Thursday at the Charlevoix county M.E.A. meeting in East Jordan.

The two local teachers are Supt. R. G. Bennett and Mrs. Mildred Coblentz, who now teaches at Walloon Lake.

Others honored were Minnie Herrick of Boyne City with 40 years in the teaching profession; E. E. Wade, superintendent of the East Jordan school, with 35 years service; Suzanne Bogert and Floyd Alldread of Boyne City, Albert Nesman and Marion Brooks of East Jordan, all with 30 years service. Mr. Alldread a native of Boyne City, is a former local teacher and coach.

Each teacher was presented with a pin denoting the years in the teaching profession. Earl Brotherston of Boyne City presented the pins to the Boyne City teachers; Max Damoth, the East Jordan recipients and Max Novak, the local teachers. A brief resume of his or her teaching experiences preceded each presentation.

Charles Robinson, Charlevoix county superintendent of schools, presented a travel talk with slides on his recent Ford Foundation trip during the 1952-53 school year.

Officers of the county M. E. A. who were in charge of the meeting are: Jack Richardson of East Jordan, president; Harriett Malone of Boyne City, vice-president Mrs. Dorothy McRae of Charlevoix, secretary; Harry Jankoviak of East Jordan, treasurer.

The next meeting will be held in Charlevoix in February.

Roy R. Robinson Kiwanis Speaker

The Charlevoix Kiwanis Club heard Roy R. Robinson, city superintendent, speak on "The City is Big Business" at its regular dinner meeting at the high school cafeteria Monday night.

Alan Macdonell was named chairman of the club's entertainment program to be presented at the Northern Michigan sanitorium at Gaylord Nov. 19.

Ralph S. Hamilton was renamed secretary-treasurer for 1954 by the board of directors. The board also voted to contribute $25 to the Community Chest.

Tentative plans for the club's official nineteenth birthday anniversary on Dec. 7 were completed. It will be a ladies night and the members of the faculty and their respective husbands or wives will be guests at the dinner.

Mary Lou Price Weds John Schantz In Bay Shore Saturday Morning

Mary Lou Price, daughter of Mr. and Mrs. William Price of Bay Shore, became the bride of John E. Schantz, son of Mr. and Mrs. Isaac Schantz, at a nuptial Mass at St. Francis Solanus church at Bay Shore Saturday morning.

The Rev. Fr. Thomas Harbig performed the ceremony before an altar decorated with yellow pompoms and white asters.

Mrs. Francis Schantz was the organist and played the traditional wedding music.

Given in marriage by her father, the bride wore a gown of white satin styled with a net yoke, a fitted bodice with long sleeves and a full skirt which ended in a train. A crown of orange-blossoms secured her fingertip veil and she carried a bouquet of red roses and white pompoms.

Peggy Price, as her sister's maid of honor, wore a gown of pink taffeta and net and carried a bouquet of yellow and pink carnations.

Mrs. Gerald Price, sister of the bridegroom and Linda Price, sister of the bride, as bridesmaids wore gowns of blue taffeta and net designed identical to the honor attendant's. They carried bouquets of pink and yellow carnations.

Bernard Schantz assisted his brother as best man and Gerald Price and Francis Schantz were ushers.

Mrs. Price chose a gray checked suit dress and red and black accessories for her daughter's wedding. Mrs. Schantz wore an ensemble of black faille.

An evening reception at the Maple Grove Grange hall was attended by more than 200 guests.

After a wedding trip to Niagara Falls the couple will reside in Flint. For traveling the bride wore a gray suit with red accessories and a corsage of red roses.

Both are graduates of the Petoskey high school. The bride is employed at the Michigan Bell Telephone Co. Mr. Schantz, a Korean War veteran, is employed in Flint.

Ward-Goldberg Vows Exchanged In Grand Rapids

Mr. and Mrs. Bernie Ward Sr. announce the marriage of their daughter, Joan Mae, to Harry Goldberg, son of the late Mr. and Mrs. William Goldberg on Oct. 23.

The couple was married at the Aharas Israel Synagogue in Grand Rapids with Rabbi Gershan Winer officiating at the double ring service.

The bride selected a navy satin sheath afternoon dress, matching accessories and a corsage of white roses for her wedding.

After a wedding trip to Canada, Niagara Falls, the Catskill Mountains and New York City the couple has returned to make their home at 1040 Crescent ave. N. E. For traveling the bride wore a tweed suit and brown accessories.

The bride is a graduate of the Charlevoix high school and Elkhart Medical University. The bridegroom is a graduate of Union high school in Grand Rapids and the University of Missouri.

Extension Group Hears Food Facts

A lesson on "Facts, Fads and Frauds about Foods", was presented by Mrs. Ralph S. Hamilton to 16 members of the Charlevoix Extension group at the home of Mrs. Edward Lakies Friday.

A true and false and multiple choice question test followed the lesson.

Refreshments which were suggested in the lesson were served at the close of the business meeting.

Plans for the annual Charlevoix county Extension Club Christmas party at which the local group will serve as hosts were discussed.

The next group meeting will be an all-day meeting Dec. 4 at the home of Mrs. John L. Boss.

Seniors Class To Sponsor Supper

The senior class of the Charlevoix high school will sponsor a chili supper at the high school cafeteria Thursday evening, Nov. 19.

The supper will be served from 5:30 to 7:30 and will include chili, relishes, a bread or crackers, dessert and a beverage.

The supper is one of several fund-raising projects planned by the class.

High School Juniors Order Class Rings

Members of the junior class of the Charlevoix high school ordered their class rings.

In order to be eligible to receive a class ring, juniors must have all of their dues paid during the first semester of their junior year. The rings are expected to arrive by the first of February.

"Dogpatch Twirl" Planned By Frosh

"Dogpatch Twirl", a Sadie Hawkins day dance sponsored by the freshman class of the Charlevoix high school, will be held on Friday the 13th., from 8:30 to 11:30 p.m. in the high school gym.

Miss Donna Cavanagh and Mr. C. A. Odmark, class advisors, will chaperone the party.

Deer Hunter's Dream

What hunter wouldn't like to see such a sight anytime after deer season opens? This big buck, however, is lucky. Alfalfa is his name and he won't have to dodge hunter's bullets during the November 15-30 statewide deer season. Alfalfa lives in a test pen at the conservation department's Gladwin refuge headquarters in Ogemaw county. Biologists have been learning about his eating habits as an aid to furthering Michigan's deer management program.

Dead Deer Believed Victims Of Plant Poisoning In State

Roscommon — A number of dead deer believed victims of plant poisoning, have been found at different points in the northern lower peninsula, the conservation department reports.

Three carcasses were found east of Rose City and two more east of Vanderbilt. Also archers have reported five from Missaukee county, although these have not yet been located by department biologists.

Game men say if some dead animals can be found at scattered points, it often indicates substantial numbers of others are lying unfound elsewhere in the woods.

One of the animals is now being examined at the department's pathology laboratory at Michigan State College. At last report, the animals showed no signs of death by injury or infectious disease. All other evidence points to plant poisoning.

One researcher says wild cherry leaves, in a wilted fall condition, sometimes turn strongly poisonous and if eaten by deer could be the cause of death. Also, bracken ferns are poisonous and could give the same result.

Occasional reports in the past have indicated deer were being lost to plant poisoning, but the present cases are the first in which dead animals have been found for laboratory study.

New Bulletin Tells What To Do When You Get That Buck

Lansing — The firearm equipment companies and the sportswear outfitters will tell you what to do before you shoot your buck this fall, Mr. Nimrod, but what happens after you are standing in the snow looking down at your prized, but very dead deer?

If you're an old hand at the noble sport of deer hunting, you already know how to clean the carcass, drag it home, cut it up and cook it . . . without wasting any important parts of the animal.

But if you're a neophyte, then a handy little bulletin called "Venison" is yours for the asking and may answer a lot of questions about how to clean, butcher and prepare your deer.

"We Appreciate Trucks..."

Says Harvey Campbell,
Executive Vice President
Detroit Board of Commerce

"YOU'LL see a campaign some of these days," Mr. Campbell points out in THE DETROITER, "selling highway transport—trucks, that is—to women and children.

"Such tender folks should say a prayer of gratitude every time they see a truck. They should thank Providence whenever grace is said at table because without trucks we wouldn't eat—would have no clothing, shelter, comfort, fun—or newspapers.

"Small towns, deserted by railroads, have grown, prospered and made ours a pleasant and prosperous land — saved by motor trucks.

"Aircraft, steamship and railroad operators should help preserve and encourage highway transport planners and thank them for their existence, because without trucks nobody could load a boxcar, ship or plane.

"Get our point? We appreciate trucks—and truckers."

County Infantile Chapter Meeting Tonight

The film, "The 1954 Mother's March on Polio", a new Helen Hayes picture, will be shown Thursday evening at the annual meeting of the Charlevoix county chapter of the National Foundation for Infantile Paralysis at the Boyne City high school at 8 p.m. tonight (Thursday).

Henry Lee, county chairman, will preside at the business session at which reports will be given by county officers. An election of officers will conclude the meeting.

Everyone is urged to attend this important meeting at which plans for the 1954 March of Dimes and other important matters will be discussed.

Feeling Low?

By
HAROLD F. KOHN

Like The Great Waters

We are depressed when we see civilization destroying our natural resources. The forests fall before the woodsman's axe and the beauties of the northwoods are converted to ugly ashes by man's carelessness with fire. Wildlife disappears before the hunters' guns. It is heartening, therefore, to witness in our time a revival of interest in nature, and an eagerness for the restoration of our natural resources.

We have one resource, however, which, say the scientists, has not decreased in the least from the onward thrust of civilization. Within historic times there has been no change in the quantity of this substance. It is water. While the distribution of water may change, and there may be change in the form it takes, the actual amount of water present on our earth is about the same as it has always been since life first appeared on this planet.

Long before the white man visited this continent, the early Indian inhabitants used American waters. Their canoes glided swiftly along the shores of lakes and bays and down the broad rivers. They fished the streams. They bathed in pools. They prayed for and received the rains. They read the weather signs in the clouds scudding across the skies. They drank from springs and breathed the moisture-laden air. And the Indian, himself, had a body composed of more than seventy-five per cent water.

Since the white man came many changes have transpired and some resources have been woefully diminished. But, insist the scientists, although water has been redistributed, there is as much of it on earth now as there was five hundred, or five thousand, or five million years ago. It pervades all of life. Protoplasm, of which our bodies are made, is a suspension in water. Our bodies, like the Indians, are more than three-fourths water. And still, as in centuries past, land devoid of water would be devoid of life. Water comes from above us in the form of rain, from below us to make wells and springs. It is all around us : the lakes and streams and moisture-permeated air. It is within us in the air we breathe and in the tissues of which we are made. Above us, below us, around us and within us, the great waters, inseparable from life.

God is like the waters. He is above us, greater, bigger, holier than we are. He is around us, encompassing us with all He has made, into which His Creator Mind and Heart have gone. He is beneath us, uplifting us with His love and His mercy. "Underneath are the everlasting arms." God is within us. He has breathed into us the breath of life, His breath. We are spirit as He is Spirit, soul as He is the Soul. It is what makes us different from all other flesh, from the hunted deer and the slaughtered cattle and the cat that purrs by your fireplace. We are unique in that there is soul here within us, a touch of God's own nature. Like the great waters, God is above us, around us, beneath us, within us. And no real living can go on apart from Him.

Whenever this view of the all-pervasive, always present God, has been allowed to charge the mind and saturate the soul, the sure result has been peace of mind and a poised and confident spirit . . . John Greenleaf Whittier had troubles enough for a dozen men to handle, but they did not unsettle him or upset him. He knew there was a Power, inescapable, but loving and good, like the great waters, around him and within him, a Force greater than life's hard circumstances. In that Divine Power Whittier placed his trust. Said that poet:

"I know not what the future hath
  Of marvel or surprise,
Assured alone that life and death
  His mercy underlies.
I know not where his islands lift
  Their fronded palms in air;
I only know I cannot drift
  Beyond His love and care."

That is it exactly. His love and mercy underlying life and death, sickness and health, trial and triumph, like the great waters — God everywhere.

Farmers Borrow 11 Million In Special Livestock Loans

More than $11,689,000 in special livestock loans has been loaned to approximately 1,190 farmers and ranchers through the United States and nearly 600 other applications are being considered, Carl B. Brown, Farmers Home Administration County Supervisor for Emmet and Charlevoix counties, reported this week.

The special livestock loan program authorized last July, helps established producers of cattle and sheep to maintain their herds, Mr. Brown said. The producers who can borrow are those with good past records of livestock production but who are temporarily unable to get adequate credit from commercial banks, cooperative lending agencies, or other responsible sources to enable them to go ahead with normal livestock operations. They must have reasonable prospects of success with the help of a loan. Commercial feed lot operators are not included.

Applications can be mado at the county Farmars Homa Administration offica at 316½ E. Mitchell St., Petoskay. Committees authorized by Secretary of Agriculture Benson approva tha loans. Applications for moro than $50,000 must hava final approval by the Secretary of Agriculture in Washington.

A borrower may use his loan funds for usual expenses of carrying on a livestock operation, including restocking his herd up to the number he held before he had to reduce his herd.

The 5 percent loans may be amortized over a 3-year period and secured by the best lien possible on the borrower's property and his personal obligation to repay the borrowed money. Other creditors, although not asked to subordinate their claims, are expected to agree to stand by so the farmer can have a fair chance to work out of his difficulties. Agreements are made to let the farmer apply a reasonable part of his livestock income to repaying the special livestock loan.

Suggests Ways To Store Fertilizers

Here are some tips from Charlevoix County Argricultural Agent Ed Rebman for storing your valuable fall fertilizer purchases.

Unlike some newly-fertilizer purchased in the spring, well-cured fertilizer can be stored without damage or caking in the fall.

Stack it on a raised flatform, not on the floor. Two-by-fours on edge make a good platform if the boards on top are separated about a half foot to allow for air passage.

Don't stack the sacks over five or six bags high because the fertilizer is liable to cake otherwise. Too heavy a pressure causes the caking.

Keep out all moisture in the storage building, including snow. Then if you have good ventilation the fertilizer will be ready to apply when you need it.

Sheriff's "Push" Pulls a Vote

Was talking with our newly elected Sheriff Williams the other day. He told me about a fellow who stopped by his place late one night just before election.

"Heard a knock at the door," he said. "Fellow I never saw before. Told me his car went dead down the road and would I give him a shove. My boy, Flip, and I went out to his car with him. We're all set to push when he steps on the starter and the motor turns over.

"Well, Flip and I just stood there when the fellow leans out the window and says, 'Just wanted to make sure you're the right man to vote for'."

From where I sit, the fellow who's quick to lend a hand makes any community a better one. But you don't have to run for office to prove you're a good neighbor. One way I know is just to have a little regard for the other fellow. Whether your neighbor likes beer or buttermilk, don't try to push him to your choice. Just give him your "vote of confidence."

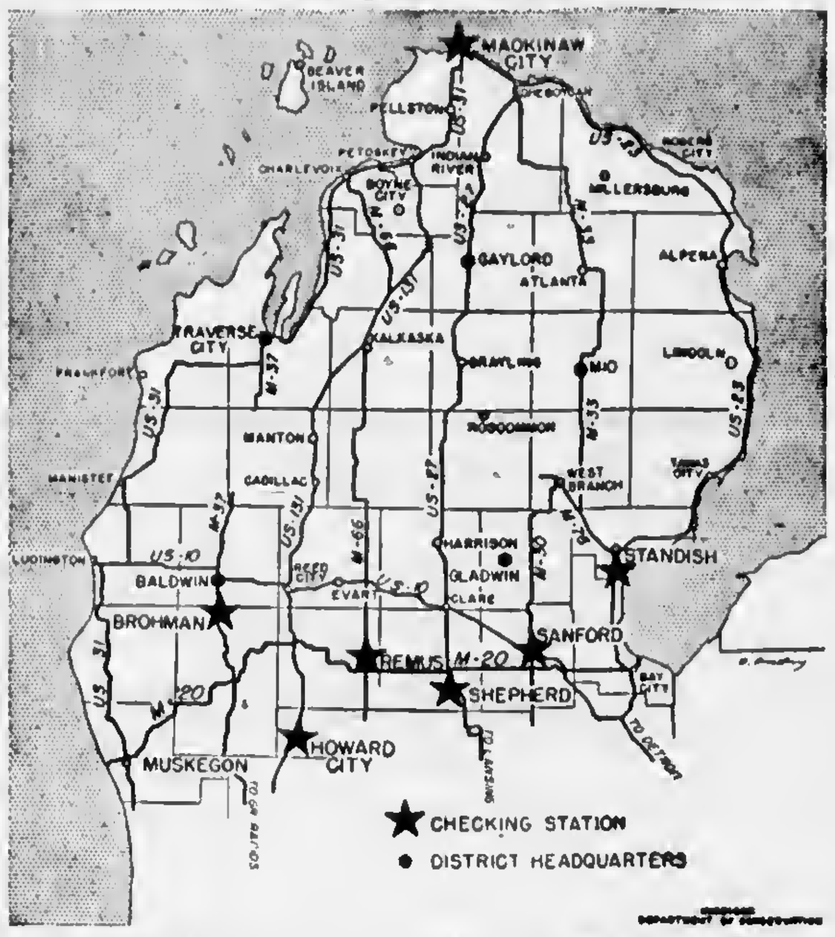
Deer Checking Station Locations



The conservation department is again this year calling on hunters to help in the Michigan deer management program. **Checking stations will be located at Brohman, Howard City, Remus, Shepherd, Sanford and Standish** during the first three days of the **November 15-30** deer season and again during the **special season on December 1.** Sub-stations also will be located at **Gaylord, Traverse City,** Mio, Baldwin and Gladwin during those **days to check deer for age,** physical condition and sex **Hunters are asked to voluntarily** stop at any of these stations to give **department biologists chance** to gather the necessary information.

State To Operate Checking Stations Again For Hunters

Lansing — Again this year, the conservation department will operate deer checking stations during parts of the hunting season to gather information about Michigan's deer herd.

Last year, the department set up 27 of the stations during deer season. Biologists were placed at each. When successful hunters volunteered to stop, game men checked the age, physical condition and sex of their deer.

This year, seven major stations will operate as last year, but instead of 19 sub-stations, only five will be used. These will be at Gaylord, Traverse City, Mio, Baldwin and Gladwin district headquarters buildings. The seven major stations will be located at Brohman, Morley, Remus, Shepherd, Sanford, Standish and St. Ignace.

The stations will be in operation on Nov. 15, 16 and 17 to service the heavy traffic of the first three days of deer season and again on Dec. 1 and 2 to handle traffic of the special Dec. 1 "any deer"-season in the northern lower peninsula.

Information gathered at these checking stations has helped the department learn more about the state's deer herd. Last year, the animals checked showed some general improvement from 1951; they were bigger and heavier and had better antlers than the 1951 crop.

This year, game men expect some additional improvement over the 1952 herd. The open winter last year, coupled with a reduced deer population because of the 1952 special season give game men hope that the deer situation in Michigan will continue to look better.

Forest Fire Loss Down In Michigan

Woods and grassland fires have damaged about 7100 acres of Michigan lands this year, the Conservation department reported last week. That compares favorably, however, to the 7500 acres that had been damaged to the end of the same period last year.

Recent rains and cool weather over most of the state have reduced the fire hazzard for the moment at least and give promise of less damage.

Grange To Install

Members of the Maple Grove Grange met recently for their annual election of officers.

Officers to be installed on November 17, 1953 are Master, Quinton White; overseer, Lee Sneathen, Jr.; lecturer, Ann Smith; stewart, John Gray; assistant steward, John Kaskey; chaplain, Helen Sneathen; treasurer, Bonnie White; secretary, Minnie Burke; gate keeper, Mary Ann Kaskey; Ceres, Lynn Hair; Pomona, Lois Garver; Flora, Jean Allison; lady assistant stewart, Ruth Struthers; and executive committee three years, Alfred Allison, two years, Lee Sneathen Jr. one year, John Gray.

Expect Record Entry At Junior Livestock Show

A record entry is expected this year for the 24th annual Detroit Junior Livestock Show, Dec. 8 through 10 at the State Fairgrounds, Detroit. In addition to the usual entries of steers and lambs, the show will be opened this year to hogs, points out Maurice Hill, assistant state 4-H Club leader.

Advance registrations showed 300 exhibitors with 385 steers, 60 with 180 lambs and 35 with 105 hogs, announced Hill. These and the later entries will be brought in on Dec. 8 and judged on Dec. 9. Judges will be from the Michigan State college animal husbandry department, William J. VanArsdell for cattle, Harold A. Henneman for sheep and Jacob A. Hoefer for swine.

An educational sassion, for city boys and girls, will include pointers on good meat animals, meat cuts and maat proparation.

An attractive list of scholarships, including a new one for swine, and ranging up to as high as $500, is being offered. Winners will be announced at a banquet the night of Dec. 9 at the Statler hotel.

Animals will be auctioned off on Dec. 10 with Glen Casey Jr. of Williamston pounding the gavel.

The event, sponsored by Detroit Junior Livestock Society, Inc., and supervised by M.S.C. animal husbandry and 4-H Club leaders, was founded by the Detroit commission firms, stockyards and Michigan Department of Agriculture. Many other business concerns provide financial and other support.

Your 1954 dollar will go a little further than your 1953 dollars, predict Michigan State college agricultural economists, and careful buying will pay off.

Need High Standards To Test Performance

Dairymen should set their standards high and use all means at their disposal to determine the individual performance of their cows, says a Michigan State college dairy researcher.

N. P. (Pat) Ralston points out that three successful lactation periods that have not been affected by disease or any radical changes in feeding and management will give a dairyman a good picture of "how good is a cow."

But, suggests Ralston, a racord in itself is not enough to tell "how good is a cow." Tha feeding and managoment conditions under which tha record was mada also must be intarproted. Comparing one cow with others in tha herd halps, too.

Her ability to transmit a high level of milk and butterfat production and type to her offspring must be considered along with other things, according to Ralston. In order to figure the transmitting ability of a cow, her ancestors' performance must be studied. A cow which produces well and is sired by a bull which has demonstrated his ability to sire good-type and high-producing daughters is the first need.

The sire should be out of an outstanding cow and sired by a bull equal in performance to himself. The odds for cows to transmit good type and production can he increased if their dams are also good producers and better than the average of their paternal half sisters with high production.

Charlevoix Rayders Win Class "C" Championship

Defeat Boyne City 21-6 For A Perfect 1953 Football Year

The Charlevoix Rayders became the undisputed 1953 Northern Michigan Class C conference champions Friday night as they added a 21-6 win over Boyne City to their already impressive list of victories.

The win was their sixth for the season and the championship their first since 1950.

The oustanding ball carrying of Jerry Albright, Joe McDermott, Bob Jolliffe and Bobo Bennett and the equally fine performance of the forward wall were credited not only with the win over Boyne City but for the season's fine play which gave the Rayders the 1953 title.

Charlevoix's first touchdown of the ball game came on the second play from scrimmage after the Rayders had kicked off to the Ramblers.

Halfback Bob Jolliffe went 35 yards to score after a Boyne pass receiver tipped the ball into his hands on his own 35. Don Smith kicked the extra point to give Charlevoix an early 7-0 lead.

After several exchanges of punts, the Rayders got off a quick kick to the four yard line early in the second period. When Boyne failed to move the ball out they were forced to kick out of danger and Charlevoix took over on the Ramblers 40. Albright moved the ball to the 15 on a long run and McDermott went off tackle to score a second touchdown. Smith added the extra point to give Charlevoix a 14-0 half-time lead.

When the teams returned to the field to begin the second half they found the turf frozen and the running difficult.

This did not stop the Rayders, however, as they moved the ball into Boyne territory on a series of runs by Albright with McDermott and Jolliffe doing some excellent blocking after taking the Ramblers kick to open the period.

Bennett scored from the one yard line and Smith added the extra point on a kick.

Jolliffe suffered a dislocated shoulder immediately after the touchdown and was forced to leave the game.

Late in the period Boyne threatened when they moved the ball to the one yard line but failed to score after four tries. Charlevoix took over on the seven after pushing the Ramblers back from the one.

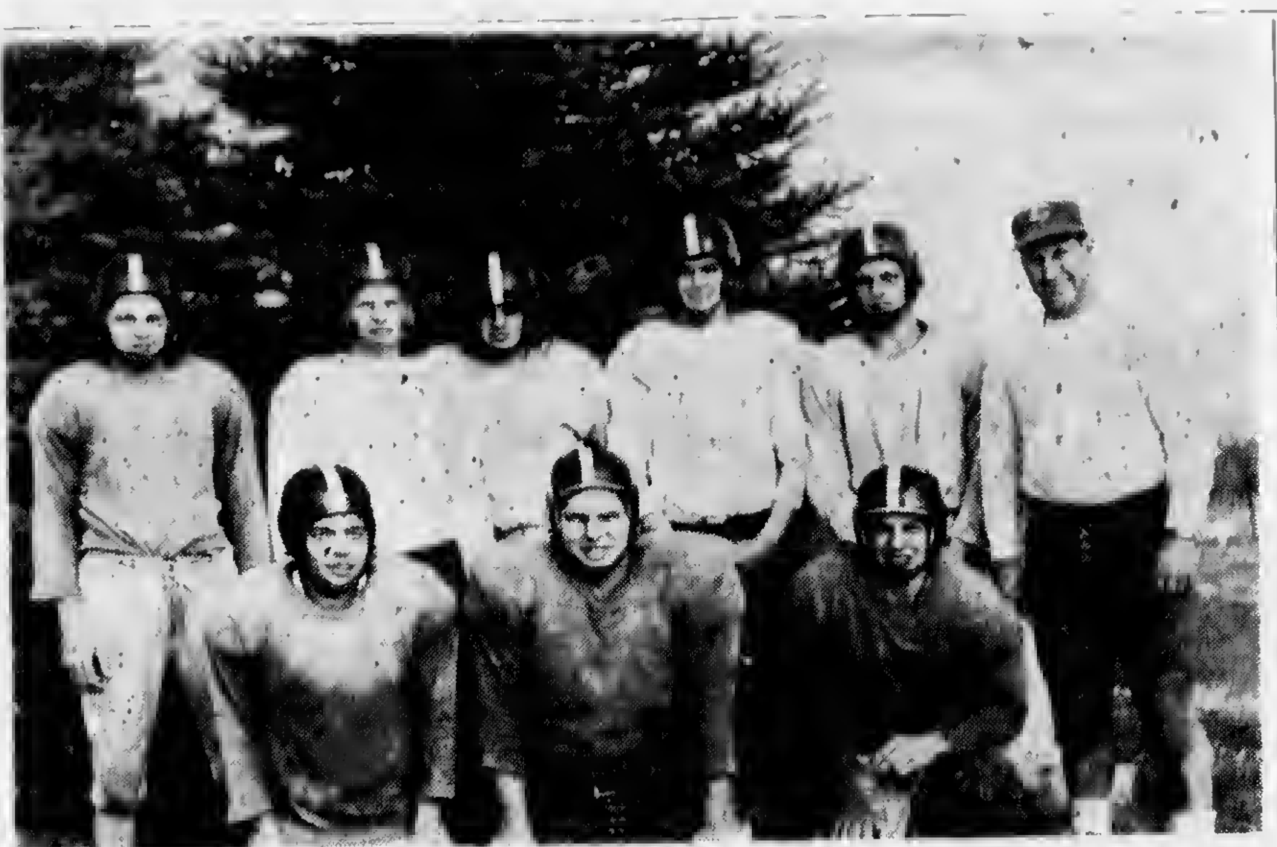
The Rayders kicked on the fourth down after failing to move the ball out. The Ramblers moved the ball back to the Rayders 45 before halfback Mert Erber, on a wide end run, went 45 yards to score the Ramblers lone touchdown. The kick for the extra point was not good.

Boyne City kicked off to open the last period. McDermott returned the ball to the Boyne 45 and Bennett carried it to the 20 before Albright put it in scoring position on the one yard line. A Charlevoix fumble on the next play was recovered by Boyne City but they failed to make yardage and were forced to kick.

Charlevoix was in possession of the ball deep in Boyne territory as the game ended.

In the starting line-up for the Rayders were fullback McDermott, halfback Albright and Jolliffe, quarterback Bennett, ends Gordon Mol and Dwain Walker, tackles John Connolly and Tom Swanson, guards Tom Erber and Mike Elzinga and center Larry Burns.

Also in the game were end Dave Glassford and defensive end Gene Towsley; Joe Powell, defensive guard; Tom LaBlance and Guy Swanson, quarterback; Bill Kolker, Gary Vandenberg and Gerry Foster, backs.



Coach Del Terrill (standing right) and eight members of his 1953 Northern Michigan Class C championship squad, who played their last high school football game against Boyne City Friday night. All have played major roles in bringing Charlevoix its first league title since 1950.

They are: (standing l to r) Back Don Smith, who has kicked off on added extra points for the past two years; halfback Jerry Albright, halfback and linebacker Bob Jolliffe, halfback and quarterback Bobo Bennett and fullback Joe McDermott.

Kneeling in front are: end Gordon Mol, center Larry Burns, and end Dave Glassford.

All will graduate in June with the exception of McDermott and Jolliffe who will be lost to the squad because of the 19-year-old age limit.

Class 'C' League Coaches List Players Lost For 1954 Season

As football equipment is stored at the conclusion of a successful season and accomplishments of the Northern Michigan Class C teams written into the records, coaches in the league are counting their losses to the 'Cap and gown' parade next June and to the 19-year-old ruling which makes players whose nineteenth birthdays are before Sept. 1 ineligible for sports.

Hardest hit by graduation and the ruling is Harbor Springs, where Coach Dick Boles will lose nine regulars and one second string player.

Among his losses will be co-captains of the 1953 squad, Chuck Taylor, halfback and Wally Grenstra, fullback along with ends Stan Pifer and Ardan Bawkey, halfback Leon Sterly, center Bob Bethke, guard Merlin Schlosser, tackles Arden Holliday and Rod Pontius who also did all the kicking for the team, and substitute guard, Horace Bosma. All are seniors but Pontius who will be 19 before the 1954 season begins.

At Charlevoix, Coach Del Terrill will lose eight players who played major roles in the team's 1953 championship drive. On the list are fullback Joe McDermott, halfback and linebacker, Bob Jolliffe, halfback Bill Bennett, halfback Jerry Albright, Don Smith who did the team's kicking, center Larry Burns, ends Dave Glassford and Gordon Mol. All are seniors but McDermott and Jolliffe, who will be 19 before the 1954 season opens.

Coach Bob Wallis of Gaylord will lose seven regulars by graduation. Included in the losses are his entire starting backfield, quarterback Sam Butcher, fullback Dick Riddle, and halfbacks Bill Gocha and Tom Sanders. Others are ends Bob Schlang and Jerry Hinkle and center Clayt Barber.

At Mancelona Coach Matt Jacobson is counting among his losses quarterback Dick Derrer, top scorer in the league with 20 touchdowns and ten touchdown passes to his credit, fullback Earl LaDera, halfback Bill Dalton who also did the team's kicking, guard Bill Kuba and ends Johnny Holstad and Dave Elliott, all regulars as well as second stringers, Milt Werran, a guard and Dave Councillor and Ken Rose, backs.

Coach Gayle Saxton will lose five regulars and one substitute lineman from the East Jordan line-up. They include quarterback Keith Evans, who has played four years of Varsity ball, halfback Ray Gee, end Jim Weisler, center Jim Blaha and guard Pete Nemecek, all regulars and Ron Wilson, a substitute guard.

At Boyne City Coach Tom Weede will lose only four regulars and two second stringers. He will count among his losses halfback Mert Erber, end Tom Whale, guard Ed Boyer and tackle Larry LeCroix plus Don Smith, a halfback and Ed Laurence, a tackle, both second stringers.

Pellston, coached by Ray Brown, will suffer the least by graduation. Halfback Glenn Aurrand, who kept his team in the running all season, and end Harold Drier will be the only regulars missing next fall. Others will be fullback John Schäuffler and center Hubert Winters, who saw only limited action because of knee injuries; tackle Dave Drier and guard Bob Marshall.

Last Week With Class "C" Teams

The Charlevoix Rayders, with a perfect record for the current season, donned the 1953 Northern Michigan Class C championship crown Friday following a 21-6 victory over Boyne City.

In other games which concluded the 1953 schedule for all seven teams of the league, East Jordan defeated Pellston 13-7; Harbor Springs won over Gaylord 14-6 and Mancelona trounced Grayling 49-0 in a non-loop meeting.

The defending champions, East Jordan, finished second behind the Rayders with one loss in six games; Mancelona which completed its loop schedule earlier, is in third place with four wins and two losses; Boyne City and Harbor Springs are tied for fourth place with two wins in six starts; Pellston with one win and one tie is holding down fifth place and Gaylord with one tie in six games is in the cellar position.

East Jordan 13, Pellston 7

At East Jordan, quarterback Keith Evans opened the scoring for the Red Devils with a touchdown from the seven yard line. He added the extra point on a kick to end the first quarter scoring. In the second period Evans on the 12 yard line passed to end Jim Weisler in the end zone to complete East Jordan's scoring threat.

In the last period Pellston quarterback Bob Rudy on the 12 yard line passed to end Dale Drier on the two for the Hornets only tally. Fullback Glenn Aurrand ran the extra point over.

Harbor Springs 14, Gaylord 6

Harbor Springs fullback Wally Granstra went over from the 13 in the second period to open the Rams' scoring threat against Gaylord. End Stan Pifer, replacing Tom Clark at quarterback, went over from the eight in the last period to complete Harbor's scoring threat. Rod Pontius added both extra points. Gaylord's only tally came in the third period when halfback Tom Sanders scored from the one foot line. The kick for the extra point was wide.

Mancelona 49, Grayling 0

The Mancelona Ironmen wrapped up their season with a scoring spree as quarterback Dick Derrer scored five touchdowns, halfback Bob Jewell scored one and halfback Bill Dalton added the seventh on a pass from Derrer. Dalton kicked five extra points, Jewell scored one through the line and Derrer passed to end Johnny Holstad for the seventh.

Designate Next Week As Time To Check Diabetes

The week of Nov 15-21 has again been designated as Diabetes Week in Charlevoix county as a part of the National Diabetes Detection Drive, Dr. A. L. Litzenberger, director of District Health Department No 3 and chairman of the Diabetes committee has announced.

Testing facilities to enable anyone to find out whether he has diabetes will be an important part of the local observance of Diabetes Week in Charlevoix.

"A simple urinalysis which takes only a few minutes, is the basis of the testing," he said in urging the entire population to participate in the test. "If it indicates a possibility of diabetes, a further blood test may be recommended as a more conclusive basis of diagnosis".

Tests will be given free by all local physicians and samples may also be left with county or school nurses or at the main office of the District Department of Health No. 3 at the city hall here.

Everyone is invited to take advantage of the opportunity. Diabetes often goes undetected for a long time before noticeable symptoms show up. Yet it is highly important that the ailment be diagnosed early so that proper medical controls can be established and future complications warded off or made less severe.

Medical authorities estimate there are nearly a million undetected diabetics in the United States. That figure is based on cases found in previous years screening tests similar to the ones planned here. The number of undetected cases almost equals the number of known cases now receiving medical care.

Dr. Litzenburger pointed out that diabetes is one of the few chronic ailments for which there is a known control, Insulin when needed, diet and exercise constitute a three-sided means of control that in nearly all cases will enable the diabetic to live a normal life. But those controls cannot be applied until the case is found, it is emphazied, hence the Diabetic Detection Drive.

Hushed Child Is Likely To Loose Music Interest

Mothers interested in encouraging their child's interest in music should more often curb the urge to "shush" little pre-school Johnny when he is whistling or sing-songing around the house.

Johnny needs some opportunity to experiment with his voice, explains Elizabeth Page, director of Michigan State college's Spartan nursery school staff. However, you're justified in limiting Johnny's louder vocal experiments to more appropriate times than during Dad's favorite evening radio program, for instance.

A small child should be given an opportunity to "investigate" musical instruments in order to encourage his musical attempts.

However, he will not be ready to enjoy playing musical instruments in a group until he is five or six years old, says Miss Page. She quotes Roma Gans of Columbia University . . . "We must let the child live this year of his life and not prepare him for the year ahead."

With all good intentions, some mothers and nursery school teachers make the error of pushing such activity before the child has enjoyed the chance to experiment individually.

Miss Page recommends providing the child with pleasant musical experience . . . attending concerts for short periods, hearing music in church, all such experiences that provide a rich background for enjoyment of music in later life.

Have records he can help you play. And remember that for him part of the fun comes from being able to see the disk turn.

Miss Page also suggests including song-books among his other books.

Junior Red Cross Fund Drive Starts

The annual Junior Red Cross fund drive is now underway in the schools in the Charlevoix area, Mrs. N A. Barden of Boyne City, Junior Red Cross chairman, has announced.

The drive opened Nov. 1 and will be concluded Nov. 15.

Funds from the drive are used to finance the packing and sending of boxes to the children overseas as well as financing the National Children's Fund.

It's *WHERE* you buy a used car that counts!

When you can trust the dealer who sold you a used car, you can trust the car.

The next question, then, is: *Who* can you trust *most?*

We Ford Dealers are established business men with large investments at stake. Our business reputation depends on *every* business transaction—whether it is a new car sale, a used car sale or a service operation.

We want your used car business, and some day we hope to sell you a new car or another used car. And we want your service business, too!

"But," you say, "granted that you Ford Dealers have reputations to uphold, granted that your mechanics and service facilities make it easier to put your used cars in good shape—how do you compare in price?"

Let us give you some facts and the answer will be obvious. Ford Dealers handle used cars and trucks as a service to customers who trade them for new cars. When we get overloaded with trade-ins, our capital is tied up. Like everyone else, we have to pay our bills. So we must always offer used cars at rock-bottom prices to keep things moving.

Two Youths Are Sentenced Here For Car Rifling

Two Charlevoix county youths charged with larceny from an automobile were sentenced by Judge Charles L. Brown in Circuit Court here Friday.

They were George Baumgartner of RR Petoskey and Ernest Fitzpatrick of Boyne City, both 17, who were placed on probation for 30 months and ordered to pay $25 fines, $75 court costs and $50 restitution for goods stolen and not recovered. Each also had his driver's license revoked.

Three other minors arrested with them will appear in juvenile court.

The quintet admitted rifling cars in Charlevoix and Emmet counties and stripped them of small accessories.

Deer Hunters Are Reminded Of State Game Regulations

Lansing — The stately buck deer will, as usual be legal game for hunters' guns from Nov. 15 to 30 in Michigan this year, and sportsmen who don't like to play hide and seek with law officers might note the following regulations:

Anyone using a firearm for deer hunting must have a firearm deer license; archery deer permits are valid only for bow hunting. The hunting tag must be carried in plain view on the hunter's back or cap.

Only buck deer with antlers three inches or longer are legal during the Nov. 15-30 firearm season.

Hunting is allowed only during daylight hours, from 6 a.m. to 7 p.m. and there is no open season on sows, horses, or wapiti elk.

Seals must be placed on the deer as soon as it's shot and only one deer is allowed each hunter each year, whether taken with bow or firearm.

For other regulations, hunters are referred to the game digest, available through authorized license dealers.

Plan Fund Drive To Finish Center

(Continued from page 1)

As can be seen in the page 1 picture, the exterior is completed but without the partitions, electrical wiring, plumbing, floor coverings and furnishings the building is of little use to Dr. Vail and his patients.

The island residents whose incomes are limited have given $4,000 plus their labor and just haven't anymore to give. Summer residents and friends and businesses on the mainland have contributed another $4,500 but an additional $4,000 is needed.

If the building can be completed this fall, Dr. Vail will have hospital equipment including x-ray and fluoroscopic equipment brought to Beaver Island before navigation between the island and the mainland closes in six weeks, Roger Carlisle of the board of directors said this week. If not, it must wait until spring and the island people will again be without all but the barest hospital facilities during the severest months of the year.

So, while the members of the board of directors concentrate on finding a way to finance the completion of the sorely needed Medical Center, the remainder of the island population is busy battering the gates of heaven with their prayers for the success of this humanitarian project.

Explorer Scouts Enjoy A Camping Trip To Atlanta

The Explorer Scouts went camping in the big woods near Atlanta on Hunt Creek recently. We made the trip by pick-up truck and car, getting there about 5:30 Friday night. We made our camp and it was too dark to do anything but go to bed.

Saturday morning we put our camp in order and had a compass running contest. The winners Pete Gaskin who placed first with 24 fete off; Bruce Bergmann second with 38 feet off and Paul Foster third with 63 feet off. Prizes were candy bars. The distance was a half mile course between two known points. We learned how to throw a metal tape from a figure 8 into a circle and others floated down the

Saturday afternoon we hunted Thunder Bay river in a B-29 innertube in groups of three for about two miles. Then we had supper and went to bed.

Sunday morning we had a nature study hike, and learned how to tell the evergreens apart. We saw a witch hazel bush, one of the few shrubs that bloom in the fall. We found some trailing arbutus that had budded out. Then we went hunting again. Pete Ulrich got a partridge and Dave Arnold, Charles Pierce and Bruce Bergmann six porcupines. We had target practice in the late afternoon and the winners were Paul Foster, Doug Renolds and Pete Burns one of the post advisors.

Others who went on the campout were Fred Putman, Paul Allers, Clarence Peters, DeMar Bodley and Ted Miller, a second post advisor.

Charlevoix Merchants Plan Coloring Contest

Christmas is a holiday for the children, it has often been said.

With this thought in mind the merchants of Charlevoix have co-operated with the Charlevoix Courier in planning a Christmas project especially for the children of Charlevoix and the adjacent areas during the coming holiday season.

Every child likes to color so the contest being arranged will be great fun for all contestants. Only this time the children will be coloring the pictures which will appear in the Charlevoix Courier next week, for prizes offered by the participating merchants and a grand prize to be given by the Charlevoix Courier.

The contest to be known as the Christmas Coloring Contest is open to all children up to and including the fifth grade in all schools in the area. Even the pre-school age children are eligible.

So that the little ones will not be competing with the older children, there will be four divisions. The first will be for the small fry which includes the kindergarten class and pre-school children; the second division, will include those in the first and second grades; the third division, the third graders; and the fourth and last division, fourth and fifth

Deer Hunters Report Fairly Small Kills

With temperatures climbing to near the 60 every day since the opening of the current deer season, kills have been comparatively small conservation officers report, and few hunters in the local area have enjoyed successful hunting expeditions, as compared to other years.

Among the first to report filling their licenses in the immediate area were Nathan Stafford who brought his buck down at 8:45 a.m. in the Inwood district; Archie Brown who filled his license while hunting on his Norwood township farm early Sunday.

George E. Smith, hunting near the William Srigley farm in Hayes township less then two miles from his home, got a four-point buck at 11 a.m. Russell Dohn, who sighted a deer while working a field on his farm in Marion township Sunday afternoon brought down the six-point buck with little effort.

Albert Shaw, local electrician, hunting near Tower with his son, George of Albion and his son-in-law, Edwin Gregory of Traverse City, brought home the only bear reported thus far. Mr. Shaw shot a mother bear which would weigh an estimated 250 pounds while his son brought down a half-grown cub Gregory made it a most successful trip by shooting a spikehorn deer.

Roy Ashdon, who hasn't filled his license in years, was lucky this year and got himself a four-point buck early Sunday while hunting in the Johannesburg district with his son-in-law and daughter, Mr. and Mrs. Dan Dalton of Detroit.

Mrs. Edward Thorp is the nimrod of the fair sex to report filling her license to date. She brought down her first deer, a spikehorn, in the Pigeon River area at 8 a.m. Sunday morning.

Albert Balch of Charlevoix township didn't get his deer until early Tuesday but he didn't go far from home to get it either. At 7 a.m. Tuesday morning he shot a six-point buck in his barnyard only a short distance from

Adult Education Program Starts Early In January

The Charlevoix public school has announced that its Adult Education program will begin about Jan. 7 Persons interested are urged to call the school's business office and tentatively enroll so that a schedule can be planned.

The following classes will be open for registration: Ceramics, painting and sketching, woodworking, metal work, arc welding, sewing, bookkeeping, typing, shorthand and car driving. Any other class with eight members will be started.

Instructors for the classes will be announced at a later date.

St. Mary's Church Sponsors Clothes Collection Drive

St. Mary's church here will again join in the annual Clothing Collection drive sponsored by the churches of the Western Michigan Diocese during Thanksgiving week, the Rev. E. F. Denay, pastor of St Mary's church, has announced.

During the week-long drive from Nov. 22 to 29, anyone wishing to contribute warm, wearable clothing, shoes and blankets may leave them at St. Mary's school hall where they will be packed by volunteer workers and sent overseas to cloth hapless victims of war.

An announcement regarding the pick-up of these items for those who are unable to deliver them will be made at a later date.

"The need for warm clothing is certainly there," Rt. Rev. Msgr. Edward E. Swastrom, national director of the drive said in asking Catholics to again co-operate in the drive. "In my recent visit to these war-torn countries poorly clad desperate people were the rule, not the exception. Again this year they look to us for the clothing contributions that will put them a step closer to better living conditions."

Last year American Catholics answered the appeal with 5,000 tons of clothing for the destitute in Korea, Germany, France, Italy and the Near East.

The campaign is held annually in co-operation with the War Relief Services of the National Catholic Welfare Conference.

Rayders Dinner Guests Of Elks

The Charlevoix Rayders, 1953 Northern Michigan Class C champions, Coach Del Terrill, assistant coach S. E. Coleman, Supt. R G Bennett, H E Bingham and Mayor Dean Davenport were guests of the Charlevoix members of the Petoskey Elks Club at dinner Tuesday evening.

Coach Terrill introduced the members of his championship squad. Mayor Davenport was master of ceremonies for the brief program which followed

Council Approves New Docks For Round Lake Land

The Charlevoix city Council Monday night approved the construction of docks on the property owned by Eugene J. Weston and Alfred Strauss located on the north side of Round Lake west of the Chicago Club property.

In the only other action they read a petition submitted by Mrs. Lance Neff, Gordon Neff and Lon Hewitt asking that the alley between Lincoln and Upright Ave. be zoned as private. The request was referred to City Supt. Roy R. Robinson who is to investigate it and report his findings to the council at a later date.

Bills amounting to $13,403.19 were approved and ordered paid.

Band Concert To Be Given Friday Night

The Charlevoix high school band will present its first formal concert of the current year at the high school auditorium at 8 p.m. Friday under the direction of C. A. Odmark.

Joining with the band will be the high school girls' glee club and the Charlevoix city band, giving one of its rare off-season concerts.

The concert will be open to the public at no admission charge but contributions to the High School Music Fund will be accepted at the close of the concert.

The 64-piece high school band will open the program with a group of popular band selections including the march, "Electorate", Rosenkranz; "Four Episodes for Band", Moissey; "Tres Jolie Waltzes", Waldteufel; "Play, Gypsies, Dance, Gypsies", Kalman; "Blue Skies", Berlin; March "Semper Fidelis", Sousa.

The 32-voice high school girls' glee club, making its first appearance of the year, will sing a program of familiar songs. The group has fine balance and exceptional depth of tone this year and is hard at work developing a repertory that will be presented at various programs this year.

Directed by Mr. Odmark, they will sing the following se-

Union Service To Be Held Here On Thanksgiving Day

The second annual Union Thanksgiving Service will be held at Christ Episcopal church at 10 a.m. Thanksgiving morning, Nov. 26.

The traditional service will be conducted under the sponsorship of the Charlevoix Ministerial Association with the Rev. Richard Lintner, pastor of Christ Episcopal as host pastor.

The Rev. George L. Majors of the Community Church of God will deliver the Thanksgiving sermon.

Mayor Dean Davenport will read the Presidential Proclamation. Special music will be by the choir of Christ Episcopal church directed by Charles Hamlin. Mrs Joseph Smith will be the organist

Others participating in the service will be the Rev Harold E. Kohn of the Congregational church, the Rev. Lloyd M Schloop of the Methodist church the Rev. W. N. Carr of the Baptist church and the Rev. Gunnar Kars of the Assembly of God.

People of every denomination are cordially invited to attend the Union Service.

Five Rayders Are Chosen On 'Dream Teams'

Five players from Charlevoix's 1953 championship football team were named to the Northern Michigan Class C All-Conference teams by league coaches this week.

Four players won berths on the first team and a fifth, a junior tackle, was named to the second team.

Mancelona also played four men on the first team; East Jordan won two berths and Gaylord one. Boyne City, Harbor Springs and Pellston failed to win first team berths but managed to place at least one man on the second team.

The players are named by a point system and only a few points separated players named to the two teams.

Rayder fullback, Joe McDermott, halfback Bobo Bennett, center Larry Burns, and tackle John Connolly made up the Charlevoix quartet to make the coaches 'dream team'. Tackle Tom Swanson won a berth on the second team over many more experienced players.

All are seniors but Connolly and Swanson, who are juniors.

Bennett was named to the All-Conference first team and Burns received honorable mention in 1952.

Named with McDermott and Bennett to the All-Conference backfield were Keith Evans of East Jordan who held the same spot last season and Dick Derrer of Mancelona, top scorer in the league during the past season who held a berth on the All-Conference second team in 1952.

Funeral services will be held at the Union Missionary church in Petoskey at 2:30 p.m. Friday with burial in Greenwood cemetery The body is at the Stone Funeral Home in Petoskey.

Born in Indiana, Mr. Niswander has been a resident of Emmet county since he was seven years old He has been employed as a blacksmith at the Portland Cement Co. in Petoskey for the past 25 years.

Besides his wife, the former Blanche Page whom he married in 1900, he is survived by five sons, Melvy of this city, Allen, Leonard and George of Petoskey and Lorence of Revere, Mass; two daughters, Mrs Thomas Baumgartner of Muskegon Heights and Mrs. Vern Grams of Horton's Bay; 16 grandchildren, 14 great-grandchildren and two sisters and one brother.

Mrs. Fred M. Boss, Former Barnard Resident Passes

Mrs. Fred Boss, 57, former Barnard resident, died early Friday at her home near Central Lake following a long illness.

Funeral services were held at the Diton Funeral Home in Central Lake Tuesday with burial in the Atwood cemetery.

Besides her husband she is survived by three sons, Jack of East Jordan, Clarence of Ellsworth and Jerry at home and one daughter, Mrs. John Martin of Charlevoix; ten grandchildren and several brothers and sisters.

Class C Basketball Teams Prepare For Start Of Schedules

Basketball plays on the hardwoods are replacing football signals on the gridiron this week as Northern Michigan Class C basketball aspirants opened practice sessions in preparation for the 1953-54 cage season.

Most loop coaches called brief 'shooting' sessions last week to give them opportunity to look over available material and this week are getting down to serious practices as they prepare for the coming season which opens in less than three weeks.

The first team to open its season will be Boyne City, scheduled to meet Petoskey Nov 27. Gaylord will meet Cheboygan and East Jordan will entertain Alpena Catholic Central Dec 1 with Charlevoix, Harbor Springs and Pellston playing their first games against league opponents Dec. 4. Mancelona will be the last to start and will open against Kalkaska Dec. 8.

A quick look around the league this week revealed that Mancelona and Gaylord will each have four of their starting line-up from last season available for this years' squad. Both teams will also have the tallest squads in the league. Defending champions, Charlevoix, Harbor Springs, Pellston and East Jordan will have a fair amount of talent from last year's teams while Boyne City will be building almost from scratch.

At his initial workout Monday night Coach Del Terrill had on hand such players as veteran Bobo Bennett who plays forward or center and who was among the top scorers in the loop last season and Mark White, six foot regular center along with lettermen guard Tom LaBlance, forward Gordon Mol, Dave Glassford, who plays either center or forward, Dwain Walker, Joe McDermott, Jerry Albright and Bill Golden, all guards who saw some action last season and forward Bill Haggard.

Up from the Reserves where they saw a lot of action during a tough schedule are six-foot Quinton Walker, center, and Tom Erber, Bob Albright and Guy Swanson, all guards.

Coach Terrill will have to depend on White, Mol and Walker the only six-footers among the candidates, for any heighth. He said this week that all berths on the Rayder Varsity are open at this time and that he will not select a starting line-up until shortly before the Rayders first game against Boyne City Dec. 4.

At Boyne City where the candidates have a tough practice schedule in preparation for their Nov. 27 game, Coach Maurice (Dick) Dixon who lost his entire starting line-up is looking around for a possible starting five. Mert Erber, a forward; Tom Whale, a guard and Ed Boyer, forward or guard, who all saw some action with the Varsity last season are expected to form the nucleus for the squad. He will also have Don Milbrandt who played very little last year because of a football injury, Ed Lawrence and Jack Lucus, all guards.

He plans to bring up from the Reserves the Northrup twins, Murray and Nels, who play forward and center respectively and Gordon Vahr forward or center, to give him some heighth. The

Capture Three Who Escaped County Jail

Three men who escaped from the Charlevoix county jail at 9:30 Saturday evening while serving 10-day sentences on a minor charge were apprehended at 8:15 a.m. Wednesday four miles south of East Jordan on M-66 near the Charlevoix-Antrim county line.

They were Edward Shenoskey, 18 of St Ignace, Sam Marsh, 28, of Williamsburg and Charles Nash, 17, of Charlevoix who were arrested Nov 11 for stealing gasoline and sentenced the following day to 10 days in the county jail.

The search for the men centered on East Jordan late Tuesday when they were reported at large in Sportsman's Park during the evening. A resident of the area reported seeing three men answering the description of the escapees south of East Jordan to Joe Wilkens and his deputies arrived at the scene they found the men held by two deer hunters who also suspected them as the escaped men.

They were returned to the jail here by state police of the Gaylord post

The trio escaped Saturday night when Mrs. Floyd Ikens, wife of the sheriff and jail matron, entered the jail proper to lock the cellblock for the night The three men hid in the unoccupied section of the block and dashed to freedom through the outer door as Mrs. Ikens locked the opposite section of the block.

State police from the Gaylord and Traverse City posts and the state police plane from Traverse City joined in the search Sunday when the men were sighted in a wooded area southwset of the city.

The search was abandoned when darkness fell and continued on a smaller scale until the men were found Wednesday morning.

A Sermonette

Rev. W. N. Carr, Pastor First Baptist Church

TEXT: "I am the door: by me if any man enter in, he shall be saved, and shall go in and out, and find pasture." John 10:9.

There is a law of teaching that says that the teacher must proceed from the known to the unknown. The greatest of all teachers, Jesus Christ, did so in His teaching. Not only was Christ the greatest of all teachers, but he also had the greatest subject to present to those willing to heed and learn. In addition Jesus was more than just a teacher who knew what and how to teach. He was, is, and will be to all who accept Him as such, a Savior from sin and unto eternal life. In our text we have Christ portrayed as THE DOOR. The Master could have used something of a sublime and profound nature, but instead He uses something common that any and all can comprehend.

Consider THE DOOR! In this homely illustration we see necessity. It is a way of entrance. There is a door that leads into heaven and unto life everlasting. The book of Acts, chapter four, verse twelve informs us, "Neither is there salvation in any other: for there is none other name under heaven given among men, whereby we must be saved. Yes, the door is necessary for entrance into the presence of God. I Timothy 2:5 says, "For there is one God and one mediator between God and men, the man Christ Jesus." Notice that the word is singular not plural. It is THE DOOR, not doors. There is only one door that leads unto life, happiness, and satisfaction; to joy, hope, and security. Many hundreds of thousands of people are seeking to find another door, or doors. Some try the door of pleasure, some the door of popularity, others the doors of power and prestige. Pleasure, popularity, power, and prestige dwindle for they are dependent upon fickle man. Christ cannot fail for He is God, the same yesterday, today, and forever. I call to your attention that this door is a PERSONAL DOOR. Jesus said, "I am the door." This one door that can be entered into is not religion. The world over, our city included has too much religion, and not of Christ. There are many who enter the church doors who have never entered THE JESUS-DOOR. Have you?

Consider now the USERS OF THE DOOR. Who uses this wonderful door and what are their characteristics? Negatively, they are not mere observers, innocent bystanders. The church today needs standbys instead of bystanders. Many linger and loaf around the door, but are not willing to use the two latch strings of repentance and faith to cause the door to open for them and provide safety. Many there are who pretend to guard the door, "who have a form of Godliness, but deny the power thereof." Jesus will some day say to them, "Depart from me, I never knew you." Positively, those who enter are those who are willing to enter in, those who use the key of faith and unlock the door. The privilege is extended to all who exercise their faith in the door by using it. A door labeled THE DOOR surely was and is meant to be used. Have you used it?

In conclusion, note the Privileges of the users of The Door. "He shall be saved". One who enters The Door has salvation. "He shall go in." Those who enter can go into the very presence of God and find rest for their soul. "And out." Not only privileged to go into God's presence but out into the world to serve and witness for Him. "And find pasture." Christ satisfies the hungry heart and the longing soul. "One door and only one and yet its sides are two, inside and outside, ON WHICH SIDE ARE YOU?" If you're on the outside, Jesus says unto you, "He that cometh unto me, I will in no wise cast out."

ODDS 'N ENDS

By Fran Martin

TELEVISION, we understand, came to Charlevoix in a big way Friday when the new Green Bay station, just 150 miles across good ole Lake Michigan came on with a terrific amount of power . . . If the Cadillac station goes into operation in mid-December as its supposed to, northern Michigan should cease to be a stepchild in the field of TV . . . And when the little kids from the cities who have learned to take TV pretty much for granted ask us why we haven't a set . . . we'll just have to explain that we can't afford one instead of explaining that there aren't stations here as we used to say . . . long, long ago . . . in 1953, that is . . .

• • •

DEER HUNTERS, praying for snow so they could track the elusive deer, were sadly disappointed Sunday when the day, except for a little fog at times, dawned clear and warm . . . for this time of year . . . The temperatures got up around 50 during the day and those who stayed at home enjoyed a beautiful day . . . riding, doing the last fall gardening, raking and burning leaves and just plain enjoying the weather . . .

• • •

ON FRIDAY Art Fagan, sunning himself on a park bench at the corner of Bridge and Clinton, reminded us that this weather was really one for the book . . . imagine enjoying a park bench in mid-November in northern Michigan . . . But this we like . . . it makes the winter so much shorter . . .

• • •

ABOUT two weeks ago when the weather got cold and wet, we remarked that we'd seen the last of the Indian summer . . . Jake White Sr. informed us that we hadn't had Indian summer for, before Indian summer, there had to be 'squaw winter' marked by snow flurries, cold weather and the threat of winter . . . Last Friday when the weather cleared and the sun came out again, he sent word that it was now Indian summer . . . and when the weather changes again, it could be winter . . . I'm tempted to agree with him for the last few days have really been unusual for this time of year . . .

Enough about the weather for when you read this on Thursday the snow may be flying and the wind blowing and winter here . .

• • •

BUT IF the weather doesn't change pretty soon, nobody's going to get the Christmas spirit . . Do you know that one week from today is Thanksgiving and that five weeks from today is Christmas Eve . . . We'll bet there are those who haven't even started a Christmas list (this does not include those souls who do their shopping on Dec. 24) . . . and we're warning you, you'd better get started . . .

• • •

AND speaking of shopping, take a look around the local shops for you can get just seads of ideas for gifts of every or any kind for everyone from the latest addition to the family to great-grandmother . . . It's amazing how many clever, attractive and useful gifts there are . . . we know, we've been looking them over . . . In fact, if you don't mind our bragging, we have most of our Christmas shopping done . . . But do take our advice and look around . . . you won't be sorry . . .

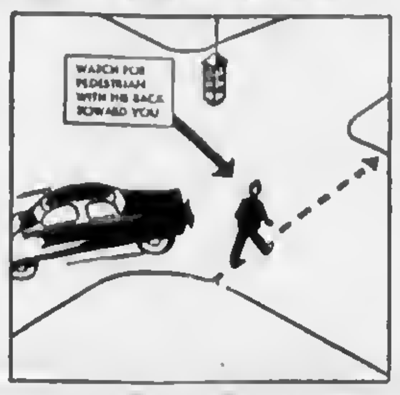
• • •

NOW THAT it's getting on toward Christmas you find people toting the most amazing things . . We saw a grandfather walking down the street with a beautiful doll the other day but he had a good explanation when we asked if he was enjoying a second childhood . . . No, he informed us, it was for the new princess in the family . . . his first granddaughter . . .

• • •

THERE'S an airforce football team in Korea that has a championship today . . . thanks to the Rayders . . . How come? it's like this . . . Leo Allard who did alright when he played for the local eleven a couple years back was a member of the team . . . Of course the fact that the team averaged 200 pounds per player might have had a little to with it too . . . But you know Leo . . . Why, when he went overseas earlier this year he assured his mother that he'd take care of things and soon bring an end to the war . . . Within a month after his arrival there was an armistice . . . We can't say for sure that he had anything to do with it but he's taking bows . . .

No. 3: Don't Hit a Pedestrian When His Back Is Turned



WATCH FOR PEDESTRIAN WITH HIS BACK TOWARD YOU

When you start up and turn right on a green signal light watch for a pedestrian who steps off the curb to cross on the same green signal. By starting on the green and keeping within the crosswalk he has the right of way.

The more important point is that he has his back to you and can't see you coming.

Certainly he is in your way. Obviously he should turn his head and look left before stepping out into traffic. Naturally you would like to have him wait for you to cross first but he is the under dog in the traffic stream. Give him a break. Remember, when you park your car you, too, become a pedestrian.

Thomas C. Bleha Is Elected To U. M. Legislature

Thomas C. Bleha, a second year student at the University of Michigan, has been elected to the University student legislature following a vigorous election campaign.

He is one of 23 new members chosen in all-campus election from a slate of 35 candidates.

The new legislature was established several years ago to act as a voice for the students and to offer practical experience to the representatives in the workings of a democratically-elected congress. The 40 members share the responsibilities of running the seven Student Legislature committees such as public relations, campus action and inter-collegiate activities. They also must attend many outside student and official University committee meetings and support special service projects including the book exchange, Cinema Guild and the homecoming dance.

He is the son of Mr. and Mrs. Charles Bleha.

Florence N. Badgley-- Melvin Young Married In Impressive Ceremony

The Community Church of God was the scene Tuesday evening of the wedding of Florence M. Badgley, daughter of Mrs. Lena Badgley, and Melvin Young, Airman third class, U. S. Air Force, grandson of Mrs. John Wells.

The Rev. George L. Majors read the impressive ceremony before an altar decorated with pompoms in the presence of more than 50 guests.

Mrs. Ingma Pontius at the piano played a program of traditional music and the wedding marches

The bride selected a gown of light blue taffeta styled with a sweetheart neckline and a full skirt for her wedding. Her veil of light blue net fell from a headdress of sequins ond lace and she carried a bridal bouquet of white pompoms.

Mrs. Andrew Johnson, aunt of the bridegroom was her only attendant. She wore a navy gown styled with a V-neckline outlined in pink and o corsage of pink carnations.

Mr. Johnson assisted his nephew as best man.

Mrs. Badgley chose a wine dress, matching accessories and a corsage of red roses for her daughter's wedding. Mrs. Wells, grandmother of the bridegroom, wore a navy dress, matching accessories and a corsage of lavender flowers.

Immediately following the wedding, o reception was held at the home of Mr. and Mrs. Johnson. A tiered wedding cake topped with a miniature bridal couple under a wedding bell centered the refreshment table.

On Thursday the couple left for Mather Air Force Base, Calif., where the bridegroom will be stationed. For traveling the bride wore a red suit and matching accessories.

Both are former students at the Charlevoix high school. The bridegroom enlisted in the U: S. Air Force last year and will now be stationed in California.

Other county students include Elizabeth M. Kalmbach of Bay Shore; Robert Fairchild, Kaye Melin, Floyd Moore, Jennie Organek, Roger Pouquette, Jean Prohaska and Charles Robinson of Boyne City; Edwin Renkie of Boyne Falls; Melvina Evans and Carold Gilpin of East Jordan; William Erb of Walloon Lake.

W.C.T.U. Has Its Regular Meeting On Last Friday

Mrs. Floyd Bartholomew opened her home Friday afternoon for the regular meeting of the Women's Christian Temperance Union.

Devotions by the Rev. Horold E. Kohn opened the meeting.

Mrs. Bessie Leismer of Petoskey, past district president, reported on the recent W.C.T.U. state convention held in Alpena and said that 60 nations were now engaged in the work of the organization.

A brief social hour and refreshments followed the business meeting.

The local Union meets on the second Friday of every month and anyone interested in the work of the Union is invited to attend.

Sixteen Former Local Students Enrolled At MSC

Sixteen former Charlevoix high school students are now enrolled at Michigan State college for the fall term, the college News Bureau has announced.

They include Marjorie A. Brow, Ruth N. Blanchard, Marilyn A. Bulow, Thelma C. Cross, Richard E. Donaldson, Charles L. Fairbanks, Gerald G. Gibbons, Joan G. Hess, Amy L. Kipke, Janet L. Krulik, Walter T. Melin, John H. North, Milford H. Saunders, Virginia C. Smith, Donald L. Vratanina and Doris J. Nielsen of Ironton.

There are 24 other Charlevoix county students enrolled at the college including 11 from Boyne City, 12 from East Jordan and one from Boyne Falls.

Anne Baumgartner Attends Meetings

Miss Anne Baumgartner returned home Thursday from Grand Rapids where she attended the thirty-fourth annual convention of the Michigan Hospital Association held there Nov. 9-10-11.

She was accompanied on the trip by Marilyn Deschermeier.

Fashion Show At St. Mary's School Proves A Success

A capacity crowd of 170 style-conscious women gathered at St. Mary's school hall Thursday evening for the fashion show sponsored by the Little Flower Guild of St. Mary's church.

Mrs. Charles Cooper, Guild president, welcomed the guests and introduced Mrs. Charles Duerr, commentator of the show which featured fashions from Fay's Dress Shoppe.

Modeling the clothes which featured fashions for everyone from the tiny tots to the more sophisticated matrons were Dean Gengle, Mary Gallagher, Douglas Greenway and Jean Thierry who modeled the children's clothes; Susie Duerr, Mona Davenport and Mrs. Norman Ketchman who wore the teen-agers favorite fashions and Mrs. Frank Trocchio, Mrs. George Wolf and Mrs. Agness Tallman who modeled the adult styles.

Mrs. Elmer Barber was the pianist for the show.

Door prizes were awarded to Mrs. Burr Blanchard, Mrs. Clark Dolliver, Mrs. Ted Ager and Mrs. Ivan Phillips.

A buffet lunch was served at the close of the show.

Flowers for the show were from Frank's Flowers: hair styles were by Milli's House of Charm; make-up by Mrs. Arthur Heilig, representing Beauty Counsellor cosmetics. The Guild would like to express its appreciation to these and others who co-operated in making the show a success.

Money raised by the project will go to the St. Mary's school fund to build a new school.

Elementary School Principals Meeting

Let Us Bow Our Heads In Thanks . . .

Today, in the spirit of the first Thanksgiving, let us give thanks to the Creator for all the blessings we have received . . . both as individuals and as Americans . . . a free people, living without fear in a free country. Like the Pilgrim Fathers, let us humbly acknowledge our debt to Divine Providence for all that we have and may hope to become. Like them, let us bow our heads in a prayer of gratitude to the giver of "every good and perfect gift."

How better to express the gratitude in your heart than to gather with family and friends in church on Thanksgiving Day?

twins are six feet tall and Yahr is 6 ft. 1 in. Others who will move up to the Varsity are Gary Newville, guard or center; Bob Fitzpatrick, guard; John Halowasko, Chub Rothenberger and Ron Gibbons, forwards.

At Pellston where Al Grecius a Central Michigan graduate will be taking over the basketball coaching duties thera will be three veterans around which to build the squad. Heading the list will be six-foot John Schauffler, a center, who is recovering from an enkle injury received in football; Bob Rudy, a 5 ft. 11 in. center and guard Glenn Aurrand.

Other candidates will be forward Harold Drier, 6 ft.; guards Herb Searles and Chief Shananaquet and forwards Frank Durkalic and Merlyn Davenport who saw some action last season. Up from the Reserves will be Dale Drier, a forward; Bob Gokey, a center and Bob Swartout, a center.

Guard Keith Evans will be the only returning regular at East Jordan according to Coach Gayle Saxton. Returning lettermen who are candidates will be Bobby Danforth, another guard; Allen Sommerville, a forward who both saw a lot of action late in the season and six-foot Jim Weisler who will be a candidate for center.

Missing from the line-up will be veteran Steve Hayden, 6 ft. 3½ in. center, still on crutches as a result of a compound fracture of the lower leg received in the East Jordan-Charlevoix football game in September. It is doubtful that he will be available for the team this year, Coach Saxton said.

Coach Saxton will have to depend on Weisler who has never played much basketball and such newcomers as Floyd Cutler, 5 ft 11 in. Francis Trojanek, 5 ft. 10½ in. for heighth in the center and forward slots. Other candidates up from the Reserves will be Bob McGeorge and Bob Russell.

Coach Bob Wallis did not call his first practice session at Gaylord until last night because of the deer hunting season. When he did he found on hand such veteran players as Jerry Hinkle, 6 ft. 1 in. forward; six foot Bob Schlarg who plays center or forward; and guards Dick Riddle and Bill Bocha, both 5 ft. 10 in.

Missing from the line-up will be Frank Karwoski, top scorer in the league last season with 236 points in 12 league games. He left Gaylord in September with his family, who moved to Illinois.

George Middleditch, a 6 ft. 2 in. center or forward and Dale Tolman, a guard, who saw some action last season will also be candidates. Up from the Reserves will be John Bresnahan, 6 ft. 1 in. center or forward; Bill Coon, a guard and Mike Freel, a forward or guard.

At Harbor Springs Coach Dick Boles will have veterans Star Pifer, 6 ft. forward who ranked second in league scoring last season: Chuck Taylor and Tom Clarke, 5 ft. 10 in. guards around which to build his team. Also on hand will be Carltor Seely, 6 ft. 1 in. forward: Jim Herrick, a guard: Bob Bethke, a guard and transfer from Williamston: Bob Sterly, Rod Pontius and Arden Bawkey, forwards who saw some action last season. Coach Boles has not moved up any players from the Reserves squad at this time.

Coach Al Van Wee of Mancelona, who called his first practice this week because his season does not open until Dec. 8, will have plenty of material on hand for his 1953-54 squad. Among the veterans will be forwards Johnny Holstad and Gary Lucas, both 5 ft. 11 in.; center Earl LaDere, 6 ft. and guard Dick Derrer, also 5 ft. 10 in. all from last year's starting line-up.

Others leading the list of possible candidates are Gary Wood, who is six feet tall and a center; Don Wilks and Bill Kuba, guards Bill Dalton and Terry Meeder, forwards.

Missing from the line-up will be Dong Wickstrom, a scoring threat last season whom Coach Van Wee was counting on before he moved to Mt. Pleasant in September.

Most coaches reported a good turn-out for early practice sessions but are expecting more later this week when players, excused for the deer hunting season, return to school.

Christian Science Society Will Hold A Special Service

As is customary in all Christian Science churches, a special Thanksgiving service will be held on Thanksgiving Day in Charlevoix in the Christian Science Society, 205 Clinton St.

Following the usual order of service there will be a brief period in which members of the congregation may express their gratitude for healings and other help which they have received during the past year.

The Golden Text from Revelation (7:12) is appropriate for the occasion and reads: "Blessing, and glory, and wisdom, and thanksgiving, and honor, and power, and might, be unto our God for ever and ever."

Among the citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will be the following: "Are we really grateful for the good already received? Then we shall avail ourselves of the blessings we have, and thus be fitted to receive more. Gratitude is much more than a verbal expression of thanks. Action expresses more gratitude than speech."

Band Concert To Be Given Friday

(Continued from Page 1)

lections at the Friday concert: Help Us. Eternal God and Lord". Gesius: "Somewhere a Child is Singing". Dykema: "An Old Violin". Fisber: "By the bend of the River". Edwards: "The Whiffenpoof Song". Minnigeroda. Mrs. Leonard Burns is the accompanist.

The Charlevoix city band, well-known for its summer concerts, will make one of its infrequent appearances on the program. Most people are unaware that this group rehearses the year-round, developing new music for the summer season and helping develop the new group of high school players who are invited to join the band each fall. This reorganization is necessary each year to replace those high school players who leave for college and to replace other musicians who for other reasons can no longer play with the group. Lastly but by no means the least important, it provides enjoyment of performance that can be gained in no other way.

Feature of the City band portion of the concert will be the performance of an old favorite selection. "The Overture to Raymond" by Herold. This is one of the standards of band literature and it is only by playing in a group such as this that the high school members of the band would ever have the opportunity to tackle it as it is far too difficult for the average high school organization.

Other selections to be played by the city band are: march, "On the Square", Panella: "Francaise Militaire", Saint-Saens; "Americanus". Shumaker and march, "Stars and Stripes Forever", Sousa.

Deer Hunters Report Fairly Small Kill

(Continued from Page 1)

the city limits. Mr. Balch, who is 79 years old, said he never got a deer with such little effort.

Dick Hull and Wilson Ward hunting 'over east' brought home a six-point buck and a spikehorn respectively that they had gotten early Sunday.

Alfred and Richard Bergmann, hunting at the Bergmann family camp near Vanderbilt, were the only members of the party to fill their license on opening day. Incidently, in the party were three generations of Bergmanns including Fritz Bergmann, his son George and grandson, Lawrence. Another grandson, Bruce, was in the party but his father, Ted, was unable to accompany them.

Sheriff Floyd Ikens hunting in the Ontonagon district, on Lake Superior filled his license early in the season and was due home last night because of the warm weather.

I SEE . . . . . : By The Courier

- Mrs. Robert Lieberman and children of Saginaw are visiting her mother, Mrs. Carl Kohler while Mr. Lieberman and Mr. Kohler are deer hunting in the upper peninsula.
- Charles Duerr has been called to Grand Rapids to serve on the Federal grand jury.
- Mr. and Mrs. Howard Jewell and daughter, Linda, visited from Sunday until Wednesday with relatives near Rochester.
- Mr. and Mrs. Tom Coxe of Traverse City visited here Monday. Accompanied by their son, Terry, they planned to leave Wednesday for Del Ray, Fla. for the winter.

Card of Thanks

I wish to express my sincere thanks to everyone for the kindnesses shown me in every way during my hospital stay and since returning home.

Men Fined

Three men were fined $25 and costs of $7.80 each, last Thursday by Justice Peter John Drenth of Ellsworth for possession of fire-arms while using artificial lights while hunting deer near Torch Lake Village.

The men, Harold Stites, 22, of Traverse City, Edward Dawson, 28, of Kewadin and Charles Roberts, 18, of Elk Rapids were apprehended by conservation officers Edward Hartnell and Julius O'Brien, both of Boyne City.

Basketball To Start

Sheldon Mills, coach of Ellsworth Lancers basketball team, will have six men who were members of last years' team, which was Antrim county's class D champion team and also district and regional champs, with defeat in the state semi-finals.

The six veterans are Allen Elzinga, William Elzinga, Robert DeYoung, Arthur Klooster, Stanley Ruis and Edwin Petter. Robert Doctor and Rodney DeYoung are the new men.

Mr Mills says prospects for another championship team this season are encouraging.

First game of the season is at Boyne Falls this Friday night.

LOCAL ITEMS

Ralph DeGroot has been dismissed from Gaylord Sanitarium to the home of his sister, Mrs. Albert Kort in Grand Rapids. Harry DeGrool took him down.

Mr. and Mrs. Peter Padavana of Grand Rapids were weekend visitors with her parents, Mr. and Mrs. Egbert Wynsma.

Mrs. Anna DeJong former resident is a patient in Blodgett hospital, Grand Rapids where she submitted to surgery Saturday.

Local friends are happy to hear that Mrs. Fred Schoenfelder is feeling much better. She and Mr. Schoenfelder are settled in Albuquerque, N. M. and Fred has been doing some deer hunting. Their address is 122 General Marshall N. E. in case you'd like to drop them a line. They would like it, we know.

Walter McElroy of Sylvania, Ohio arrived Saturday for deer hunting days in northern Michigan.

Mr. and Mrs. John Wynsma and Tommy of Grand Rapids came last Thursday, John to go deer hunting in the upper peninsula and Mrs. Wynsma and Tommy to visit Mrs. Charles Edson and John's parents, the Egbert Wynsma's.

Mr. and Mrs. Harm Fielstra of Grand Rapids were here this past weekend. Ed Fielstra also came to be here for a little hunting.

The local fire department was called last Friday to the Frank Brown home north of Atwood to check a fire caused by overheated chimney.

Farewell Party Is Given For Retiring Minister And Wife

Ellsworth — A farewell party was given in honor of Rev. and Mrs. Herman Goodyke at the Atwood Christian Reformed church Friday evening and at this time they were presented a lovely kitchen set and a set of dishes.

Rev Goodyke, who is 69 and has been pastor at Atwood for the past nine years, has retired because of ill health.

A short program was given in which several members of the congregation took part, after which the gifts were presented and remarks were made by Rev. Goodyke. The program closed by the audience singing "God Be With You 'Till We Meet Again" and prayer by Rev. Goodyke.

Cheerleaders Are Chosen For Banks Township School

Ellsworth — At the pep assembly which was held Friday afternoon at the Banks Township public school the cheer leaders for the year were voted for and the following were chosen: Helen Brown, Frances Carpenter, Gwendolyn Donaldson, Karen Johnstone, Charlotte White, and Junette Yettaw

These girls were chosen according to these qualifications: good appearance, co-operation, leadership, speaking, pep and acrobatics.

Friday night will be the first game of the season when the team goes to Boyne Falls and then we will be able to see these girls in action.

It Happened on . . .

Beaver Island

Hunting season opened here in about the same manner as elsewhere. No snow, foggy in the early morning hours and a mild, not too chilly day. At the time of this writing there were five or six bucks killed.

Area Produces 24,000 Turkeys For Traditional Holiday Feasts

Charlevoix county turkey-growers will continue to contribute their share of the traditional holiday birds to Thanksgiving and Christmas dinner tables throughout the state this year as they have in the past, a survey made by the Charlevoix Courier reveals.

Seventeen growers, two less than last year, have raised 24,425 birds as compared to 28,500 in 1952, the survey showed. The majority nf the birds will be sold on the Thanksgiving market with nnly about 3,000 being held over for the Christmas trade.

Approximately 2,400 approved birds will be retained for breeding flocks by 10 of the 17 growers. The fertile eggs from these flocks will be sold to hetcheries in southern and central Michigan during the next few months thus offering a year-round outlet for turkey products for the growers.

The market price is up about 1½ cents over last year it was found, with tom turkeys bringing 32 cents live weight and 51 to 57 cents dressed. Hens will be sold for 38 or 39 cents live weight and from 60 to 63 cents dressed, depending on the size as in the case of the dressed toms.

Three new varieties of white turkeys, other than the Beltsville whites, were raised in the county this year. One is a new breed, a white broad-breasted bronze developed by a Bellaire grower, which has all the characteristics of its bronze ancestor but without the bothersome black pinfeathers.

Lawrence E. Boss has a small flock of 200 of these birds. He plans to dress and merket 100 of them for Thanksgiving and keep the remeinder for e breeding flock.

The second is the White Evergreen, a bird slightly larger than the Beltsville white. Dick Potter has a flock of 475 of these birds which he will sell on the Christmas market except for 240 which he plans to keep for breeding purposes.

Eldon Potter has a flock of 400 White Hollands, a comparatively small white bird. He plans to keep half of the flock for breeding purposes and market the others at Christmas time.

As in the pest, Arlo Wickersham egein hed the lergest flock of birds in the county, the broad-breasted bronze raised by most growers in the area. With the sale of the birds last week, however, he announced plans for going out of the turkey business. He marketed his flock of 5,000 birds at the Land O'Lakes processing plant at Hemlock where many local birds heve been sold since the Charlevoix processing plant closed in 1951.

Mr. Wickersham was among the first farmers in the county to raise turkeys on a large scale and has always had one of the largest flocks in the north.

An unstable market, a small margin of profit and the high cost of feed were among the reasons offered by Mr. Wickersham for abandoning the business. Much the same reasons were expressed by other veteran growers including Aaron Brock, Eldon Jones and Harry Brock who did not raise

Michigan Fourth In Sale of Duck Stamps

Sale of duck stamps in Michigan increased 18 per cent from 1952 to 1953, according to the Secretary of the Interior, placing the state in fourth place in the nation.

Total national sale was close to 2.3 million stamps in the nation last year with Michigan hunter buying 136,305.

Cooking Bulletins Available

In 1952, an estimated 19,978,586 pounds of edible meat came from Michigan wildlife, says Charles Shick, Extension game management specialist at Michigan State college.

In 1953 Michigan homemakers will again have plenty of use for the Michigan Cooperative Extension bulletins . . . "Venison" and "Good Eating from Woods and Fields" . . . which are available through county Extension offices.

Harry Pearsall Places First In Speech Contest

Harry Pearsall of East Jordan wnn first place in the speaking contest sponsored by the Charlevnix Soil Conservatinn District, Clayton Healey, chairman has announced. The contest was held Wednesday evening, Nov. 11 in connection with the regular meeting of the board of directors. The title of Mr. Pearsall's speech was "Democracy At Work In My Soil Conservation District".

The judges were Percy Reed, Levering; Sidney Howard, Alanson; and Norman Gibbard, Petoskey. Both Reed and Howard are directors of the Emmet Soil Conservation District, while Gibberd is the farm plenner of the Emmet district. Richard Schroeder, East Jordan high school egricultural teacher, met with the judges prior to the contest to give them helpful suggestions.

There were two other entrants for the contest. They were Curtis Nicloy, East Jordan, who placed second and William Korthase Jr., Boyne City, who placed third.

The Charlevoix Soil Conservation District appropriated $50 cash prizes for the contest.

Reduce Indemnity Payments On Bangs Infected Cattle

Federal and state indemnity payments for northern Michigan cattle infected with Bang's disease have been cut sharply, points out Ed Rebman, Charlevoix county agricultural agent.

The Federal payment has been reduced from $25 tn $18 for registered cattle and from $12.50 to $9 for grade cattle, notes Donald L. Murray, Michigan State college Extension dairyman. State law specifies that State funds for Bang's indemnity cannot exceed Federal allowances, and so the matching State indemnity payments are cut the same amount. This makes an over-all cut on registered cattle from $50 to $36 and on grade cattle from $25 to $18, explains Murray.

Indemnities are paid in the counties considered to be in the test and slaughter area, or north of highway US-10 from Bay to Mason and including Newaygo county.

In the test and slaughter area, a vaccination program is not carried out; if individual owners are vaccinating their herds, it must be reported to the state veterinarian.

The Bang's disease control program for the northern counties consists of area blood tests periodically and ring tests about every eight months, Murray reports.

Hunters Directed To Get Reporting Card With Licence

Lansing — Somewhere along the line there's been a slip-up, and conservation department field men are warning all hunters to take note here:

Hunting licenses are different this year than they were in 1952, and one nf the major differences is that the Game Report Card is no longer attached to the license itself. Report Cards this year are separate from the license and are supposed to be secured by the hunter when he buys his hunting permit.

But a number nf department field reports indicate that either the hunter or the license dealer is nnt fulfilling his job in distribution of the cards.

It's the hunter's responsibility to see that he gets a report card when he buys his license; Report Cards are required from every hunter by the end of each season. Failure to report hunting activities constitutes a misdemeanor, punishable by fines and imprisonment.

Experts Suggests Freeser Sizes

What size home freezer do you need? The answer differs fnr each family but most families will want to plan six cubic feet of space per person, advises Lucile Ketchum, Extension home management specialist at Michigan State cnllege. If you plan to use the freezer merely tn supplement storage of foods in a commercial freezer plant, then three cubic feet per family member is enough. But if you plan to store most of your food for the year and if there will be an overlapping of storage time, better allow 10 cubic feet per family member.

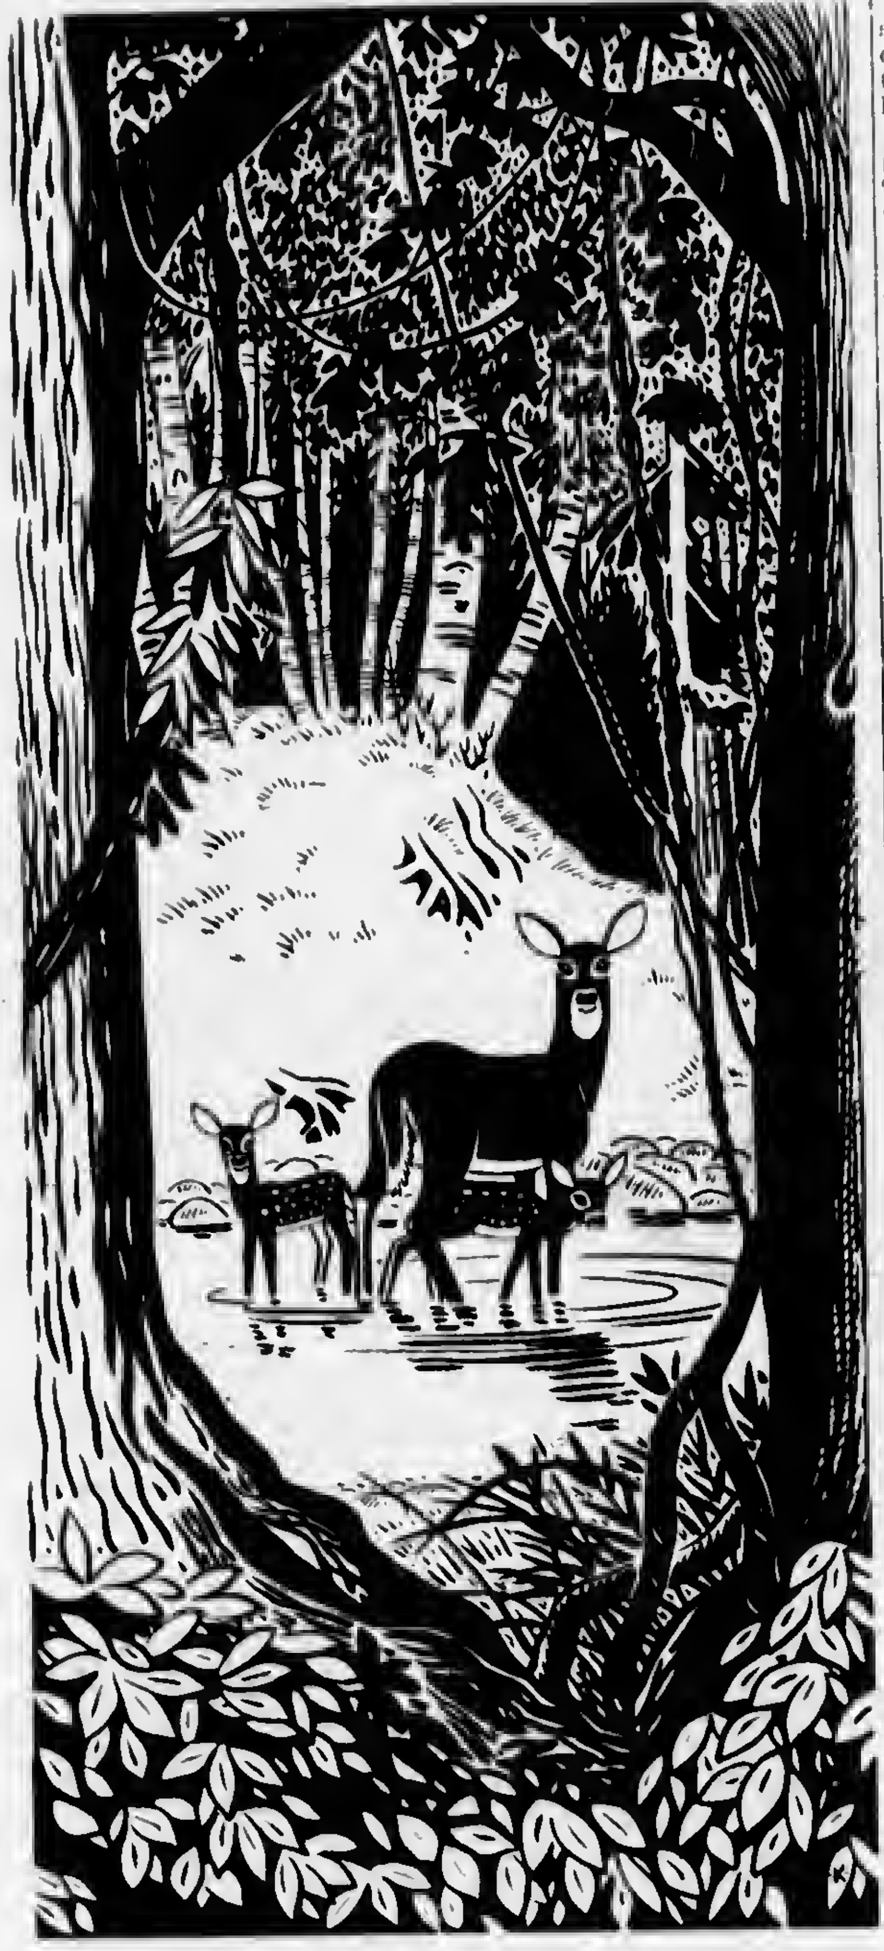
Gains Through Pains



Deer tracks covered the brook bank when I visited the dam the other day. The slope bordering the laughing little stream was a printed apron of sand with a heart-shaped pattern stamped in varying sizes. Large, scuffed imprints, made by bucks, intermingled with the more delicate marks of the does and the smaller designs of fawns. The flag-tailed visitors had been many.

Not always have the whitetails been so plentiful on these acres, not even in the days before the white man came to America. While we usually think of prehistoric America as the Golden Age for all game animals, the scientists assure us we are mistaken. To be certain, many species of mammals were here in far greater numbers in those far-off days . . . buffalo, antelope, elk and beaver. The removal of forests by ax and fire made life impossible for many animals since it destroyed their only home. (Others, like the buffalo were pushed out of broad areas when agriculture took over the plains which they roamed and when wholesale slaughter, thinly disguised as hunting, brought them close to annihilation.) But the same painful devastation which all nature-loving Americans have lamented has resulted in some gains, too, for the wild life populations. Robins and bluebirds, which love open fields more than deep woods, have increased their numbers.

As terrible as has been the massacre and mutilation of our forests by ax and saw and fire, these pains have wrought some gains among the mammals, too. Foxes, raccoons and the whitetail deer are probably more plentiful now than ever before. The unbroken forests were not as suited to their needs as are the open places surrounded by woods. Especially is this true of the deer. It is a browser, preferring the tender shoots of young maples to almost any other food (with the possible exception of acorns), but also loving the browse of oak, sweet fern, willow, wintergreen, blackberry, blueberry, sumac, arborvitae and numerous other plants and shrubs which grow well in openings, but could not thrive in the virgin forests where the heavy foliage screened out much-needed sunshine. As the forests were thinned by ax and fire and the sunshine and the rains fell upon open areas and the food of the whitetail flourished, the deer, too, thrived. It has been estimated by government biologists that within the United States and Canada whitetail deer now inhabit 1,500,000 square miles of range and number about 6,000,000 animals — perhaps an all-time high. Nature's tragedies have yielded some triumphs, her pains some gains.

Hardship and trouble need never be fruitless. Always some gain can come from pain, if we will have it so. A sickly, asthmatic, nearsighted boy named Theodore became a dynamic power in government, known as Teddy Roosevelt. His strength was gained in overcoming his sickliness. He became a leader through pain. Not in spite of it, but because of it. John Milton wrote some of the most sublime poetry in English literature after going blind. Millions of people make no pronounced impression upon their generation although possessed of all their faculties. Helen Keller, as a tiny girl, stricken blind, deaf and mute, regained her ability to speak, and while living in perpetual darkness and in tomb-like silence became one of the most radiantly happy personalities in all history. Besides those world-renowned individuals who have made great gains through pains, there are the unknown and unsung thousands who have found triumph through tragedy, faith through failure and victory through vexation.

God has put at the heart of nature the capacity to translate pain into gain. The great souls of all time tell us it is so. Our everyday experiences tell us it is so. The innumerable tracks of whitetail deer at a brookside, where once towered the virgin forests, tell us it is so.

flocks this year but who were called during the survey.

Second largest grower in the area is Hiram Brock, who has 4,000 birds which he plans to sell on both the Thanksgiving and Christmas markets.

He has 2,000 Beltsville whites, small white turkeys which are excellent for small families, and the same number of the larger broad-breasted bronze birds.

He plans to keep a breeding flock of 200 of the white birds. The remainder of these birds and the bronze variety will be sold with 50% to be marketed this month and the remainder in December. He has a large wholesale business in the north and plans to sell about half the birds here and truck the remainder to Detroit.

Mr. Brock is one of the few growers who has equipment with which to dress birds so markets only about half of the birds live weight; the others are oven-ready.

Other growers with comparatively large flocks of the bronze variety are Jahn Barkdall with 2,400 birds, 1,500 more than last year; Addlkan Chew with 2,000 a thousand more than in '52; Jahn L. Bass with 2,000, almost twice as many as last year; John Brack with 1,500, a thousand less than in '52; Rudy C. Karth with 1,300 and Sandy Matchett with a 1,000.

Barkdoll will keep a breeding flock of 200 and market the remainder at the Hemlock plant and in Detroit; Chew will enlarge his breeding flock to 500 from 350 last year and sell the others live weight in Detroit; Boss will sell the majority of his birds live weight in Detroit; John Brock will market his in southern Michigan; Korth has already sold 800 birds and will market the remaining 500 this week; Matchett plans to keep a breeding flock of 300 birds and sell the remainder locally for both the Thanksgiving and the Christmas trade.

Growers with less than 1,000 birds include Albert Carlson with 850 birds which he plans to market in southern Michigan with 350 going to the Thanksgiving market and the remainder at Christmas time; Jalmar Rombach who will keep a breeding flock of 150 birds from his flock of 600 and market the others live weight in southern Michigan; Burwell Meston on the Charles Withers farm who has 650 birds from which he plans to select a breeding flock of 170 birds and market the others in Detroit; Rowley Williams who cut his present flock to 250 turkeys after raising 1,150 last year. He will dispose of most of his birds locally, selling the others live weight in Detroit.

Turkeys are ready for market when 26 to 28 weeks old.

Shakespeare Club Meets At Home Of Mrs. Robert Paul

Mrs. Robert Paul opened her River Street home Monday noon to entertain 26 members of the Shakespeare club at a surprise luncheon which in reality was a traditional Thanksgiving dinner.

Theme for the club program this year is Americanism and the dinner was to portray the traditional American custom of Thanksgiving.

Hosts at the luncheon meeting were members of the executive committee, composed of Mrs. E. D. Hawley, president; Mrs. Joseph Arvilla, first vice-president; Mrs. Charles Belfinger, second vice-president and Mrs. Paul, secretary-treasurer.

After a short business meeting Mrs. Harry Stwart entertained the gathering with a reading about a typical American couple. An American Heritage Foundation Thanksgiving quiz followed with Mrs. Kit Carson and Mrs. Harold Kohn winning the prizes.

Dickens Club Has Annual Menu Day Luncheon Monday

The Dickens Club met Monday at the home of Mrs. William Heering for their annual Menu Day luncheon to which each member brings a dish made from a favorite recipe.

After the luncheon the members exchanged recipes before hearing Mrs. Carl F. Kohler present an interesting and entertaining account of her recent trip through the west.

A brief business session presided over by Mrs. Ross Alexander, president of the club, followed.

Girligigs

Purty clothes and purty gals go together like buttons and bows . . . and the combination is bound to bring out a large group of fashion conscious ladies.

This was the case last week at the style show presented by Fay's . . .

* * *

Susie Duerr was a doll, in her casual teen-age fashion, modeling gay plaid slacks and white turtle-neck torso sweater, widely belted into her wee waist . . . and also in a Christmas-red holiday dress with a smart white kid detachable collar.

* * *

Lovely auburn haired Mona Davenport cut a trim figure in the new long sleeved cotton shirt sensation, combined with a slim wool skirt . . . and looking just as smart in an attractive ski outfit sporting a lemon yellow pople parka with French ribbon trim.

* * *

Another attractive teen-age model was blond Joyce Ketchman, wearing a slim black velveteen skirt sweater and black velveteen collar.

Pert Marge Trocchio modeled a stunning black wool boxcoat with white kid trim . . . and her red holiday dress was collared and cuffed in white angora. With it she wore a white wool knit hobo cap.

* * *

Agnes Tellman modeled a good looking navy blue coat dress under a light blue topper which accented her lovely white, white hair.

And one of the best looking afternoon ensembles was modeled by sophisticated Phyl Wolf . . a grey-blue Big Towner coat, worn over a French cotton print dress with big white rick-racky trim for collar and cuffs.

* * *

Phyl also modeled such glamour duds as a blue and black satin quilted lounge and TV suit, and a dramatic olive green fireside ensemble.

Little Jean Thierry was ably aided in the blue jean show-off by Dean Gongla . . . and she was darling in her party dress silk.

* * *

Little bittas Mary Gallagher and Dougie Greenway stole the show . . . quite naturally.

I might add that there were purty things that watched the show, too . . . among them was Georgia Gloster wearing a stunning tannish brown suit with a wide, low back belt . . . Doris Foster in pale blue jersey studded with rhinestones . . . Kay Fitch in a red, red hat . . . Eleanor Freedman accenting her charcoal grey outfit with a little mink collar . . . Polly Haggard in grey wool with a scooped out neckline . . . and Sadie Faulkner wearing a pearl grey hat accented with pearls . . . Virginia Hoffman in a brandy toned knit . . . and many others.

Shucks. We Almost Always Do It That Way!

A ladies gold wrist watch was lost recently somewhere between home and down town. The loss was immediately reported to the Courier office and a classified ad written for its return, please.

Sooner than we went to press, however, one of our ever alert staff members went out himself and found it right where it had been dropped. Thus proving once again that it does pay to advertise in the Courier. Just barely whisper the loss or need for anything to the Courier, and we'll usually come up with just what you're looking for!

The lady thanks you, John.

Merchants Plan Coloring Contest

(Continued from Page 1)

graders.

To enter the contest, all you have to do is cut out the contest pictures sponsored by the Charlevoix merchants in the Nov. 26 issue of the Courier. In clipping the picture, be sure you cut on the line indicated on the border to include the entry blank where you will write your name, address, grade and other information. The name of the sponsoring store will also appear on the entry blank.

The pictures will be of Christmas scenes such as a decorated tree, a bag of toys and Santa and other familiar pictures.

All you have to do is study the picture, decide what colors you are going to use and then with crayons, paints or pencils color the picture. Each child may enter as many pictures as he or she wishes but all entries must be the work of the contestant.

The contest will open next Thursday, Nov. 26, but you will have until Dec. 19 to color your picture or pictures and take them to the store named on the top of each picture. You must also wait until you get to the store to make out the entry blank at the bottom. Be sure you are accompanied by your daddy or mommy or some other grown-up for they must also sign the picture you are entering in the contest.

Each sponsoring merchant will give a prize for the picture judged the best in each group. All prize winning pictures will then be entered in a contest for a grand prize of $10 in cash to be awarded by the Charlevoix Courier.

Entries will be judged for neatness, color schemes and adherance to the rules. Decision of the judges in each contest will be final.

All contest pictures must be entered at the designated store on or before 6 p.m. Saturday, Dec. 19.

Be sure and watch for next week's Charlevoix Courier to see the clever pictures which you can color and then enter in the Christmas Coloring Contest.

Services Held For Amos G. O'Neil, Lifelong Resident

Amos G. O'Neil, 64, who had operated a gravel pit and trucking business here for many years, died early Sunday at the Charlevoix Hospital where he had been a patient for three weeks.

Funeral services were held Tuesday at the Pontius Chapel with Rev. George L. Majors officiating. Burial was in Brookside cemetery.

Born in Charlevoix county March 26, 1889, Mr. O'Neil had spent his entire life in this community. He had operated a gravel business here for many years and more recently had been in the trucking business.

He is survived by his wife, the former Elinor Gravelun, whom he married in 1918, two daughters, Mrs. Glenn Pemberton and Mrs. Kenneth Balch, both of Charlevoix; three grandsons and a sister, Mrs. Jane Morris of Flint.

Up on deck for a breather following installation of an automatic oil burning boiler which replaces a coal stoked heating unit on the Conservation Patrol Boat No. 1. Standing (l. to r.) Roy C. Fulcher, manufacturer's representative; Emil Pischner, engineer; Charles Allers, captain; Jim and Frank Novotny who did the installation for Novotny and Sons. Patrol Boat Has New, Unique Heating System Installed Here

After 23 years of stoking coal for heating purposes aboard the diesel-driven Michigan Conservation Department Patrol Boat No. 1, the 54-ton ship whose home port is Charlevoix now boasts a new automatic oil burning boiler, the first of its kind ever installed in a great Lakes vessel.

The installation, which more or less started out as an experiment, is proving highly successful, Capt. Charles Allers, who heads the ship's crew of four men reported following a 'shakedown' cruise to try out the new equipment.

The design for the special equipment was engineered by Roy C. Fulcher, district manager-engineer of the Wayne Home Equipment Co. of Fort Wayne, Ind., which manufactured the boiler and burner.

Frank Novotny Sr. and sons, James and Frank, local plumbers were the installing contractors and displayed great ingenuity in building the boiler and burner into the ship so that it became an integral part of its structure.

A number of obstacles had to be overcome before the unit could be installed, according to Mr. Fulcher. First among these was converting the ship's only source of current, which is direct current, to alternating current so it could be utilized in the equipment which was built for the latter.

This was done by building into the unit a special alternating device which converts the current from direct to alternatnig so it can be used in the ignition. The main control for this device was especially built by the Minnesapolis-Honeywell regutator Co. The circulator pump used in the installation was custom-built by the A. A. Thrush Co. of Peru. Ind.

Once this problem was solved by the engineers, the local contractors took over. Their problem was to install the equipment into a comparatively small section of the ship's engine room so that it would become a part of the ship's structure and would stand the heavy seas and other hazards a ship meets on the Great Lakes in all kinds of weather from April to mid-December. Since this was the first installation of its kind, there were no blue prints or charts to follow so the men had to call on their store of knowledge, experience and ingenuity. After numerous attempts

Christmas Seals Go On Sale For Fight Against TB

Mail sprinkled with tuberculosis Christmas Seals told its own story this week as local citizens moved to support the campaign against TB.

A child singing lustily, and a red double-barred cross, emblem of the voluntary TB battle, are highlighted on the 1953 seal of the Michigan Tuberculosis Association.

Medical research on the trail of a tuberculosis vaccine, is one of the programs financed by Christmas Seal contributions.

As well as sparking the search for a tuberculosis preventive, 1953 Christmas Seal purchases will be in demand to help finance rapid, community-wide chest X-ray surveys, to spot persons who have TB unknown to themselves and are spreading it. Hosts of other programs in health teaching, social research, and patient services also depend on Christmas Seal contributions.

St. Mary's Church Clothing Drive Still Underway

The annual Clothing Drive sponsored by St. Mary's church will continue through Thanksgiving week, the Rev. E. F. Denay said this week.

He went on to say that anyone may contribute usable clothing, blankets and shoes to the drive. Contributions will be packed by the people of the parish and sent to war-torn countries of Europe and Korea where they will be given to needy persons regardless of color or creed.

In urging the people of the community to join in the drive, Father Denay said that by sharing our abundance with those in want, we may express our gratitude for our blessing this Thanksgiving.

Anyone wishing to contribute to the drive, may leave their donations at St. Mary's school hall. Those who are unable to deliver their contributions at the school, may call LI 7-6633 and someone will pick up their donations on Monday, Nov. 30.

License Plates For 1954 Go On Sale December 1

Michigan's 1954 license plates, the first to carry the state's new slogan, "Water Wonderland", adopted earlier this year, will go on sale Tuesday, Dec. 1, Fenton R. Bulow in charge of the local sales of plates, announced this week.

The new plates will feature orange letters on a blue background with the "Water Wonderland" slogan across the bottom of the plate.

Applicants for license plates are warned to bring car titles and prepared form when applying for plates

Coaches List Possible Team Combinations

Three teams in the Northern Michigan Class C league will open their 1953-54 schedules within the next week with non-loop opponents.

They are the Boyne City Ramblers who will play at Petoskey Friday night; Gaylord Blue Devils who will host Cheboygan, and the East Jordan Red Devils who will entertain Alpena Catholic Central Tuesday, Dec. 1.

With less than two weeks of practice, Coach Dick Dixon at Boyne City has had to pick a starting line-up for the Ramblers game against Class B Petoskey. A tentative line-up picked Tuesday included Nels Northrup or Gordon Yahr at center; Merl Erber and Chub Rothenberger at the forward slots with Northrup possibly replacing the latter and Don Milbrandt and Bob Fitzpatrick at the guard positions.

At East Jordan, where the Red Devils will be entertaining one

Ellsworth — Funeral services for Henry Reamsma, 80, were held at the Ellsworth Christian Reformed church Saturday afternoon, Nov. 21 with Rev. E. Boeve officiating. Burial was in Ellsworth cemetery.

Mr. Reamsma, born in Borculo, Michigan came to Ellsworth in 1892. On March 9, 1895 he was married to Effie C. Hoffman and with the exception of 18 months spent in Chicago they had lived in this vicinity. Mrs. Reamsma passed away in January of 1949.

Surviving, Mr. Reamsma are three sons, Fred of Grandville, Lucas of Detroit and William of Ellsworth; two daughters, Mrs. Lester Weurfel of Zeeland and Mrs. Peter G. VanderArk of Ellsworth, 21 grandchildren and 10 great-grandchildren, three sisters, Mrs. Hattie Beuter and Mrs. Allie Stremler of Zeeland and Johanna Reamsma of California

Name Chairmen In County For Dimes March

Mrs. George Wolf was named chairman of the 1954 March of Dimes campaign in Charlevoix at the annual meeting of the Charlevoix county chapter of the National Foundation for Infantile Paralysis held at Boyne City recently.

Other chairmen named at the same meeting were Henry Lee of Boyne City; Alex Sinclair of East Jordan; Evers Carroll of Walloon Lake; Mrs. Esther Bartels of Boyne Falls and Mr. and Mrs. Ray Williams of Ironton.

Mrs. Walter Davis of East Jordan was re-elected chairman of the county chapter. Other officers named were Mrs. Edward Heise of Charlevoix, vice-chairman; Mr. Lee of Boyne City, secretary, W. G. Boswell of East Jordan, treasurer.

Mrs. Davis in her annual report on the chapter's activities said that the chapter had spent $4,857.58 this year. Of this amount $3,907.97 was spent for patient care in the hospital. The chapter's share of the 1953 March of Dimes was $2,804.32 and in addition a grant of $1,175 has been received from the National Foundation. Another check for the same amount is expected shortly, Mrs. Davis said.

There were no reported cases of polio in the county this year, she continued. However, the chapter has 16 cases which are receiving assistance. One case has been hospitalized for 15 months; seven others, also children, are receiving braces and crutches; two cases received surgery during the year and three others are under care at Warm Springs.

North Shore To Change Schedule

Effective Dec. 1, the Beaver Island Transit Co., motorship, North Shore, will go on its winter schedule.

Beginning next week the boat will make only three trips weekly, leaving here at 7 a.m. on Monday, Wednesday and Friday. The boat will return daily, arriving here at 5 p.m.

Until now the boat has made the island its headquarters, making one round trip daily except Sunday.

All mail for the island must be in the postoffice the night before, Peter H. Timmer, local postmaster, said this week.

Schools To Close For Long Weekend

The Charlevoix public schools will close at 2:30 p.m. Wednesday for the annual Thanksgiving recess, Supt. R. G. Bennett has announced.

Classes will be resumed at 9 a.m. Monday, Nov. 30.

St. Mary's school will also be closed during the four-day holiday weekend

Children's Coloring Contest Will Start In Area This Week

The pictures for the Christmas Coloring Contest sponsored by Charlevoix merchants and the Charlevoix Courier for the enjoyment of the youngsters of the community appear in this issue of the Courier.

School students through the fifth grade in all schools in the area as well as the children of pre-school age are eligible to enter the coloring contest for the many prizes offered by the participating merchants and the grand prize of $10 in cash to be awarded by the Charlevoix Courier.

The pictures to be colored and entered in the contest will be found throughout this week's issue of the Courier. The rules for the contest are printed on page two.

Contestants are warned that the pictures will not appear again before the contest closes at 5 p.m. Saturday, Dec. 19.

Deer Hunters Have Success Despite Heat

Despite the unseasonable weather and lack of snow, Charlevoix hunters continue to report successful hunting trips.

Among the most recent are Don Meggison who returned home from the upper peninsula Tuesday and on Thursday filled his license with an eight pointer on the old Nichols farm in Marion township.

On Friday, Clayt Smith, hunting on the Mick Cunningham farm, shot his first deer, an eight point buck which dressed out 165 pounds.

Charles Pontius returned home from camp north of Tahquamanon Falls with a nine inch spikehorn, his first.

Jack Cross, hunting near Pickford, sent home a good-sized deer and remained in the area to hunt bears.

J. C. Marshall returned with a 10 point buck and Ray Shearer with a six pointer after hunting near Thompson. Others in the party were Joe Williams, and Arlo Crites of Detroit.

Ken Ager and Ken Balch hunting near Escanaba, both filled their licenses. Others in the party were Mr. and Mrs. George Willis, Mr. and Mrs. Carlton Ager of Alpena and Lloyd Cummings.

Elmer Barber, hunting near Ralph, brought down his first buck, a four pointer. Stub Swanson, also hunting in the upper peninsula got a six point buck. Bernie Ward Jr. returned with a spikehorn.

Mrs. Maurice Dixon, hunting for the first time, had beginners luck when she brought down a five point buck on the Burke farm in Hayes township Thursday.

Clarence Heise, hunting in the upper peninsula, sent home a spikehorn he had gotten early in the season.

Ross Alexander of Ironton was among the first hunters to report a buck on opening day. He shot a small buck near Ironton, only a short distance from his home.

Gordon Moeller and Glenn Pemberton, both hunting near Foster City, filled their licenses with six point bucks.

Names Committees For Eastern Star

Committees for the year were named this week by Mrs. Lawrence Korth, worthy matron of the local Eastern Star Chapter, who assumed her duties recently.

The committees follow: financial, Mrs. Laverne Heise, Mrs. Harold Bedford and Mrs. Harry Gebeau; proficiency, Mrs. James Hiller and Mrs. James Goodfellow; investigating, Mrs. Walter Smith, Mrs. Erwin Belfy Sr. and Mrs. Heise; sunshine, Mrs. Herbert Schofield and Mrs. Drew Young, north side; Mrs. Earl Miller and Mrs. Abe VeeWys, valley; Mrs. Charles Reinhart and Mrs. S. E. Coleman, south side.

Tentative plans for a kitchen shower for the Masonic Temple were also made at a recent meeting. Kitchen gifts will be given for use in the Temple kitchen rather than the usual exchange of gifts.

Mrs. Marsh Meek Dies Unexpectedly

Mrs. Marsh Meek, summer resident of Charlevoix for many years, died Tuesday afternoon at Wheeling, W. Va., according to word received late Tuesday afternoon by Robert Bridge.

Mr. and Mrs. Meek left Charlevoix Thursday to spend the winter at Wheeling.

"At Your Door or At Your Store"

ODDS 'N ENDS

By Fran Martin

OUR Indian summer is gone . . but wasn't it heavenly while it lasted? . . . One of the things we enjoyed most about it was getting around and passing the time of day with so many people we never see during the summer . . . It's great fun . . . But the day that we ran into Fred Cartier, Louis Lenneur and James H. Gallagher of St. James . . . that was the best . . . Don't know how we got on the subject but they got telling us about the harbor in the days at the turn of the century . . .

What a sight it must have been to see dozens of sailing vessels tied up three and four deep at times . . . and the little tugs busy bringing their tows in and out of Round Lake . . . Mr. Cartier loaned us a couple of pictures . . old, old prints that he'd had for ever so long . . .

* * *

SINCE then he showed us another picture someone had brought in to him . . . a picture of his first tailor shop on the east side of Bridge st. across from where Steve's is now located . . . The first sidewalk had just been laid when the picture was taken for the footings can be seen in the photograph . . . which also showed Fred as a dapper and slim young man who did justice to his tailored clothes . . . back in 1902.

* * *

AND IF we can snitch an item from George Alderton's column in the Lansing Journal, we'd like to pass this bit along about another man who left Charlevoix about 1903 to attend what was then Michigan Agricultural college . . . According to the clipping sent to us by Dick and Bette Donaldson who are now at East Lansing, " a man who was quarterback of the Michigan Aggies 50 years ago was an interested visitor at practice at Michigan State recently . . . He was Walter Small of Fort Williams, Ontario who told Mr. Alderton that he was raised in Charlevoix and thought he was the first student to ever go to M.A.C. from that city.

He went on to say that he intended taking a short course in Sugar beet growing when he went to East Lansing in 1903 but when he reported for football practice the late Coach Chester L. Brewer, in his first year at State, persuaded him (Small) to enroll in a full college course. "I played for five years, and I hope that news doesn't get back to the Big Ten", he said. In 1903, Small added, there were only 10 letters given . . . We'd like to know two things . . . first how come he could play five years and second, didn't the game require 11 men then and if so, how come only ten letters . . .

* * *

THE Big Ten couldn't have heard about Mr. Small and his five years for they sure did alright by State this week when they selected the Spartans for the Rose Bowl . . . It's still hard to believe for they've had so many strikes against them . . . But somewhere in that Big Ten, State must have had some friends for after a deadlock early Sunday State was chosen over Illinois . . And isn't it wonderful? . . . We'd like to have been in East Lansing Sunday night when the announcement came . . . it was, no doubt, bedlam and who can blame them . . . Following the State team as they have since Bob and Bill Carey played, Charlevoix people will have a greater interest in this Rose Bowl game then they ever have had before . . . And with Coach Biggie Munn, who has scads of friends here, his coaching staff and the team, will go the good wishes of not only Charlevoix but northern Michigan as well . . . A fitting climax to years of hard work . .

* * *

AND IN the mail cards from both California and Florida . . . isn't it wonderful to know people who travel even if we can't . . . A picture of the Farmer's Market in Hollywood and a note from Barb White who is due home this week from a month's visit in the west . . . Was happy for the picture for we'd often wondered about it . . . And did you hear about Barb's little niece, Barbie Schwab who is eight . . . and who hoped her aunt would bring her something glamorous from California.

And from Florida, notes from the Matzingers, Bill and Erm, who among other things, visited the Bill Kernses and the Turners who are near Fort Lauderdale and the Pete Sharrows at Miami Beach . . . They'll be home this weekend after a month's vacation where, according to the cards, the temperature was 80 degrees . . . Wait 'til they hear what it was here . . .

* * *

SAY, some of you good cooks how about parting with some good recipes for our Recipe column . . . Surely some of you have something special you make for Christmas that you'd like to share with us . . . Leave the recipe at the office or call it in . . . Which ever you choose to do, we'll be ever so grateful . . .

WITH the beautiful weather has come clear blue skies . . . and across those same skies, vapor trails from planes that we didn't see . . . We'll admit those trails are pretty to see when we know they're made by our planes . . . But because there may come a time when they aren't ours, the Air Observer Corps has been formed . . . If and when you're needed, you'd better give it a quick thought and snap to . . . Just remember, you're never asked to do things like that without a reason . . . a mighty good reason . . .

* * *

THE Bergstroms, back from Sweden earlier this month, brought us a little gift . . . a box of the most scrumptious bitter sweet chocolate . . . We shared it with the office crew and they'll all vouch that it's the best chocolate we'd ever eaten . . . little miniature bars of it that were simply out of this world . . . A big thank you from all of us . . .

* * *

SOME forty high school youngsters, including the entire football team at Adrian, made the trip to Ann Arbor recently to help little Barbara Bird, granddaughter of the Frank Birds, celebrate her sixteenth birthday anniversary . . . They took their own talent and put on quite a show not only for Barb but the entire polio ward at the University Hospital and climaxed it with ice cream and birthday cake for everyone . . . What a treat for the patients . . and how thoughtful of the kids . . .

* * *

IT'S Thanksgiving time again . . . the time for turkey and all the trimmin's, but far more important, a time to pause briefly and count our blessings . . . And we have many to be thankful for . . . And if you think you haven't start looking about you and see how little other peoples of the world have and then you'll appreciate what you have . . .

And on this Thanksgiving 1953 . . . a happy day from all of us to all of you . . .

Kiddies Christmas Coloring Contest

BEGINS THIS WEEK

Help your children get started in this exciting, busy work contest sponsored by Charlevoix merchants listed below

40 PRIZES OFFERED FOR THE BEST PICTURES

Plus A $10.00 Cash Grand Prize

It's Fun! It's Easy!

TO ALL PARENTS:

Here's a contest just for the little tots. You parents can have fun too by showing your youngsters how to enter this exciting coloring contest. Read the rules and be sure they are followed. You may guide and make suggestions but the contestants must actually do the coloring.

Rules

1. The contest is open to all children up to and including Fifth Graders in any school. Preschool children also are eligible.
2. Cut out the Contest Picture sponsored by Charlevoix Merchants in the Nov. 26 issue of the Charlevoix Courier. Be sure to cut on the line indicated on the border to include the entry blank, and the store name.
3. Color the pictures with the colors of your choice, using paint, pencil or crayon.
4. Take your finished pictures to the store named at the top of each picture and fill in the entry blank at the store. You must be accompanied by a parent or an adult person when you take the pictures to the stores.
5. Each child may color and enter as many pictures as he wishes. All entries must be the work of the contestant.
6. Contestants will be divided into four divisions as follows:
   First Division — Preschool Children and Kindergarteners.
   Second Division — First and Second Grade Children.
   Third Division — Third Grade Children.
   Fourth Division — Fourth and Fifth Grade Children.
7. Each sponsoring merchant will give a prize for the picture judged best in each group.
8. All prize winning pictures will be entered in the contest for the Grand Prize. The one picture judged the best will be awarded the Grand Prize of $10 cash by the Charlevoix Courier.
9. All contest pictures must be entered at the designated store on or before six o'clock Saturday evening, Dec. 19, 1953.
10. Entries will be judged for neatness, color schemes, and adherence to the rules. Decision of the judges in each contest is final.

Contest pictures to be colored are in this issue. Clip them from advertisements by the following Charlevoix merchants.

Most College Students Expected Home For Thanksgiving Weekend

The long Thanksgiving holiday weekend will find most college students returning home, many for the first time since they left for school in September.

Joyce Fiedler and Herbert Hamlin who are attending Northern Michigan college at Marquette are expected late Wednesday.

Joan Pischner and Leola Scott, students at the Northwestern School of Medical Technology in Minneapolis, Minn., will arrive Wednesday in time for the long weekend.

University of Michigan students who are expected include Raymond Sanford, Nancy Bodley, George VerWys, Bradford Foster, Alvin Ranger, James Bowman, Charles Krahnke, Tom Bleha and Becky Badger.

Among the Michigan State college students who are expected are Marge Brow, Betty Orvis, Ruth Blanchard, Joan Hess, Virginia Smith, Dorie Nielsen, Milford Saunders, Amy Kipke, Janet Krulik, Carol Cross, Don Vratanina, and Dick Donaldson, who will be accompanied by his wife and son.

The large Charlevoix enrollment at Central Michigan college is also expected Wednesday and will include Mary and Junior Roberts, Clifford Lagerman, Dean Davenport, James Lewis, Carlton Foster, Beverly Looze, Betty McBride, Bernie Zeitler, and Donna Ball.

Dorothy Allers and Barbara Biee, students at Western Michigan college in Kalamazoo, will arrive late Wednesday; Barbara Roff and Joyce Dutcher who are attending Davenport Institute in Grand Rapids will also be here.

Stewart Walker and Howard Pearl, students at the Soo Branch of Michigan College of Mines and Technology, will come from the Soo for the long weekend.

Beverly Trimble and Patti Hamilton will arrive from Albion college; Clara Miles will come Wednesday from her freshman studies at Northwestern college at Traverse City.

Mary Joan Howe, James W. Graham Vows Exchanged

Mr. and Mrs. James Wesley Graham are now residing at 548 Lake st., Kalamazoo, following a northern Michigan wedding trip.

The bride is the former Mary Joan Howe, daughter of Mr. and Mrs. Aaron T. Howe, former local residents now living in Kalamazoo and the bridegroom is the son of Mr. and Mrs. Raymond E. Graham, also of Kalamazoo.

The couple was married at the Trinity Reformed church Nov. 6 with the Rev Gerrit J. Rozeboom officiating.

The bride chose a ballerina length gown of Chantilly lace over white satin styled with an Elizabethian collar and long sleeves. A tiara of white pearls secured her fingertip veil and she carried a white Bible topped with an arrangement of roses.

Mrs. Robert Reitkerk, sister of the bride, as matron of honor wore a gown of peach organza. Audrey Lois Rutlidge and Gladys Mae Graham, as bridesmaids, were gowned alike in coralberry organza.

Henry VanBeck was best man and Harold H. Howe, brother of the bride and Robert Reitkerk, brother-in-law of the bride, were ushers.

Mary Rozeboom and Gary Rozeboom, cousins of the bride, were flower girl and ring bearer, respectively.

Mr. and Mrs. Robert Nichols, soloist and organist, presented a program of traditional music.

Immediately following the ceremony, a reception was held in the church parlors.

The bride is the niece of Sherman Howe, Robert Howe, Wade Howe, Mrs. Walter Yemmans and George Arnold, all of this city.

Junior Class Has A Hayride Party

The junior class of the Charlevoix high school sponsored a party and hayride recently, at the Maple Grove Grange Hall, in Hayes township.

Mr. and Mrs. Del Terrill and Mr. and Mrs Robert Cook, the class advisers, were present.

The program for the evening consisted of two vocal solos by Mr. Terrill, games and square dancing. Refreshments were served by a committee.

I See By the Courier . . .

- B. J. Cunningham left recently for Pheonix, Ariz., for an indefinite stay in the west. She made the trip with Mrs. Alvin Bennett Jr. and her parents, Mr. and Mrs. Sam King.
- Mrs. Walter Taylor left recently for a two week's visit with her son-in-law and daughters, Mr. and Mrs. Bud Gebeau of Midland and Mr. and Mrs. Robert Kelly of Bay City. Mr. Taylor planned to leave Tuesday to join her for the Thanksgiving weekend. They will return later in the week.

Banks Township P.T.A. Meeting Well Attended

Ellsworth — Contrary to past years attendance at the P. T. A meetings held during deer hunting season, this years was a record for a large group was present at the Banks P. T. A held Tuesday evening, Nov 17 at the school.

And those attending were glad indeed for the program was very good. Mrs. Fiedler's fifth and sixth grade room presented a play depicting our "First Thanksgiving" and its presentation showed a lot of work and thought in the planning.

Dr J VanDellen showed films of a trip through eastern Canada enjoyed by him and his family this past summer The film, in color, made us feel that we, in turn, took the trip.

Group singing led by Mr. Banner opened the meeting and Mr Lather offered prayer. Betty Lou James a senior of Banks school, sang a hymn.

Mrs Sherks pupils received the "Kitty" money for the largest percentage of parents present.

A tentative date, Dec. 22 was mentioned for the annual Christmas program, prepared and presented by the school pupils under the direction of the faculty.

Following the meeting lunch was served by Mesdames Minert Veenstra, Maynard Alward Lloyd Reibels John James, Levi Donaldson, Allie Klooster and Ethan Edson. Mrs. Rex Wood assisted in the absence of Mrs. Klooster and Mrs. Edson.

Seymour Bennetts To Observe Their 63rd Anniversary

Ellsworth — Mr. and Mrs. Seymour Bennett will observe their sixty-third wedding anniversary Monday at their farm home, six miles west of Ellsworth.

They were married Nov. 30, 1890 at Eastport and after their marriage settled on the farm where they now live. Both are in good health.

Mrs. Bennett, who will be 82 on the date of their wedding anniversary, is the former Lettie Glazier. She was born in Tuscola county and came to Antrim county at the age of 10.

Mr. Bennett, 85, was born July 28, 1868, in Clinton county and came to Antrim county 70 years ago.

The couple has two sons, Orva and Charles of Eastport, three daughters, Bertha at home, Mrs. Lee Scott of Ellsworth, Rt. 1, and Mrs. Arlo Wickersham of Charlevoix; nine grandchildren and seven great-grandchildren.

William Kooyers Observe Their 51st Anniversary

Ellsworth — Mr. and Mrs. William Kooyer will observe their fifty-first wedding anniversary Friday at their farm home one mile west of Ellsworth.

They were married Nov. 27, 1902 at the home of the bride near Reeman. After their marriage they lived six years in Muskegon, then moved to their present home. Both are members of Ellsworth Christian Reformed church.

Mr. Kooyer, 77, was born July 14, 1878 at Holland. He is a former member of the board of education of Ellsworth school, serving 10 years. He also was treasurer of Banks township eight years and was a director of Ellsworth Farmers exchange for several years.

Mrs. Kooyer, 75, the former Kate Tanis, was born March 21, 1878 at Reeman.

The couple has one daughter, Mrs. Richard Doctor of Muskegon, three sons, Andrew and John of Ellsworth, and George of Rudyard, and 14 grandchildren.

Patrol Boat Has New Oil Heating System

(Continued from Page 1)

however, the installation was completed.

It was then that the craft left the protection of the local harbor and started looking for 'weather' in Lake Michigan in an effort to determine if the new installation was as seaworthy as its new home. That wasn't too hard in northern Michigan at this time of year and after several hours in high winds and heavy seas the experiment was pronounced a success and the ship boasted a "first" in marine heating.

Diesel oil used in the ship's engines is utilized in the burner of the new unit and eliminates the hand fired boiler which until now necessitated a crewman on board at all times to keep the fires going.

For the first time since the boat was built and outfitted in 1929, there's plenty of heat and hot water aboard, Capt. Allers said after the first trip.

East Jordan To Present A Local Talent Program

The East Jordan American Legion post has announced plans for a local talent show, "On Stage America," to be presented in East Jordan Dec. 3 and 4.

Elizabeth Love of Petoskey, representing the Empire Production Co. of Kansas City, Mo., will direct the production.

An amateur talent contest will be a feature of the show. The Webee-Sweet post of East Jordan has extended an invitation to amateurs in Charlevoix to participate in the show. Anyone wishing to enter the show may contact Miss Love at the Legion Hall after 4 p.m. daily.

Funds from the show will be used for the American Legion Child Welfare Fund.

Coaches List Team Players

of the top Class B teams in the state, Coach Gayle Saxton is planning to start Keith Evans and Bobby Danforth in the guard position; Alan Sommerville, Bob Darbee or Floyd Cutler at forwards with the center position still wide open. Candidates for the position are Jim Blaha, Jim Weisler and Frances Trojanek.

At Gaylord, where the Blue Devils will also host a Class B team, the Cheboygan Chiefs, Coach Bob Wallis may start Bill Bocha and Dick Riddle at the guard positions; Bob Schlaug and Jerry Hinkle or Gary Norton at forwards and George Middleditch or Tom Richardson at center.

The regular Class C schedule will open Dec. 4 with Charlevoix entertaining Boyne City; East Jordan playing at Pellston and Gaylord hosting Harbor Springs.

The Charlevoix Rayders, practicing nightly in preparation for their opening game against Boyne City Dec. 4, have been devoting their time to skills and fundementals, Coach Del Terrill said this week.

Working with a nucleus of Bill Bennett, Mark White, Dave Glassford, Gordon Mol, Tom LaBlance, Guy Swanson, Quint Walker, Dwain Walker and Jerry Albright, the team is beginning to take shape and should be ready for scrimmage sessions later this week.

The Reserve squad, which will also open its season against Boyne City, is also being selected from among the 59 candidates reporting for the two teams.

Rev. Donald Swinton Will Be Ordained

Mrs. Robert Taylor Moves To Chicago

Mrs. Robert Taylor who has resided here since 1944, left Charlevoix Monday to make her home in Chicago.

Before leaving the city Mrs. Taylor was a dinner guest at the home of Capt. and Mrs. Don Clothier.

Earlier Mrs. H. H. Lucas of Petoskey entertained a group of friends in Mrs. Taylor's home. She was presented with a remembrance-gift from the group.

Feeling Low?

By
HAROLD E. KOHN

Trouble Can Be A Friendly Thing

The clouds lower, the skies darken, and over us there creeps a feeling of foreboding. A snowstorm is on its way. In its wake it will bring difficulties in travel, endless shoveling and the need of wearing heavy, cumbersome winter garments. Most of us don't anticipate with delight the arrival of the winter's first snowstorm.

But even considering the little annoyances that attend a heavy fall of snow, snow is a friendly thing. It hides the darkness of the earth's dark late-fall dress under an ermine robe. It softens the bare, sharp outlines of defoliated trees and shrubs with graceful folds of whiteness. When the first long snowfall comes and sad-countenanced old world gets a face lifting, a whole new wardrobe and a look of youthful beauty.

Snow is a helpful thing. As it falls on our land it forms reservoirs of water. As spring warms the crystal sheets, and they melt, they feed the brooks and rivers, water our fields, refill our lakes and help sustain the levels of our water tables. When packed closely together the snowflakes imprison vast quantities of air . . . a poor conductor of heat. Thus a blanket of insulation is formed on the earth, allowing little of the cold of the atmosphere to penetrate the earth's crust and but small amounts of the earth's heat to be lost to the chill of winter. Tender plants are protected from sudden changes of temperature under the snow's cozy blanket.

The ruffed grouse nestles deep in a snowbank, like a child wiggling into the warm recesses of a fluffy featherbed. The meadow mice tunnel beneath the snow's surface, finding there a retreat from prowling foxes and from owls that glide silently and hungrily overhead, searching for mousy morsels. The snowshoe hare, having changed his light topcoat of brown to a heavy winter greatcoat, is in his element now that the snow has fallen. His big feet keep him on the surface, enabling him to outrun his enemy the fox, whose small pads sink inches into the wooly whiteness.

Boys and girls eagerly get out their skis, toboggans and sleds when the first snowfall comes, and cover the hillsides with speeding forms and lyric laughter.

In prospect a snowstorm can be a forbidding thing. But what delights of beauty and usefulness the snow brings with it when it comes! The world would not be nearly so beautiful or so good without the snow.

So with trouble. When the dark, threatening clouds of worry or affliction crowd in upon us we are disturbed. The coming storm upsets us. We don't know how we will handle misfortune. But like the snows, troubles bring not only discomfort and difficulty. They bring blessings, too. A loss can make us more appreciative of the good things we have left. We often discover more friends than we ever guessed we had, when troubles comes. When misfortune denies us material things we once cherished, the value of the spiritual becomes more apparent. When faith in self and in others is shaken, our faith in God gets a new chance to grow. The writing of Holy Scripture and the poets and seers of all ages reveal how, like snow tumbling from leaden clouds to grace the earth, the troubles of good men have adorned them with beautiful thoughts, stimulated them to noble expression and have issued in splendid, victorious living. Look back over the wintry days of your own life. If you could have it so, would you eliminate all of the troubles you have known? Are you not better for having experienced difficulties and disappointments? And if past troubles have befriended you, will not future problems also prove kindly?

Whenever we make friends of trouble it treats us well. It helps fashion strength out of handicaps, patience from perplexity, faith from misfortune, Christianity from a death on the cross.

Like snow, trouble can be a friendly thing.

Tells Method For Retaining Moisture

Wheat farmers who have fields suffering from lack of moisture this fall can do something about it, suggests Ed Rebman, Charlevoix county agricultural agent.

Providing the fertility level of the wheat ground is not to high, the farmer can spread a light blanket of manure on the soil to prevent freezing and heaving damage to the wheat, according to H. R. Pettigrove, farm crops specialist at Michigan State college.

He especially recommends the manure treatment for thinner spots in wheat fields to give the plants extra nitrogen. That will improve soil moisture by cutting down on evaporation and it will boost the soil's water intake during heavy rains.

Farmers, he says, might be able to do the same job with some nitrogen fertilizer. At least the nitrogen would be helpful next Spring to help offset part of the Winter's damage. It would be helpful this Winter, adds Pettigrove, if the weather does not get too cold too soon.

The Missus Keeps Posted

Ever since our electricity was cut off last year on account of me forgetting to mail in the payment, the Missus has been sort of leery about giving me letters to mail.

At first she'd ask if I mailed them, then double-check my coat pocket at night. She stopped that, and I figured she was convinced I'd learned my lesson.

Then yesterday, I got a postcard at the office in a familiar handwriting. I turned it over and by golly it was from the Missus herself! It read: "Thanks, Joe, for mailing my letters." Well!

Looks like she figured I *still* needed some checking-up and slipped that postcard in the last batch of letters.

From where I sit, an occasional check-up is a good thing. Check-ups on just how tolerant we are of other people's preferences and tastes, for example. I like a glass of beer with supper, you may prefer cider—but if I ever try to switch you to my choice, simply "address" me with a reminder of your rights.

U-M Aids Ships Design

Residents of the Great Lakes region have reason to be proud of the work which University of Michigan engineers have done in ship development, especially in such things as hull design which minimizes rolling and pitching. Much of the research has been done in the University's 360-foot long naval tank, second largest in the nation.

And May We Give Thanks

Boyne Mountain Lodge Schedules New Activities

Boyne Mountain Lodge, already one of the midwest's most popular winter resorts, has added another installation, an all-year swimming pool which is expected to attract even more patronage this winter, according to a recent announcement by club officials.

The 100,000 gallon pool, protected from the elements by an eight-foot glass windbreak, will be filled with 00-degree water, kept at this temperature with hot water jets, thus enabling guests to swim in comfort while watching others enjoy the snow-packed slopes around them. The new pool is located near the luxurious clubhouse at the base of two of the principal ski runs.

Last year Boyne Mountain, located 25 miles east of here near Boyne Falls on US-131 put in service a double chair lift, replacing a similar single-seat device which carries skiiers 1,800 ft. to the peak of the mountain where they have a choice of numerous ski runs. This is the only lift of its type in the middle west and eastern ski resorts.

The new pool adjoins the chalet-type clubhouse, a new locker room and also the deluxe lodge which offers accomodations for 76 guests.

The clubhouse has two huge fireplaces, one in the spacious lounge and the other in the refreshment room. There is also a superb-appointed dinning room. Other facilities at the resort include a well-stocked modern ski shop, a large staff of professional skiers, an ice skating rink and ample parking space.

Boyne Mountain will be the site of two major ski events already scheduled. They are the Michigan Intercollegiate Downhill Ski race tentatively set for Feb. 28 and the Kircher Trophy Invitational Open Ski race and Boyne Mountain Ski Club downhill race tentatively scheduled for March 9.

Corn with 25 per cent moisture content will cost about 6 cents a bushel to dry artificially to safe storage levels, notes Carl Hall, Michigan State college agricultural engineer.

Farm Bureau Holds Annual Meet At M.S.C.

Eighteen Charlevoix county members were among the 15,000 farm men and women who gathered recently on the Michigan State college campus for the thirty-fourth annual Michigan Farm Bureau convention and the ninth annual meeting of the Associated Women of the Farm Bureau

During the one-day meeting for the latter group, the women heard talks by Warren Newberry, director of rural youth activities for the American Farm Bureau federation and Mrs. Dorothy Cole Houghton, assistant director of the mutual security administration.

Mrs. Leonard Burns was the official pianist for the one-day meeting.

Six hundred delegates representing 59,000 farm family members of the Farm Bureau attended the business session of the Farm Bureau convention and heard an address by Allen Kline, president of the American Farm Bureau.

Attending the entire convention were Mr. and Mrs. L. E. McGhan, Mr. and Mrs. George Block and Leslie Sheridan of East Jordan, who were voting delegates at the Farm Bureau convention and Mrs. Leonard Burns and Mrs. Albert Edwards of the Hayes group; Mrs. Rowley Williams, Mrs. Charles Mascho of the Marion Center group; Mrs. Kenneth Sweet and Mrs. Warren Schoals of the McGeagh group; Mrs. Mark Saunders and Mrs. Homer Nason of the Ironton group and Mrs. Hiram Brock, Mrs. John Brock, Mrs. Leonard Bubel, Mrs. Robert Nachazel and Mrs. William Zitka of the Eveline group who made the trip to East Lansing for the one-day conference.

Young farmers getting started are advised by Michigan State college agricultural economists that any farm short on land, livestock, machinery and credit will have a rough time in the period ahead.

Apple Dumplings

Make pastry for number of dumplings desired. Roll out pastry a little less than 1/8 in. thick, and cut into 7 in. squares. Pare and core a medium-sized tart, juicy Flavor Best apple for each dumpling. Then prepare a syrup:

For 6 dumplings—

1 cup sugar	3 tbsp. butter
2 cups water	1/4 tsp. cinnamon

Boil together for 3 min.

Fill cavities of apples with mixture of 1/2 cup sugar, 1-1/2 tsp. cinnamon; dot with 1 tbsp. butter.

1. **Place apple on each square of pastry. Fill core with sugar and cinnamon mixture—dot with butter.**
2. **Bring opposite points of pastry up over apple, overlap, moisten and seal.**
3. **Lift carefully, place a little apart in baking dish. Pour hot syrup around dumplings.**

Bake immediately until crust is nicely browned and apples are cooked through (test with fork). Serve warm with syrup, and with cream, whipped cream or lemon sauce.

Fruit Growers To Attend 3 Day Meet At Grand Rapids

Hundreds of Michigan's fruit growers will be at Grand Rapids Dec. 1-3, to get the latest information on research in their field at the annual meeting of the Michigan State Horticultural Society.

Extension Horticulturist H. D. Hootman of Michigan State college, who is secretary of the society, says the three-day meeting will feature discussions on many grower problems. Speakers from other fruit-growing states will be on hand as well as researchers and extension personnel from the M.S.C. horticulture department.

The first day's program will concentrate on problems of cherry and apple growers; the second day is for peach and apple growers and the third day's activity will stress small fruit growers' problems.

These are some of the topics to be discussed: Tests with hauling cherries in water, the control of cherry leaf spot, new spray materials, chemical thinning of peaches, peach tree pruning, outlook for the fruit market, controlling weeds in strawberries by spraying, irrigation of strawberries and apples, disease control in raspberries, and public relations in marketing.

Green manure crops may help control organic soil losses on muck lands, Michigan State college experiments show.

Little Change Seen In Farm Outlook For '54

Prices of products the farmer has to sell will be no higher in 1954, and they may be slightly lower. Prices of things the farmer has to buy will be about the same on the average . . . some up and some down.

That's the way the farming situation looks to Michigan State college agricultural economists. And they add this:

Prices of land will be steady to lower.

There will be wheat acreage allotments and marketing quotas. For corn there will be acreage allotments only.

Credit will be tighter, but it will be available where needed.

To help maintain income, the economists have this advice for farmers:

Look for ways to expand operations, rent more land, use capital in places that will yield the largest returns; postpone large investments for family living until the farm plant is built up.

Cut down on capital needs by joint ownership of machines or by purchasing good used machinery, exchanging labor, doing as much farm construction as possible with family labor, and custom hiring.

Protect the family through insurance.

If in debt and payments become burdensome, consolidate and convert to a long term loan, and pay particular attention to management tips. Pay attention to seasonally high prices and sell at the best time.

The key to profits will not be in favorable prices for farmers, say the economists, but in good, efficient management.

Seedmen's Meeting Scheduled At State College Dec. 8-9

Seedmen and Michigan State college specialists will team up Tuesday and Wednesday, Dec. 8 and 9, during the annual Seedmen's Conference at M.S.C.'s Kellogg Center to promote more cooperation and better seed.

Annual meetings will be conducted Tuesday afternoon by Michigan Crop Improvement association, with George A. Kohn of Fenwick presiding, and by Michigan Foundation Seed association, with Jessie E. Treiber of Unionville presiding. Fred Hilbert of Wayland will preside over a Michigan Seed Dealers association session.

Dr. Lloyd M. Turk, Michigan Agricultural Experiment Station director, will speak on "The Need for Cooperation" and Al Ambroson of Michigan State Seed company Grand Ledge, and H. Alfred Sturm of Pigeon, MCIA vice-president, will speak on dealer and grower cooperation.

Marketing, elevator operation, tests on forage seeds and oats, diseases and insects and their controls, bean breeding and lawn seed will be discussed by M.S.C. specialists.

The group will have a banquet Tuesday night and a Wednesday forenoon tour of the M.S.C. fireproof seed building and farm crops department experimental plots on Mt Hope road. After lunch Wednesday, they will see a motion picture on western seed production.

Crop allotments will be discussed for the seedsmen by Clarence Prentice, M.S.C. agricultural economist on leave as state administrator for the Production and Marketing administration.

IT HAPPENED ON ....
BEAVER ISLAND

By Loyola Malloy

Mrs. Elizabeth McCauley is visiting her sons and daughter in Pontiac.

Peter Greene has been visiting in Detroit. While there he also had his physical for the army.

Monday evening Mrs. Nonie Gallagher had a few friends at her home to celebrate the birthdays of Marie Gallagher and Patrick Bonner.

Russell Greene returned home last week after sailing on the Great Lakes since last spring.

Mr. and Mrs. Chuck Wilke are visiting at the home of Mrs. Wilke's parents, Mr. and Mrs. William Schmidt.

At the time of this writing there have been about 17 deer killed on the Island. The lucky Islanders are Gene Connaghan, Walter and Hubert McCauley and Royce Welch. Most of those killed averaged eight or ten points.

James W. Gallagher was in Grand Rapids last week to see his daughter, Janet, who is attending Aquinas college.

Mrs. Archie LaFreniere was taken to Charlevoix hospital late Saturday evening.

Mr. and Mrs. Frank Kraai of Lansing are visiting their son-in-law and daughter, Mr. and Mrs. Peter (Doney) Gallagher.

Leroy Allers of Charlevoix spent a few days on the Island last week.

Charles Robinson, school commissioner spent one day on the Island last week. He showed movies of some of his travels.

Ralph Rutt and Bill Potts of Hammond, Ind. are at the Rutt cottage at Lake Genesereth. Bill got his buck.

Barney Mooney left Thursday to spend the winter with his daughter in Iron Mountain.

Mr. and Mrs. Lee Cuddington returned to their home in Grand Rapids after spending a week on the Island.

• Mrs. Margaret Wallace and daughter, Nancy, spent Friday night here.

Mrs. H. B. Johnston arrived here Saturday to visit her son and daughter-in-law, Mr. and Mrs. Art Johnston.

It has been raining here all day but as I write this news the rain has turned to snow and the ground is now covered with a pretty white blanket. Maybe now the hunters will have better luck finding that deer.

Mr. and Mrs. Kenneth Chapman of Dearborn were guests at the home of Joe Dillingham last week.

Trees for fall plantings may be obtained from Michigan State college, the Michigan Department of Conservation, three Western Michigan soil conservation districts and several commercial nurseries specializing in forest planting stock.

Brucellosis germs thrive in cold weather, notes Dr. Glen W. Reed, Michigan State college extension veterinnarian. Winter is no time to start taking chances, aborted calves should be buried deep in quick-limes.

French Band To Present Concert Series Program

The Guard Republican band of Paris, one of the most famous musical organizations in the world, will be in Petoskey tonight (Wednesday) as the second program in the 1953-54 series of the Northern Michigan Concert Association.

The Petoskey appearance is one of the two the celebrated French band will make in Michigan. The other will be in Battle Creek Saturday evening.

The colorful Guard Republican band, official band of the French Army, opened its tour in Canada in early September and its United States Tour in Troy, N. Y., later that month.

Captain Francois-Julien Brun is the conductor of the band which is a familiar sight and a familiar sound to Americans visiting Paris. The American tour is by arrangement with the French Minister of Defense and the Association Francaise d'Action Artisque.

The concert will begin at 8:30 p.m. in the Petoskey high school auditorium, which will open at 7:30 p.m. Only tickets held by members of the Association will be honored.

Anyone having tickets which they do not plan to use, are urged to call C. A. Odmark, who has a waiting list of people wishing to attend the concert.

Mrs. Earl A. Young Entertains D.A.R.

Mrs. Earl A. Young entertained ten members of the Pe-to-se-ga chapter of the Daughters of the American Revolution at 1 p.m. luncheon at her home Friday. Mrs. Angus Fochtman and Mrs. Arthur Wexstaff assisted.

The chapter voted to contribute to the Holy Childhood school in Harbor Springs, the Give a Dress drive in Petoskey and the Grandvue Hospital near East Jordan. A Christmas gift will also be sent to the Tamassee school in Kentucky, maintained by the D.A.R. They also plan to collect rummage for the Kate Duncan school in Kentucky.

Surprise Party Is Given Teacher

A surprise party recently in Mrs. B. Paul's fourth grade room of the Charlevoix school interrupted the spelling class. The pupils sang the Happy Birthday song to Mrs Paul.

The teacher received a birthday card designed by Kathy Gallagher and signed by each of the other 33 pupils in the class.

Cards from Sharon Abfalter, Susan deCastro, Lorraine Heise and Virginia Hamlin and handkerchiefs from Virginia and Lorraine were other gifts presented at this time.

Happy Holidays Ahead

To each and every one of our customers here and away, the Polly Kay says — Have a wonderful Thanksgiving!

It's always so good to see the college crowd home. We hope you gals will drop in and say 'hello'. We will fill your pretty heeds with Christmas gift ideas for your mom and the small try in your family. We have loads of suggestions for that special pal you will want to remember, too.

Then too, you can select the gift that would make your Christmas the dreamiest ever — and we will pass the good word on to the Santa at your house.

Want to put stars in a little girl's eyes on Christmas morning? Give her one of our quilted robes that are simply adorable. They come in sizes 1 thru' twelve and as befits a little girl, there are rosebuds on a pink or yellow background. The price 2.49, 4.49 and 5.95.

We love the little boy in your house, too. And for him we have a stagecoach that will keep him happy long after Christmas is over. For him too, we have cowboy belts with steerhead buckles to dress up his dungarees, and make him the fanciest cowboy in town.

AGAIN this week the Communists offered a broad proposal for a Korean peace conference, but most of the proposal was given a cold shoulder from U. S. delegate Arthur H. Dean.

In turn, Dean offered the Reds a compromise plan to let Russia sit in on the conference as a "neighbor of Korea", taking part as a "third party" with full voting priviliges.

Services To Be In Detroit For Anthony Goike

Anthony Goike, 85, retired auto worker died early Tuesday at the home of his son, George Goike in Hayes township with whom he has made his home for the past [illegible] years.

The body was taken to Detroit for funeral services at St. David's Catholic church Friday morning. Burial will be in Mount Olivet cemetery.

Born in Germany, June 22, 18[illegible], Mr. Goike came to this country as a young man. He resided in Detroit and was employed at the Packard Motor Co. until coming here in 1948. His wife, Anna preceded him in death in 1936. He was a member of St. Mary's church.

Surviving are two sons, George and Frank of Detroit, four stepchildren, Mrs. Helen [illegible], John and Anthony Banburk, all of Detroit and Mrs. Clara Teach of St. Clair Shores.

Kiwanians See Venetian Films

The Charlevoix Kiwanis club, at its regular dinner meeting Monday night, saw the films of Venetian Night, with sound accompaniment, taken by Dr. C. O. Whitten during the annual event last summer.

Plans were also completed to [illegible] composed of L[illegible] and Burns, Capt. H. E. Patack, Ralph [illegible] Hamilton, Rev. Harold E. Kohn and Charles Pontius to attend a [illegible] at Cheboygan last night.

Club members [illegible] the school faculty [illegible] husbands or wives [illegible] the guests of the [illegible] event.

Work On Hospital Progressing Rapidly

Workmen were busy this week clearing the snow from the roof of the new Charlevoix Hospital located at the former trailer park site overlooking Lake Michigan so the roofers could complete their work and put the structure 'under cover' before winter sets in.

Pictured on the left is the north wing which overlooks the lake and to the right the west wing which also overlooks the lake and houses the maternity department, operating and delivery rooms and a central supply station.

Hold Services For Mrs. H. M. Collins, Former Resident

Mrs. Hannah M. Collins, 91, pioneer resident of Charlevoix county, died early Saturday at Fort Madison, Iowa, where she had resided since 1945.

The body was brought to the Pontius Chapel here where funeral services were conducted by Mrs. Ida Welsheimer of the Christian Science church Tuesday afternoon. Burial was in Brookside cemetery where members of the Charlevoix chapter, Order of the Eastern Star, served as an honor guard.

Born in Canada May 18, 1862, the former Hannah Webster came to Charlevoix county with her parents in 1867. She spent most of her life in the county until going west in 1945.

She was a life member of the Eastern Star, having been a member for more than 50 years, and of the Christian Science church.

She is survived by one daughter, Mrs. Paul Masters of Fort Madison, four grandchildren, five great-grandchildren and several nieces and nephews.

Services Held For Mrs. John DeShon In Battle Creek

Mr. and Mrs. Gordon Crase and daughter, Robin, were called to Battle Creek last Tuesday by the unexpected death of Mrs. Crase's mother, Mrs. John DeShon.

Funeral services were held at the Farley Funeral Home Saturday with burial in Oak Hill cemetery.

Besides her husband and daughter, she is survived by two sons.

Mr. Crase returned home Sunday. Mrs. Crase and daughter will remain in Battle Creek for another week.

Chest Fund Now At 91 Per Cent

The Charlevoix Community Chest drive reached the $5,144.95 mark this week, William Super[illegible] and Charles Pontius, co-chairmen of the campaign, have announced.

The figure is approximately 91 per cent of the goal of $5,665.

A last concerted drive will be made in an effort to reach the goal so that participating agencies can be paid this month, Lawrence Frendt, Chest treasurer, said in announcing the present total.

Anyone wishing to contribute to the Community Chest may address his check to Mr. Frendt.

Monthly Report Given By Chief

The monthly police report released this week by Chief of Police Clarence Heise reveals that the department received 67 calls during the month of November.

Nine arrests were made, including [illegible] for larceny, two for [illegible] and one AWOL, that is a serviceman who was away from camp without leave. There were also eleven liquor [illegible].

The work was done by three officers working 720 man hours. The police car was driven 1760 miles or an average of approximately 59 miles per day during the month.

Speed Of Construction Makes Fulfillment Of Pledges Vital

Weather, which is usually blamed for countless delays, is now being credited for putting the construction of the new Charlevoix Hospital two months ahead of schedule, Fred W. Willis, chairman of the board of directors, said this week in making a report on the progress of the new $600,000 building.

Unseasonable weather with a minimum of rainy days since the 44-bed structure was started by the Strom Construction Co. of Grand Rapids in late July has made it possible to put the building 'under cover' before the arrival of the winter's first snow and cold weather. Roofers who started their job [illegible] are expected to complete their work this week.

If the construction progresses according to schedule, the heating unit will be completed within the month thus making it possible for all workmen to continue their work during the winter months. The construction of partitions as well as the installation of electrical and plumbing facilities is now underway in the building, heated by a number of potbellied stoves until the steam plant can be installed.

The exceptional progress, however, has brought about another problem . . . that of finances. Because the work has progressed so rapidly, funds on hand are in danger of being depleted unless pledges, now past due, are paid at the earliest possible date. With everything in favor of an early completion date, it would be unfortunate if the project would be delayed because some people have not honored their pledges or are delinquent in their payments, Mr. Willis said.

It will be remembered that 45 per cent of the total of $600,000 which the hospital will cost when completed was to be raised locally. It was also figured that 10 per cent of this amount be in liquid assets before the Federal grant which made up 55 per cent of the total could be made. Another provision in the contract requires that the building must be 25 per cent completed by funds contributed by the residents of the area before the Federal grant will be forthcoming. This will only be possible if pledges, many of which are spread over a three year period, are paid on time.

On Dec. 1, the delinquent pledges in the Charlevoix, East Jordan and Ellsworth areas totaled [illegible].

In Charlevoix alone there are [illegible] delinquent pledges including 91 who have made no effort to honor their pledges for a total of $19,742.41.

In the East Jordan area 52 delinquent accounts including [illegible] who have made no effort to pay are in arrears by $2,949.04 and in the Ellsworth area 51 delinquent accounts, including 26 who have paid nothing, owe $[illegible].

It is interesting to note that the summer residents who have been so generous in their support of the new hospital have practically no delinquency [illegible].

[illegible] for memorial plaques must also be completed in the near future, Mr. Willis said. Plaques for these memorials cannot be placed until all participants in group or family memorials have paid their pledges. It would seem unfair that one in a group, through neglect of duty, kept his fellow contributors from receiving this symbol of integrity.

In an effort to utilize the funds to best advantage, the hospital is being built with only a minimum of essential equipment, so it is imperative that all pledges be honored.

There are many people in the community who have not pledged to the new hospital building fund. Some are new residents and others are persons who felt that they could not pledge at the time of the local drive. If these people could see their way clear to [illegible] at this time the [illegible] would be of great value in helping [illegible] the advantages [illegible] would help make the Charlevoix Hospital one of the most complete small hospitals in the state, Mr. Willis concluded.

Larry Burns Is Named On A.P., U.P. First Teams

"Two Northern Michigan Class C football players had more honors heaped on them this week when they were named to both the Associated Press and the United Press All-State C-D first teams.

They were Charlevoix center, Larry Burns and Mancelona quarterback, Dick Derrer.

Others who received recognition on the United Press team were Rayders Bill Bennet and Joe McDermott and John [illegible], tackle; Glen Alexander, Mancelona tackle, ends John Holstad of Mancelona and Gerry Hinkle of Gaylord and Keith Evans, East Jordan quarterback.

Only a first team was named by Associated Press.

Mrs. H. Preston, 91 Well Known Here Dies In Illinois

News of the death of Mrs. Harriett Preston, 91, mother of Mrs. Charles Holmes, at Harvard, Ill., on Friday has been received by friends here.

Mrs. Preston was a patient at Harvard Hospital where she was being treated for a fractured hip at the time of her death.

She was well known here, having spent many summers at the home of her daughter, Mrs. Holmes, on River street.

She is survived by four daughters and two sons.

Tie Securely, Mail Early In Sending Gifts

Wrap securely, address plainly, mail often and mail early if you want your Christmas cards and parcels to reach their destinations in time for the holidays was the warning issued this week by Peter H. Timmer, local postmaster.

Mail early to avoid congestion in postal terminals in large cities such as Grand Rapids, Detroit and Chicago where it becomes buried in an avalanche of mail that descends on these offices during the period from Dec. 10 through Dec. 25. Not only is the mail delayed but the chance of damage is greater because these mountains of mail weigh many tons.

By mailing often as you get your parcels and cards ready, you can aid the local postoffice by avoiding congestion at the mailing window and in the workshop.

Thousands of packages go to the dead letter office annually because the wrapping on which the address is written comes off the parcel. Be sure your box is packed and wrapped securely with tape or cord that will not break or come loose.

Addressing should be done with ink, typing or black crayon in the lower right hand corner of the letter or package. Address your package on one side only and be sure your return address is in the upper left hand corner.

Dress up your Christmas cards with three cent stamps, Mr. Timmer concluded. The cost is only a trifle more and they will be handled as first class mail and forwarded or returned to you without additional cost.

Police Officers To Aid Against Drunk Driving

Police Chief Clarence Heise today announced that the police department of Charlevoix is cooperating with the Michigan Liquor Control Commission and the State Safety Commission on the December state-wide emphasis program aimed at reducing accidents due to drunk driving.

According to Chief Heise the drunk driver is one of the worst menaces to traffic safety. Not only does he cause many accidents and injure and kill numerous people but his intoxicated condition places him beyond any public sympathy. The Legislature felt so strongly about the motorist who gets drunk and drives that it passed a law providing for a mandatory suspension of the driver's license for 90 days. Many judges believe the crime of drunk driving so serious that they impose jail sentences.

To acquaint the public with this program 15,000 posters and 300,000 table tents will be used. The posters read, "Drunk Drivers Go To Jail" and the table tents read, "If you are driving TAKE IT EASY . . . Don't lose Your driver's license".

In conclusion Chief Heise called upon all motorists to cooperate on the December traffic safety program. "As the holiday season approaches it is a good time to remember that driving an automobile safely requires the best mental and physical resources of the driver. A motorist who is befuddled from drinking hasn't a chance in traffic . . . nor do other motorists and pedestrians in his path," the Chief stated.

Interest Running High In Kiddies' Coloring Contest

The interest in the Christmas Coloring contest sponsored by ten Charlevoix merchants and the Charlevoix Courier is running high as youngsters in the area color the pictures with crayons and paints prior to entering them in the contest which closes Dec. 10.

The ten pictures to be colored and entered in the contest appeared in the Nov. 20 issue of the Courier.

Youngsters from pre-school age through the fifth grade in all the schools in the area are eligible to enter the contest which offers many worthwhile prizes given by the participating merchants. The pictures will then be entered in a contest for the grand prize of $10 in cash offered by the Courier.

Additional pictures to be colored may be obtained at the Courier office.

Draft Quota For January Set At Two From County

The January draft quota for Charlevoix county has been set for two men, Mrs. Cornelia Barber, draft board clerk announced this week.

An additional three men will be called for pre-induction physicals next month. The date for the two calls will be announced at a later date.

On Monday, five county draftees left for Detroit for pre-induction physicals on Dec. 1. They were Stuart W. Walker and Leonard Rayman of Charlevoix, Rex E. Judarts of Boyne City; John H. Bernadyn of Boyne Falls and Carl F. Sowers of East Jordan.

There will be no inductions into the armed forces this month for the first time in three years.

Fay's Shoppe To Increase Space For More Lines

Plans for the expansion of Fay's Dress Shoppe which opened here this fall have been announced by Mrs. Charles Duerr, store manager, in behalf of the shop owners, Mr. and Mrs. Russell Lee of Onaway.

The shop located in the Brown building at 105 Bridge st. will expand to the north section of the building thereby increasing the floor space by 50 per cent and adding additional window space for display purposes.

The remodeling of the addition is now underway and is expected to be completed by late next week.

The program will make it possible for the store to add a [illegible] nationally advertised [illegible] and blouses as well as [illegible] dresses and [illegible] ready to wear apparel which the shop has featured since its opening. The new line of linens, which will include towels of every type, bed linens including bedspreads, bath sets and [illegible], as well as the men's wear will be ready for the Christmas trade.

The Charlevoix shop, which is managed by Mrs. Duerr assisted by Mrs. Bud Fisher, is one of five operated in northern Michigan by the Lees.

Mrs. Duerr and Mrs. Fisher attended a business manager's conference in Onaway Friday evening.

St. Mary's Church Has Evening Mass

Following a recent decree by the Holy Father of the Roman Catholic church adopted to assist [illegible] impossible to attend Sunday Masses [illegible], Masses are now being held at St. Mary's church at 7 p.m. on the first Friday of each month and on Holy days, [illegible] Rev. F. E. F[illegible], pastor of St. Mary's has announced.

Mass will be celebrated at 7 p.m. this Friday and again on Tuesday, Dec. 8, The Immaculate

Townships Get Deadline For Fire Contract

The city council, at its regular meeting Monday night, set Monday, Dec. 14, as the last day it would give fire protection to the residents of Eveline, Hayes and Marion townships unless properly executed fire protection contracts with remittances were forthcoming from township officials.

At a meeting in September, attended by city officials and township officers and interested residents from Charlevoix, Norwood, Hayes, Marion and Eveline townships, it was decided that the townships would pay the city a given amount for fire protection. The townships were to pay 7-12 of one mill based on the township's equalized valuation in those sections of the township served by the local fire department. Before the contracts would expire in mid-April, the matter was to be brought to a vote in the spring election. At that time the residents of the townships would decide by ballot if they wanted to continue to pay one mill per year for fire protection or make some other arrangements.

At this time only Charlevoix and Norwood townships have signed their contracts and paid for protection until April.

The sale of approximately one acre of land to Paul Reed for $12[illegible] was also approved. This property lies east of the company's present plant on US-31 south of the city and is to be used to expand the present plant. The city reserved perpetual right of way for an easement to maintain [illegible] as well as the right to [illegible] trees [illegible] the property. It was also agreed that the property would revert to the city if the company does not use the property for the purpose for which it was purchased within a year, and the purchase price refunded.

ODDS 'N ENDS

By Fran Martin

REMEMBER the Scottish nurse, Marie Condie of Glasgow, whom we mentioned in this column a few weeks ago . . . She is now back at her job as superintendent of nurses at a high hospital there but she found time to send us a book we had mentioned while she was here . . . It's called the 'Clans and Tartans of Scotland' and has dozens of tartans belonging to families whose names range from Anderson through Wallace . . . After a quick look we came up with one we'd never seen but which was just out of this world . . . in shades of gray with touches of black and red called the Balmoral . . . Each pattern is accompanied by a bit of its history and when we read that we soon found why we'd never seen it . . . It's for the sole use of the Royal Family . . . Anyway, you can't say we haven't good taste . . .

RECEIVED another gift recently . . . two square nails taken from the former lighthouse keeper's house at 105 Park ave. . . . One doesn't see many of those nowadays . . . Don't know when the carpenters quit using them but we think they'd be pretty nice . . . Of course, not being a carpenter we wouldn't know for sure and they must have changed to the common round nail used now, so we're going to keep these . . .

* * *

IT WAS a great day for the McClanaghan family last Wednesday . . . a brother, Bert, arrived from Calgary, Sask., for his first visit with relatives here in 32 years . . . His sister, Mrs. Jack Armstrong, said she didn't know him for she was just a girl when he left to make his fortune on a homestead in the plains of western Canada . . . Two other brothers are still there but this one decided he'd return and get acquainted with his family . . .

JUST A reminder . . . have you made out that Christmas list? . . . Have you shopped for a gift for Aunt Susie and Uncle Peter . . . Do you have your Christmas cards addressed? . . . If you haven't done all these things you'd better do an about face and do it on the double for you've only 18 more shopping days 'til Christmas and three weeks from tonight is Christmas Eve . . . And if you're looking for cute and clever as well as practical gifts, make a tour of our shops and you'll find plenty of things . . . Gee, we could sure do a lot of shopping right here if we had an unlimited amount of that so-called legal tender . . .

THE basketball season opens this week . . . Need we say more? Everyone's got his own ideas when it comes to available material, starting line-ups, outlook for the season and what have you . . . But here and now we'd like to make our views known . . . On our sports page this week you will see pictured Coach Del Terrill and 15 high school kids you all know who will carry our colors onto the basketball floor this season . . . We feel that our coach will train his team to the best of his ability and that the boys on the team will, at all times, give their best . . . We hope that they will bring another title to Charlevoix this season but regardless of that we are certain that they will bring you 16 nights of good, clean, fast basketball which you will all enjoy, and if the season ends without a title it won't be for lack of trying . . . So to Coach Terrill and his Rayders, all the luck in the world . . . may you have your best season ever . . . We know that wish is re-echoed among your many fans.

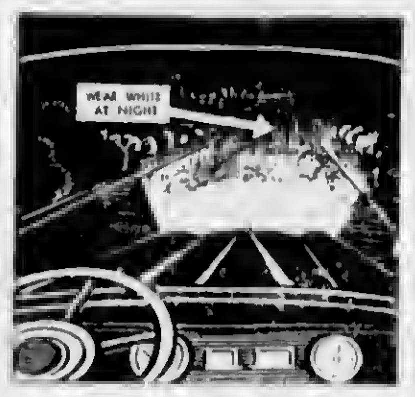
THE WORLD is about to observe an anniversary . . . the anniversary of Pearl Harbor . . . Dec. 7 . . . Does it seem possible that nearly 12 years have passed since that quiet Sunday afternoon in 1941 when the terrifying news of the attack on Pearl Harbor burst upon the world . . . It couldn't happen and it did . . . In a movie over the weekend, "From Here to Eternity", were a number of documentary shots taken that fateful day . . . The one thing that struck us was how very unprepared we were at that time . . . We pray that our leaders will never again leave us open to such an attack . . . you know, we can remember when war was something that was a faint rumble that didn't really effect us . . . there were no doubt casuality lists but they weren't ours . . . so we didn't give it much thought . . . Wonder what it would be like to live in a world where war or talk of war wasn't foremost in the news and in our conversations . . .

* * *

IF YOU have a serviceman overseas, don't forget to get a Christmas card out to him in the next week . . . And how about all of you sending a card to someone you know . . . There's just scads of Charlevoix kids stationed around the world . . . We know that many of them are kids you know and that they'd love to be remembered by you this holiday season . . . so get on the ball, get the addresses from family or friends and get a Christmas greeting in the mail . . . They'll all love you for it . . . We'd like to take this opportunity to wish all our service personnel everywhere a happy holiday season . . . And may you soon be home with your family and friends for we love you dearly and remember you often . . .

No. 5: You Have to See in Time to Stop in Time



Sportsmen know how hard it is to see game birds or deer in the woods. Their "protective coloring" blends almost perfectly with the background. Unfortunately a pedestrian wearing a grey suit and walking on grey pavement at night in the rain is almost as hard to see. His "camouflage" doesn't turn out to be "protective coloring." It may well result in his being killed in a traffic accident.

Don't rely on pedestrians staying on the highway shoulder off the pavement. That mud puddle looks much less attractive than the smooth blacktop. Smart drivers slow down at night—especially in the rain—and keep in the extreme left of their lane while watching for pedestrians. Smart pedestrians wear white at night.

Girligigs

Dear Santa;

Took a turn about town just for you this week so's I could give you a life . . . and now my noggin is so crammed with nifty gifty ideas I don't know just where to begin.

* * *

Unless it's at Mailhot's whora I saw the Angel Treads for gals . . . and the smartly patterned button-down ski sweatars. Thera's also a wonderful selection of White Stag slacks that will be featured with tha new populer man-tailored cotton shirt that we took right off the man's back this year.

* * *

At Fay's I found the newest toreador shirt with ruffled French cuffs . . . just the ticket to combine with the popular 'TV' fancy pants. Shortie gowns in challis with pink rosebuds . . . or jersey with quilted bodice and long full sleeves. One of Fay's new holiday dresses is a scoop necked champagne faille imprinted with tiny black bows . . . full, full skirt and cap sleeves. Other things at Fay's that took my eye were huge leather earrings, chunky bracelets, fur-lined driving gloves . . . and stadium gloves.

* * *

They do . . . but aven if they DIDN'T smell good, you'd love the boautifully packaged perfumes and colognes at Schroeder and Hovey's. Max Factor's three step gift box "Especially For You" is a lovely pink and blue ensemble . . . and L'Entheric's "Tweed" is a stunning four piece set this year.

* * *

In at Bergeons you'll find a bevy of dark jersey blouses accented with white linen or white angora . . . fringed jersey stoles and bright, plaid mittens . . . nylon slips in brand new shades of Verve black, Moonglo Bisque and Eternal White.

* * *

Geik's windows ara displaying plastic musical toys that are raally something differant for the little onas . . . and I don't sea why they don't make musical carpet sweepers for us big ones, too.

* * *

At Central Drug I spied the ever lovin' "Old Spice" sets which everyone forever adores . . . and the Hawkeye Flash Camera for either amateur or professional photographer.

Arrived at Polly Kay's just in time to welcome Kay back from a buying jaunt to New York where she picked out some honeys which are already arriving and being unpacked. Many of the items are being shown on Fifth Avenue . . . such as a narrow mink bracelet . . . and the stunning velvet jewelry in pins, necklaces and earrings . . . gold studded leather collar and belt sets. A really smart coachman's corduroy robe is absolutely 'outright pink with a dash of coral' . . . and all-nylon quilted robes in pastel shades. For gals with a cute taste, there are the flannel nightshirts with matching scuffs. New games and toys galore! . . . little girl cooking sets, tiny ironing boards with real electric irons, little grocery carts just like Mom uses, doll dishes and tableware . . . and last, but not at all least . . . the Miss Pony tail Dolls, Santa . . . that wear a real size FIVE in little girl's clothes!

Senior Class To Present Annual Play Next Week

The three-act comedy, "Let Me Grow Up", will be presented by the Senior class of the Charlevoix high school at the high school auditorium at 8 p.m. Thursday, Dec. 10.

The play, written by Ann Coulter Martens, will be given under the direction of Miss Donna Cavanaugh.

The hilarious comedy tells the story of sixteen-year-old, Lexie (Gail Krahnke), who is all set to meet the boy of her dreams, Bill (Jerry Albright) when her movie star mother, Nola Fleming (Marian Warner) breezes in from Hollywood and insists her daughter play the role of a nine-year-old.

After all, Mrs. Flemings pleads, it is only for one day and will mean a great deal to her career. The fact that it's the most important day in Lexie's life doesn't seem to bother her.

The complications which arise from her request and Lexie's heartaches are told in an interesting manner by a cast composed of Gordon Mol as Lexie's brother, Matt; Cynthia Smith as her sister, Muriel; Darlene Houck as Aunt Lydia; Patsy Ratigan as Mary Jo, her best girl friend who patches everything up; Karen Smith as Arden, who tries to make trouble between Lexie and Bill and Elaine Poole as Mrs. Holden, a Hollywood producer.

Bill Golden, representing the Senior Class, will welcome the play-goers.

Home Demonstration Christmas Workshop Held At City Hall

The Home Demonstration Christmas workshop was held at the Girl Scout room in the city hall Monday under the direction of Mrs. Emma Reinbold, Home Demonstration agent.

The display featured gift suggestions as well as many Christmas decorating ideas and was viewed by many members and others interested in new and clever Christmas ideas.

Patterns for the things shown at the workshop were also available.

W.S.C.S. To Hold Annual Bazaar, Cafeteria Today

The W.S.C.S. of the Methodist church will hold its annual Christmas Bazaar and cafeteria at the church dining room this afternoon and evening (Thursday).

The bazaar, which will open at 2:30 p.m. will feature a variety of items suitable for Christmas gifts, such as fancy work, aprons, mittens, stuffed toys, to name a few. There will also be a rural table where baked goods and canned goods will be sold.

The cafeteria beginning at 5:30 p.m. will feature baked ham and roast turkey with all the trimmings for each.

Arrangements have been made to eliminate standing in line.

Crimson Flash Entered In TB Press Project

The Charlevoix high school newspaper, Crimson Flash, edited by Karen Smith has been entered in the seventeenth annual TB School Press project sponsored by the Michigan Tuberculosis Association, the National Tuberculosis Association and the Columbia Scholastic Press Association.

Financed by the sale of Christmas seals, the project is offered annually to schools as an opportunity for students to learn and help spread information on tuberculosis, the state's leading health problem.

The project gives high school journalists a chance to try their skill in writing about complex TB problems. Articles on tuberculosis published in the November or December issues of the publications are judged by a state panel of writing authorities and papers judged best are given state certificates of honor. A number of state winners are submitted for national appraisal. National honor awards are made in the spring.

The Crimson Flash has entered the press project seven times since 1945 and won state certificates of honor in '46, '48 and '51.

According to the Michigan Tuberculosis Association, the projects serve as an excellent way to help emphasize community health needs and to point up the fact that tuberculosis remains unconquered in Michigan.

Surprise Party Honors Couple On Anniversary

Mr. and Mrs. Merrill Richardson were guests of honor at a surprise party Tuesday evening honoring their fortieth wedding anniversary.

Sixteen relatives and friends gathered at the home of their son and daughter-in-law, Mr. and Mrs. Milton Richardson for the happy occasion. The guests enjoyed an evening of Pedro with prizes going to Mrs. Cecil Richardson, William Jolliffe, Mrs. Stanley Lord and Ambrose Hansen. Refreshments were served at the close of the evening.

Mr. and Mrs. Richardson were presented with a gift from the group.

Mr. Richardson and his wife, the former Cora Lord, were married at Charlevoix Nov. 24, 1913, and have always made their home in Banks township near Norwood.

They have two sons, Milton and Doyle and five grandchildren all of whom reside near them. A third son, Delta, was killed in action in Europe during World War II.

Palucki-Pavlik Vows Spoken In Chicago Church

In an impressive ceremony solemnized at the Epiphany church in Chicago Saturday, Irene Ann Palucki, daughter of Albert Palucki of Chicago, become the bride of Edward Pavlik, son of Sam Pavlik, a former resident now living in Argo, Ill.

The double ring ceremony was read by the pastor of the Epiphany church in the presence of more than 50 guests.

The bride selected a coral velveteen afternoon dress with matching accessories for her wedding and carried a white prayer book topped with white orchids.

Mrs. Della Strass, as matron of honor, wore a blue velveteen dress, matching accessories and carried a bouquet of yellow and white chrysanthemums.

Steve Pavlik assisted his brother as best man and Ben Palucki, brother of the bride, seated the guests.

Following the ceremony a reception was held at the Klas Restaurant, 5734 W. Cermak Road in Cicero, Ill.

After a wedding trip to Missouri, the couple will reside in Chicago.

Dickens Club Is Told Of Travels, Adult Education

The members of the Dickens Study Club meeting at the home of Mrs. Ralph Hamilton Monday afternoon heard Mrs. J. K. Reed give an interesting and detailed account of her recent visit to England and the continent.

Mrs. Reed went to England in July to visit her son-in-law and daughter, S-Sgt. and Mrs. Byron Wright, stationed at Oxford, England. Later the trio toured Belgium, France, Switzerland and Italy.

Mrs. R. G. Bennett also spoke on the need for adult education.

Mrs. Ross Alexander presided at the brief business session

Annual Teachers Institute To Be Held On Dec. 11

The annual Charlevoix-Emmet counties one-day teachers institute will be held at Petoskey Friday, Dec. 11, Charles R. Robinson, county superintendent of schools has announced.

All schools in both counties will close on that date so that teachers may attend the all-day meeting at the Petoskey high school.

Among the speakers the assembled teachers will hear will be Merrill Graham of Jackson who will speak on "Michigan, the Water Wonderland", Dr. Charles Brown of Western Michigan college in Kalamazoo whose subject will be "The Impact of the Teacher's Speech"; J. M. Clifford of the Michigan Public School Employees retirement fund and Gordon Kalbach of the Social Security Division who will discuss "Retirement Possibilities."

Special attention will also be given to discussion groups which will study various problems of child learning.

Christmas "Dress" For Homes Asked By Garden Club

Dress up your home for Christmas was the plea voiced this week by the Charlevoix Garden Club at its regular meeting at the home of Mrs. L. E. Grate.

No prizes will be offered this year, Mrs. Grate, president of the organization said, but club members are urging local residents to decorate their homes during the coming holiday season.

Plans for the Christmas party which will be held in co-operation with other local clubs were made by the 14 members who attended the meeting. Members were asked to bring canned goods to the party for Santa Claus Anonymous.

Teachers Attend A Meet At Traverse

Two local teachers, Mrs. Marge Cook and Mrs. Blanche Paul attended the English Extension class meeting in Traverse City, Friday, Nov. 27. The entire class with Irvin Campbell, the instructor, were conducted on a tour through the "Record-Eagle," the daily newspaper of Traverse City, to see how a newspaper is printed and assembled.

This class in journalism usually meets in Bellaire on Thursday from 5:00 to 7:30 p.m.

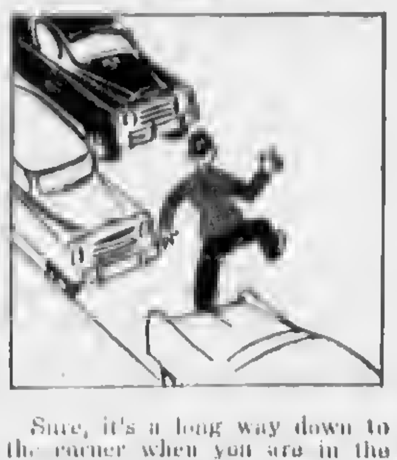
No. 4: Don't Surprise a Motorist By Jumping In Front of Him



Sure, it's a long way down to the corner when you are in the middle of the block and you want to get across the street. And it looks like such a short jump straight across. But, that short jump is likely to scare two people half to death — the driver of that car you thought was a long ways off — and yourself.

Mixing two-footed lightweights and four-wheeled heavyweights in the same traffic ring is an unfair battle at best. That's why crosswalks are painted at intersections to give the pedestrian his own place to cross.

When you cross in the middle of the block the motorist is not expecting you — and you may be hidden by a parked car.

Michigan housewives get better buys when they purchase Michigan carrots of the winter market than they get when they buy fresh carrots that have been shipped in from other states. That was shown by an analysis of carrot patterns at Michigan State college.

Cranberries Make a Polka Dot Pudding

Cranberries galore at the corner store—ready to lend their gay color and tart-sweet flavor to all sorts of dishes. Here, as a topping for coconut cream pie filling in crisp pastry shells, they give a wonderful blend of tart and sweet, smooth and crunchy. Polka dot pudding it's called, and it's especially good for a company meal because pastry, filling and sauce can be prepared early in the day for quick combining just before dinner.

Polka Dot Tarts

1 package coconut cream pudding and pie filling mix	1 2 cup sugar
	2 tablespoons water
2 cups milk	1 2 teaspoon grated orange rind
1 cup raw cranberries	1/3 cup cream, whipped

8 baked 4-inch tart shells

Place pie filling mix in saucepan. Add milk gradually, blending well. Cook and stir over medium heat until mixture comes to a full boil and is thickened. Cool then chill.

Place cranberries, sugar and water in saucepan. Bring to a boil, cover, and cook 5 minutes. (Do *not* stir.) Remove from heat and let stand, covered, 5 minutes. Then cook 5 minutes longer. Add orange rind. Cool, without stirring. Chill.

Before serving, fold whipped cream into chilled coconut cream filling. Turn into tart shells. Arrange cranberries and their sauce on top of each tart. Makes 8 tarts.

INTERPRETING THE NEWS

by Gene Alleman

DRIVERS must pay more if present traffic facilities are to be improved. This is unavoidable. More roads, more laws, more education, more policemen are required to check the staggering loss of life and property from highway mishap. Only problem now is to see that money is wisely spent; that fair value is received.

Automobile production skyrocketed since the war. In 1950 nearly seven million vehicles were produced, this year only a few less will be turned out by our factories. Next year manufacturers expect to make 6½ million more.

Terrific strain to our highway system has resulted from this great increase in automobiles. Not only are there more cars and trucks in existence, but each of them covers more distance each day on our roads. Figures show that in 1945 1,658,538 vehicles were licensed by the state; in 1952 this number increased to 2,833,876. State Police estimate that drivers covered 16 million miles on Michigan roads in 1946. This compares to 24 billion in 1952. Each day last year 64 million miles were driven by Michigan motorists. This is equal to traveling around the earth 2,800 times.

Today average is 71 million driving every 24 hours.

Figures of the Oil and Gas association show the average consumption of gasoline per vehicle jumped from 633 gallons per year in 1946 to 771 last year.

* * *

SERIOUS problems result from these increases: 36% more drivers; 60% more vehicles; 50% more miles driven.

Traffic deaths in rural areas increased 33%. There were 46% more accidents, 42% more injuries, 17% more deaths.

Solutions exist, but they cost money.

Present highway system is inadequate to handle today's traffic load says Highway Commissioner Charles M. Ziegler. He says $250 million are needed to meet existing emergency deficiencies. Highway people are hoping fervently that new studies and more money will be forthcoming from January's legislative session.

They want to widen and repair main arteries; build new bridges. East-west highways in line for improvement are U. S. 16, 12, 2, 28. North-south arteries, badly in need of attention are routes 13, 10, 31, 131.

* * *

"**MORE POLICEMEN** are needed," says State Police Commissioner Joseph A. Childs. At present only 295 state officers are available for patrol duty each 24 hours. The Commissioner is asking for 150 more. Allowing for sickness and leave time, 134 additional troopers would then divide each day's duties.

State traffic laws are subject to re-examination. A new drivers' license law took effect Oct. 2. Safety groups are considering the advisability of a speed limit, the training of young drivers and other steps.

Improvements will benefit motorists. Turnpikes and expressways will permit safer, faster driving. Such super highways are under study for routes from Detroit to Chicago and Detroit to Toledo.

Additional lanes on present roads will mean less congestion.

* * *

MONEY TO finance the Mackinac Straits Bridge may be forthcoming soon because lenders are encouraged by the marked increase in traffic between peninsulas. Prentiss Brown, chairman of the bridge authority, reports that Straits traffic for October was 20% higher than last year; that 1952's average will be about 12% more.

Income has increased by 60% over last year mostly because price of ferry tickets was raised in May.

No short term project, efficient, safe highway systems are not expected overnight. It is a matter of years. Perhaps Commissioner Childs summed it accurately when he said, "no one group can solve the traffic problem. It'll take much effort by many people and over a long period of time."

Clothing specialists at Michigan State college tell of a new type of nylon yarn called "Helanca." It has the ability to stretch and conform to almost any shape which it surrounds. It is being used in small socks that stretch to fit bigger feet yet do not bind the foot because of the stretchiness of the yarn. Gloves which stretch either horizontally or vertically are also being made of "Helanca."

Stout Women May Achieve That Well Dressed Appearance, Says Expert

How does the stout woman achieve the well dressed appearance she desires?

She concentrates on choosing flattering textures, colors and lines, says Evelyn Mansfield of the clothing and textiles department at Michigan State college.

In choosing textures, she'll choose firm weaves in woolens rather than the loose spongy woolen weaves. She selects these with a dull and soft surface rather than a shiny one. Soft pliable textures suit her better than wiry ones.

Transparent materials such as chiffon act like a magnifying glass over fleshy arms and shoulders, so she resists them. Dainty materials like dotted Swiss or nets are out of key with the large person, too.

When selecting colors, she aims for figure flattery as well as for personal coloring flattery. She may wear black if it happens to be becoming to her, but she does not feel bound to it. Harsh bright [illegible] many hues are not happy choices. She more wisely chooses colors grayed enough to be subtle whether light or dark.

She will avoid pronounced dark and light contrast in her ensembling. Costumes are planned so that there is a feeling of "oneness." Jackets and skirts must match.

She may use a contrast near the face in collar or scarf or on the hat but she never scatters such accents over her costume. This would only emphasize the bulkiness of the figure, Miss Mansfield points out.

In silhouettes the straight line is her happiest choice. Swagger cuts extend her size and closely fitted lines reveal over-rounded curves.

Fish fillets are good to freeze since no waste is stored and the fish is ready to use when removed. Michigan State College foods specialists recommend freezing, together in one package, the amount of fillet needed for one meal for the family.

Class 'C' Conference Season Opens This Weekend

★ ★ ★

Charlevoix Rayders To Play Boyne City Here Friday Night

The Charlevoix Rayders, Northern Michigan Class C defending champions, along with the other six teams of the league will face their first test this weekend as six of the seven teams in the loop take to the hardwood to officially open the 1953-54 season.

Friday will find the Rayders hosting the Boyne City Ramblers who were downed 62-37 by Petoskey last week; East Jordan who was to meet Alpena Catholic Central Tuesday traveling to Pellston for its first league game and Harbor Springs invading Gaylord. Mancelona will not open its season until Dec. 8 when the Ironmen journey to Kalkaska.

Coach Del Terrill, after working out with the Rayders for the past two weeks named a tentative line-up for the opening game against Boyne City, the first in a 16-game schedule.

The opening whistle is expected to find Gordon Mol starting at center: Dave Glassford and Mark White at the forward positions and Bill Bennett and Tom LaBlance at the guard slots.

White, regular center last season, has been shifted to a forward position along with Glassford who is a letterman from last season.

Mol who alternated at center and forward as a substitute last season will assume the center duties.

Bennett, a regular forward until now and LaBlance, a letterman, will take over the guard duties and give the team the needed speed required in these players.

Quint Walker, up from the Reserves, at center; forward Dwain Walker, a letterman from last year, and guards, Guy Swenson, Jerry Albright and Joe McDermott are also expected to see action.

Coach Maurice Dixon at Boyne City said there may be some minor changes in the Ramblers starting line-up he used against Petoskey last week which included Mert Erber and Chub Rathenberger, forwards; Nels Northrup center and Don Milbrandt and Bob Fitzpatrick, guards but at this time he wasn't sure what they might be. Also in the line-up last week were Gordon Yahe, center; Tom Whale Ed Lawrence and Gary Newville, guards and Ed Boyer and John Hblowasko guards. Murray Northrup has also returned to the line-up and may play this week.

At Pellston where the Hornets will be hosting East Jordan, Coach Al Grinius plans to start Bob Rudy at center; Harold Drier and Glenn Aurrand at the guard spots and will name his starting forwards from among Johnny Schauffler, Frank Durkaine, Merlyn Davenport and Dale Drier with the first two having a slight edge over the others.

Coach Gayle Saxton who planned to start Keith Evans and Bob Danforth, guards; Francis Trejatcek, center and Bob Darbee, Floyd Cutler or Alan Sommerville, forwards, against Alpena Catholic Central Tuesday plans to use about the same combination against Pellston with the exception of Cutler, who with another player, Bob Rombach will attend the F.F.A. conference in Chicago this weekend. Sommerville will start in Cutler's place.

At Gaylord where the Blue Devils game with Cheboygan was postponed to Dec. 8, Coach Bob Wallis is planning to start guards Dick Riddle and Bill Gocha; Tom Richardson, center and forwards [illegible], Jerry Hinkle or Mike Fi[illegible] against Harbor Springs.

Cocah Dick Boles, whose Harbor Rams will open the season at Gaylord has not decided on a starting line up but thinks it will probably include Carlton Seely at center; Stan Pifer, Rod Pontius or Arder Bawkey at the forward spots and Chuck Taylor, Rob Bethke or Jim Herrick at guard positions.

Mancelona will not open its season until next Tuesday when the Ironmen travel to Kalkaska but Coach Al VanWee has named a tentative line up for that game. It includes Johnny Holland and Gary Lucas, forwards; Earl LaDuke, center; Dick Derrer, Bill Kuba or Don Wilks, guards with Bill Dalton almost sure of seeing some action.

In other games scheduled for Tuesday, Dec. 8, Harbor Springs will entertain Class D Ellsworth and Cheboygan will play at Gaylord in a game postponed from Dec. 1.

Homemakers often throw away valuable vitamins with the peelings of foods. Fresh carrots need only scrubbing and potatoes may be cooked with jackets on, point out Lucile Decker, nutritionist at Michigan State college. You're missing a good bet too, if you don't realize that foods which can be eaten raw, should be.

Local Players Are Named On Honor Teams

Northern Michigan Class C football players have had numerous honors heaped on them during the past week as sectional and all-state teams are being made following the 1953 season.

Fullback Joe McDermott and Center Larry Burns of the Rayder squad and quarterback Dick Derrer of Mancelona won berths on the Northwest Michigan All-Stars squad named Saturday by the Grand Rapids Press.

Others on the first team were from Traverse City, Alma, Marion, Shelby, North Muskegon, Big Rapids and Mt. Pleasant.

John Connolly, Charlevoix tackle, Jack Zoulek, East Jordan guard and Glen Alexander were named to the third team with Bill Bennett of Charlevoix; John Holstad, Bill Kuba and Earl LaDuke of Mancelona; Jim Weisler and Keith Evans of East Jordan; Mert Erber and Tom Whale of Boyne City; Tom Clarke and Stan Pifer of Harbor Springs; Glenn Aurrand and Ed Yoder of Pellston and Jerry Hinkle and Bill Gocha of Gaylord winning honorable mention.

Burns of Charlevoix and Kuba of Mancelona also won berths on the Detroit Times Class C second team named Sunday.

Weisler, Burns, Holstad, Aurrand, Bennett, Evans and Rod Pontius of Harbor Springs were given honorable mention on the All-State selections.

East Jordan Wins Over Alpena Team

In a game touted as an upset by many, East Jordan defeated Class B Alpena Catholic Central 51-36 Tuesday night.

With Bobby Danforth connecting for 17 points, the Red Devils led 9-0 at the first quarter, 19-13 at the half time and 33-29 at the third quarter Bob Clearwood and Pat Keller scored seven points each for the visiting team.

Coach Explains Basketball Rule Changes For '54

With the opening of the basketball season, Coach Del Terrill has called attention to two rule changes.

Spectators will be happy to know that the one on one rule which gave a player a second foul shot if he missed the first has been discarded. The rule, used only one year, slowed the game and had a tendency to make players less careful of their shooting. All fouls up to the last three minutes of play will now be rewarded by only one shot.

This year, in the last three minutes of the game, a new ruling will make it possible for a player to score four points by first shooting a field goal and then if he is fouled after he is no longer the shooter, that is, after the ball has left his hands and he [illegible] player, he will be given two shots. However, if he is shooting and is fouled he will receive just one shot.

A demonstration of the new ruling will be given before the [illegible] game Friday.

Petoskey Wins Over Boyne By A 62-35 Score

Boyne City, the first team of the Northern Michigan Class C league to open its current basketball season bowed to the Class B Petoskey Northmen 62-35 on the latter's floor Friday night.

Petoskey took an early lead and held it throughout the game 15-7 at the quarter; 25-20 at the half and 45-27 at the third period.

Doug Piehl led the scoring with 15 points for the victors while Mel Erber tallied 12 for the Ramblers.

The Boyne aggregation will invade Charlevoix Friday night.

Feeling Low?

By

HAROLD E. KOHN

Troubles That Lift Us Up

As we approached the orchard to pick the last lonely apples from the trees, there was a thunder of rapidly beating wings, and the "king of American game birds", a ruffed grouse, shot past us in swift and rugged flight. Past the symmetrical cedars, over the woods trail and into the safety of some thicket among the birches he went. There he would walk stealthily to some cafeteria-style luncheon of aspen foliage, sumac or wild grape, served up by Mother Nature.

What is it that enables a ruffed grouse to take flight and swiftly make its way to safety? Wings? Of course, but not wings alone. It is the resistance of the air that makes flight possible. A bird flies much as an oarsman rows his boat. As oars are used to push against the resistance of water, thus sending the craft ahead, the scooped-out shape of the underside of a bird's wings helps it get a grip on the air. The air resists and the bird pushes against the resistance with the downward stroke of its wings. By such pushing it succeeds in flying.

Throughout life progress is made in the face of opposition. The partridge flies through the resisting medium of air. The brook trout needs the resisting water if he is to swim. A democracy thrives through a system of opposing political parties and checks and balances in government. The spirit of a person grows stronger, not as life becomes easier, but as testings and temptations are met, tustled with, and beaten into submission.

Saint Paul saw something of the meaning of this principle when he said, "All things work together for good unto them that love God." He certainly could not mean that all things, including temptations and troubles are sent to us directly from God. Typhoid fever does not come from God, but from a contaminated water supply. Ulcers of the stomach do not come from God, but from excessive worrying and the feverish tempo at which we live in our time. Our temptations derive from our inner urges, our appetites, and circumstances into which our will or mere chance may thrust us. But once troublesome experiences arrive, no matter their source, those who love God will use them for getting ahead.

The complete story of Saint Paul's growth of faith cannot be told without reference to his imprisonments and his irritating ailment which he called his "thorn in the flesh." When writing to the Philippian Christians, he referred to his problems and then added, "The things which happened unto me have fallen out rather to the furtherance of the Gospel." Nor could Lincoln be understood without taking into account his extreme sensitivity of spirit, nor the novels of Robert Louis Stevenson without an awareness of his lifelong invalidism, nor the speed of Glenn Cunningham, the great runner of the mile, without knowing that doctors once thought accidental burns on his legs would make it impossible for him ever to walk again. The great souls of all time have not been those who have had life easiest, but those who have known deepest trouble.

Every experience can be a means of moral and spiritual enrichment. Life's bothersome temptations and trials need not get us down, but can lift us up, as the resisting air sustains a ruffed grouse in its flight.

When you're drawing up house plans, remember that walls have thickness. If you do not allow for the thickness by drawing parallel lines in your plan, you may need to add 2 to 4 feet to the width or length of the house to get the size rooms you want, cautions Olevia Mayer, Extension home management specialist at Michigan State college.

Pre-Planning Helps Novice Gardener Maintain Ground

If you are like most amateurs who shun pre-planning, your ground maintenance jobs may hit you like "chain reaction," sympathizes Joseph T. Cox, Michigan State college extension landscape specialist.

You will need humus material, and it will be all around you . . . but only in the form of leaves and garden debris. Before you can start mulching plants for the winter, you'll find a few jobs to be done, and one job calls for another.

It may occur to you, suggests Cox, that now is the time to prepare for next year's "chain of events."

Tree leaves have made their journey to the ground and can now be hustled to the compost pile with assurance they will not smother your lawn grass. You are finishing this job once and for all . . . unless your windward neighbor has been careless in his leaf collecting.

If your planning is up to par, the compost heap can stop the endless task of moving plant debris from place to place next spring. Locate the humus factory near the vegetable garden for convenience. It will be inconspicuous, handy to receive garden debris, topsoil and fertilizer to aid decomposition. Water will be handy for an occasional soaking, and if the compost pile sides are built to form a rim they will catch and hold snow and rain. A layer of old plants, with roots out, around the edge will help. A neat rectangle allows use of compost from one end while material is being used from the other.

In about a year, the material will be fully disintegrated and ready to use.

Limestone Said Needed By Hens

Feeding oyster shells or ground limestone is important for your layers and the material should be placed where hens have easy access to it, say J. M. Moore, extension poultryman at Michigan State college.

He suggests scattering oyster shells on top of the mash hopper as the best way to increase consumption of the material. He points out that a hen laying 200 eggs a year needs about three pounds of oyster shells or ground limestone during that period.

Research shows that hens don't store up a reserve supply of lime in their bodies. Hens manufacture egg shell material from the limestone they ate yesterday. Lack of egg shell making material can be a source of trouble, the poultryman notes.

BREEDERS AND JUDGES OKAY TRAINING — Young men who aim at successful farming, livestock breeding and agricultural leadership will benefit from Michigan State College agricultural short courses, point out these short course graduates: (1) Martin Barnhart of Reading, '41, Chester White breeder, judge and auctioneer. (2) Fred Savage of Hanover, '39, sheep breeder, judge and showman. (3) Amos Fox, Michigan State College beef cattle herdsman, '42, judge and showman. (4) Ed Wright of Saginaw, '39, Guernsey breeder, dairy judge and showman. (5) Sherm Read of Richland, '15, breeder, judge and showman of Percheron horses. General agriculture short course training at M.S.C. is planned for men who now operate or will operate farms, notes Director Ralph W. Tenny. Latest results from Michigan Agricultural Experiment Station are applied to practical operations by capable instructors. The next eight-week term will be in January and February and registrations are being made now.

Seed Producers And Dealers To Meet At E. Lansing Dec. 8-9

Seedmen interested in spreading crop and allied research benefits to Michigan farms through better seed use will meet Dec. 8 and 9 at Michigan State college for the Michigan Seed Producers and Dealers Conference.

The Michigan Crop Improvement association, the Michigan Seed Dealers association, the Michigan Farm Bureau seedmen and the Michigan Foundation Seed association are co-sponsors with the college.

Dealers and growers cooperation will be outlined by Al Ambroson, Michigan State Seed company, Grand Ledge, and H. Alfred Sturm of Pigeon, MCIA vice-president, on the opening morning program. Dr. Lloyd M. Turk, director of Michigan Agricultural Experiment Station, will outline need for all-around seed cooperation.

J. R. Huey, vice-president of American Seed Trade association, Granville, Ill., will speak the afternoon of Dec. 8 and there will be a joint banquet of the various groups in the evening.

Research material will be presented Dec. 9 by M.S.C. researchers and the groups will tour the farm crops laboratory, see a film on western seed production and hear a talk on crop allotments by Clarence Prentice, state Production and Marketing administrator.

A special program has been arranged for potato growers.

Freezing Preserves Game

Freezing is a satisfactory method of preserving game. Consult your conservation official or your local locker operator for regulations regarding legal periods of storage for game. The same general methods of preparation for freezing are recommended as for other meats and poultry. Wrap carefully to prevent drying out and tainting of other things in storage.

Contrary to popular notion, potatoes need not be fattening. One medium-sized potato has about 100 calories . . . no more than an apple or banana and only half as much as a medium-sized piece of pie, points out Mary Lewis of the Michigan State college food and nutrition department.

Foresees Damage To Fruit Trees By Mice

Meadow mice are going to be more of a threat to your fruit trees this winter than usual, and they can cause enormous damage if you don't set up some protection against them.

That's the word from C. A. Langer, Michigan State college horticulturist. Langer says mice relish tree bark and they can kill a small tree and cause severe injury to a large one.

Do the protection job before snowfall if possible, he advises. Since field mice move about in runways beneath mulch or grass, you can bait the passages and poison the pests.

He recommends strychnine, or zinc-phosphide treated apple slices for the bait. A one-ounce can of zinc-phosphide powdr will treat about 20 quarts of apple slices. He suggests cutting a two-inch apple into 12 slices to make the bait large enough. Sprinkle the powder on the slices until they have a gray color and place one slice in each fresh runway. You'll need about two quarts of the slices per acre.

As an extra precaution, Langer recommends placing a six-inch pile of pea gravel around each tree trunk. Or you can use heavy gauge hardware cloth around the trunks with the base of the cloth set in the ground. And cut the grass and high weeds in a two-foot area around the trunk.

Suggests Means To Reduce Milk Surplus Easily

The dairy industry could easily eliminate the nation's 1953 over-production of milk by getting the country's adult population to increase their milk consumption by one-fourth of a glass a day.

That's the opinion of J. A. Meiser of Michigan State college's dairy department. He points out that adults' consumption of milk is considerably below recommendations by nutritionists.

Latest statistics compiled by the U. S. Department of Agriculture show the per capita consumption of fluid milk by farm people to be about one pint a day, or 9 per cent of the total U. S. production.

Per capita consumption of fluid milk and cream for the urban population was approximately nine-tenths of a pint per day, or 40 per cent of the total production.

Donaldson-Stevens Vows Exchanged In Candle Light Service Saturday

Ellsworth — In a candlelight ceremony solemnized at the Pilgrim Holiness church Saturday evening, Donna Donaldson became the bride of William J. Stevens.

The bride is the daughter of Mr. and Mrs. Levi Donaldson of Ellsworth and the bridegroom is the son of Mr. and Mrs. Charles Stevens of Charlevoix and Hart.

The Rev. Herbert Diller read the double ring service before a background of white and yellow pompoms and lighted tapers in candelabra.

Golda Mae Sheck, pianist, played a program of traditional wedding music and accompanied the soloist, Mrs. Melvin Puckett of Owosso who sang 'I Love You Truly" and "The Lord's Prayer".

Given in marriage by her father, the bride selected a gown of white lace and satin for her wedding. The fitted lace bodice was topped by a net yoke and peter pan collar and the long sleeves came to points over the wrists. The full satin skirt ended in a cathedral length train. Her lace trimmed fingertip veil fell from a seed pearl tiara and she carried a white Bible topped with an arrangement of white roses.

Mrs. Frederick Kienzle of Ann Arbor attended her sister as matron of honor and Gwendolyn and Nancy Donaldson, also sisters of the bride, were bridesmaids. Mrs. Kienzle wore a yellow taffeta and net gown with matching mitts and net cap.

The bridesmaids gowns were of mint green taffeta designed like the honor attendant's. They carried bouquets of yellow and white carnations which were tied with ribbons to match their gowns.

Gale Ann Allison of Charlevoix, niece of the bridegroom, as flower girl wore a floor length gown of pink taffeta and carried a basket of white mums.

Byard Stevens of Grand Rapids assisted his brother as best man and Ronald and Jack Donaldson, brothers of the bride, seated the guests.

Mrs. Donaldson chose a navy crepe dress, black accessories and a corsage of pink carnations for her daughter's wedding. Mrs. Stevens wore a blue crepe dress with black velvet accents, matching accessories and a pink carnation corsage. Mrs. Donaldson, grandmother of the bride, wore a gray and black dress, black accessories and a corsage of deep pink carnations.

Immediately following the ceremony a reception was held at the Ellsworth Community Hall. A four-tiered wedding cake topped with a miniature bridal couple centered the refreshment table. Mrs. Al Krkoska, Gladys Fielstra, Mrs. Milton Donaldson of East Jordan and Joan Stevens of Grand Rapids, sister of the bridegroom, assisted.

For traveling on a brief wedding trip the bride chose a gray suit, black accessories and a corsage of white roses. The couple is now at home at the Drenth cottage at Ellsworth.

The bride is a graduate of the Ellsworth high school and attended college in Owosso. She is now employed in the office of the Consolidated Food Processors Ind. at Ellsworth. The bridegroom attended the Charlevoix schools.

Among those from away who attended the wedding were Bernice Smidley, Mr. and Mrs. Byard Stevens, Joan Stevens and Mr. and Mrs. A. Smith of Grand Rapids; Mr. and Mrs. Melvin Puckett of Owosso; Mr. and Mrs. Frederick Kienzle of Ann Arbor and Mr. and Mrs. Al Taylor of Traverse City.

Beverly Murray, Richard Lamoreaux Married In Double Ring Ceremoney

Ellsworth — Large baskets of assorted mums, and candelabra, tastefully arranged, provided a lovely setting for the wedding of Beverly Joyce Murray and A-1c Richard A. Lamoreaux, held in the Ellsworth Christian Reformed church Friday evening, Nov. 20. The bride is the daughter of Mr. and Mrs. Clarence Murray of East Jordan, Rt. 3 and the groom is the son of Mrs. Hazel Lamoreaux of Eastport.

The Rev. E. Boeve, pastor of the church officiated at the double ring ceremony in the presence of relatives and friends.

Jay Kuiper, organist, played the traditional wedding music and accompanied the soloist, Henry Drenth of East Jordan, who sang 'Together' and 'Because', before the entrance of the bridal party, and 'The Lord's Prayer' after the vows were spoken.

Joyce made a lovely bride in her wedding dress of ivory satin, fashioned with a net yoke and full skirt ending in a short train. A tiara of seed pearls held her finger tip veil in place, and she carried a white bible topped with a corsage of red rosebuds and pom poms.

Donna Clapsaddle was the bride's only attendant. She wore a rose colored formal and a corsage of rose and white shattered carnations.

Russell Lamoreaux assisted his brother as best man and Leo Murray, brother of the bride and Robert Arnold, cousin of the groom seated the guests.

For her daughter's wedding, Mrs. Murray wore a navy street length dress with black accessories. The groom's mother wore a blue and white polka dot street length dress with black accessories. They wore identical corsages of red rosebuds.

Mistress of ceremonies for the reception following, was Mrs. Fred Slack, sister of the bride. Mrs. Gerrit John Drenth of Ellsworth, Lois Wagner of Norwood, Mrs. Janet Powell of Eastport and Mary Lantz and Doris Voss of Grand Rapids assisted in serving at the reception while Frances Veenstra of Grand Rapids was in charge of the gift table.

The three tiered wedding cake iced in pink and white, decorated with pink and white rosebuds and wedding bells and topped with a miniature bride and groom arrangement, was cut by the bride and groom.

Following a few days visit with relatives and friends in this area, the young couple will leave for Salina, Kansas where the groom is stationed at Smokey Hill Air Force Base.

Banks Township School Problem Is Absenteeism

Ellsworth — In view of the increase in absenteeism in the Banks township public schools officials have found it necessary to take drastic measures and this week issued a warning to parents regarding the matter.

In a letter to all parents this week school officials said that students must furnish written excuses from parents or guardians for all absenteeism and failure to do so will necessitate the parents or guardian coming to school with the child to settle the matter.

In the case of 'skipping school', that is, leaving the school after reporting for the day, students will be automatically failed for the current six-weeks marking period for a first offense and for the entire semester for a second offense.

Restrictions were also placed on athletes and cheerleaders. The new ruling demands that they must attend school all day before a game or they will not be allowed to participate. Student spectators must also be in school on the day of a game or they will not be allowed to ride the spectator bus.

Local Business Era Ended

Levinsons Retire From Store

Mr. and Mrs. M. A. Levinson, prominent local business couple, now find time to relax at their home here following their recent retirement from business.

The turning of a key in a lock at 215 Bridge st. recently marked the end of a business era in Charlevoix which started nearly 60 years ago.

By this simple act Mr. and Mrs. M. A. Levinson closed the door on a business which had borne the family name since 1894 when the former's father, the late Charles Levinson, came here from Petoskey to open a dry goods store which was to become an institution in Charlevoix.

The oldest of a family which was to number eight children, Meyer A. Levinson was bern in Kalveria, Russian Poland, and came to this country with his parents at tha age of six months. The famlly lived in Detroit until he was 12 yaars old and then moved to Petoskey where they resided briefly before coming to Charlevoix. Mr. Lavinson recalls that they made tha trip hera by boat.

The famiy's first store was located in a building on the east side of Bridge st. known as Newman's store. Later it was moved to 105 Bridge st. and for the past 45 years has been located at the present address.

At first, all the small chores of a family-owned business were delegated to young Meyer who, as he grew older, learned more and more about the merchandise which in those days consisted mostly of dry goods and accessories for home sewing.

In 1900 following his graduation from high school and the untimely death of his father, he joined his mother in carrying on the business. As the years passed he assumed the responsibility of the business while the remainder of the family finished school and went elsewhere to seek their fortunes.

It was whila on a trip to St. Paul, Minn., that he met Freda Gudell whom ha married Sept. 14, 1911. Mest of the time since then she has worked very closely with him in tha store, first on a part-time basis and more recently as his associate in the business.

The trend of the times could well be written in the history of the store, Mr. Levinson said. From a store which once sold only dry goods and sewing accessories, the business changed with the public's buying habits until now there's not a yard of dry goods, a button or a spool of thread to be found among the men's and women's ready to wear clothing sold by the store when it closed.

When the store was first moved to its present site, it only occupied the southern section of the building; the other was occupied by the

Co-Operative Holds Annual Meeting Here

The volume of business at the Charlevoix Co-operative Co. during the fiscal year ending Aug. 31 showed a marked decrease of $55,000 below the all-time high of $305,000 during the 1951-52 season. Fred Willis, manager of the Co-operative reported to the stockholders at the annual meeting at the high school Tuesday evening.

The report showed that the income of the company from goods sold and services rendered was $250,000 as compared with $305,000 last year. The report also revealed a net savings of $8,000 as compared with a saving of $12,500 last year.

Mr. Willis said that the fact that the dollar cost of merchandise was down combined with the fact that several of the larger turkey growers bad gone out of business and tbat many grains ordinarily sold at tbe beginning of tha fiscal year, tbat is, in Septamber, were sold in August, 1951 and thus did not show on this year's report accounted for some of the loss in the total volume of business for the year. Another contributing factor was the bad year farmers suffered monay-wise witb beef, butter-fat and other prices lower than they bad been in many years.

The financial report also revealed that during the past 12 months members of the Co-opera-

Ellsworth Wins Over Harbor By A 59-32 Score

Mancelona was the only one of three Northern Michigan Class C teams to win over non-loop opponents Tuesday night.

In a game at Kalkaska, the Ironmen defeated their hosts 56-40 with forward Dick Derrer scoring 22 points and Johnny Holstad tallying 20 for the victors. Whipple had 12 for Kalkaska.

In other games Class D Ellsworth trounced Class C Harbor Springs 59-32 and Class B Rogers City won over Pellston 44-32.

At Harbor Springs the Rams led 8-6 at the end of the first quarter but early in the second period the Lancers forged ahead and at the half held a slim 20-19 lead. In the third period Ellsworth scored 25 points to 3 for Harbor Springs for a 44-23 lead which the Rams never were able to overcome.

Rod DeYoung racked up 17 and Allen Klooster 12 for the victors. Rod Pontius had seven for the Rams.

Rogers City's Meyer tallied 24 points as the Hurons led the Hornets 9-2, 22-8 and 35-21 for the victors.

Frank Durkalic scored 12 for Pellston

Ebbert A. Mock Dies Following A Long Illness

Ebbert A. Mock, 73, retired building contractor and Spanish American War veteran, died Monday at the Saginaw veterans Hospital where he had been a patient for nine weeks.

Funeral services will be beld at the Pontius Chapel here at 2 p.m. Thursday with the Rev. George L. Majors officiating. Burial will be in Brookside cemetery.

Born in Scotdale, Pa., Feb. 11, 1880, Mr. Mock was the son of George and Julia Mock, early Pensylvania settlers. He was reared in North Baltimore and lived in Ohio and southern Michigan until the early 1900s. In 1907 he was married to the former Alma Jerichow at Traverse City. Except for a year spent in Hayes township they resided in Grand Rapids and Detroit until returning here in 1944 to make their home. He was a building contractor until retiring at that time. He was also a veteran of the Spanish American War.

Besides his wife, he is survived by a son, John, of Maitland, Fla., an adopted daughter, Mrs. Thomas Jackson who is now in French Morocco with her husband, who is stationed there with the U. S. Air Force; a sister, Mrs. Elizabeth Wylie of Toledo, two brothers, John of Toledo and George of Genoa, Ohio; four grandchildren and one great-grandchild.

Rev. Richard James Lintner To Be Ordained In Christ Church

For the first time in its 75-year history, Christ Episcopal church here will be the scene of an ordination service at 10:30 a.m. Wednesday.

At that time the Rt. Rev. Dudley B. McNeil, Bishop of Western Michigan, will ordain the Rev. Richard James Lintner to the Sacred Order of Priests.

The Rev. Mr. Lintner will be presented to the Bishop for ordination by the Rev. Carl A. Hoch of Petoskey. Others participating in the impressive service will be the Rev. Charles E. Edinger of Cheboygan, Epistoler; the Very Rev. George D. Hardman of Grand Rapids, Gospeller, the Rev. Francis J. Foley of Traverse City, Preacher; the Rev. George R. Taylor of Kalamazoo, Litanist; the Rev. G. David Bryce of Muskego: , Chaplain of the Bishop; the Rev. Allen St. G. Stansfeld of Allegan, Master of ceremonies.

The rite of ordination, which has changed little since the most primitive Christian times, transmits to the ordained authority to administer the Sacraments of the Church in direct line from the Apostles.

The music of the Liturgy will be furnished by the choir of Christ church under the direction of Charles Hamlin. Acolytes will be Andrew T. Carey, Charles Coleman, Mark Carroll of Elk Rapids and Brother Kurt O. H. C., of Newaygo.

Rev. Richard James Lintner

The Rev. Mr. Lintner, who was assigned to Christ church here and St. Paul's church at Elk Rapids in June upon his ordination to the diaconate, is the son of Mrs. Gladys Lintner of Ionia and the late Dr. Roy C. Lintner. He attended Illinois college and was graduated from Michigan State college and Seabury-Western Theological Seminary in Evanston. He has also done work in tha field of released time education with the Chicago public schools and the Diocese of Chicago.

Following the service, a reception honoring the newly-ordained priest and the Bishop will be held in the undercroft of the church by the Women's Auxiliary and St. Martha's Guild under the direction of Mrs. Frederich V. Tyler. She will be assisted by Mrs. Stewart E. Coleman, Mrs. Louis M. Hamlin, Mrs. Florence Cameron and Mrs. James Gallagher.

First Coloring Contest Entries Coming In Fast

The Charlevoix merchants participating in the Christmas Coloring Contest report that the first pictures are now being entered in the contest and urge that other children who are planning to enter pictures do so before the deadline of Dec. 19.

The first pictures are exceptionally well done and it looks like a close contest for the valuable prizes, the merchants have reported.

Pictures to be colored with crayons, paints or pencils and entered in the contest appeared in the Nov. 25 issue of the Charlevoix Courier.

The participating merchants, Hess Furniture, Polly Kay, Inc. Campbell Boot Shop, Murdick's Fudge Kitchen, Central Drug Wood Brothers Hardware, Bergeon's Mailhot's, Fay's Dress Shoppe and W. W. Mac stores, are each offering valuable prizes to the winners and the Charlevoix Courier will present a grand cash prize of $10 to the top winner.

Children of pre-school age through the fifth grade in all area schools are eligible to participate. The contest will close at 6 p.m. Saturday, Dec. 19.

Robert Fochtman To Be Installed As Lodge Master

Robert Fochtman will be installed as worshipful master of the Charlevoix lodge No. 282, F&AM at a public installation ceremony at the Masonic Temple at 8 p.m. Monday.

He will succeed Glenn Pemberton in the office.

Other officers who will be installed at the same time are: Senior warden, Edward Shanahan; junior warden, James Goodfellow; treasurer, Ernest J. Hiller; secretary, James Hiller; senior deacon, Kenneth Sweet; junior deacon, Dr. Robert Anderson.

Appointive officers named by Mr. Fochtman who will assume their duties Monday are: tyler, Walter Smith; stewards, Keith Wagner and Glenn Rose; chaplain, Charles Weidenheimer; marshall, Guy Scott.

Harry Gebeau will be the installing master and Harold Withers the installing marshall.

S. E. Coleman, past master, will welcome the guests to the public installation.

Senior Play To Be Presented At School Tonight

The Senior Class of the Charlevoix high school will present its annual play "Let Me Grow Up", at the high school auditorium at 8 p.m. tonight (Thursday.)

In the three act comedy directed by Donna Cavanagh, Gail Krahnke will play the role of teenager, Lexie Fleming, whose mother, a Hollywood actress, wants her to portray a nine-year old for the sake of her career.

As the story of Lexie unfolds, the audience will meet her brother, Matt (Gordon Mol), her sister, Muriel (Cynthia Smith) her boyfriend, Bill (Jerry Albright), her aunt Lydia (Darlene Houck), her best girl-friends, Mary Jo (Patsy Hatigan) and Arden (Karen Smith) and a real Hollywood producer, Mrs. Holden (Elaine Poole).

Special entertainment will be presented between the acts.

Two Injured In Fall From Roof

Charlevoix had its first television accident Monday when John Cook, 39, and Paul Zilch, 34, co-owners of the Charlevoix Television Co. were injured Monday afternoon while erecting a television aerial at the Lewis Brant home at 211 W. Garfield ave.

The men were injured when the aerial was toppled from the roof.

Cook was admitted at the Charlevoix Hospital for observation and treatment of lacerations and bruises and discharged Tuesday. Zilch was examined and discharged after he was treated for a head laceration.

Hold Services For Don Steck

Graveside services for Don Stack, 72, a former resident who died Thursoay in Chicago where he had resided for many years, were held at Brookside cemetery Monday afternoon. The Rev. W. N. Carr officiated.

For Men Only

All Men's Night in Charlevoix is being planned for Monday, December 21st. Which means all women must be off the downtown streets by 7 p.m., . . . or else!

Most of the merchants are already making plans to help the last minute male shopper in selecting Christmas gifts in comfort and leisure, and will be ready with suggestions and answers to all his baffling questions.

Some are even planning on serving refreshments for the weary shoppers.

So just relax, fellers . . . and give yourself a break by planning to take advantage of this rare opportunity. Like Christmas, it comes but once a year!

Bulletin

The special bulletin from the North Pole to the Charlevoix Board of Commerce late Wednesday brought the news that Santa Claus will pay his annual pre holiday visit to the children of the community on Saturday, Dec. 19.

According to the information in the wire made available by S. E. Coleman, secretary of the Board, Santa will arrive at the airport shortly before 2 p.m. He will be met there by the Charlevoix fire truck and escorted to East Park where he will distribute gifts of candy and wish everyone a Merry Christmas.

Because this is a busy season for Santa and this will be his only visit to the city before his Christmas Eve trip, he urges all the children of Charlevoix and the surrounding area to be in East Park at 2 p.m. Saturday, Dec. 19.

Community Choir Rehearsing For Vesper Concert

The Charlevoix Community Choir directed by C. A. Odmark is completing its preparations for the annual Christmas Vesper Concert which traditionally ushers in the holiday season here.

This year the annual concert will be presented at the high school auditorium at 4 p.m. Sunday, Dec. 20.

Mrs. Leonard Burns is accompanist for the choir.

Name Program For Bi-County Teachers' Meet

The program for the annual bi-county institute for Charlevoix and Emmet county teachers to be held in Petoskey Friday was announced this week by Charles R. Robinson, Charlevoix county superintendent of schools and Bruce F. Blanchard, Emmet county superintendent, who arranged the program through the co-operation of the Department of Public Instruction and school superintendents.

The one-day conference will open at the Petoskey high school at 9:30 a.m. Friday.

Principal speaker will be Merrill Graham of Concord whose topic will be "Water Wonderland". Known as Michigan's unofficial goodwill ambassador, Mr. Graham will speak on the state of Michigan

At the morning session, the subject of 'Tha Future of Teacher Retirement" will be discussed by J. M. Clilford, secretary of the Michigan Public School Employees' Retirement Fund Board and Gordon Kalmbach, representative of the Social Security Division. Later they will hold a conference on individual retirement problems.

Dr. Charles T. Brown, professor of speech at Western Michigan college will open the meeting with a talk entitled "The Impact of the Teacher's Speech".

Special discussion groups dealing with behavior problems, reporting pupil progress to the parent, noon-hour programs in the schools, teaching the slow learner and finances for the school program will be held during the afternoon. Mrs. Jeanette Novotny will serve as recorder for the first group; Delbert Terrill will furnish resource material for the noon-hour program discussion; Mrs. Helen Richards will serve as recorder for the slow learner discussion and Max Novak will be chairman of the latter discussion group.

Schools participating in the conference are Boyne City, Boyne Falls, East Jordan, Charlevoix and the Charlevoix county rural group.

ODDS 'N ENDS

By Fran Martin

IT'S Fantastic, we know, but did you see the two rainbows on Friday . . . Rainbows and December just don't go together but Mrs. James Coleman and others who were in Petoskey reported seeing the pair of them within a couple of hours during the foolish weather we had during the day . . . First the sun would shine, then it would pour rain, the thunder would roll and the sky get as black as could be and then . . . the same thing over again . . .

* * *

WE HESITATE to mention the weather . . . if this were written one hour and you read it the next there could have been just about everything from sun to rain to snow and anything else you'd like to mention . . . We've had a lot of it so far but none of it too bad so keep your fingers crossed and winter won't be too bad . . . or should we say, too long . . .

* * *

IF ALL you good people haven't gotten into the Christmas spirit yet after seeing all the enticing and beautiful things displayed in local shops and stores . . . Chum . . . you're in a bad way . . .

Our resistance is getting lower by the day as we see just scads and dozens of just about anything you'd like to mention . . . Many of them are advertised in our little ole paper and other gift suggestions can be found in Girligigs, and if you can't find what you want in those places, just walk down the street . . . It won't be a matter of what but which one . . . All kiddin' aside, things are getting prettier every year . . .

* * *

SAW A familiar face looking out of the newspaper at us the other day . . . None other than one of our summer visitors, Ellard Pfaelzer of Chicago, who did the bidding on Lone Star, the 1,005 pound grand champion steer at this year's International Stock Exposition for Albert Pick, who purchased the animal for the record price of $20 a pound . . .

* * *

HAVE YOU seen a big red squirrel with a white tail running around on Park Ave. near the Coast Guard hill? . . . No, we're not kidding . . . Bruce Henley told us about it the other day . . . Don't know if the tail is white because of old age, a bad scare or just a twist of nature but he swears it's true . . . We'd sure like to see it . . .

* * *

DON'T KNOW if you're one of those people who are intrigued by things mechanical like we are but if you are and haven't tried the new door at the Charlevoix County State Bank . . . then you've a treat in store . . . We had a demonstration when they were first put in place and it's the most amazing thing . . . The kids in town have been having a wonderful time trying it out .

* * *

WE NEVER realized just how much a part of our community the Levinsons were until we did a story on them this week . . . For as long as we can remember (and that's getting to be altogether too many years) there's been a Levinson's store . . . When we were 'way back in the seventh and eighth grades in school we used to go there for materials for our sewing class . . . And later, in high school, we were still buying materials . . Through the years they've become good friends with whom we've always enjoyed passing the time of day . . . And now they've gone out of business . . . It isn't going to be the same without them . . . We know they have the good wishes of everyone in their new way of life . . .

* * *

WE'RE celebrating an anniversary . . . the end of the first year of the dial system in Charlevoix. . . We don't know many more of the numbers than we did last year at this time and we don't like the system any better . . . But we're stuck with it and because we have to use our phone we use the dial system . . . Progress . . . they say . . . But we still say it's business without a heart . . .

* * *

THOUGH the deer hunting season is over we just have to tell you about Mrs. Al McCort of Jackson, the former Pat Hamlin . . . We never knew Pat to be much of a hunter but during the recent hunting season, she was the only one to fill her license . . . with a fine buck . . . while hunting in the U.P. . . .

* * *

IT'S THAT time of year again . . . when the Christmas music is beginning to be heard daily over the radio . . . It's such beautiful music whether it's the simple tunes the kids love or the more classical numbers . . . We love them all . . . And only feel there should be more of it . .

* * *

WE NEVER knew Arlo Wickersham to be a deer hunter but it seems that he got his buck this year the hard way . . . When he and Mrs. W. left here just before Thanksgiving enroute to their winter home at Clearwater, Fla. . . . they hit a deer . . . a 12-point buck ten miles south of Mancelona . . . Caught without a license, Mr. W. gave the animal to a bona fide hunter who came along, and limped to the closest garage, where it took quite a few bucks to repair the damage . . .

* * *

THIS BIT came in the mail the other day from some unknown who found a clipping in a Detroit paper about another former summer resident . . . Norman Panama who once lived at Boulder Park . . . In a syndicated Column by Harold Heffernan, he writes that almost anybody's liable to turn up as a movie actor these days if you look quickly enough to spot them . . . He goes on to tell of countless people from many businesses and from every group who play bit roles just for the fun of it for, as he says, there's a little ham in most everybody . . . he goes on to say that in "Knock on Wood", the new Danny Kaye musical, Norman Panama and Melvin Frank, who wrote, directed and produced it, appear briefly as parking lot attendants . . . So if you remember Mr. P. from his days here . . . take a quick look and you might recognize him . . . And a big thanks to the person who sent us the clipping . . .

AND FROM Phoenix, Ariz., a card from B. J. Cunningham who went west with the Sam Kings and daughter, Mrs. Alvin T. Bennett . . . (Sally King to you) for a vacation trip . . . Says she's having a grand time doing nothing but basking in the sun . . . She writes that the Christmas decorations are up but it doesn't seem like holiday time . . . Why? . . . you guessed it, no snow . . .

* * *

AND Speaking of Christmas, as we were, from all we hear the youngsters around town are having a wonderful time with the pictures in the Christmas coloring contest . . . It looks like great fun but then, it is limited to those in the fifth grade or under . . . We're sure that there will be a lot of fine pictures submitted for there are a lot of kids with plenty of talent . . . we've seen some of their work in the classrooms and it's really something . . .

* * *

A NOTE from the top of the world this week . . . from a U.S.A.F. base known as North Mountain . . . It's from Bill Barker who wrote to thank me for a box of candy . . . We thought the isolation up there had gotten him already until we read on and found that it had come from Helen Goldstick, a former resident who now lives in Arlington, Va., who had sent it to him after we had put his address in the Courier . . . . Seems when he wrote they were having a hot spell up there . . . Only 19 degrees below zero after temperatures that had been down to 32 below. He goes on to say that "We are now in darkness 22 hours a day . . . the sun winked for the last time this year on Nov. 1 . . . I am looking forward to the first sunrise of 1954 which is scheduled for about the first week in March here at North Mountain . . .

"The thing I miss the most are the trees . . . there's no vegetation here at all . . . only a few flowers in the summer time; we're too close to the ice cap which never thaws out . . . The glaciers come and go but the old ice cap just sheds its cold on us all the time . . .

"Then of course I miss the pretty girls strolling down the sunny streets of Charlevoix" . . . With that natural reaction, we're not going to worry about Bill cracking up . . . But all kidding aside, do you wonder now why we urge you to drop a note to these guys who are away . . . So get on the ball and send that Christmas card with a note . . . you'll never be sorry . . .

* * *

MRS. FRED Gill had an unusual birthday greeting the other day . . . A Radiogram via amateur radio from the American Radio Relay League . . . Seems her son, Cpl. Don Gill, who has been serving in Korea, had the message sent by an amateur operator . . . It was picked up by Clyde Smith, a 'ham' operator at Alden and forwarded to her . . . It also brought the good news that he was returning stateside after nearly a year in the Far East . . . We'd never heard of this service before but it's really something . . . But then, again we don't know anything about things mechanical so we could hardly be expected to know much about something that no doubt pretty familiar to ham operators.

* * *

A REMINDER . . . there are only 13 shopping days til Christmas . . .

Kiwanians Hold Birthday Dinner

The Charlevoix Kiwanis club members entertained their wives and members of the Charlevoix school faculty and their respective husbands and wives at a birthday anniversary dinner at the high school cafeteria Monday evening.

More than a hundred guests were present for the dinner and special program which followed. Mrs. J. K. Reed entertained the group with an account of her recent trip to England and the Continent.

Ralph S. Hamilton, secretary of the club for the past six years, was presented with a gift from the club in appreciation of his service in the office.

Delbert R. Terrill sang "Prayer of Peace", accompanied on the violin by [illegible] A. Onmark. Mrs. Charles Pontius accompanied by Mrs. Leonard Burns at the piano also sang a solo.

Other guests at the dinner were Harold Wetherall of Cheboygan, lieutenant governor-elect for 1954, Frank Peters of Gaylord, lieutenant governor of the district, L. S. Thomas president of the Gaylord Kiwanis club and Charles Carey of Cheboygan.

Congregational Fellowship Group Meets At Church

The dining room of the Congregational church was decorated in a Christmas motif for the regular meeting of the Women's Fellowship Wednesday afternoon.

Twenty-two members and several guests were present for the program which followed the holiday theme and included a reading "When Christmas Came to Beaver Island" by Mrs. Mina Dawson; a Christmas prayer and poem by Mrs. Harold Kohn and devotions, the real meaning of Christmas, by Mrs. Oscar Smith.

Mrs Kohn and Mrs. T. R Miller arranged the program. Refreshments and decorations were in charge of the Mary Brewster circle.

The refreshment table was tastefully decorated in an arrangement of spruce boughs, cones, ornaments and Christmas candles. Christmas music was also played. Each member brought a Christmas gift for a motherless family.

At the brief business session, Mrs. Versal Seymour was elected president to succeed Mrs. Lester Smith. Other officers are: First vice-president, Mrs. James Coleman; second vice-president, Mrs. Harold Bedford; third vice-president, Mrs. Ted Bergmann; secretary, Mrs. A. F. Novotny; treasurer, Mrs. Henry Ingalls.

Cub Scouts To Meet At Rod And Gun Club

Cub Scouts, their den mothers, Cub Scout officials and parents of members will meet at the Rod and Gun club house at 7 p.m., Thursday, Dec. 17, for the pack meeting and annual Christmas party.

Awards will be given and other business matter discussed before the Christmas party. Parents are urged to attend.

Cub Scouts Make Christmas Cookies

Cub Scout Den 2 with 12 cubs present met at the home of their den mother, Mrs. Ralph Hamilton last week.

The boys made Christmas cookies, enjoyed a pancake supper and a lesson in new tastes, chestnuts, which they roasted. Many of the boys had never tasted chestnuts before.

School Officials Attend Meetings At Higgins Lake

The eighth annual conference of the Central Michigan School Administrators Research Association was held at Higgins Lake Sunday and Monday.

Among those attending from the area were Supt. R. G. Bennett, Charles R. Robinson, Charlevoix county superintendent of schools, Supt. E. E. Wade of East Jordan and Supt. L. E. White of Boyne City.

Administration and school finances were the principal topics discussed at the two-day conference.

Edward Ray of the Michigan Conservation Department spoke on the subject, "Three Races of People", tracing mankind from its earliest history to the present day. Everett Luce of the State School Board Association chose "The School Board Superintendent Team Conference". "Newspaper-School Cooperation" was the subject discussed by Prof. MacIntyre of the Department of Journalism at Michigan State college.

At Monday's meeting Harold Brown of the Department of Public Instruction spoke on "State Education Finances" and A. C. Plummer of Weidman discussed "Tax Allocation and Millage Spread".

Northern Jobber Group To Offer Students Award

Charlevoix county students will be among those from 24 northern Michigan counties eligible for scholarships to either Northwestern Michigan college in Traverse City or Alpena Community college for 1954-55 under provisions of a unique scholarship program announced this week by the Northern Michigan Jobber Group, newly-organized association of automotive parts dealers.

The program to provide tuition scholarships to the two regional educational institutions was worked out by the Jobber Group as a community project in lieu of presenting customers of auto parts jobbers with Christmas gifts.

The plan calls for one scholarship to be made available from each of the 24 counties extending from the Straits as far south as Oceana county. Recipients of the tuition scholarships will be selected by the scholarship committees of the two colleges on identical standards involving academic ability and financial need.

The scholarships will be offered for the college year beginning next September with announcement of the awards to be made next spring or as soon as applications are completed from students in the area counties.

Determination of which counties will send their scholarship winners to Alpena and which to Traverse City will be made on a geographic basis by the Jobber Group.

Members of the Jobber Group underwriting the novel scholarship program are from Traverse City, Petoskey, Cadillac, Manistee, Ludington, Cheboygan, Gaylord and Alpena.

Public Invited To Series Of Lectures By Rev. E.F. Denay

A systematic series of religious lectures will be presented by the Rev. E. Francis Denay, pastor of St. Mary's church, beginning Wednesday and held weekly thereafter, it was announced this week.

The theme of the lecture series which will be presented at St. Mary's school hall at 8 p.m. each Wednesday will be in the words of St. Paul "to give a reason for the faith that is in you."

The series will cover the complete field of the doctrinal and moral aspects of religion. The truths that the Creator revealed in part in the Old Testament and which was perfected by His Son, Messias, in the New Testament will be correlated. These truths will be dealt with from the triple viwpoints of history, sacrd Scripture and reason.

The public is most cordially invited to attend the series.

When Life Looks Empty

Brooks look like empty things, mere water dashing over sand and rocks and sparse vegetation. But appearances are deceiving: A brook teems and boils with life. During much of the year insects hatch there and emerge from the flowing waters by the thousands, and insect-catching birds gather a bountiful harvest. Trout dash to cover under overhanging banks and among twisted water-soaked roots. When danger is past they appease their hunger upon the larvae that crawl over the rocky creek bottom, the insects that fall upon the stream's surface, worms that blunder into the current, and the minnows that dart about in wild retreat. Crayfish lumber awkwardly to and from their burrows in the banksides or retreat to hiding under stones. Even in winter Nature's lethargic period, running water swarms with insects that refuse to be lulled to sleep. Snails, the stream's cleaning women, go about their task of taking care of the garbage and debris. Small, soft-bodied flatworms, the planarians, glide over algae-covered stones.

Summer and winter the brook is visited by Nature's children who have the wisdom to look beyond appearances. They know it isn't an empty place but a full pantry with food hidden all about. The raccoon comes seeking frogs or crayfish. He turns over rocks and finds there snails, mussels, and water insects. Fish and crayfish are caught by the lithesome mink. Man quietly makes his approach, letting down his line for the speckled trout. To the casual observer, a brook is but empty water rushing over sand and rocks. But really it is one of Nature's well-provisioned cupboards, filled with sustenance for her hungry children.

Trouble is like a brook. It seems empty of any good. But there are hidden resources there that can feed the soul. Courage is found there. It cannot be found in an easy chair. Courage comes to those who use what little they already have, just as muscular strength is developed by exercising the muscles we already have. And trouble calls for the exercise and the growth of courage.

When we ask God for courage and He sends it, it arrives in some opportunity for practicing it, such as sickness, an accident, a family problem, a bereavement. I cannot believe He sends the particular misfortune that tests the mettle of our souls. That may come through our ignorance, our carelessness, a human weakness and susceptibility to ailment. But God helps us to see the problem as opportunity for spiritual development. While He doesn't give us trouble, He does grant us insight and vision to see that life's problems are not empty of good but full of opportunity.

Sidney Lanier, the nineteenth century American poet, whose most moving writing was produced while his body was wracked with ravages of tuberculosis, knew this secret and expressed it beautifully in his poem, "The Marshes of Glynn."

> "Ye marshes, how candid and simple and nothing-withholding and free
> Ye publish yourselves to the sky and offer yourselves to the sea!
> Tolerant plains, that suffer the sea and the rains and the sun,
> Ye spread and span like the catholic man who hath mightily won
> God out of knowledge and good out of infinite pain
> And sight out of blindness and purity out of a stain."

Trouble is resourceful. Hidden below its surface there is spiritual food that will strengthen and sustain the spirit. When life looks bleak and empty, we must remember that appearances are deceiving. Like the brook, trouble is one of God's well-stocked cupboards.

Aldrin Successful In Controling Wireworm

Wireworms, long a headache for Michigan potato growers, now can be controlled with aldrin, experiments at Michigan State college show.

Tests by M.S.C. entomologists indicate that two to three pounds of the 25 per cent aldrin will do the job if it is applied to the soil before planting potatoes. An organic soil . . . muck . . . would require more of the chemical . . . three pounds compared to two pounds for a mineral soil.

The use of aldrin has not affected the flavor of potatoes in the M.S.C. tests and the chemical has been approved by the federal government for use in controlling wireworms.

Test for Brine

C. R. Brown, one of Michigan's oilwell inspectors, here uses the "field method" of analyzing runoff waters at a well near West Branch. If Brown tastes brine or other polluted runoff material, the petroleum driller nearby will be asked to mend his ways or face a court. With Brown is conservation officer Ralph Fisk of West Branch. State petroleum operations are strictly supervised with men such as Brown keeping close watch on pollution dangers along lakes and streams.

Levinsons Retire From Business

(Continued from Page 1)

Charlevoix post office. As the business expanded, they acquired the entire first floor of the building now known as the Lewis building and the postoffice was moved across the alley to the space now occupied by the Charlevoix Abstract and Engineering Co.

During their years in Charlevoix the Levinsons have not devoted all their time to business, however, for they have become good citizens of the community, serving in many capacities in civic and fraternal affairs.

Mr. Levinson represented tha third ward on the city council for several terms; is past president of the Charlevoix Hospital board of directors on which be served for eight years; is a charter member and past president of the Charlevoix Kiwanis Club and has a perfect attendance record for the 19 years he has been a member; is a life member of the Charlevoix Masonic lodge in which he has held all major offices. He has also found time to serve on many community projects and committees during the past half century.

Mrs. Levenson has also taken her place in community affairs. She is past president and a member of the Shakespeare Study Club, a life member of the Eastern Star and past president of the Charlevoix Hospital Auxiliary, which played a major role in the early history of the local hospital.

They have also reared two children, a son, Charles, who now lives in Milwaukee, Wis., with his wife and two daughters and a daughter, Sybil, who resides here with her parents.

And what do Mr. and Mrs. Levinson plan to do now that they hava retired from tha business world? Both had e quick answer: "Settle down to enjoy ourselves, our home and our friends." Both egree it's not going to be as difficult as thay thought for already they era enjoying things they haven't had time for before.

Right now they're making plans for an extended trip to Florida for the winter months. And after that they plan to return to Charlevoix and 'just live' in the house they have called home for the past 37 years.

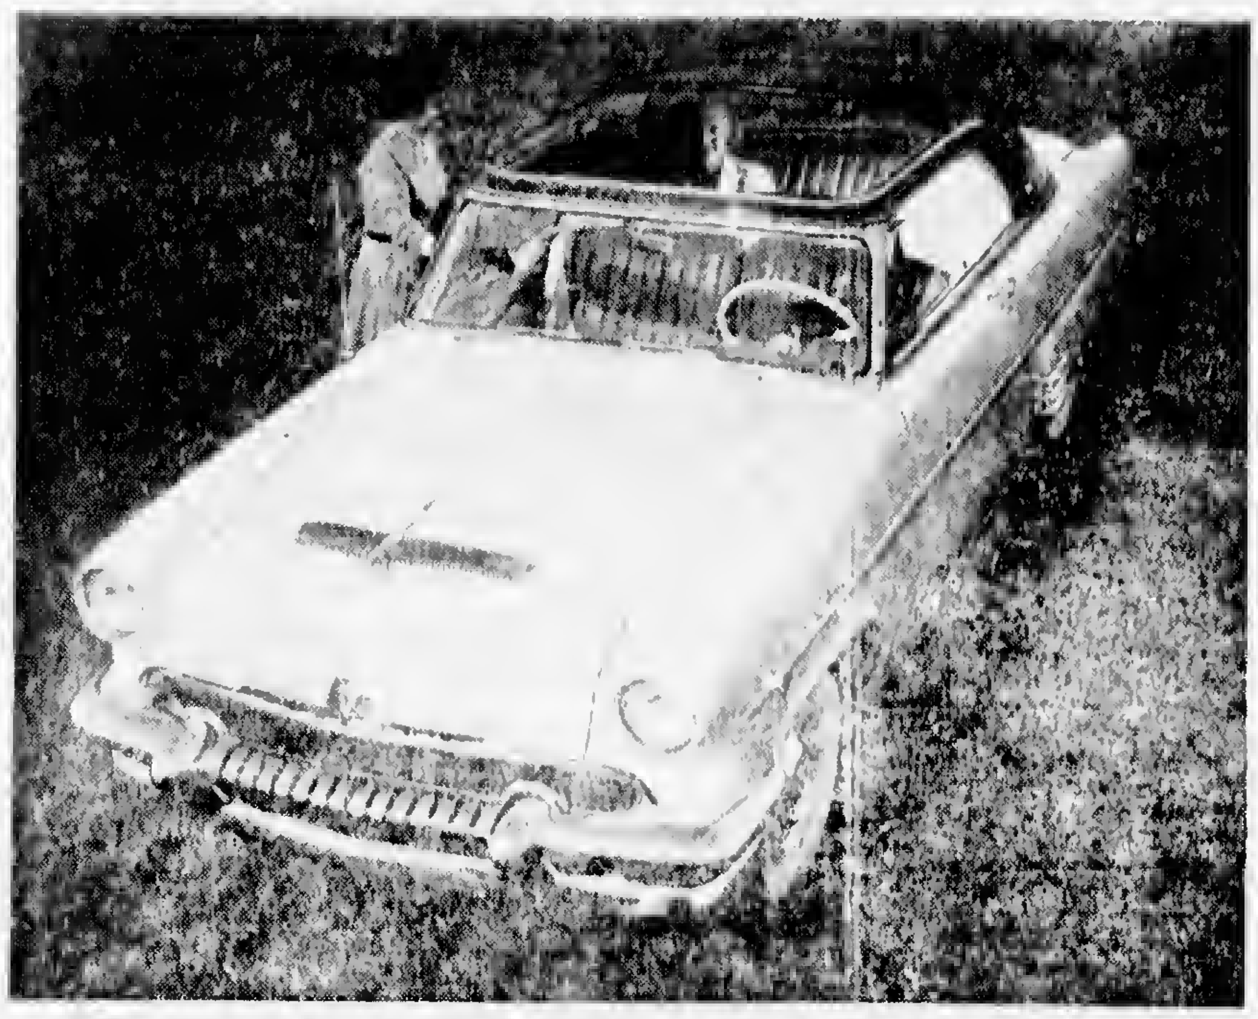
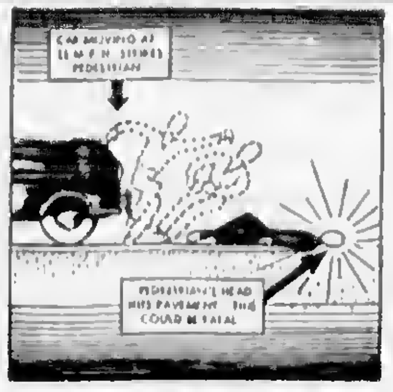
Mercury Introduces New Body Type For '54



First new body style in the automobile industry since the hardtop! That's the 1954 Mercury Monterey "Sun Valley," a sports coupe with transparent plexiglas replacing steel over the front section of the roof. This quarter-inch thick plastic roof is tinted green to minimize light glare and is the first American production car of its type. Special interior trim combinations, and exclusive exterior color schemes characterize the "Sun Valley". Like all new 1954 Mercury models, it is powered by an entirely new overhead valve V-8 engine developing 161 horsepower.



CAR MOVING AT 3 M.P.H. STRIKES PEDESTRIAN
PEDESTRIAN'S HEAD HITS PAVEMENT. THIS COULD BE FATAL

Many motorists spend so much time thinking about the fact that high speed is dangerous — and it is — that they forget that even very slow speeds can be fatal — to pedestrians.

This threat to life exists because the pedestrian's head is so soft and the pavement is so hard.

Pedestrians are so fragile, compared to the automobile and the pavement, that killing them takes very little movement. Even 3 miles per hour is enough, and few people drive that slowly. Once the car bumper gets behind his knees and his head hits the pavement it's all over.

When you see that pedestrian, slow down, not just a little but a lot — enough so that you can stop without touching him.

Hints for Farmers

Lamb feeding will be profitable this winter, Michigan State college agricultural economists say. They point out that prices of feeder lambs are low enough for positive margins between fat lambs and feeders.

Wool prices in 1954 will average about the same as this year's, the economists add. Wool prices will be determined mainly by support prices.

Debeaking chickens may be necessary to prevent cannibalism in the flock, says Michigan State college poultry specialists. About one half or slightly more of the length of the upper mandible is removed. That makes the chickens unable to grasp feathers or tissue but does not impair their ability to eat.

Farmers now are getting 45 cents of the consumer's dollar when you figure all foods together, Michigan State college economists point out. The other 55 cents goes for processing, packaging, transportation and retail.

The Sixth Pan-American Highway Congress will open a 10-day meeting in Caracas, Venezuela, on July 11, 1954.

Buy All You Can!

BUCHANAN—"Isn't he cute?" Stella and Della Norris, 10 year old twins, admire carolling child on 1953 tuberculosis Christmas Seal. There's a big reason for the beaming smiles. Father of the girls, Wallis Norris, recovered from tuberculosis. Aided by past Christmas Seal purchases, the father's TB was found in time in a chest X-ray drive, programs which the current Christmas Seal sale will help support next year.

Michigan Mirror

INTERPRETING THE NEWS

by Gene Alleman

WHAT can you expect of the next session of the legislature?

Answers for that question are appearing with increasing tempo and can be expected to do so until the session convenes Jan. 13, 1954.

A brief session was predicted for a time, but no longer. Talk about a 30-day meeting is dead. Too many controversial issues are already apparent.

Rep. Wade Van Valkenburg, Speaker of the House who should have a good idea about the situation, doesn't predict the number of days. But he does venture the opinion that it will last longer than three months.

Upward of 130 bills are already submitted. Some of them will demand [illegible] enactment, hence much [illegible]. Others are what might be [illegible] offered year after year by legislators who want to make a political impression back home. The proposals fall by the wayside each session, only to be [illegible] another time.

* * *

NO NEW tax bills are expected. [illegible] complete workout. The Conlin bill, a proposal to change present sales tax diversion law, is one of the most important issues to be submitted, says the Speaker of the House. Under present methods the legislature appropriates sales tax money from the previous year for year following. This two year lag could easily cause serious trouble. Economic conditions can change a great deal in two years. Needs of one period might bear no relationship to the money available from two years previously.

All this is changed under Rep. Conlin's plan. Money would then be divided on a current basis. Every three months the sales tax pie would be cut.

* * *

UNEMPLOYMENT insurance will be considered with an eye for change. During the last session the governor vetoed a bill which increased payment periods from a 20 week to a 26 week and which reduced insurance rates in firms having few claims. He wanted the amount of the weekly check increased.

This proved somewhat embarrassing to Gov. Williams. The extensive [illegible] shutdowns and the [illegible] threw thousands out of work soon after his veto. [illegible] these people from receiving longer benefits.

Speaker Van Valkenburg expects that new proposals may increase weekly benefits from $27 to $30 and make other changes.

"One increase will lead to another", predicts House leader. "If unemployment is upped", he says, "workmen's compensation provisions will also be increased." There is a basic feeling that [illegible] from these two programs should maintain a fixed relationship.

* * *

BONUS FOR Korean veterans may offer a band-wagon bill for legislators. The question was raised last session but died for lack of support of organized veteran groups. Sides to the question boil down to: we paid World War II veterans, thereby setting a precedent. And conversely: it looks like we'll be having veterans from now on. A continual bonus program is too gigantic a proposition economically and of no benefit, even to the veteran himself, in the long run.

Capital punishment proposals in cases of kidnap and murder are already in the hopper. Recent crimes are expected to spur support for this law. But old arguments that death sentences do not deter criminals (as in the Greenlease case) will also be heard.

* * *

A STATE speed limit is ready to be introduced. Suggested tops are 65 miles per hour during the day, 55 at night. Another safety matter is the question of compulsory automobile insurance for all drivers. Private companies, which may surprise many, oppose this proposal strongly. They are said to be busy working up a plan which would have a similar effect.

Insurance people shy away from most compulsory insurance plans from the long range fear that a government could take over the entire [illegible] at a later date.

* * *

MANY [illegible] will be heard when the legislature [illegible] to the serious business of appropriations. About $50 million is requested for capital outlay, most of which is needed for expansion of educational facilities. MSC and U of M both need libraries; Western State in Kalamazoo and Michigan State Normal in Ypsilanti both need new gyms. Both of the latter may finance field houses by self liquidating bond issues.

There is a serious need for prison and hospital expenditures.

"Work can start in this session much sooner than last year," says Wade Van Valkenburg. He points out that the group is already organized, committees are ready to start; bills have been printed.

When the legislators gather on Jan. 13, their work is waiting for them. They write their own records by the arguments they present and the laws they pass.

Rayders Come Back From A Slow Start

The Charlevoix Rayders successfully defended their Northern Michigan Class C title against a much improved Boyne City aggregation Friday night with a 56-42 victory over the visitors.

The Rayders will continue to see plenty of action during the next ten days as they invade East Jordan Friday night to take on the Red Devils who Friday won over Pellston 43-28 and on Tuesday travel to Grayling to meet the Vikings.

The local five got off to a slow start against Boyne City before tying the score 11 all at the quarter but in the second period they started to find their stride and moved into a 30 18 halftime and 44-30 third quarter leads.

The visitors came to life in the last period, however, and cut tho lead to eight points before the Rayders pulled away for a 14 point victory.

In the starting line-up for the Rayders were guards Bill Bennett, who tallied 27 points, and Tom LaBlance, center Gordon Mol and forwards Mark White and Dave Glassford.

The visitors scored first on a field goal and a free throw by Erber, before Glassford scored a free throw for Charlevoix. Two quick field goals by Chub Rothenberger gave the Ramblers a 7-1 lead before the Rayders moved ahead for the first time on a field goal by White, a free throw by LaBlance and two field goals by Bennett. Mol added three points on a field goal and a free throw and Rothenberger and Nels Northrup each scored field goals as the period ended 11-11.

An exchango of field goals by Bennett, Rothenberger, White and Erber brought tha scoro to 15-all in the sacond period before Mol and Bennett connected for fiald goals for a 19-15 laad which the Bamblers naver overcame.

Mol added five points on two field goals and a gift shot and Benoett added a long one while Northrup collected a gift shot as the local five forged ahead 26-16. Bennett made it 30 points for the Rayders on a field goal and two free throws and Erber added a field goal as the half ended 30-18. Dwain Walker and Quint Walker had replaced Glassford and White late in the period.

White opened the third period, with a field goal, with Bennett adding four points on a field goal and two gift shots and Glassford sinking three field goals to give the Rayders a 42-22 lead midway in the period after Murray Northrup had scored a field goal and Don Milbrandt two free throws for the Ramblers.

Joe McDermott, who entered the line-up during the period, scored a field goal for Charlevoix and Northrup and Erber added two field goals each as the period ended 44-30.

McDermott John Connolly, Guy Swanson and Bill Haggard joined the line-up during the third quarter.

Early in the last quarter Tom Whale scored three field goals and Northrup two free throws while Bennett scored only two points for the Rayders on a field goal to cut the Rayders lead to eight poiots as the score stood 46-38. Bennett quickly added insurance with three field goals and a gift shot as the Rayders pulled into a 53-40 lead. White scored a free throw and Glassford a field goal to give Charlevoix 56 points and Northrup scored two free throws and a field goal for 42 points for Boyne City as the game ended.

Charlevoix guard, Bill Bannett (No. 4) goes up to score one of the field goals which gave the Bayders a 56-42 win over the Boyne City Ramblers here Friday night.

In on the play were Boyne forward Chub Rothenberger (33), Boyna center Nels Northrup (55) and Raydar forward Gordon Mol (in the background).

Last Week With Class 'C' Teams

While Charlevoix was defeating Boyne City 56-42 in the local gym Friday night, Gaylord was upsetting Harbor Springs 41-37 and East Jordan was winning over Pellston 43-28.

At Gaylord the Harbor Springs Rams, playing without top scorer, forward Stan Pifer, who has pneumonia, went into a 11-3 first period lead over the Blue Devils and stretched it to 19-3 in the second period before Gaylord's offense started to click and they cut the score to 24-17 at halftime. The Rams still led 33-24 as the last quarter started but the Blue Devils caught fire and outscored them 17-4 for the game.

Carlton Seely racked up 12 points for the Rams and Bob Schlang accounted for 14 for the victors.

At Pellston the Jordanites, led by Keith Evans and Bobby Danforth with 11 points each, were ahead 13-9 at the quarter, 21-18 at the half, 32-25 at the third period. Bob Kudy scored 11 points for the Hornets.

Reserves Open Season With A Solid Victory

The Charlevoix Reserves opened their 1953-54 season in an impressive manner Friday night with a 50-31 win over the visiting Boyne City Reserves.

After a slow start the local five held a slim 5-4 first period lead but Boyne City tied the score 11-all at the half. The little Rayders came back for a 26-21 third period quarter lead and outscored the visitors 24-10 during the last quarter for a decisive win.

In the starting line-up for the local fiva were Bill Kolker, who transferred here at tho beginning of tho school year from Muskegon where he playad with St. Jean's squad last season: Gary Vandenberg, Walt Pouquette, Kit Carson and Bob Mathews.

Mathews and Dick Elzinga who went into the line-up early in the period each scored a field goal and Pouquette a free throw to give the Rayders their first five points.

In the second period, Kolker and Mathews added another two points each on baskets and Pouquette and Joel Arvilla collected one each on fouls for another six points. The halftime score was 11-all.

The local quintet scored 15 points in the third period on four field goals by Kolker, a field goal and a gift shot by Joe Etienne and two-pointers by Arvilla and Charles Dennis. The poriod ended 26-21 in Charlevoix's favor.

The going got rough in the last period with Charlevoix outscoring the visitors 24-10 with Kolker again scoring eight points on three field goals and two free throws. Mathews added another three field goals for six points, Glenn Ikens tallied five on a field goal and three gift shots; Arvilla scored two points on a field goal and Richard Bolton two on gift shots and Carson one on a free throw.

Kolker laad the Rayder scoring attack with 18 points: Mathews had 10; Ikens and Arvilla five each; Etienne three; Pouquette, Elzinga, Bolton and Dennis two oach and Carson one.

Boyne's Juday lead the scoring with 20 points.

Others who played were Gary Smith, Ron Coleman, Fred Putman, Phil Timmer, Terry Davis, Ken Balch, Bill McClanahan, Bill Geer, Norm Helms and Charles Pierce.

Rayders Travel To East Jordan For Second Game Friday Night

The potential strength of the Northern Michigan Class C league should begin to make itself visible during the next two weeks as all seven teams fill jam-packed schedules.

Friday night will find Charlevoix traveling to East Jordan; Boyne City hosting Gaylord; Pellston playing at Mancelona and Harbor Springs entertaining Grayling, a former league member which will regain full membership next fall.

The same eight teams will play again Tuesday with Charlevoix traveling to Grayling; East Jordan playing at Harbor Springs; Pellston journeying to Gaylord and Boyne City hosting Mancelona.

Charlevoix will invade East Jordan this week to defend their league title for tho second time against a team which defeated thom in the tournament last spring for the district and regional title. The line-ups of both teams have changed drastically since that time, however, and this year's squads will be judged on their performances this week rather than on past successes or defeats.

East Jordan has two wins to date, a non-loop 62-37 victory over Class B Alpena Catholic Central and a 43-28 win over Pellston last Friday. Lead by veteran Keith Evans, the team has displayed a fighting spirit typical of East Jordan teams and are expected to be in top form for the game with their traditional rivals, the Rayders.

Charlevoix, on the other hand, showed promise in their opening game against Boyne City which they won 56-42 and will be busy this week polishing the rough spots which were much in evidence in last week's game. As always against traditional rivals, the game will be close.

The Pellston Hornets gave the Jordanites a close game for three periods Friday night before going down to a 43-28 loss but showed more strength than they have displayed for a couple of years. This plus the fact that they have had another week's practice and a non-loop game with Rogers City Tuesday night should put them in good form for their meeting with the Mancelona Ironmen. The Ironmen made their first appearance against Kalkaska Tuesday night. On paper they have everything . . . experience, depth and height and should shape up into a fine squad that will give all oponents a tough time this season. The game between the Hornets and Mancelona should be close.

Tho Boyno City Ramblers, who showed graat improvement after thoir initial appearanco against Petoskoy, will give all comors plonty of trouble befora the season is ovar. Though inexperienced, tho team has height and groat possibilities and should take form beforo the season progresses too far.

Gaylord came from behind last week to trim Harbor Springs 41-37 to prove that they have a fighting spirit and the material for a good team made up of several regulars and lettermen. The game Friday will pit two up and coming teams against each other and should be another close one.

Harbor Springs will be hosting Grayling in a non-loop game after playing the Class D champs, Ellsworth, Tuesday night. The Rams played Gaylord Friday night without veteran Stan Pifer who was recovering from an attack of pneumonia but Coach Dick Boles said Pifer was back in school this week and may be back in the line-up, probably on a limited basis. The team, which dropped its opener to Gaylord 41-38 should be strengthened by Pifer's return and should be ready for the Vikings after another week's practice. The Vikings lost one man from last year's squad which made a good showing in the now disbanded North Central league and should give the Rams a good game.

At this early date, all teams in the league look good and show possibilities. It is possible that the championship race will develop into a battle all the way with each team a contender until the finish.

Michigan State college economists expect greater stability in cattle prices in 1954, although marketing will continue about as large as in 1953.

Smokey Hospitalized

Smokey Bear, the five-foot mechanical bruin used to publicize the continuing fight against forest fires, just got plumb wore out from overwork recently and was sent to the "hospital" for treatment. Smokey is wired for sound and made of wood and metal, but conservation department workers who use him at school, sportsman club and other meetings maintain he is nearly human. Here his removable head watches intently as "Doctors" Paul Boetcher, left, and Ernest Branchaw of the Houghton Lake forest fire experiment station operate on one of Smokey's knees.

Annual Firemen's Supper

Those who missed the Firemen's Annual Dinner Monday night in the Community Hall missed a good talk by Dick Lather and of course, a delicous chicken dinner with all the trimmings.

The Firemen had invited as stone served the guests and Mr. Township board members and wives or friends and the Village Council their wives or friends.

Sue Kaley and Karen Johnstone served the guest and Mr. and Mrs. Don Campbell of the White Swan Restuarant, prepared the dinner with Mrs. Fred Denny assisting.

A gift from the firemen was presented to the fire chief, Peter Wieland who expressed his appreciation for the gift.

IT HAPPENED ON ....
BEAVER ISLAND

By Loyola Malloy

J. H Gallagher was a business caller to Charlevoix last week.

The monthly meeting of the Beaver Island Civic Association was held last Thursday evening.

After 16 days of deer hunting the hunters are finally getting back into the swing of working. The total on the deer taken here was 31.

A J. Roy of Pontiac flew to the Island Sunday.

LaDonis Mooney, son of Mr. and Mrs. Francis Mooney was taken to Charlevoix hospital Sunday morning.

Mrs. Ceil Kinny and daughter, Marilyn, left last week for Detroit where they expect to spend the winter.

Harry Gottlieb of Three Rivers was on the Island for a few days last week.

Mr. and Mrs. Francis Ricksgers of Detroit, former residents, are the proud parents of a daughter, Erma Louise born on Nov. 21.

Mrs V. H. LaFreniere and son, Paul, went to Charlevoix to visit Mrs. LaFreniere's mother, Mrs. Erwin Belfy Sr. who isn't feeling too well.

Maria Gallagher was in Charlevoix from Tuesday until Friday last week

Mr. and Mrs. Wayne Long of Pontiac are the parents of a baby girl born Dec. 1. Mrs. Long is daughter of Elizabeth McCauley from the Island.

Sunday afternoon the Coast Guard and the Island lads had a basketball game in the Parish hall. It was the first game of the season.

We have been having some terrible weather. Snow, rain and wind, mostly rain and wind. The North Shore was unable to make its Friday trip because of the high winds. It made the trip Saturday but I don't imagine they had a very good crossing.

Word has been received from several of the sailors that they are laying up their boats, so I don't imagine it will be too long before they are all home again.

Farmers who are established and solvent are advised by Michigan State college agricultural economists to keep out of debt, modernize homes where needed and protect their properties with insurance.

The Michigan State Highway Department has experimented several winters with a new type of snow fence, a two-ply paper with asphalt between. The experiment has proved quite successful and will be continued. Paper snow fence is easy and inexpensive to install and maintain.

Plan Series Of Meetings To Acquaint Farmers With New Agricultural Program

The Charlevoix County ASC (formerly PMA) Committee, with the co-operation of Extension Service, Soil Conservation Service and Forest Service representatives will conduct a series of meetings for the purpose of better acquainting farmers with the objectives of the 1954 Agricultural Conservation Program

At these meeting requests from the farmer for cost-sharing by the Federal Government will be accepted for the 1954 ACP program Members of the various USDA agencies will be present to give all possible assistance to farmers in deciding on the soil building or soil conservation practices most needed on their farms and to accept their requests for cost-sharing for such practices.

The meeting dates are as follow Dec. 14, 8:30 p m, Agricultural room, East Jordan high school, Dec 16, 8:30 p.m., Agricultural room, Boyne City high school, Dec 17, 8:30 p.m., Hot Lunch room, Charlevoix high school.

Since there will be no farm to farm visits by the community committeemen, as in the past, all farmers are urged to attend one of these meetings where they will have an opportunity to request cost-sharing for their most needed practices for the coming year. Requests for cost-sharing will also be accepted at the county office until Jan. 10, 1954

NEW STYLING, NEW INTERIORS! Mercury is completely new in design, front and rear—looks wider, longer, lower than ever. Stunning new colors, many new fabrics never before available.

Entirely new performance that makes any driving easy!

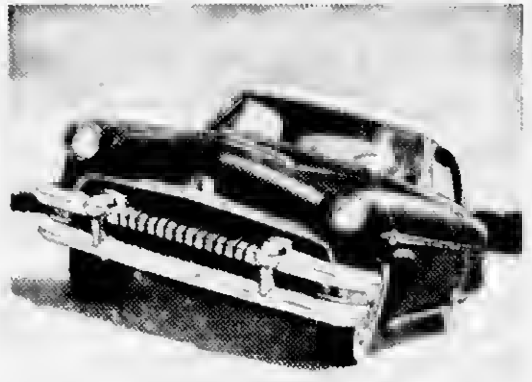
Driving ease is something everybody wants—but you don't know what easy driving is until you drive this new 1954 Mercury!

The new 161-horsepower V-8 engine is only part of the story. New engine design gives you the easiest, smoothest, *safest* response you've ever experienced in an automobile—and with greater economy, too. You use only a small part of that energy for normal driving—so you've a tremendous reserve available on hills, highways, in traffic, *anywhere.*

Ball-Joint Front Suspension is found only in Mercury in its price class. A few minutes behind the wheel of this wonderful 1954 Mercury can tell you far more than words how much easier and safer it makes cornering, turning, and parking.

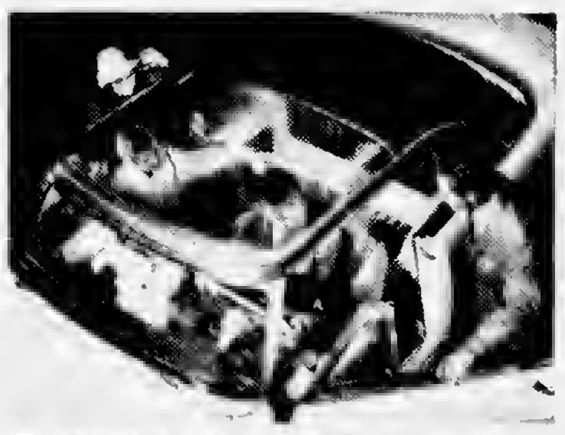
For the easiest driving you can buy—drive a Mercury!

All-new V-161 for easier handling! Here's the finest engine ever used in a popular-priced car. And it has a new 4-barrel vacuum-operated carburetor and overhead valves. Its 161 horsepower gives Mercury more power per cubic-inch displacement than any car in its class for easier, safer acceleration . . . and even greater economy.



New ball-joint suspension for easier, safer control. This is a Mercury first, exclusive in its class—and gives an effortless new kind of handling ease: better cornering and road stability, easier parking.

Make driving as easy as you wish—5 optional power features! 1) 4-way Power Seat, 2) Power Steering, 3) Power Brakes, 4) No-shift Merc-O-Matic Drive or gas-saving Touch-O-Matic Overdrive, and 5) Electric Power Window Lifts.



First transparent-top production car. The Mercury Sun Valley opens up new horizons in automotive design—a dream car of tomorrow come true today. Now you can enjoy overhead visibility with the comfort, the wind and weather protection of a coupe. The permanently fixed plexiglas roof is specially tinted to keep out glare. Exclusive interiors add to its distinction. The cost? Much less than you would expect. Here's the car that will cause more excitement than any other on the road in 1954!

Rodney Creede Announces Plan To Open Dancing School Here Saturday

Plans for the dancing school to be opened Saturday by Rodney Creede who came here recently from Montclair, N. J., to make his home, were announced this week.

Classes in tap and ballet dancing will begin at 9 a.m. Saturday at the I.O.O.F. hall and will continue weekly through the winter months. One hour lessons will be offered weekly to students who will be assigned to classes according to abilities.

Registrations are now being accepted and will continue through Saturday for the classes which will begin at that time.

Tentative plans for ballroom dancing classes for students of junior high school age and a junior assembly for high school students are also being formulated at this time.

The former will be open to students in the fifth through the 8th grades and would be held at the school one night each week. The junior assembly program will be held once every two weeks and will include one hour of instruction followed by a period of informal dancing and special dance numbers.

Both programs which will be put in operation early next month will include instruction in all the basic dances including the foxtrot, waltz, rhumba, tango and other as well as ballroom etiquette.

Mr. Creede, who is opening the school, has danced since childhood and has taught dancing for the past 17 years. He has studied with Scoboda and Medame Yuriva and has danced professionally with Mitzi Mayfield and other equally well-known dancers.

He is married to the former Bette Ross. They have two children, Michael and Bensie, and make their home at 707 Grant st.

Further information may be obtained or registrations made by calling Mr. Creede at his home and attending the dancing school at the Odd Fellow hall beginning at 9 a.m. Saturday.

Girligigs

Hello again, Santa;

Starting out this week by sitting down on the job. Picked a pretty good place, too . . . at Hess Furniture where I picked out a smart TV chair and sat and watched television for a minute before I proceeded to keep last week's promise to you . . : to pick out your gifts for the boys.

• • •

Looking around, I saw some good looking Samsonite Luggage that men particularly like because of it's smart looking durability . . . shining new smoking stands, modern adjustable reading lamps . . . and for the disappointed hunter this year, a Helmscene picture of a couple of the elusive bucks. (The furry ones, I mean.)

• • •

In Joe Williams' window I spotted a gift pack of leather slippers and pipe . . . scuffs and puffs done up together!

• • •

The town is showing all kinds of sporting equipment . . . skiis, toboggans, skates, hunting and fishing gadgets . . . and bow and arrow sets for the kids that are being assembled by some of their own moms and dads right here at Stream-Eze!

• • •

Bergeon's is featuring a wonderful selection of Marborough sport shirts . . . wool flannels, wool jerseys, corduroys . . . and a special cotton Vermeer fabric that looks like wool and is imported from Holland.

Also at Bergeon's are the latest in television striped ties by Superba . . . Thunder Bay wool quilted jackets and surcoats . . . paisley pajamas . . . and something that would be just okay for any man but you, Santa . . . a pair of silver devil's heads for cufflinks!

• • •

Fay's hadn't received their shipment of men's Arrow shirts, ties and handkerchiefs but they were expected any day . . . certainly liked the looks of their long sleeved turtle-necked T-shirts for men, tho' . . . they are in red, white, blue, beige and brown. Smart for the sportsman.

• • •

Any man who likes something different in the way of cheese snacks would love to get an assorted cocktail assortment that is arranged in individual shot glasses and tweedily boxed.

Mailhot's is showing imported linen handkerchiefs . . . and Paris initialed leather belts with stunning pearl buckles. Something new in Charlevoix are the hand tied bow tie clip-ons in real natty patterns . . . and such good looking white Swiss ski sweaters!

The men's favorite glove . . . the Stadium glove, is at Mailhot's in blue, grey and beige. Really stunning is a cashmere, in winter white or beige, that has an imported chevreau palm.

• • •

S'pose you will be doing your shopping at the last minute, too on men's night in Charlevoix, December 21st. . . . and women aren't allowed out that night so I won't be seeing you.

• • •

But just in case the whole town is sold out by the time you get your wonderful self around, I think I can safely say that you can give any or all of the men a mink coat . . . am I right, girls? (Size twelve for the Boss.)

Charlevoix County Farm News

Complete Study Of Electricity Used In Farm Operations

Two farm families, one in Antrim county and one in Charlevoix, have measured the amount of electricity used on each appliance for a full year. A report issued by Ed Rebman, the Agricultural Extension Agent of Charlevoix, shows the amount of electricity used and the work done by each. The farm families cooperating were Mr. and Mrs. Gerrit George Drenth of Ellsworth and Mr. and Mrs. George Klooster of East Jordan.

Separate meters measured electricity used by the milking machine, the milk cooler, the water pump and the milkhouse water heater on each farm. In the home the meters measured the energy used on the stove, the home freezer, refrigerator and hot water heater. A barn cleaner and a five horsepower hay drying fan were also measured at Kloosters.

Pumping water used only 3½ per cent of the 25,000 KWH used on the two farms. Pumping water for the home, the cows, chickens and pigs, the garden etc., used 512 KWH at Kloosters for the full year; 350 KWH at Drenths.

Milking 15 cows a day on each farm used just over one KWH a day. Cooling the milk took less than one KWH a can at Drenths: 1995 ten-gallon cans of milk were cooled using 1,425 KWH. At Kloosters, cooling used a good deal more electricity. It took 2,732 KWH to cool 1,593 cans. This shows the importance of having the right machine for the job at hand. While Drenths' cooler is a modern immersion cooler, Kloosters' is older; is too large for the amount of milk cooled and was built for cooling milk in bottles. A machine in poor mechanical condition or of the improper size may be quite expensive to run.

The electric gutter cleaner at Kloosters used less than a KWH a day. The hay drying fan used 1,668 to dry 50 tons of hay; less than the expected 50 KWH per ton as the weather was very favorable.

Hot water for the milkhouse took about four KWH per day. Hot water was used for washing utensils, for washing udders, feeding calves, chickens, pigs and other uses.

Hot water for the home was the largest user of electricity of any of the appliances measured. Thirty gallons of hot water were used each day for dishes, laundry, bath, cooking and many other uses; and 8.5 KWH were needed to heat it.

The cook stove at Drenths cooked three meals a day for a family of six, a total of 6,570 meals for the year. 1,430 KWH were used to operate. Kloosters used their stove only part time; it used 920 KWH during the year.

The two 14 cu. ft. freezers stored 1,000 pounds of beef, pork and chicken, plus 150 quarts of fruits and vegetables. Use was almost the same on each farm, 568 KWH at Drenths, 572 at Kloosters.

Drenths' 9 cu ft. refrigerator with two cu ft. freezer on top stored the family food using almost two KWH a day for the year. Kloosters' refrigerator, without the freezer chest, used less than one KWH a day.

Small appliances not metered included the lights at the house and barn, the yard lights, the iron, toaster, waffle iron, mixer, radios, fans, small tools, etc. Together these appliances used 1,988 KWH at Drenths, about 18 per cent of the total used. At Kloosters the 1,793 KWH used was 13 per cent of the total used.

Electric use varied some from season to season but not so much as might be expected. Miscellaneous appliances (including lights) varied the most. Almost twice as many KWH (202 per month) were used during the winter as during the summer months. The only other appliance measured with larger winter use than summer use was the milkhouse water heater. It used 131 KWH per month in the winter, 107 in the summer.

Heavy summer users included the milk cooler, 204 KWH average per month in summer, 142 KWH in winter; the home freezer, 60 KWH average per month in summer, 35 in winter, and the water pump, 50 KWH average per month in summer, 29 in winter.

A special illustrated report has been prepared showing the appliances tested and the electricity used. Copies can be obtained from any Agricultural Extension Office.

These young sons of Mr. and Mrs. Gerritt George Drenth watched the special meters on the refrigerator and stove measure the electricity used. The 9 cu. ft. refrigerator with 2 cu. ft. frozen chest used just 2 KWH a day for a full year. The electric stove prepared meals for a family of six; using less than 4 KWH a day.

New Hybrid Hothouse Tomato Yields Good In Tests At Michigan State College

A new greenhouse tomato hybrid tested at Michigan State college shows bigger yields, more uniformity and firmness than other "inside" varieties.

The new hybrid is a cross of a vigorous strain of Michigan State Forcing and Ohio WR-3 Globe. It was developed by John and Peter Gortsema, greenhouse tomato growers at Grand Rapids. The seed has been increased to the extent that several growers in the Grand Rapids area are producing the hybrid exclusively.

Dr. S. H. Wittwer of the M.S.C. horticulture department, who did the testing work, says that his data suggest that the hybrid may be rather widely adapted to greenhouse culture.

Fall yields in the tests show that the Michigan-Ohio hybrid has outyielded the Spartan hybrid, one of the better yielders, by one to two pounds per vine. Spring yields, however, has been comparable.

Wittwer reports that disease resistance of the Michigan-Ohio hybrid has not been evaluated thoroughly. But observations in commercial greenhouses suggest a high resistance to the Fusarium wilt organism. The uniformity and firmness of the fruit are the two qualities that make the hybrid outstanding.

Quick Temperature Changes Injurious To Stored Potatoes

Potatoes in storage are "alive" using oxygen and giving off moisture, heat and carbon dioxide, reminds Dennis L. Clanahan, farm crops extension specialist at Michigan State College.

Potatoes do not freeze until the temperature drops to 29 degrees, Clanahan notes, but low temperatures and quick cold-to-warm transfers damage potatoes. He suggests a minimum of 50 degrees for potatoes to be sold within three months and a 40-degree minimum for potatoes to be sold later or used as [illegible] seed stock.

Prolonged storage below 40 degrees makes tablestock potatoes sweet and soggy and seed potatoes slow to sprout, cautions Clanahan. He also urges conditioning of potatoes taken from a long period of cold storage by keeping them in an intermediate temperature . . . perhaps in a grading room next to the storage . . . before marketing.

Ventilation is important in stored potatoes . . . each 100 pounds of which give off a pound of water the first month. Heat equal to that from burning a pound of coal is given off by 240 pounds of potatoes.

In later months, the moisture and heat problem slows up . . but some air circulation is needed, advises the farm crops specialist. A small amount of heat in a ventilating system or the use of fans, is helpful. Moisture condensing on ceilings harms both the storage building and the potatoes. Insulation and temperatures, including soil, should be considered in construction of potato storages, he stresses.

Milk prices during 1954 will depend upon the level at which they are supported by government purchases. If support prices are maintained at 90 per cent of parity, there will be little price change. Secretary of Agriculture Ezra T. Benson is empowered to set the support level anywhere between 75 and 90 per cent of parity.

Foods authorities at Michigan State College say that a two weeks' supply of sandwiches for lunches can be frozen at one time. Two frozen sandwiches wrapped together take about 3 hours to thaw. Wrap each sandwich carefully and seal. Fillings that freeze satisfactorily are cheddar or cheam cheese, sliced or ground meat, sliced or ground poultry, fish and cooked egg yolk

A Case of "Moostaken" Identity

Slim Smith never had a chance to use his moose call until a trip north this year. Visited him yesterday to see what he'd bagged.

"First day out," he told me, "I picked up a trail. I sounded the call and waited. Then *I* heard a moose call. Sure enough, something came crashing through the brush. But it was another guy with his moose call. Boy, did I get my finger off the trigger in a hurry!

"My last day there I picked up another trail. This time it [illegible] me a real moose. But you can bet I took a good look before I did any shooting!"

From where I sit, we could all learn a little from Slim's experience. Most of us are guilty sometime or other of being too quick on the trigger. Like the fellow who would deny me the right to an occasional glass of beer with my dinner. I say that kind of "aim" is way off!

GMC Trucks Will Go On Display At Krahnke's Today

The first of a shipment of 1954 GMC trucks which combine functional styling and a 125-horsepower engine in the light line, has arrived at Krahnke Motor Sales here and will go on display today (Thursday), H. O. Krahnke, local dealer, has announced.

All along the 1954 line GMC has made more than 100 styling and engineering changes to assure the buyer a more efficient vehicle Mr. Krahnke said in making the announcement.

In addition to styling and extra power for the light duty GMCs, truck Hydra-Matic has been extended through the medium duty classifications which range up to 45,000 lbs gross combination weight. This is only one of the many new innovations incorporated in the new line which will be displayed at Krahnke Motor Sales beginning today.

Scores Change Often In NMCC Tuesday Games

In Tuesday night games marked by their changing scores, East Jordan defeated Harbor Springs 50-45; Pellston won over Gaylord 56-50; and Mancelona defeated Boyne City 48-44.

At Harbor Springs the Rams took a 12-9 first period lead and held it 24-23 over East Jordan before the latter tied the score 35-all as the third period ended. With two minutes to play the score was still tied 43-all before East Jordan took the game by a five point margin. Bobby Danforth paced the scoring with 15 points while Stan Pifer, in the line-up for the first time this year and Cart Seely scored 12 points each for the Rams.

At Gaylord the Hornets took a 12-9 first period lead before Gaylord took over 25-23 at the half and 39-35 at the third period. The Blue Devils still held a 47-44 lead with three minutes to go when Pellston broke through for six quick baskets and the game. George Middladitch dropped 29 points for Gaylord and Glenn Aurrand accounted for 22 for the victors.

At Boyne City where Mancelona was playing without regular Dick Derrer who was ill, the Ironmen took a 13-10 first quarter lead before losing it briefly to Boyne City at halftime 24-20. Again ahead at the third period 37-32, Mancelona went on to take the game by only a four point margin.

'For Men Only' Night Gives 'Father' Break

Local merchants are doing everything possible this year to make shopping for men as pleasant a chore as it is for women. Most of the stores will be open to 'Men Only' Monday night, December 21 . . . all women are requested to stay home and tend to their knitting.

A reminder to the men has been requested. Take good stock between now and then on just about how far away from the floor your wife is . . . this can be done by associating her height by the distance from your left ear. Then note how big around she is compared to say . . . a five pound sack of flour, or a ten pound sack.

A thing that seems to be hard for some men to remember is that wives, like turkeys and gooses, come in all different sizes.

This careful observation, which should include the hands and the feet, length of arms and legs, etc., etc., will help much in making your shopping tour a success.

So have yourselves a big time, you last minute shoppers. You're the lucky ones this year!

Deadline Near In Christmas Color Contest

Contestants in the Christmas Coloring Contest sponsored by ten local merchants and the Charlevoix Courier are reminded that the deadline for entering the pictures is 6 p.m. Saturday evening, Dec. 19.

At that time all entries must be in the stores.

The contest is open to all children in the Charlevoix area up to and including fifth grade students. The contest rules will be found in the Nov. 25 issue of the Courier along with the pictures to be colored.

Each merchant will have his own pictures judged and offer a prize to the winner. The winning picture will then be entered in a second contest for a cash prize of $10 offered by the Charlevoix Courier.

The names of all contest winners will be announced next week.

But remember that the contest closes at 6 p.m. Saturday night when all pictures must be at the store which bears its name.

Economic Group Discusses Area Industry Growth

The problems that northern Michigan faces in getting new industry and expanding its present industry were among those discussed at a recent meeting of the Michigan Economic Development Commission in Detroit.

Charles Pinkerton of Tawas City, chairman of the state commission's Northern Lower Peninsula advisory board and Chester Adams of Manistee met with the Commission to discuss the need for study of the area's transportation handicaps and the need for additional sources of financing for small business in northern counties.

Mr. Pinkerton told the Commission that an economic study should be made of the northern half of the Lower Peninsula along the lines of the study of the Upper Peninsula which a New York firm completed for the Economic Development Commission last summer.

The Commission appointed Wesby Parker of Battle Creek and Paul Todd of Kalamazoo to work with the advisory board on the problems brought up at the meeting.

Robert Bridge is a member of the Advisory board for the region which includes Charlevoix county.

Sam Routley, 82 Dies In Minnesota

News of the death of Sam Routley, 82, a former resident, in Minneapolis, Minn. last Thursday, has been received by his sister, Mrs. William Louiselle.

Mr. Routley resided on the former Brock farm south of Charlevoix for several years before going to Minneapolis to make his home. He was active in I.O.O.F. circles while here.

Funeral services were held in Minneapolis Tuesday.

County State Bank Pays Stock Dividend

By the payment of a 50% stock dividend on Dec. 1, 1953 the Charlevoix County State Bank has increased its common capital stock from $50,000.00 to $75,000.00. The stock dividend has been paid to the stockholders from the undivided profits account and will give the bank a total capital account of $150,000, the surplus account having been increased to $75,000.00 on January 1, 1953.

It has been the intention of the management of the bank to continually increase the capital and surplus accounts to better serve the community and make a stronger bank for Charelvoix.

Community Choir Concert To Be Sunday

The Charlevoix Community Choir, directed by C. A. Odmark, will present its annual Christmas Vesper Concert at the Charlevoix high school auditorium at 4 p.m. Sunday afternoon.

Before a background of seasonal evergreens, the robed choir of 42 voices will open Christmas week in Charlevoix with a program of traditional music ranging from familiar Christmas carols to selections from Handel's "Messiah." Mrs. Leonard Burns will accompany the group on the piano.

The program for the concert follows: Choral Prelude; Familiar Yuletide Carols; "Break Forth, O Beautous Heav'nly Light", Bach; "Lo, How a Rose E'er Blooming", Praetorius; "O Rejoice, Ye Christians, Loudly", Bach.

Charlevoix Loses To Grayling In Non-Conference Game, 54-47

After playing Grayling to a 29-29 third quarter tie on the latter's floor Tuesday night, the Charlevoix Rayders bowed to the Vikings by a score of 54-47 for their first defeat of the current season. The game was a non-loop meeting and has no bearing on league standings.

The game was a defensive battle for the first three periods before Grayling broke through to outscore the Rayders 25-18 for the seven point victory.

Grayling took a slim 6-5 first period lead after the Rayders had scored on field goals by Mark White and Gordon Mol and a free throw by Bill Bennett. Others in the starting line-up were Tom LaBlance and Dwain Walker.

Each team scored 13 points in the second period as Grayling held a 19-18 halftime lead. LaBlance scored five points from the free throw line, Joe McDermott added two more from the same spot while Bennett scored three on a field goal and a charity shot; Mol scored two on a field goal and Walker one on a free throw.

The Rayders outscored their hosts 11-10 in the third period to tie the quarter score 29-29 on three field goals by Bennett; one each by LaBlance and D. Walker and a free throw by White.

Grayling started to hit in the last period and scored ten field goals and five free throws for the victory. Charlevoix's scoring was confined to seven points by Bennet on one field goal and five free throws; four by Mol on two field goals, three by White on a field goal and a free throw; and two each by Dave Glassford and McDermott.

Grayling outscored the Rayders 21 to 14 in the field goal department while Charlevoix scored 19 of 31 free throws as compared to 12 out of 23 for the Vikings.

Bennett paced the scoring with 17 points for Charlevoix. Marvin Bielski scored 15 for Grayling.

Others scoring for the Rayders were Mol with eight; LaBlance with seven; White, six; McDermott, four; D. Walker, three and Glassford, two.

Santa Claus Coming Here On Saturday

"You better not pout, you better not cry, you better not shout . . . I'm telling you why . . . SANTA CLAUS IS COMING TO TOWN!

That's right . . . Santa Claus IS coming to town . . . at 2 p.m. Saturday, Dec. 19.

He's due to arrive via plane from the North Pole shortly before 2 p.m. The Charlevoix fire department will escort him to East Park where he will talk with the young fry and distribute bags of candy to all the youngsters of the community.

So, kids, make your plans right now to be in East Park at 2 p.m. Saturday to see Santa Claus and receive a bag of candy and nuts. This will be his only visit to Charlevoix before the all-important one on Christmas Eve so be sure to be in East Park for his visit Saturday.

This annual trip is sponsored by the Charlevoix Board of Commerce. All the children of the community are invited to East Park to see Santa at 2 p.m. Saturday.

Ronald Swanson Is Elected New K.P. Chancellor

Services Held For Boyd H. Hipp, 72 In East Jordan

Funeral services for Boyd H. Hipp, 72, retired farmer and East Jordan Canning Co. employee, were held at the Watson Funeral Home in East Jordan Dec. 8. Burial was in Sunset Hill cemetery, where graveside services were conducted by the Jordan river lodge No. 360, I.O.O.F.

Mr. Hipp died Dec. 6 after a brief illness while visiting his son, H. B. Hipp, at Crayton Plains.

Born Dec. 23, 1881, in South Arm township, he resided on a farm near the Rock Elm grange until retiring and moving to East Jordan. His wife, the former Eulalia Orvis, preceded him in death in 1952.

Besides his son, he is survived by two daughters; a brother and a sister.

Draft Board To Call Three For Physicals Jan. 11

Three Charlevoix county draft registrants will be called for pre-induction physical examinations Jan. 11, the local draft board has announced.

Two additional registrants will be called for induction into the armed services Jan. 25.

The names of those to be ordered for examination and induction will be announced following a draft board meeting this week.

D. Hale Brake Is Speaker At Meet

D. Hale Brake, state treasurer, was the principal speaker at the regular meeting of the second district association of Supervisors and County Clerks at Bellaire last week.

Among those attending from Charlevoix county were Drew Young, C. B. Meggison, Lee Sneathen Jr., Lawrence Malloy and Fenton R. Bulow.

Council Warns Motorists On Parking Limit

The problem of winter parking in the business district and the possibility of re-instating parking meters on a 12-months basis were discussed at the regular meeting of the Charlevoix City Council Monday night.

Few people are aware of the fact that when parking meters are removed in mid-September, a one-hour parking limit in the business district becomes effective. In order to discourage merchants and employees from parking in the district during working hours for more than the one-hour limit, the Council is seriously considering the use of the meters during the entire year.

The Charlevoix police have been instructed to enforce the one-hour parking limit.

The deadline for fire protection to Marion and Eveline townships was extended from 8 p.m. Monday to 5 p.m. Friday, Dec. 18, in order to meet with township officials and iron out details of the arrangement made earlier.

A $5.00 Christmas gift to each of the 15 members of the city's volunteer fire department was voted by the council.

Bills totaling $11,052.54 were approved and ordered paid.

Charlevoix Churches Announce Special Christmas Services

"At that time there went out a decree from Caesar Augustus, that the whole world should be enrolled . . . And all went to be enrolled, everyone into his own city. And Joseph also went up to Galilee out of the City of Nazareth, into Judea to the City of David which is called Bethlehem, because he was of the house and family of David, to be enrolled with Mary his espoused wife, who was with child.

"And it came to pass that when they were there, her days were accomplished, that she should be delivered. And she brought forth her first-born son, and wrapped him in swaddling clothes, and laid him in a manger because there was no room for them in the inn.

"And there was in the same country, shepherds watching and keeping their night-watch over their flock. And behold an angel of the Lord stood by them, and the brightness of God shone round about them and they feared with a great fear. And the angel said to them: Fear not, for I bring you good tidings of great joy, that shall be to all the people; for this day is born to you a Saviour, who is Christ the Lord, in the city of David. And this shall be a sign unto you: You shall find the infant wrapped in swaddling clothes and laid in a manger".

As the anniversary of the birth of Christ the King is again celebrated this holiday season. Christians throughout the world will gather in the churches of their choice to hear the ageless story.

And as the shepherds of old heard the tidings for the first time and listened in awe to "a multitude of the heavenly army, praising God, and saying: Glory to God in the highest; and on earth peace to men of good will" so the voices of the choirs and

School Music Department To Give Program

The Charlevoix high school music department will present its annual Christmas program at the high school auditorium at 1:30 p.m. Tuesday. C. A. Odmark will direct the program to be presented by the high school band and the Girls Glee Club.

The Rev. Harold E. Kohn will deliver the Christmas address. Mrs. Lee Moerland will be the soloist with the Glee Club, which will be accompanied by Mrs. Leonard Burns.

It will be noted that no evening school program is being presented this year. The grade school music program, a feature at Christmas for many years, was abandoned this year because of the increasing difficulties encountered with the large number of children participating.

The public has been invited, however, to attend the program next Tuesday and to enjoy the entertaining program arranged by these musical groups.

The Charlevoix high school band will put its audience into the Christmas spirit with such familiar selections as "Santa Claus is Coming To Town", "Sleigh ride", by Anderson and "Jingle Bells", by Roberts.

The Rev. Mr. Kohn will present the Christmas address, after which the Girls Glee club will sing Mandalssohn's "O Say, Where is He born" and "Gesu Bambino" and will be joined by Mrs. Moerland for the singing of "O Holy Night".

In a lighter vein the Glee Club will sing "Jingle Bells" and Berlin's "White Christmas"; the band will return with Walters' "Christmas Suite" and "Rudolph, the Red-nosed Reindeer" and the program will be concluded with the group singing of familiar Christmas carols directed by Mr. Odmark and accompanied by Mrs. Burns.

Parents and friends are cordially invited to attend this program as guests of the high school music department.

New County Ministerial Group Formed; Opposing Area Gambling

Twelve Charlevoix county Protestant ministers met recently at the Methodist church here to organize themselves into an association "to promote the general welfare of all Christian churches in co-operation with one another in Charlevoix county", according to the Rev. Lloyd M. Schloop, newly-elected president of the association.

In making the announcement regarding the new organization, the Rev. Mr. Schloop went on to say that the main item of business at the opening meeting was that "This ministerial association go on record as opposing gambling in Charlevoix county and that they favor the enforcement of the law."

In the news release offered by the new association for publication in Charlevoix county newspapers, attention was called to the following law: Any person who shall set up or promote within this state any lottery or gift enterprise for money, or shall dispose of any property, real or personal, goods, chattels or merchandise or valuable things, by the way of lottery or gift enterprise, and any person who shall aid, either by printing or writing, or shall in any way be concerned in the setting up, managing or drawing or any such lottery or gift enterprise, or who shall in any house, shop or building owned or occupied by him or under

Independents To Meet Grayling Tonight At Gym

The Charlevoix Independents will meet the Grayling Independents in the local gym at 8 p.m. tonight (Thursday) for their second game of the current season.

In their first game the local five defeated the invading Ellsworth five 69-51 Saturday night.

Johnny Swanson scored 23 points for the Charlevoix team as they led the visitors 13-7 at the quarter; 26-19 at the half and 47-36 at the third period. Wieland dumped in 18 points for the visitors.

Others in the Charlevoix line-up are Don Carey, Bill Lusk, Dean Boss, Norm Ketchman, Bernie Ward and Bill Armstrong. Other former high school players are expected to join the line-up soon.

Harriet Jones Dies Following A Long Illness

Funeral services for Harriet Jones, 29, of Dearborn, were held at the Pontius Chapel Monday with the Rev. Lloyd M. Schloop officiating. Burial was in Brookside cemetery.

Miss Jones died Thursday at the University Hospital in Ann Arbor where she had been a patient for about two weeks. She had been in failing health since August.

The daughter of Mr. and Mrs. Leon Jones, former local residents, she was born and reared in Dearborn.

Besides her parents, she is survived by three sisters, Mrs. Frank Behan of Petoskey, Mrs. Don Casson and Marion Jones of Dearborn and a brother, David, also of Dearborn.

ODDS 'N ENDS

By Fran Martin

HERE IT IS the week before Christmas and we have all our cards in the mail, all the gifts wrapped and . . . What are we saying??? . . . Excuse us, please . . . that was just wishful thinking or our dreams getting the best of us or something . . . Or it could be that the whole thing's just getting' us down . . . But we wouldn't miss it all for the world . . Would you?

* * *

IF YOU'RE still scouting around trying to find a gift for someone who has everything, why not try sending some of our local products . . . we mean maple syrup, honey or apples to name a few . . . They're things that just aren't to be had every place . . . And your friends or relatives will love you for it . . .

What made us think of that? Why a gift we received last week from the Bill Matzingers just home from Florida . . . a box of citrus jellies and marmalades from Florida . . . which we're enjoying ever so much because we don't have them every day . .

* * *

WHEN you're out and around some evening drive around the residential district . . . even tho' we haven't much snow you'll soon get the Christmas spirit after seeing all the lovely decorations that are out . . . At the Haggard residence the spotlight is on Santa . . . which young Bill put in place . . . And from downtown the north side terrace is lovely . . . Gee, you'd think it was Christmas . . .

* * *

AND IF you went past 224 Antrim st. last Wednesday and thought the people who lived there had gone beserk, don't give it another thought . . . It was only the Bruce Donaldsons celebrating an early Christmas with their son-in-law and daughter, Sgt. and Mrs Charles Gothro and small daughter who were here from Albeuquerque for a visit and who had to return to the west . . . So, they celebrated Christmas a little early this year . . . Among the gifts on the tree which was decorated for the occasion was a 400-day clock sent by Airman Charles Donaldson now stationed in Germany.

* * *

AND Speaking of clocks, we saw a beautiful one last week sent from Germany by Sgt. Geo. Fratrick to his brother and sister-in-law, the John Fratricks . . . This was a big one made from the most expuisite wood and the most beautiful chimes marked the quarter hours . . . One of those lovely things you dream of owning some day . . Little Carol had a darling music box which played a sweet tune to which a little ballerina danced when the cover was lifted . . . She has another sent from Japan that was equally as nice . . . but we liked the ballerina . . . These youngsters with uncles in the service are sure lucky . . .

* * *

WE KNOW it's a bit unseasonal, but did you ever hear of pussy-willows in December? . . . Barney Englehart found some and has been promising to bring them to us . . . Those little pussywillows are going to get mighty cold before the winter's over, we're afraid . . .

* * *

A CORRECTION . . . please . . It's two squirrels with white tails on Park ave. and they're fox squirrels not red squirrels . . . We're sorry, Bruce . . . Now will someone please explain the difference between red squirrels and the fox variety . . .

* * *

CHRISTMAS. to us is a time to remember old friends, people less fortunate than we or just people we know . . . We know it's difficult to remember everyone and once in a while we need our memory jogged a little . . . That's what we're doing now in asking all of you to remember someone with a card or a little gift . . . Those people who are ill, at home or in hospitals or convalescent homes . . . And among them are many people you know who are now at Grandvue Hospital near East Jordan . . . We thought you'd like a list so here it is . . . Mrs. Nettie Huggard, Mrs. May Bugbee, Mrs. J. K. Moore, Mabel Walker, Mrs. Edward Allen, Leon Vought and Glenn Lewis . . . These people are all from Charlevoix and we know that a card from any or all of you will help to make their Christmas a little happier . . .

* * *

IF YOU get the idea that Christmas is just about our most favorite time of the year . . . you're right . . . We love every bit of it . . . the hustle and bustle of Christmas shopping, addressing cards, writing notes, greeting friends . . . just doing all the things that are so much a part of Christmas to us . . . trimming the tree, wrapping gifts 'til midnight on Christmas Eve, being with our family, again hearing the Christmas story, listening to the music that's so much a part of Christmas . . . and remembering so many things . . . other Christmases, people we've known in the past, new friends . . . And wishing that we could greet each and everyone of you personally, to tell you how grand it's been to know you and to wish you a very special Christmas . . . But since that is quite impossible we'd like to take this way of saying Happy, happy Christmas . . . may you receive everything you might ask for and may He whose birthday we celebrate this holiday season shower you with His blessings . . . That is the Christmas wish of all of us at the Courier to all of you this Christmas 1953 . . .

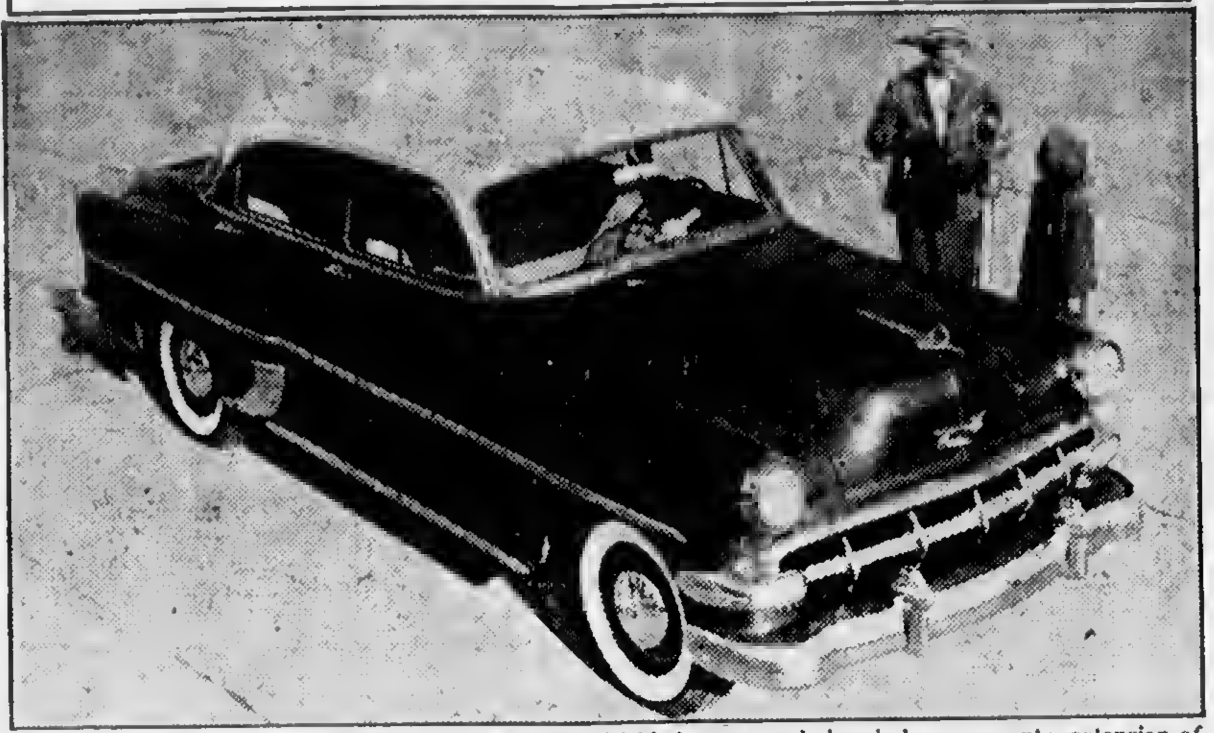
Warns Of Holiday Accident Hazards

"Holidays can be a joy or a tragedy, depending on how careful we are in avoiding safety hazards."

That's the blunt word from David G. Steinicke, farm safety specialist at Michigan State college. One of the big hazards, he says, comes before Christmas while hurrying to do Christmas shopping, when we have a tendency to disregard all common rules of safety. Early darkness, snow and ice and crowds of hurrying people are the safety hazards that should make us more careful rather then cutting down on our vigilance, Steinicke emphasizes.

These safety hazards are a menace to both drivers of cars and pedestrians. Our having a Merry Christmas depends on how well we take sensible precautions, the safety specialist adds.

Added Power, Performance Mark Chevrolet



The two-toned four-door sedan in the "210" Series typifies the new beauty and smartness of the Chevrolet line for 1954. The "210" Series is one of three offered by the company in an array of 13 body models. Added power and chassis improvements, extension of the Powerglide automatic transmission option to all cars and luxurious new interiors in striking color harmonies are a few of the principal features.

Women's Club Presents Annual Christmas Party

The lounge of the Congregational church was transformed into a holiday setting Monday afternoon for the second annual joint Christmas party for members of the Shakespeare, Dickens and Tuesday Study Clubs and the Garden Club.

An entertaining program included a Christmas reading by Mrs H. E. Paddock, vocal Christmas selections by a trio composed of Mrs. E. D Hawley, Mrs Charles Pontius and Mrs. Charles Bellinger, a reading, "The Littlest Angel," by Mrs. Harry Stewart, several Christmas selections by the Charlevoix high school Glee Club directed by C A. Odmark and accompanied by Mrs. Leonard Burns and the singing of Christmas carols by the assembled members.

Mrs. Floyd Supp and Mrs. Ross Alexander presided at the refreshment table, which was decorated as a large Christmas package.

Instead of exchanging Christmas gifts, each member contributed canned or packaged goods to be used in food baskets to be distributed by Santa Claus Anonymous.

Christmas cookies and decorations were taken to the Charlevoix Hospital and the Charlevoix Convalescent Home following the tea.

Lynn Fisher Has A Birthday Party

Lynn Bette Fisher celebrated her sixth birthday anniversary recently at a party given by her mother, Mrs. Dorothy Fisher.

Fourteen little guests gathered at the Fisher home for games, stories and group singing. Later they enjoyed refreshments, including a lighted birthday cake served at a table decorated in a Christmas motif.

Lynn received many lovely gifts.

County Group Has Christmas Party At Church Of God

The annual Charlevoix county Home Demonstration Christmas party was held at the Community Church of God Fridny afternoon with 75 members present.

The Christmas story as told in the Bible was read by Mrs. Eunice Coolman of East Jordan; seasonal reading by Mrs. Doris Bowman of East Jordan and Joyce Nielsen and vocal selections by Mrs. Louis Hart of East Jordan accompanied by Mrs. G. Bechtold completed the entertaining program which was concluded with group singing of Christmas carols led by Mrs. John L. Boss.

Each member brought a handkerchief to exchnnge. Each gift was placed under a Christmas tree trimmed with old-fashioned homemade paper Christmas tree decorations by Mrs. Ralph S. Hamilton and Mrs. Jeff Novotny.

The mantle was decorated with a sled and reindeer, evergreens and red tapers.

The Charlevoix group was host to the meeting and served refreshments.

Mrs. Henry Erber of Boyne City presided at the brief business meeting which preceded the party.

RECIPE

FOR

Swedish Christmas Cookies

Cook 6 egg yolks. (Separate yolks from whites, drop yolks from saucer one at a time into hot salted water and simmer until hard cooked.)

Sift together 2 cups sifted flour and ½ teaspoon salt. Cream ¾ cup shortening and add gradually ¾ cup sugar, then beat until light and fluffy.

Add cooked egg yolks which have been put thru' seive and add ½ teaspoon lemon extract. Blend in 3 tablespoons cream and dry ingredients alternately to creamed mixture.

Roll dough into ⅛ inch thickness and cut into Christmas cookie shapes. Place on greased baking sheet and decorate with colored sugar, candied fruit, nuts and cocoanut. Bake at 350 degrees until delicately browned.

Hunt Association Spreads Venison Supper At Norwood

Feasting on venison and every conceiveable side dish, members of the Norwood-Banks Hunting association and their families enjoyed a game supper and entertainment Tuesday evening at the Norwood town hall.

Following the supper Wayne Tenant, assistant district superintendent of law enforcement and forest fires, entertained the group with a motion picture, "Realm of the Wilderness". Other guests from the Conservation department were Otto Failing, assistant superintendent of the game division and Julius O'Brien, district conservation officer.

Officers of the association who were responsible for planning the supper expressed their pleasure for the interest and cooperation of the members in helping make the event a success. Floyd Wagner, president of the association reported 92 persons were served.

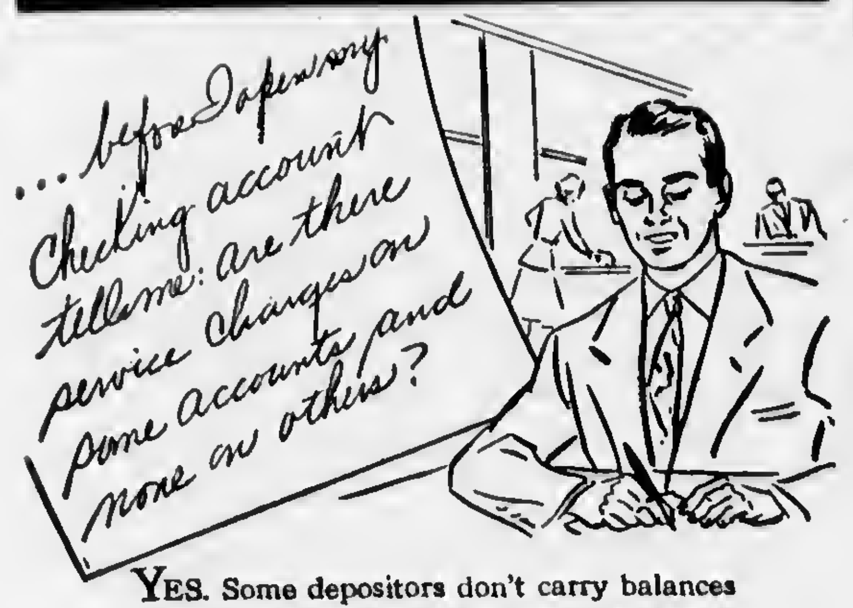
WHAT DO **YOU** WANT TO KNOW ABOUT BANKING?



YES. Some depositors don't carry balances big enough to enable the bank to make loans that will earn sufficient interest to offset the cost of handling their accounts; while others do.

Come in—we'll be glad to tell you how much balance you should maintain in order to *avoid* service charges. Then open a checking account with us; make full use of it.
